DETAILS OF OFFER FOR SALE, SELLING SHAREHOLDERS AND THEIR AVERAGE COST OF ACQUISITION – NOT APPLICABLE AS THIS IS A FRESH ISSUE OF EQUITY SHARES

RISK IN RELATION TO THE FIRST ISSUE

This being the first public issue of the Equity Shares of our Company, there has been no formal market for the Equity Shares. The face value of each Equity Share is ₹ 10/-. The Floor Price, Cap Price and Issue Price were determined by our Company, in consultation with the Book Running Lead Manager, on the basis of the assessment of market demand for the Equity Shares by way of the Book Building process, as stated under “Basis for Issue Price” on page 91 should not be considered to be indicative of the market price of the Equity Shares after the Equity Shares are listed. No assurance can be given regarding an active or sustained trading in the Equity Shares nor regarding the price at which the Equity Shares will be traded after listing.

GENERAL RISKS

Investments in Equity and Equity-related securities involve a degree of risk and investors should not invest any funds in this Issue unless they can afford to take the risk of losing their entire investment. Investors are advised to read the risk factors carefully before taking an investment decision in the Issue. For taking an investment decision, investors must rely on their own examination of our Company and the Issue including the risks involved. The Equity Shares issued in the Issue have not been recommended or approved by the Securities and Exchange Board of India (“SEBI”), nor does SEBI guarantee the accuracy or adequacy of this Prospectus. Specific attention of the investors is invited of the section titled “Risk Factors” beginning on Page No. 25 of this Prospectus.

ISSUER’S ABSOLUTE RESPONSIBILITY

Our Company, having made all reasonable inquiries, accepts responsibility for and confirms that this Prospectus contains all information with regard to our Company and this Issue, which is material in the context of this Issue, that the information contained in this Prospectus is true and correct in all material aspects and is not misleading in any material respect, that the opinions and intentions expressed herein are honestly held and that there are no other facts, the omission of which makes this Prospectus as a whole or any of such information or the expression of any such opinions or intentions, misleading in any material respect.

LISTING

The Equity Shares offered through this Prospectus are proposed to be listed on the Emerge Platform of National Stock Exchange of India Limited (“NSE”) in terms of the Chapter IX of the SEBI (ICDR) Regulations, 2018 as amended from time to time. Our Company has received an ‘in-principle’ approval letter dated August 8, 2024 from NSE for using its name in this offer document for listing our shares on the Emerge Platform of National Stock Exchange of India Limited. For the purpose of this Issue, the Designated Stock Exchange was NSE.

CERTAIN CONVENTIONS, USE OF FINANCIAL INFORMATION AND MARKET DATA AND CURRENCY OF PRESENTATION

Certain Conventions

All references to “India” contained in this Prospectus are to the Republic of India and its territories and possessions and all references herein to the “Government”, “Indian Government”, “GoI”, Central Government” or the “State Government” are to the Government of India, central or state, as applicable.

Unless otherwise specified, any time mentioned in this Prospectus is in Indian Standard Time (“IST”). Unless indicated otherwise, all references to a year in this Prospectus are to a calendar year.

Unless stated otherwise, all references to page numbers in this Prospectus are to the page numbers of this Prospectus.

Financial Data

Unless stated otherwise or the context otherwise requires, the financial information and financial ratios in this Prospectus has been derived from our Restated Financial Information. For further information, please see the section titled “*Financial Information*” on Page No. 180 of this Prospectus.

Our Company’s financial year commences on April 1 and ends on March 31 of the next year. Accordingly, all references to a particular financial year, unless stated otherwise, are to the twelve (12) month period ended on March 31 of that year.

The Restated Financial Information of our Company, which comprises the Restated Statement of Assets and liabilities as on September 30, 2024, March 31, 2024, March 31, 2023 and March 31, 2022, the Restated Statements of Profit and Loss, the Restated Cash Flow Statement for the six months period ended September 30, 2024 and the financial year ended March 31, 2024, March 31, 2023 and March 31, 2022, the Financial Statement of Significant Accounting Policies and other explanatory information annexed to this report, along with the summary statement of significant accounting policies read together with the annexures and notes thereto prepared in terms of the requirements of Section 32 of the Companies Act, the SEBI ICDR Regulations and the Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the ICAI, as amended from time to time.

There are significant differences between Ind AS, Indian GAAP, U.S. GAAP and IFRS. Our Company does not provide reconciliation of its financial information to IFRS or U.S. GAAP. Our Company has not attempted to explain those differences or quantify their impact on the financial data included in this Prospectus and it is urged that you consult your own advisors regarding such differences and their impact on our financial data. Accordingly, the degree to which the financial information included in this Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting policies and practices, the Companies Act, Ind AS, the Indian GAAP and the SEBI ICDR Regulations. Any reliance by persons not familiar with Indian accounting policies and practices on the financial disclosures presented in this Prospectus should, accordingly, be limited.

Unless the context otherwise indicates, any percentage amounts, as set forth in “*Risk Factors*”, “*Our Business*” and “*Management’s Discussion and Analysis of Financial Position and Results of Operations*” on Page Nos. 25, 116 and 205 respectively, of this Prospectus, and elsewhere in this Prospectus have been calculated on the basis of the Restated Financial Statements of our Company, prepared in accordance with GAAP, and the Companies Act and restated in accordance with the SEBI ICDR Regulations.

In this Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All figures in decimals have been rounded off to the second decimal and all the percentage figures have been rounded off to two decimal places including percentage figures in “*Risk Factors*”, “*Industry Overview*” and “*Our Business*” on Page Nos. 25 and 116 respectively, this Prospectus.

Currency and Units of Presentation

All references to:

- “Rupees” or “₹” or “INR” or “Rs.” are to Indian Rupee, the official currency of the Republic of India; and
- “USD” or “US\$” or “\$” are to United States Dollar, the official currency of the United States of America.

Our Company has presented all numerical information in this Prospectus in “lacs” units or in whole numbers where the numbers have been too small to represent in lacs. One lac represents 1,00,000 and one million represents 10,00,000.

Exchange rates

This Prospectus contains conversions of certain other currency amounts into Indian Rupees that have been presented solely to comply with the SEBI ICDR Regulations. These conversions should not be construed as a representation that these currency amounts could have been, or can be converted into Indian Rupees, at any particular rate or at all.

The following table sets forth, for the periods indicated, information with respect to the exchange rate between the Indian Rupee and other foreign currencies:

Currency	As on September 30, 2024 (₹)	As on March 31, 2024 (₹)*	As on March 31, 2023 (₹)	As on March 31, 2022 (₹)

* Since March 29, 2024 was a public holiday and March 30, 2024 and March 31, 2024 were Saturday and Sunday, respectively, exchange rates as of March 28, 2024 have been considered for disclosure in the aforementioned table.

Industry and Market Data

Unless stated otherwise, the industry and market data and forecasts used throughout this Prospectus has been obtained from industry sources as well as Government Publications. Industry sources as well as Government Publications generally state that the information contained in those publications has been obtained from sources believed to be reliable. The extent to which the market and industry data used in this Prospectus is meaningful depends on the reader's familiarity with and understanding of the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which the business of our Company is conducted, and methodologies and assumptions may vary widely among different industry sources. Accordingly, investment decisions should not be based solely on such information.

In accordance with the SEBI ICDR Regulations, "Basis for Issue Price" on Page No. 91 of this Prospectus includes information relating to our peer group entities. Such information has been derived from publicly available sources, and neither we, nor the BRLM have independently verified such information. Such data involves risks, uncertainties and numerous assumptions and is subject to change based on various factors, including those discussed in "Risk Factors" on Page No. 25 of this Prospectus.

FORWARD - LOOKING STATEMENTS

This Prospectus contains certain “forward-looking statements”. These forward-looking statements generally can be identified by words or phrases such as “aim”, “anticipate”, “believe”, “expect”, “estimate”, “intend”, “objective”, “plan”, “propose”, “project”, “will”, “will continue”, “will pursue” or other words or phrases of similar import. Similarly, statements that describe our strategies, objectives, plans or goals are also forward-looking statements. All forward-looking statements are subject to risks, uncertainties, expectations and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. These forward-looking statements, whether made by us or a third party, are based on our current plans, estimates and expectations and actual results may differ materially from those suggested by such forward-looking statements.

Actual results may differ materially from those suggested by forward-looking statements due to risks or uncertainties associated with expectations relating to and including, regulatory changes pertaining to the industries in India in which we operate and our ability to respond to them, our ability to successfully implement our strategy, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions in India which have an impact on its business activities or investments, the monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes and changes in competition in the industries in which we operate.

Certain important factors that could cause actual results to differ materially from our Company’s expectations include, but are not limited to, the following:

- We depend on our dealers for a significant portion of our revenue, and any decrease in revenues or sales from any one of our key intermediaries may adversely affect our business and results of operations;
- Our operations have significant raw material requirements in the form of pre-galvanised coils, and we may not be able to ensure the availability of the same for our operations at competitive prices and in a timely manner, which could have an adverse effect on our business, financial condition, results of operations and prospects.
- We are dependent on Jaihind Steel Private Limited, one of our Promoter Group entity for a portion of our revenue and business. We also purchase raw materials from Jaihind Steel Private Limited and Jaihind Tubes Private Limited, one of our Group Companies, and are dependent on it for part of our raw materials requirements. In the event, of loss of business from such Promoter Group entity or delay in receiving raw materials, our business and results of operations could be adversely affected.
- Our manufacturing unit and our operations are geographically concentrated in Kerala. Consequently, we are exposed to risks from economic, regulatory and other developments in the eastern region which could have an adverse effect on our business, results of operations and financial condition. Further, our continued operations are critical to our business and any shutdown of our manufacturing unit may adversely affect our business, results of operations and financial condition.
- The steel industry is highly cyclical and a decrease in steel prices may have an adverse effect on our Company's results of operations.

For further discussion of factors that could cause the actual results to differ from our estimates and expectations, see “*Risk Factors*”, “*Our Business*” and “*Management’s Discussion and Analysis of Financial Position and Results of Operations*” beginning on Page Nos. 25, 116 and 205, respectively, of this Prospectus. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual gains or losses could materially differ from those that have been estimated.

We cannot assure investors that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements as a guarantee of future performance.

Forward-looking statements reflect current views as on the date of this Prospectus and are not a guarantee of future performance. These statements are based on our management’s beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect. Neither our Company, our Directors, the Promoters, the Syndicate nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition.

In accordance with the SEBI ICDR Regulations, our Company, the Promoters and the Book Running Lead Manager will ensure that the Bidders in India are informed of material developments until the time of the grant of listing and trading permission by the Stock Exchange for the Issue.

SECTION II - ISSUE DOCUMENT SUMMARY

The following is a general summary of the terms of the Issue. This summary should be read in conjunction with and is qualified in its entirety by, the more detailed information appearing elsewhere in this Prospectus, including the sections entitled “*Risk Factors*”, “*Industry Overview*”, “*Outstanding Litigation and Material Developments*”, “*Our Promoters and Promoter Group*”, “*Financial Information*”, “*Objects of the Issue*”, “*Our Business*”, “*Issue Procedure*” and “*Description of Equity Shares and Terms of Articles of Association*” beginning on Page Nos. 25, 101, 213, 169, 180, 79, 116, 51, 116 and 270, respectively of this Prospectus.

1. Summary of Industry in which the Company is operating

India is the second largest steel producer in the world with an installed capacity of 154.1 MT in FY22. It is also the second-largest consumer of finished steel with a consumption of 120 MT in FY23. The Indian steel sector has been able to grow over the years due to domestic availability of raw materials such as iron ore and cost-effective labour. In the last 10 years, finished steel production has grown at a CAGR of 2.8% to 122 MT in FY23 from 96 MT in FY14. The growth in production has been backed by a rise in domestic steel consumption on account of growing economic activities in the country supported by an increase in infrastructure and construction spending by the government, a rise in automobile and consumer durable demand, among others. Domestic finished steel consumption in India has increased at a CAGR of 5.5% to 120 MT in FY23 from 74 MT in FY14. After witnessing an uptrend in steel production, India observed a de-growth of 20.2% y-o-y in FY19 due to lower exports. Further, the outbreak of covid-19 pandemic resulted in a decrease in steel production in FY21, a de-growth of 6.3%.

For further details, please refer to the chapter titled “*Industry Overview*” beginning on Page No. 101 of this Prospectus.

2. Summary of Business

Our Company is engaged in the business of manufacturing galvanised pipes, tubes, and sheets. Owing to the consistent efforts of our Promoters, we have been able to create a brand presence in Kerala, under the name of ‘Demac Steel’. Our products find extensive application in the general households of Kerala. Galvanised pipes and tubes are used for building the roofs to reduce heat and avoid leakage, further the galvanisation process offers an added advantage of increasing the life of the product and enhancing its quality by making it rust-free. Our products are therefore manufactured to provide an effective solution to the continuous damage caused to houses in Kerala on account of inclement weather condition. Accordingly, our products experience a constant demand on account of being an indispensable raw material in the construction industry in Kerala. In order to market and sell our products, we have established a widespread dealer base in Kerala through which we sell our products to local contractors and retailers.

For further details, please refer to chapter titled “*Our Business*” beginning on Page No. 116 of this Prospectus.

SECTION III – RISK FACTORS

An investment in the Equity Shares involves a high degree of risk. You should carefully consider all the information in this Prospectus, including the risks and uncertainties described below, before making an investment in the Equity Shares. In making an investment decision, prospective investors must rely on their own examination of us and the terms of the Issue including the merits and risks involved. The risks described below are not the only ones relevant to us, our Equity Shares, the industry or the segment in which we operate. Additional risks and uncertainties, not presently known to us or that we currently deem immaterial may arise or may become material in the future and may also impair our business, results of operations and financial condition. If any of the following risks, or other risks that are not currently known or are now deemed immaterial, actually occur, our business, results of operations, cash flows and financial condition could be adversely affected, the trading price of our Equity Shares could decline, and as prospective investors, you may lose all or part of your investment. You should consult your tax, financial and legal advisors about particular consequences to you of an investment in this Issue. The financial and other related implications of the risk factors, wherever quantifiable, have been disclosed in the risk factors mentioned below. However, there are certain risk factors where the financial impact is not quantifiable and, therefore, cannot be disclosed in such risk factors.

To obtain a complete understanding, you should read this section in conjunction with the sections “Industry Overview”, “Our Business” and “Management’s Discussion and Analysis of Financial Position and Results of Operations” on pages 101, 116 and 205 of this Prospectus, respectively. The industry-related information disclosed in this section that is not otherwise publicly available is derived from industry sources as well as Government Publications. Industry sources as well as Government Publications generally state that the information contained in those publications has been obtained from sources believed to be reliable but that their accuracy and completeness and underlying assumptions are not guaranteed and their reliability cannot be assured.

This Prospectus also contains forward-looking statements that involve risks, assumptions, estimates and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and, in the section titled “Forward-Looking Statements” on page 17 of this Prospectus.

Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial or other implications of any of the risks described in this section. Unless the context requires otherwise, the financial information of our Company has been derived from the Restated Financial Information.

Materiality:

The Risk Factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality of Risk Factors:

- *Some events may not be material individually but may be found material collectively;*
- *Some events may have material impact qualitatively instead of quantitatively; and*
- *Some events may not be material at present but may have a material impact in future.*

The financial and other related implications of risks concerned, whether quantifiable have been disclosed in the risk factors mentioned below. However, there are risk factors where the impact may not be quantifiable and hence, the same has not been disclosed in such risk factors. The numbering of the risk factors has been done to facilitate ease of reading and reference and does not in any manner indicate the importance of one risk over another.

In this Prospectus, any discrepancies in any table between total and sums of the amount listed are due to rounding off.

In this section, unless the context requires otherwise, any reference to “we”, “us” or “our” refers to Newmalayalam Steel Limited

The risk factors are classified as under for the sake of better clarity and increased understanding

INTERNAL RISK FACTORS

BUSINESS RELATED RISKS

- We depend on our dealers for a significant portion of our revenue, and any decrease in revenues or sales from any one of our key intermediaries may adversely affect our business and results of operations.***

In order to market and sell our products, we have established a widespread dealer base in Kerala through which we sell our products to local contractors and retailers. Our dealers have an established marketing network which we have utilized to create a market presence in Kerala and for penetrating the local markets of the aforementioned areas. We have entered into formal agreements with majority of our dealers and offer them a mutually agreed upon margin on the goods which are distributed by them. We sell all our products using our dealer network. Our Company has entered into formal agreements with a majority of our dealers to market and sell our products, thereby making us highly dependent on them for a significant portion of our revenue. The intermediaries forming part of our distribution network help us in marketing and selling our products domestically. Our dealers account for a substantial portion of our sales, and consequently our revenue, and we expect that such key intermediaries will continue to represent a substantial portion of our revenue from sale of products in the foreseeable future. The revenue earned from the sale of our products, through dealers and direct customers during the six months period ended September 30, 2024 and Fiscals 2024, 2023 and 2022 have been provided below:

Particulars	Six month period ended September 30, 2024		Fiscal					
	Revenue earned in (₹ in lakhs)	% of total revenue	2024		2023		2022	
			Revenue earned in (₹ in lakhs)	% of total revenue	Revenue earned in (₹ in lakhs)	% of total revenue	Revenue earned in (₹ in lakhs)	% of total revenue
Dealers	13,572.39	88.01	25,903.86	86.3	31,392.56	88.48	26,593.77	83.65
Direct Customers	1,849.03	11.99	4,112.20	13.7	4,087.28	11.52	5,197.95	16.35

The number of dealers and direct customers associated with us during the six months period ended September 30, 2024 and Fiscals 2024, 2023 and 2022 have been provided below:

Particulars	Six month period ended September 30, 2024	Fiscal		
		2024	2023	2022
Number of Dealers	121	139	144	127
Number of Direct Customers	214	378	397	335
Total	335	517	541	462

While, the numbers of our dealers and direct customers has steadily increased during the Fiscals 2023 and 2022, however, in the event, we are unable to retain our intermediaries, we may have to associate with new intermediaries, on terms and prices which may not be acceptable to us. Further, we cannot assure you that the new intermediaries appointed would be reliable and contribute to our revenues in the same manner as our current intermediaries. On the occurrence of any of the aforementioned events, our business and results of operations could be adversely affected.

While, we have entered into formal agreements with majority of our dealers, we cannot assure you that either of the parties will not terminate such agreement or breach any covenant of such agreements. Periodically we may have to discontinue business with the dealers, for reasons including delay in payments and inability to meet the expected sales targets, among others. Our ability to terminate our arrangements with certain dealers may be limited by the terms of our agreements with them. We may need to litigate the dealers or litigations may be filed against us for any breach or termination of the contract, such litigation could be time consuming and costly and the outcome cannot be guaranteed. Further, the term of the contracts entered by our Company for distribution of our products range are for five years, which are renewable at the end of the term, for additional periods, on terms mutually agreed between the parties, on expiry of such contracts, our Company or the dealers may not renew the contracts. While the aforementioned events have occurred in the past, however, such occurrence have not materially affected our financial condition, results of operations and prospects. We cannot assure you that occurrence of any future termination and associated events, would not materially affect our financial condition, results of operations and prospects.

- Our operations have significant raw material requirements in the form of pre-galvanised coils, and we may not be able to ensure the availability of the same for our operations at competitive prices and in a timely manner, which could have an adverse effect on our business, financial condition, results of operations and prospects.***

Production quantity and cost of our products are dependent on our ability to source raw materials and packaging materials at acceptable prices, and maintain a stable and sufficient supply of our major raw materials. The raw materials required for manufacturing our products and the source of raw materials has been provided below:

Name of Raw Material	Source of the raw material
Pre Galvanised coils	1. Import from Vietnam from companies like Vina One, Hoa Phat 2. Domestic from companies like JSW, AMNS etc 3. Purchase from Jaihind Steel Private Limited

We are into the business of Steel Manufacturing Products. We operate our manufacturing unit in Kerala and are heavily dependent on pre-galvanised coil as a raw material. Though we maintain our inventory of raw materials to avoid situations of irregular supply, we cannot assure you that we would be able to procure sufficient quantities of raw materials on a continuous basis for carrying out our operations. The availability and prices of raw materials may also be negatively affected by, among other factors, new laws or regulations; number of available suppliers, suppliers' allocations to other purchasers; business continuity of suppliers; interruptions in production by suppliers; accidents or other similar events at suppliers' premises or along the supply chain; wars, natural disasters and other similar events; fluctuations in exchange rates; consolidation in steel-related industries; demand and supply of raw materials; the bargaining power of raw material suppliers and the availability and cost of transportation. However, we typically undertake purchase of our some raw materials in bulk when they are processed at a lower level. If, for any reason, we are unable to procure sufficient pre-galvanised coils of requisite quantity and quality, and at acceptable prices, it could disrupt our production of steel, delay our delivery cycle leading to breach of contractual arrangement with our customers, increase our production costs or reduce our production volumes. Where the prices of raw materials rise significantly, we may not be able to realize such additional costs from our customers due to various factors including the demand and supply dynamics and competition in the market. Further, the raw materials require to be of a certain quality. Whilst we avoid undertaking purchase of some of our critical raw materials in monsoon to ensure quality, in the event we do not adhere to the quality control processes, we may have to recall our products or face product liability claims if our products do not meet our customers' expectation, thereby having an adverse impact on our business, results of operations and financial position. Unavailability of raw materials of desired quality or increase in price of raw materials would have a material adverse effect on our business and operations, financial condition, results of operations and prospects.

3. *We are dependent on Jaihind Steel Private Limited, one of our Promoter Group entity for a portion of our revenue and business. We also purchase raw materials from Jaihind Steel Private Limited and Jaihind Tubes Private Limited, one of our Group Companies, and are dependent on it for part of our raw materials requirements. In the event, of loss of business from such Promoter Group entity or delay in receiving raw materials, our business and results of operations could be adversely affected.*

Our Company is engaged in the business of manufacturing galvanised pipes and tubes that are used for building the roofs to reduce heat and avoid leakage. We sell a portion of our products to dealers who further sell it to third party contractors, builders and consumers. We also sell our products to one of our Promoter Group entities, Jaihind Steel Private Limited, which also is a local dealer engaged in trading of pre galvanised coils, steels, pipes, iron and also galvanised tubes and pipes. A break up of the revenue earned from Jaihind Steel Private Limited pursuant to sale of our products during the six months period ended September 30, 2024, Fiscal 2024, Fiscal 2023 and Fiscal 2022 has been provided below:

(₹ in lakhs)

Name of the entity	September 30, 2024		Fiscal 2024		Fiscal 2023		Fiscal 2022	
	Amount	Percentage (%)	Amount	Percentage (%)	Amount	Percentage (%)	Amount	Percentage (%)
Jaihind Steel Private Limited	4,467.15	28.77	10,105.40	33.44	15,664.87	44.05	10,781.84	33.87

We also procure a portion of our raw materials, i.e., pre galvanised coils from Jaihind Steel Private Limited as well as from Jaihind Tubes Private Limited. A break up of the expenses incurred by our Company towards purchase of raw material from Jaihind Steel Private Limited and Jaihind Tubes Private Limited during the six months period ended September 30, 2024, Fiscal 2024, Fiscal 2023 and Fiscal 2022 has been provided below:

Name of the entity	September 30, 2024		Fiscal 2024		Fiscal 2023		Fiscal 2022	
	Amount	Percentage (%)	Amount	Percentage (%)	Amount	Percentage (%)	Amount	Percentage (%)
Jaihind Steel Private Limited	5,110.97	34.44	11,248.60	37.81	20,772.72	59.09	14,688.36	46.82
Jaihind Tubes Private Limited	260.92	1.76	275.58	0.93	-	-	-	-

We have not entered into formal agreement with Jaihind Steel Private Limited and Jaihind Tubes Private Limited, which binds it to undertake business with our Company or mandatorily sell raw materials to our Company. The terms of the operations and the cost of the operations undertaken is mutually decided between our Company and our Promoter Group entity. In the absence of such agreements, we cannot assure that our Promoter Group entity would fulfill its obligations or would not commit a breach of the understanding with us. Further, in the event that there are quality lapses in the raw materials purchased from our Promoter Group entity, we may face product liability claims which could impact our image and reputation. In view of the lack of formal agreements, we may not be able to initiate claims relating the quality or receive refund for the amount spent by us from our Promoter Group entity. In the event that the supply of raw material is not done on a timely basis, we may not able to prosecute our Promoter Group entity due to lack of formal agreements. Further, our Promoter Group entity is not contractually bound to deal with us exclusively, which could adversely affect our business, results of operations and financial condition. The inability to procure new orders on a regular basis or at all from our Promoter Group entity may also adversely affect our business, revenues, cash flows and operations.

- 4. Our manufacturing unit and our operations are geographically concentrated in Kerala. Consequently, we are exposed to risks from economic, regulatory and other developments in the eastern region which could have an adverse effect on our business, results of operations and financial condition. Further, our continued operations are critical to our business and any shutdown of our manufacturing unit may adversely affect our business, results of operations and financial condition.**

Our manufacturing unit and our business operations are located in Kerala. Our products find extensive application in the general households of Kerala. Galvanised pipes and tubes are used for building the roofs to reduce heat and avoid leakage, further the galvanisation process offers an added advantage of increasing the life of the product and enhancing its quality by making it rust-free. Our products are therefore manufactured to provide an effective solution to the continuous damage caused to houses in Kerala on account of inclement weather condition. Accordingly, our products experience a constant demand on account of being an indispensable raw material in the construction industry in Kerala. The economic and regulatory condition in Kerala may be affected by various factors outside our control, including prevailing local, social and economic conditions, changes in the applicable governmental regulations, demographic trends, changes in regulations governing employment of labourers, fluctuation in the income levels and interest rates, among other factors. Further, since our manufacturing unit are concentrated in Kerala any political disruption, natural calamities or civil disruptions, opposition and protests, particularly in locations where we operate in Kerala, could adversely affect our business operations or strategy. There is no assurance that such disruption in business operations would not bring any hindrance in the functioning of our manufacturing units. Consequently, our business, results of operations, cash flows and financial condition have been and will continue to be heavily dependent on the performance of, and the prevailing conditions affecting the steel industry in Kerala.

Further, as a result, any local social unrest, natural disaster or breakdown of services and utilities in Kerala, could have material adverse effect on the business, financial position and results of our operations. Our current manufacturing unit is subject to operating risks, such as breakdown or failure of equipment, power supply or processes, reduction or stoppage of water supply, performance below expected levels of efficiency, obsolescence, natural disasters, industrial accidents and the need to comply with the directives of relevant government authorities. In the event, we are forced to shut down our manufacturing unit for a prolonged period; it would adversely affect our earnings, our other results of operations and financial condition as a whole. Spiralling cost of living around our unit may push our manpower costs in the upward direction, which may reduce our margin and cost competitiveness.

In addition to the above if our manufacturing unit suffers losses as a result of any industrial accident, we may be forced to shut down our manufacturing unit which could result in us being unable to meet with our commitments,

which will have an adverse effect on our business, results of operation and financial condition. Further, any contravention of or non-compliance with the terms of various regulatory approvals applicable to our manufacturing unit may also require us to cease or limit production until such non-compliance is remedied to the satisfaction of relevant regulatory authorities. We cannot assure you that we will not experience work disruptions in the future resulting from any dispute with our employees or other problems associated with our employees and the labor involved in our manufacturing unit, which may hinder our regular operating activities and lead to disruptions in our operations, which could adversely affect our business, prospects, financial condition, cash flows and results of operations.

5. *The steel industry is highly cyclical and a decrease in steel prices may have an adverse effect on our Company's results of operations.*

The steel industry is cyclical in nature. Steel prices fluctuate based on a number of factors, such as the availability and cost of raw material inputs, climatic changes, fluctuations in domestic and international demand and supply of steel and steel products, worldwide production and capacity, fluctuation in the volume of steel imports, transportation costs and protective trade measures, in the economies in which the steel producers sell their products and are sensitive to the trends of particular industries, such as the construction, infrastructure development and transportation, which are among the biggest consumers of steel products. In the last few Fiscals, our focus on retail customers through our dealers has helped us deliver consistent financial performance despite adverse conditions in the steel sector, in circumstances where a downturn occur in these economies or sectors, we may experience decreased demand for our products, which may lead to a decrease in our product prices, which may, in turn, have a material adverse effect on our business, results of operations, financial condition and prospects. We also face low demand during the monsoon season due to decreased construction activities. While steel prices have increased in recent years, they have been subject to fluctuation. Low steel prices adversely affect the businesses and results of operations of steel producers generally, including ours, resulting in lower revenue and margins and write downs of finished steel products and raw material inventories. In addition, the volatility, length and nature of business cycles affecting the steel industry have become increasingly unpredictable, and the recurrence of another major downturn in the industry may have a material adverse impact on our business, results of operations, financial condition and prospects. In addition, substantial decreases in steel prices during periods of economic weakness have not always been balanced by commensurate price increases during periods of economic strength. Any sustained price recovery will most likely require a broad economic recovery, in order to underpin an increase in real demand for steel products by end users.

6. *Due to the seasonal nature of the industry we operate in, we may not be able to achieve complete utilisation of the manufacturing unit, which in turn could materially and adversely affect our business, prospects, financial condition and results of operation.*

We are engaged in the business of generation of galvanised pipes and tubes are used for building the roofs to reduce heat and avoid leakage, further the galvanisation process offers an added advantage of increasing the life of the product and enhancing its quality by making it rust-free. Accordingly, our products experience an increase in demand in the third and fourth quarters of a Financial Year. During the second half of the year, the construction activates experience an increase, to prepare for the upcoming summer and monsoon seasons and ease of construction on account of reduction of rains and heat. A quarter wise break of revenue from operations earned by our Company during the Fiscals 2024, 2023 and 2022 have been provided below:

Months	Fiscal							
	2025		2024		2023		2022	
	Revenue Earned in lakhs	% of total Revenue	Revenue Earned in lakhs	% of total Revenue	Revenue Earned in lakhs	% of total Revenue	Revenue Earned in lakhs	% of total Revenue
Quarter 1	8423.15	54.62	6,978.73	23.25%	7,596.70	21.41%	6,279.20	19.75%
Quarter 2	6,998.27	45.38	6,147.29	20.48%	8,948.94	25.22%	6,867.69	21.60%
Quarter 3	-	-	7,972.27	26.56%	8,999.44	25.36%	7,328.63	23.05%
Quarter 4	-	-	8,917.77	29.71%	9,934.76	28.00%	11,316.19	35.59%
Total	15,421.42	100.00%	30,016.06	100.00%	35,479.84	100.00%	31,791.71	100.00%

We have historically experienced seasonal fluctuation in our sales, with higher sales volumes associated with the third and fourth quarter of each Financial Year. These seasonal variations in consumer demand subject our sector to a considerable degree of volatility. As a result, our revenue and profits may vary during different quarters of the

financial year and certain periods may not be indicative of our financial position for a full financial year or future quarters or periods and may be below market expectations. Further, any unanticipated decrease in demand for our products during our peak selling season could result into higher closing inventory position, which may lead to sale and liquidation of inventory getting delayed against the trajectory under normal course of business, which could adversely affect our financial position and business operations.

In addition, the cyclical nature of the steel industry requires us to carry a significant amount of inventory, especially prior to peak selling seasons when we build up our inventory levels. Also, since our business is seasonal in nature, we are vulnerable to non-availability of products during the peak season where there are higher number of footfalls. Such instances may lead to our customers approaching our competitors. This may lead to a reduction in our customer base. Further, we will be vulnerable to demand and pricing shifts and to suboptimal selection and timing of production. If sales do not meet expectations, too much inventory may lower planned margins. Our brand image may also suffer if customers believe we are no longer able to offer the requisite amount of products. The occurrence of these events could adversely affect our cash flows, financial condition and business operations.

7. *We are dependent on our manufacturing unit, and any loss, or shutdown, or under-utilization of the production capacities of our manufacturing unit may have an adverse effect on our business, financial condition and results of operations.*

Our manufacturing unit is subject to operational risks such as the breakdown or failure of equipment, power supply or processes, lack of raw materials performance below expected levels of output or efficiency, obsolescence, production outages, natural disasters, industrial accidents and the need to comply with new directives of the relevant government authorities. We may be required to shut down our manufacturing unit, from time to time, for capacity expansions, enhancements and equipment upgrades. We have enhanced the production capacities at our manufacturing unit in the past and we seek to maintain high capacity utilization at each of our manufacturing unit. However, there is no assurance that we will be able to utilize the production capacities of our manufacturing unit to the fullest. For instance, during the Financial Year 2023, our Company experienced a decline in the utilisation of our manufacturing unit, on account of fall in percentage of utilisation by 6%. The said fall was owing to the low demand, fluctuation in prices of steel products, our production capacities were not optimally utilized resulting in losses. Moreover, any disruptions in the operations of our manufacturing unit, technical or otherwise, may have a material adverse impact on our business, financial condition and results of operations. While we take precautions to minimize the risk of any significant operational problems at our manufacturing unit, there can be no assurance that our business, financial condition and results of operations will not be adversely affected by disruptions caused by operational problems at our manufacturing unit.

8. *Manufacturing of steel involve hazardous processes that can cause personal injury and loss of life, severe damage to and destruction of property and equipment, which could result in incurring material liabilities, loss of revenues and increased expenses.*

Owing to the risks associated with the steel manufacturing process carried out at the manufacturing unit, our operations are prone to accidents which may involve moving machinery, on-site transport, forklifts and overhead cranes, fires in control rooms, electrical switch rooms, fires caused by contact of molten metal in the induction furnaces, hot billets in reheating, spills and spattering of molten materials, extreme temperatures, vibration and noise and exposure to, through inhalation or contact with, hazardous chemicals, etc. Occurrence of any accidents may result in destruction of property and equipment, injuries and even fatalities to employees interrupting our operations, damaging our reputation and brand name. We have continuously in the past taken efforts to monitor, safeguard and strengthen safety measures and reduce accidents at our manufacturing unit. However, there have not been any instances in the past where fatal accidents occurred at our manufacturing unit, however occurrence of any such accidents could adversely affect our operations. Our aggrieved employees, members of the public or government authorities may bring claims or initiate criminal proceedings/public interest litigation, class action against us and/or our Directors in relation to accidents at our manufacturing unit. If it is determined by the appropriate authorities that provisions and measures for safety within our premises are inadequate or non-compliant of stipulated guidelines/directions, the licenses granted to us for operations at such premises may be revoked or suspended, thereby adversely affecting our business, operations financial condition and results of operations.

9. *We have experienced growth in the previous years on account of expansion in dealer base and increased production capacities of our manufacturing unit, which may not recur in the future and accordingly, our revenues may decline and we may be unable to sustain our profitability and thus, our historical financials as included in this Prospectus may not be comparable for future results.*

We have experienced a steady growth in the previous years on account of expansion in dealer base along with an increase in production capacities of our manufacturing unit by installing another electric resistance welding tube mill of an installed capacity of 4,000 MT in our manufacturing unit in 2019. There can be no assurance that we will be able to continue to expand our dealer base and increase production capacities in the future and the absence of such positive contributing factors, may have an adverse impact on our growth and profitability as compared to past periods. Conditions such as decline in our dealer base and decrease in the production capacities of our manufacturing unit may have an impact on our revenue and financial condition. Absence of favourable factors may have an adverse impact on our growth and profitability in future as compared to past periods. Owing to a decline in revenue, we may not be able to maintain profitability and may incur losses in the future. Accordingly, our future results of operations, financial conditions, including growth in profitability, may not be comparable to the Restated Financial Information included in this Prospectus and any reliance placed on the same should be accordingly limited.

10. Our Group Companies may have conflict of interest with us as they are engaged in similar industry segment and may compete with us. Further, any conflict of interest which may occur between our business and any other similar business activities pursued by our Promoters and Directors could have a material adverse effect on our business and results of operations.

Our Group Companies, Vytila Steel Private Limited, Jaihind Steel Private Limited, Jaihind Tubes Private Limited and Jaihind Metals Hypermart Private Limited are engaged in the similar industry segment as that of our Company. In view of the same, there might be conflicts of interest in future. We have not entered into any non-compete agreements with our Group Companies and there can be no assurance that our Group Companies will not compete with our existing business or any future business that we might undertake or that we will be able to suitably resolve such a conflict without an adverse effect on our business and financial performance. Further, our Promoters and Directors are directors and promoters of our Promoter Group entities, namely, Vytila Steel Private Limited, Jaihind Steel Private Limited, Jaihind Steel Tubes Private Limited, Starshine Aluminium Extrusions Private Limited, Jaihind Tubes Private Limited and Prime Metals. For details, please see the chapters titled “Our Business” and “Our Promoters and Promoter Group” on pages 109 and 158, respectively. These entities are engaged in the similar industry segment as that of our Company, thereby causing a conflict of interest between our Company and our Promoters and Directors. We have not entered into a non-compete arrangement with him to address such conflicts. We cannot assure you that a conflict will not arise, or that we will be able to suitably resolve any such conflict without an adverse effect on our business or operations.

11. There have been instances of delays in payment of statutory dues, i.e. EPF by the Company. In case of any delay in payment of statutory due in future by our Company, the Regulatory Authorities may impose monetary penalties on us or take certain punitive actions against our Company in relation to the same which may have adverse impact on our business, financial condition and results of operations.

In the past, there have been certain instances of delays in payment of statutory dues, i.e. EPF, by the Company. The details of the delay caused in payment of statutory dues have been provided below:

Statutory Dues	Details of Financial Year	Period of Delay	Days of delay	Payment Dates	Reason for delay	Steps taken to address such delays

There was no delay from Company part. It was issue with one of the employees, which was corrected. Company has outsourced the PF/ ESI work to independent professional, so as to ensure that such mistakes does not happen in future.

Our Company has already made provisions in the financials of the Company for such delay payments. However, It cannot be assured, that there will not be such instances in the future or our Company will not commit any further delays or defaults in relation to payment of statutory dues. In the past also, the company has been regular in collecting and depositing the PF/ ESI. It is only in case of 1-2 employees where they had issues with Aadhar and PAN data etc which is actually the responsibility of the employee and not the company. The happening of such events may cause imposition of fine / penalty which may have minimal adverse effect on the results of our operations and financial position.

12. There have been instances of delays in payment of statutory dues, i.e. GST by the Company. In case of any delay in payment of statutory due in future by our Company, the Regulatory Authorities may impose monetary penalties on us or take certain punitive actions against our Company in relation to the same which may have adverse impact on our business, financial condition and results of operations.

In the past, there have been certain instances of delays in payment of statutory dues, i.e. GST, by the Company. The details of the delay caused in payment of statutory dues have been provided below:

Statutory Dues	Details of Financial Year	Period of Delay	Days of delay	Payment dates	Reason for delay	Steps taken to Address such delay
TS GST	FY_2017-18	Jul-17	45 days	12-10-17	First Year of GST Implementation, issues in compliances due to frequent changes, reconciliations, compliances from all ends etc,	The Company has outsourced the GST Compliance to independent professional so as to ensure timely compliances.

TS GST	FY_2021-22	May-21	13 days	03-07-21		

Our Company has already made provisions in the financials of the Company for such delay payments. There has been no delay in payment of GST since May 2021. However, It cannot be assured, that there will not be such instances in the future or our Company will not commit any further delays or defaults in relation to payment of statutory dues. The happening of such event may cause imposition of fine / penalty which may have minimal adverse effect on the results of our operations and financial position.

13. If we are unable to successfully implement our proposed expansion plans, our results of operations and financial condition could be adversely affected.

As part of our long term strategy of organic expansion and integrated operation, we have, in the last five Fiscals, undertaken expansion in production capacities by installing another electric resistance welding tube mill of an installed capacity of 4,000 MT in our manufacturing unit in 2019. Subject to receipt of necessary approvals and compliance of terms and conditions, project assessment, feasibility and funding, we intend to further upgrade and expand our manufacturing operations by undertaking:

- IT / Technological Upgradation of existing manufacturing facility;
- Expansion of the existing solar facility for power generation; and
- Funding of expenditure towards civil construction of new factory shed cum storage facility within the existing factory premises situated at Kerala

We intend to utilise a portion of the Net Proceeds of the Issue, towards funding the aforementioned expansion. For further details, please see “Objects of the Issue” on page 79 of this Prospectus.

Our expansion plan, to the extent that it proceeds, would involve risks, including risks associated with the timely and successful completion of such expansion, and our failure to adequately manage these risks notwithstanding our upgraded operational and financial systems, procedures and controls could have a material adverse effect on our business expansion, financial condition, results of operations and prospects. Factors that could affect our ability to complete the expansion plan include obtaining the necessary regulatory approvals and licenses, completing the plan / civil construction and on scheduled time, a decline in demand for our products and general economic conditions. Our expansion plans and business growth could strain our managerial, operational and financial resources. Our ability to manage future growth will depend on our ability to continue to implement and improve operational, financial and management information systems on a timely basis and to attract, expand, train, motivate, retain and manage our workforce. We cannot assure you that our personnel, systems, procedures and controls will be adequate to support our future growth. Failure to successfully implement or effectively manage our expansion may lead to increased costs, loss of investment and reduced profitability and may adversely affect our growth prospects. Any of these factors may cause us to delay, modify or forego some or all aspects of our expansion plans. Further, there can be no assurance that we will be able to execute our strategies on time and within the budget estimated by our Company.

14. Our Company is yet to place orders for 100% of the civil work, IT / Technological Upgradation of existing manufacturing facility and expansion of solar unit. Any delay in placing orders or procurement of such plant and machinery or variation in foreign exchange rate, may further delay the schedule of implementation and increase the cost of commissioning the manufacturing unit.

Our Company has received third party quotations for civil work, IT / Technological Upgradation of existing manufacturing facility and expansion of solar unit, for details please refer to the chapter titled “Objects of the Issue” on page 79 of this Prospectus. Although, we have identified the vendors and type of equipment to be purchased for the existing manufacturing unit, we are yet to place order for 100% of the orders for civil work, IT / Technological Upgradation of existing manufacturing facility and expansion of solar unit. Further, the cost of the civil work and equipment is based on the quotations received from suppliers and such quotations are subject to change due to various factors such as, change in supplier of equipment, change in the government regulation and policies, change in

management's view of desirability of the current plans, possible cost overruns, etc. Since, we have not yet placed orders for the said civil work and equipment we cannot assure that we will be able to procure the same in a timely manner and at the same price at which the quotations have been received. Delay in procurement of the same or fluctuation in the foreign exchange rate can cause time and cost overrun in the implementation of our proposed project and can also compel us to buy such machineries at a higher price, thus causing the budgeted cost to vary. As a result, our business, financial condition, results of operations and prospects could be materially and adversely affected.

15. Any change in government policies may impact the growth of the infrastructure sector leading to a decline in sales from the institutional segment adversely affecting our business, prospects and results of operations.

Our business operations are dependent on favourable government policies and spending of the government in the infrastructure sector. For instance, we believe that the launch of affordable housing scheme PMAY Gramin and PMAY Urban (Housing for All-HFA) will increase the demand of steel products in general. Any unfavourable change in the existing policy of the government towards the infrastructure sector such as reduced expenditure in the infrastructure segment, or delay in implementation of the infrastructure projects sanctioned may result in decreased demand of steel products in the institutional segment. Any such unfavourable changes and the related uncertainties with respect to the government policies may adversely affect our business, results of operations and financial condition.

16. Our business and prospects may be adversely affected if we are unable to maintain and grow the image of our brand.

Our Company has created a brand presence with our brand, namely, 'Demac Steel'. We sell our products under our brand, which we believe are well recognized, have been developed to cater to customers and have contributed to the success of our business in the market for excipients. Owing to our diversified marketing network and wide-spread intermediaries and sales forces, our Company has been able to penetrate the local markets of Kerala. Our products and brands have become familiar names on account of our aggressive and innovate marketing techniques. Our Company regularly interacts with our customers and intermediaries to understand the satisfaction of the customers with the quality of our products. In order to maintain our brand presence, we have aggressively invested in our sales and marketing initiatives and increased our intermediary base. The expenses incurred by us in sales and marketing of our products during the six month period ended September 30, 2024 and Fiscals 2024, 2023 and 2022 have been provided below:

Six month period ended September 30, 2024		Fiscal

We believe our brand's image serve in attracting customers to our products in preference over those of our competitors. Therefore we intend to utilise a portion of the Net Proceeds towards funding expenses for advertising, marketing and branding through Out of Home Advertising which is to be carried out on our behalf by Darwin Platform Mass Media Limited. The advertising campaign will be carried out in 4-5 months period covering major cities of India majorly in Kerala. The cities include Mumbai, Bangalore, Chennai, Kochi, Delhi, Thrissur, Kollam, Vatakara, Thiruvananthapuram, Kozhikode etc. For further details, please see "Objects of the Issue" on page 79 of this Prospectus.

Maintaining and enhancing the recognition and reputation of these brands is critical to our business and competitiveness. For our future marketing and branding strategy, we shall be significantly dependent upon Darwin Platform Mass Media Limited for executing our marketing initiatives in an efficient manner. In the event, we face any problems in the quality of service or if we face any delay in execution of our marketing strategy, we may have to terminate our contract with the proposed marketing agency and execute a fresh contract with another agency, which may be costly and over and above our estimated budget. Occurrence of any such events could significantly impact our business, results of operations and financial condition.

Many factors, some of which are beyond our control, are important for maintaining and enhancing our brand, including maintaining or improving customer satisfaction and the popularity of our products and increasing brand awareness through brand building initiatives. If we fail to maintain our reputation, enhance our brand recognition or

increase positive awareness of our products, or the quality of our products declines, our business and prospects may be adversely affected.

17. Any failure in our quality control processes may adversely affect our business, results of operations and financial condition. We may face product liability claims and legal proceedings if the quality of our products does not meet our customers' expectations.

Our products may contain certain quality issues or undetected errors, due to defects in manufacture of products or raw materials which are used in the products. We have a quality control and assurance division (“**Quality Division**”) in our manufacturing unit which carries out the required tests on the materials received including raw materials which are used in the manufacturing process and also on the final products. Our quality laboratory carries out tests on the raw materials and finished products to ensure that our products are compliant with the specifications provided by our customers/ intermediaries. We have an in-house laboratory at our manufacturing unit, wherein our Quality Division carries out quality tests on the raw material, semi-finished goods and finished goods.

We have implemented quality control processes for our raw materials and finished goods, however, we cannot assure you that our quality control processes or our product will pass the quality tests and inspections conducted by various agencies as per their prescribed standards will not fail. Any shortcoming in the raw materials procured by us or in the production of our products due to failure of our quality control procedures, negligence and human error or otherwise, may damage our products and result in deficient products. It is imperative for us to meet the regulatory quality standards set by regulatory agencies and our customers/ intermediaries as deviation from the same can cause them to reject our products and can also cause damage to our reputation, market standing and brand value.

In the event the quality of our products is sub-standard or our products suffer from defects and are returned by our customers/ intermediaries due to quality complaints, we might be compelled to take back the sub-standard products and reimburse the cost paid by our customers/ intermediaries. Such quality lapses could strain our longstanding relationship with our customers/ intermediaries and our reputation and brand image may suffer, which in turn may adversely affect our business, results of operations and financial condition. Our customers/ intermediaries may lose faith in the quality of our products and could in turn refuse to further deal in our products, which could have a severe impact on our revenue and business operations. We also face the risk of legal proceedings and product liability claims being brought against us by our customers/ intermediaries for defective products sold. We cannot assure you that we will not experience any material product liability losses in the future or that we will not incur significant costs to defend any such claims. A product liability claim may adversely affect our reputation and brand image, as well as entail significant costs.

18. Our inability to effectively manage or expand our distribution network may have an adverse effect on our business, results of operations and financial condition.

Our ability to expand and grow our sales significantly depends on the reach and effective management of our distribution network and the continued cooperation of third parties such as dealers. We cannot assure you that we will continue to be able to effectively manage our distribution network and maintain good relationships with such third parties. Certain distribution intermediaries may have exclusivity arrangements with our competitors and may be unable to, or decline to, stock and distribute our products, which in turn may limit our ability to expand our distribution network.

In view of the growing demand of our products and to expand our capacity, we propose to utilise a portion of the Net Proceeds towards funding of expenditure towards civil construction of new factory shed cum storage facility within the existing factory premises situated at Kerala. In order to cater to the growing demand of our products from our existing customers and to meet requirements of new customers, we intend to expand our existing production capabilities and apportion a designated space for the storage of the finished products within the factory premises. According, we propose to construct a factory shed cum storage facility in the existing manufacturing unit. We intend to shift one of our existing machinery to the new factory shed proposed to be constructed and utilise the storage space for holding the inventories / finished products to avoid any hindrance to the on-going manufacturing process. For further details, please see “*Objects of the Issue*” on page 79 of this Prospectus.

We intend to capture our existing intermediaries as well as create a distribution network in new markets to market our products by increasing and manufacturing capacity and improving our inventory turnaround time. Our inability to strategically expand our distribution network may lead to revenue loss and impede the full utilisation of our production capacity. We cannot assure you that we will be able to expand our sale and distribution network in

accordance with our business plans, or at all, which may adversely affect our business, results of operations and financial condition.

- 19. Any delays and/or defaults in payments could result in increase of working capital investment and/or reduction of our Company's profits, thereby affecting our operation and financial condition. Our Company requires significant amount of working capital for a continuing growth. Our inability to meet our working capital requirements may adversely affect our results of operations.**

We are exposed to payment delays and/or defaults by our intermediaries. Our financial position and financial performance are dependent on the creditworthiness of our intermediaries. As per our business network model, we majorly supply our products directly to our intermediaries without taking any advance payment or security deposit against the orders placed by them. Such delays in payments may require our Company to make a working capital investment. We cannot assure you that payments from all or any of our intermediaries will be received in a timely manner or to that extent will be received at all. If an intermediary defaults in making its payments on an order on which our Company has devoted significant resources, or if an order in which our Company has invested significant resources is delayed, cancelled or does not proceed to completion, it could have a material adverse effect on our Company's results of operations and financial condition. There is no guarantee on the timeliness of all or any part of our customers'/ intermediaries' payments and whether they will be able to fulfil their obligations, which may arise from their financial difficulties, deterioration in their business performance, or a downturn in the global economy. If such events or circumstances occur, our financial performance and our operating cash flows may be adversely affected.

Our business requires a significant amount of working capital. Further, we are also required to meet the increasing demand and for achieving the same, adequate stocks have to be maintained which requires sufficient working capital. In the event, we are unable to source the required amount of working capital for addressing such increased demand of our products, we might not be able to efficiently satisfy the demand of our customers/ intermediaries. Even if we are able to source the required amount of funds, we cannot assure you that such funds would be sufficient to meet our cost estimates and that any increase in the expenses will not affect the price of our products.

Further, one of the objects of this Issue include funding of working capital requirements of our Company, which is based on management estimates and certain assumptions. For more information in relation to such management estimates and assumptions, please see "*Objects of the Issue*" on page 79. Our working capital requirements may be subject to change due to factors beyond our control including force majeure conditions, an increase in defaults by our customers/ intermediaries, non-availability of funding from banks or financial institutions. Accordingly, such working capital requirements may not be indicative of the actual requirements of our Company in the future and investors are advised to not place undue reliance on such estimates of future working capital requirements.

Any delay in processing our payments by our intermediaries may increase our working capital requirement. Further, if an intermediary defaults in making payments for a product on which we have devoted significant resources, it could affect our profitability and liquidity and decrease the capital reserves that are otherwise available for other uses. We may file a claim for compensation of the loss that we incurred pursuant to such defaults but settlement of disputes generally takes time and financial and other resources, and the outcome is often uncertain. In general, we take provisions for bad debts, including those arising from such defaults based primarily on ageing and other factors such as special circumstances relating to special customers/ intermediaries. There can be no assurance that such payments will be remitted by our clients to us on a timely basis or that we will be able to effectively manage the level of bad debt arising from defaults. We may also have large cash outflows, including among others, losses resulting from environmental liabilities, litigation costs, adverse political conditions, foreign exchange risks and liability claims.

All of these factors may result in increase in the amount of receivables and short-term borrowings. If we decide to raise additional funds through the incurrence of debt, our interest and debt repayment obligations will increase, and could have a significant effect on our profitability and cash flows and we may be subject to additional covenants, which could limit our ability to access cash flows from operations. Any issuance of equity, on the other hand, could result in a dilution of your shareholding. Accordingly, continued increases in our working capital requirements may have an adverse effect on our financial condition and results of operations.

- 20. Certain Directors of our Company either do not hold any educational qualifications or are unable to trace copies of their educational qualifications. Accordingly, we have not disclosed details of their educational qualifications in the chapter titled "Our Management" of this Prospectus.**

Our Chairman, Mahendra Kumar Jain, Managing Director and Suman Jain do not hold any educational qualifications and therefore we cannot assure you that they possess the requisite qualifications to head our Company. Further, Vazhappily Davis Varghese, Non-Executive Director of our Company is unable to trace his educational qualifications, therefore details in respect of his educational qualifications have not been disclosed in the chapter titled “Our Management” of this Prospectus. Accordingly, the disclosures added in the chapter titled “Our Management” may not be adequate to inform the investors about the educational background of some of our Directors.

21. *If we are not able to obtain, renew or maintain our statutory and regulatory licenses, registrations and approvals required to operate our business, it may have a material adverse effect on our business, results of operations and financial condition.*

We require certain statutory and regulatory licenses, registrations and approvals to operate our business some of which are granted for a fixed period of time and need to be renewed from time to time. Further, in future, we may also be required to obtain new licenses, registrations and approvals for any proposed operations, including any expansion of existing operations. There can be no assurance that the relevant authorities will renew such licenses, registrations and approvals in a timely manner or at all. For instance, our Company has applied for changing its name on certain of its licenses and approvals post its conversion from a private limited company into a public limited company. For details, please refer to the chapter titled “Government and Other Approvals” on page 218 of this Prospectus.

We cannot assure you that such licenses will be granted or renewed in time or at all. Further, these licenses, registrations and approvals are subject to several conditions, and our Company cannot assure that it shall be able to continuously meet such conditions or be able to prove compliance with such conditions to statutory authorities, and this may lead to cancellation, revocation or suspension of relevant licenses, approvals and registrations. We may be subject to penalties or suffer a disruption in our business activities, any of which could adversely affect our results of operations. Further, our Company will be responsible for bearing any and all liabilities arising out of this non-compliance. If we are unable to renew, maintain or obtain the required registrations or approvals, it may result in the interruption of our operations and may have a material adverse effect on our revenues and operations. Failure by our Company to renew, maintain or obtain the required licenses or approvals, or cancellation, suspension, or revocation of any of the licenses, approvals and registrations may result in the interruption of our Company’s operations and may have a material adverse effect on our business. For further details on the licenses obtained by our Company and licenses for which renewal applications have been made, kindly refer the chapter titled “Government and Other Approvals” beginning on page 218 of this Prospectus.

22. *We are dependent on information technology systems in carrying out our business activities and it forms an integral part of our business. Further, if we are unable to adapt to technological changes and successfully implement new technologies or if we face failure of our information technology systems, we may not be able to compete effectively which may result in higher costs and would adversely affect our business and results of operations.*

We are dependent on information technology system in connection with carrying out our business activities and such systems form an integral part of our business. Any failure of our information technology systems could result in business interruptions, including the loss of our customers/ intermediaries, loss of reputation and weakening of our competitive position, and could have a material adverse effect on our business, financial condition and results of operations. Additionally, our information technology systems, specifically our software may be vulnerable to computer viruses, piracy, hacking or similar disruptive problems. Computer viruses or problems caused by third parties could lead to disruptions in our business activities. Fixing such problems caused by computer viruses or security breaches may require interruptions, delays or temporary suspension of our business activities, which could adversely affect our operations. Breaches of our information technology systems may result in unauthorized access to confidential information. Such breaches of our information technology systems may require us to incur further expenditure to put in place advanced security systems to prevent any unauthorised access to our networks. In the event, any breach of our systems or software leads to the leaking of our trade secrets or any inventive techniques devised by our Company, it might lead to loss of our originality in the market and increase the chance of our products being substituted by the products of our competitors.

Our future success depends in part of our ability to respond to technological advancements and emerging standards and practices on a cost-effective and a timely basis. Our failure to successfully adopt such technologies in a cost-effective manner could increase our costs thereby compelling us to bid at lower margins which might lead to loss of bidding opportunities vis-à-vis such competitors. Additionally, the government authorities may require adherence with certain technologies and we cannot assure you that we would be able to implement such technologies in a timely

manner or at all. The cost of upgrading or implementing new technologies or upgrading our existing equipment or expanding our capacity could be significant, less cost effective and therefore could negatively impact our profitability, results of operations, financial condition as well as our future prospects.

23. *There have been instances of erroneous filings in the past, under the Companies Act, 2013 to RoC.*

In the past, there have been certain instances of erroneous filing such as, while filing Form INC-21 for change in registered office, our Company selected “owned by director” in place of “taken on lease by company” in the said form. No show cause notice in respect to the above has been received by our Company till date and no penalty or fine has been imposed by any regulatory authority in respect to the same. It cannot be assured, that there will not be such instances in the future or our Company will not commit any further delays in relation to its reporting requirements, or any penalty or fine will not be imposed by any regulatory authority in respect to the same. The happening of such event may cause a material effect on our results of operations and financial position.

24. *We are dependent on third party transportation providers for delivery of raw materials to us from our suppliers and delivery of our products to our intermediaries. We have not entered into any formal contracts with our transport providers and any failure on part of such service providers to meet their obligations could adversely affect our business, financial condition and results of operation.*

To ensure smooth functioning of our manufacturing operations, we need to maintain continuous supply and transportation of the raw materials required from the supplier to our manufacturing unit and transportation of our products from our unit to our intermediaries, which may be subject to various uncertainties and risks. While, we maintain one vehicle for transportation of raw materials and finished products, however, we are also dependent on third party transportation providers for the delivery of raw materials to us and delivery of our products to our intermediaries. Uncertainties and risks such as transportation strikes or delay in supply of raw materials and products could have an adverse effect on our supplies and deliveries to and from our customers and suppliers. Additionally, raw materials and products may be lost or damaged in transit for various reasons including occurrence of accidents or natural disasters. A failure to maintain a continuous supply of raw materials or to deliver our products to our distribution intermediaries in a timely, efficient and reliable manner could adversely affect our business, results of operations and financial condition.

Further, we have not entered into any long term agreements with our transporters for our manufacturing unit and the costs of transportation are generally based on mutual terms and the prevailing market price. In the absence of such agreements, we cannot assure that the transport agencies would fulfil their obligations or would not commit a breach of the understanding with us. In the event that the finished goods or raw materials suffer damage or are lost during transit, we may not be able to prosecute the agencies due to lack of formal agreements. Further, the transport agencies are not contractually bound to deal with us exclusively, we may face the risk of our competitors offering better terms or prices, which may cause them to cater to our competitors alongside us or on a priority basis, which could adversely affect our business, results of operations and financial condition.

25. *Our Company has availed certain unsecured loans which may be recalled at any time.*

As of September 30, 2024, our Company has availed certain unsecured loans from our Directors and State Bank of India. As of September 30, 2024, the total outstanding unsecured loans availed by our Company are ₹ 280.00 lakhs, which may be recalled at any time. In the event, any of such unsecured lenders seek a repayment of any these loans, our Company would need to find alternative sources of financing, which may not be available on commercially reasonable terms, or at all. If we are unable to arrange for any such financing arrangements, we may not have adequate working capital to undertake new projects or complete our ongoing projects. Therefore, any such demand may adversely affect our business, financial condition and results of operations. For further details, see “*Financial Indebtedness*” on page 200 of this Prospectus.

26. *If our Company is unable to protect its intellectual property, or if our Company infringes on the intellectual property rights of others, our business may be adversely affected.*

Our Company is currently using the logo **DEMAC** which is not yet registered in the name of our Company. We have made application for registering the same before the Registrar of Trademarks under the Trademarks Act, 1999. If we are unable to get our logo registered with the trademark authorities then, our Company may not be able to successfully enforce or protect our intellectual property rights and obtain statutory protections available under the Trademarks Act, 1999, as otherwise available for registered trademarks in future could have a material adverse effect on our business and goodwill, which in turn could adversely affect our results of operations. Further, there can be no

assurance that third parties will not infringe upon our intellectual property, causing damage to our business prospects, reputation and goodwill. Our efforts to protect our intellectual property may not be adequate and may lead to erosion of our business value and our operations could be adversely affected. We may need to litigate in order to determine the validity of such claims and the scope of the proprietary rights of others. Any such litigation could be time consuming and costly and the outcome cannot be guaranteed. We may not be able to detect any unauthorized use or take appropriate and timely steps to enforce or protect its intellectual property, which could adversely affect our business, results of operations and financial condition. For further details, please refer to the chapters titled “Our Business” and “Government and other Statutory Approvals” on pages 116 and 218, respectively of this Prospectus.

27. Our business may expose us to potential product liability claims and recalls, which could adversely affect our results of operation, goodwill and the marketability of our products.

We may be exposed to potential product liability claims, and the severity and timing of such claims are unpredictable. We face the risk of loss resulting from, and the adverse publicity associated with, product liability lawsuits, whether or not such claims are valid. We may also be subject to claims resulting from manufacturing defects or negligence in storage or handling which may lead to the deterioration of our products. We do not maintain a product liability insurance, therefore we will not be able to insure or cover the risks arising out of any such claims. Any product liability claims would likely require us to incur substantial amounts on litigation and require our management’s time and focus. Further, customers may cease purchasing products from us. Accordingly, such product liability claims, may adversely affect our results of operation, goodwill and the marketability of our products.

28. Our Company had negative cash flows in the past years, details of which are given below. Sustained negative cash flow could impact our growth and business.

We have experienced negative cash flows in the past which have been set out below:

Particulars	For The Period or Year Ended			
	Period Ended September 30, 2024	Year Ended March 31, 2024	Year Ended March 31, 2023	Year Ended March 31, 2022
Net Cash from Operating Activities	2,355.28	(2,131.11)	3,109.41	(628.25)
Net Cash from Investing Activities	(12.45)	(62.91)	(61.82)	(377.70)
Net Cash used in Financing Activities	(2,174.62)	2,791.61	(2,378.31)	1,013.07

The Company has a negative from Operating Activities for Fiscal 2024 primarily due to:

- Increase in Debtors: ₹1,051.44 lacs. This was a result of adverse market conditions, compelling the company to extend longer credit periods to customers to maintain business relationships.
- Increase in Inventory: ₹1,089.31 lacs, driven by the anticipation of future demand and a potential price hike, leading to higher stock levels to meet expected market requirements
- Increase in Other Current Assets: ₹217.67 lacs, attributable to GST Credit: ₹110.1 lacs., accumulation of CSR Fund: ₹14 lacs, etc.
- Income Tax Payments: ₹188.36 lacs
- Decrease in Creditors: ₹920.02 lacs, reflecting faster payments to suppliers or reduced credit periods

Cash flow of a company is a key indicator to show the extent of cash generated from operations to meet its capital expenditure, pay dividends, repay loans, and make new investments without raising finance from external resources. Such negative cash flows lead to a net decrease in cash and cash equivalents. Any negative cash flow in future could adversely affect our operations and financial conditions and the trading price of our Equity Shares. For further details, please refer “Financial Statements” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” on pages 180 and 205, respectively.

29. We have significant power requirements for continuous running of our manufacturing unit. Any disruption to our operations on account of interruption in power supply or any irregular or significant hike in power tariffs may have an effect on our business, results of operations and financial condition.

Our manufacturing operations require significant amount of electricity and any interruption in the supply of power may temporarily disrupt our operations. Since, our manufacturing process requires high power consumption, any unexpected or unforeseen increase in the tariff rates can increase the operating cost of our manufacturing unit and thereby cause an increase in the production cost which we may not be able to pass on to our customers. While, we have a solar plant from which we procure majority of our power, however we are also dependent upon third party power providers. There are limited number of electricity providers in the areas from where we operate due to which in case of a price hike, we may not be able to find a cost-effective substitute, which may negatively affect our business, financial condition, cash flows and results of operations. For further details, please refer to the chapter titled “*Our Business*” on page 116 of this Prospectus.

30. *We operate in a competitive business environment and our inability to compete effectively may adversely affect our business, results of operations, financial condition and cash flows.*

The steel industry in India is competitive with both organized and unorganized markets. However, we are required to compete both in the domestic and international markets. We may be unable to compete with the prices and products offered by our competitors. We may have to compete with new players in India and abroad who enter the market and are able to offer competing products. Our competitors may have access to greater financial, manufacturing, research and development, marketing, distribution and other resources and more experience in obtaining the relevant regulatory approvals. Increasing competition may result in pricing pressures and decreasing profit margins or loss of market share or failure to improve our market position, any of which could substantially harm our business and results of operations. We cannot assure you that we will be able to compete with our existing as well as future competitors as well as the products prices and payment terms offered by them. In addition, our customers may enter into contract manufacturing arrangements with third parties, for products that they are presently purchasing from us. Our failure to successfully face existing and future competitors may have an adverse impact on our business, growth and development.

Further, some of our competitors may be larger than we are or develop alliances to compete against us and may have greater resources, market presence and geographic reach and have products with better brand recognition than ours. Some of our competitors may be able to procure raw materials at lower costs than us, and consequently be able to sell their products at lower prices. As a result, our competitors may be able to withstand industry downturns better than us or provide customers with products at more competitive prices. Some of our international competitors may be able to capitalize on their overseas experience to compete in the Indian market. Consequently, we cannot assure you that we will be able to compete successfully in the future against our existing or potential competitors or that our business and results of operations will not be adversely affected by increased competition. We cannot assure you that we will be able to maintain our existing market share. Our competitors may significantly increase their marketing expenses to promote their brands and products, which may require us to similarly increase our advertising and marketing expenses and engage in effective pricing strategies, which we may not be able to pass on to our customers which in turn may have an adverse effect on our business, results of operations and financial condition. For further details, please see “*Industry Overview*” on page 101 of this Prospectus.

31. *Our Promoters, Directors and Key Managerial Personnel have interests in our Company other than reimbursement of expenses incurred or normal remuneration or benefits.*

Our Promoters, Directors and Key Managerial Personnel, may be deemed to be interested in our Company, in addition to the regular remuneration or benefits, reimbursements of expenses, Equity Shares held by them or their relatives, their dividend or bonus entitlement, benefits arising from their directorship in our Company. Our Promoters, Directors and Key Managerial Personnel may also be interested to the extent of any transaction entered into by our Company with any other company or firm in which they are directors or partners. For further details please refer to the paragraphs titled — “*Interest of our Directors*” in the chapter titled — “*Our Management*”, the paragraphs titled — “*Interest of our Promoters and Other Interests and Disclosures*” in the chapter titled — “*Our Promoters and Promoter Group*”, “*Financial Indebtedness*” and “*Restated Financial Information*” on pages 154, 172, 200 and 180, respectively of this Prospectus.

There can be no assurance that our Promoters, Directors, Key Management Personnel will exercise their rights as shareholders to the benefit and best interest of our Company. Our Promoters and members of our Promoter Group will continue to exercise significant control over our Company, including being able to control the composition of our Board of Directors and determine decisions requiring simple or special majority voting of shareholders, and our other shareholders may be unable to affect the outcome of such voting. Our Directors and our Key Management Personnel may take or block actions with respect to our business, which may conflict with the best interests of our Company or that of minority shareholders.

32. *Our Promoters have extended personal guarantees and personal properties as collateral security with respect to various loan facilities availed by our Company, Revocation of any or all of these personal guarantees may adversely affect our business operations and financial condition.*

Our Promoters, Vazhappilly Davis Varghese, Mahendra Kumar Jain, Divya Kumar Jain, Ankur Jain, Suman Jain, Cyriac Varghese and Molly Varghese have extended certain personal guarantees in favour of certain banks / financial institutions with respect to various facilities availed by our Company from them. Further, our Promoters, Vazhappilly Davis Varghese and Molly Varghese have extended their personal property, as collateral security to secure the loan facilities availed by our Company. In the event any of these guarantees are revoked or if the personal property of our Promoters are withdrawn, our lenders may require us to furnish alternate guarantees or may demand a repayment of the outstanding amounts under the said facilities sanctioned or may even terminate the facilities sanctioned to us. There can be no assurance that our Company will be able to arrange such alternative guarantees in a timely manner or at all. If the guarantees is invoked or our manufacturing unit is foreclosed, the ability of our Company to continue its business operations could be adversely affected. Further, if our lenders enforce any of the restrictive covenants or exercise their options under the relevant debt financing arrangement, our operations and use of assets may be significantly hampered and lenders may demand the payment of the entire outstanding amount and this in turn may also affect our further borrowing abilities thereby adversely affecting our business and operations. For further details please refer to the chapter titled “Financial Indebtedness” on page 212 of this Prospectus.

33. *Our Promoters and members of the Promoter Group have significant control over the Company and have the ability to direct our business and affairs; their interests may conflict with your interests as a shareholder.*

Upon completion of this Issue, our Promoters will collectively hold 73.02% of the Equity share capital of our Company. As a result, our Promoters will have the ability to exercise significant influence over all matters requiring shareholders’ approval. Accordingly, our Promoters will continue to retain significant control, including being able to control the composition of our Board of Directors, determine decisions requiring simple or special majority voting of shareholders, undertaking sale of all or substantially all of our assets, timing and distribution of dividends and termination of appointment of our officers, and our other shareholders may be unable to affect the outcome of such voting. There can be no assurance that our Promoters will exercise their rights as shareholders to the benefit and best interests of our Company. Further, such control could delay, defer or prevent a change in control of our Company, impede a merger, consolidation, takeover or other business combination involving our Company, or discourage a potential acquirer from making a tender offer or otherwise attempting to obtain control of our Company even if it is in our Company’s best interest. The interests of our Promoters could conflict with the interests of our other equity shareholders, and our Promoters could make decisions that materially and adversely affect your investment in the Equity Shares.

34. *The average cost of acquisition of Equity Shares held by our Promoters could be lower than the Issue Price.*

Our Promoters’ average cost of acquisition of Equity Shares in our Company may be lower than the Issue Price which is proposed to be determined through book building mechanism. For further details regarding average cost of acquisition of Equity Shares by our Promoters in our Company and build-up of Equity Shares by our Promoters in our Company, please refer to the chapter titled “Capital Structure” on page 67 of this Prospectus.

35. *Our future fund requirements, in the form of further issue of capital or securities and/or loans taken by us, may be prejudicial to the interest of the Shareholders depending upon the terms on which they are eventually raised.*

We may require additional capital from time to time depending on our business needs. Any further issue of Equity Shares or convertible securities would dilute the shareholding of the existing Shareholders and such issuance may be done on terms and conditions, which may not be favorable to the then existing Shareholders. If such funds are raised in the form of loans or debt or preference shares, then it may substantially increase our fixed interest/dividend burden and decrease our cash flows, thus adversely affecting our business, results of operations and financial condition.

36. *We have in past entered into related party transactions and we may continue to do so in the future.*

As of September 30, 2024, we have entered into several related party transactions with our Promoters, individuals and entities forming a part of our promoter group relating to our operations. In addition, we have in the past also entered into transactions with other related parties. For further details, please refer to the chapter titled — “Restated Financial Information” at page 180.

While we believe that all our related party transactions have been conducted on an arm's length basis, and we confirm that the related party transactions entered into by the company are in compliance with the relevant provisions of Companies Act and other applicable laws, we cannot assure you that we may not have achieved more favorable terms had such transactions been entered into with unrelated parties. There can be no assurance that such transactions, individually or taken together, will not have an adverse effect on our business, prospects, results of operations and financial condition, including because of potential conflicts of interest or otherwise. In addition, our business and growth prospects may decline if we cannot benefit from our relationships with them in the future.

37. *Our agreements with lenders for financial arrangements contain restrictive covenants for certain activities and if we are unable to get their approval, it might restrict our scope of activities and impede our growth plans.*

We have entered into agreements for our borrowings with certain lenders. These borrowings include secured fund based and non-fund based facilities. These agreements include restrictive covenants which mandate certain restrictions in terms of our business operations such as change in capital structure, formulation of any scheme of amalgamation or reconstruction, declaring dividends, further expansion of business, granting loans to directors, repaying unsecured loans from third parties, undertake guarantee obligations on behalf of any other borrower, which require our Company to obtain prior approval of the lenders for any of the above activities. We cannot assure you that our lenders will provide us with these approvals in the future. For details of these restrictive covenants, please refer to chapter titled — “Financial Indebtedness” on page 200 of this Prospectus.

Further, some of our financing arrangements include covenants to maintain our total outside liabilities and total net worth up to a certain limit and certain other liquidity ratios. We cannot assure prospective investors that such covenants will not hinder our business development and growth in the future. A default under one of these financing agreements may also result in cross-defaults under other financing agreements and result in the outstanding amounts under such financing agreements becoming due and payable immediately. Defaults under one or more of our Company's financing agreements may limit our flexibility in operating our business, which could have an adverse effect on our cash flows, business, results of operations and financial condition.

It may be possible for a lender to assert that we have not complied with all applicable terms under our existing financing documents. Further we cannot assure that we will have adequate funds at all times to repay these credit facilities and may also be subject to demands for the payment of penal interest.

38. *In addition to our existing indebtedness for our existing operations, we may incur further indebtedness during the course of business. We cannot assure that we would be able to service our existing and/ or additional indebtedness.*

As on September 30, 2024 our Company's total outstanding secured loans are ₹ 6,161.06 lacs. In addition to the indebtedness for our existing operations, we may incur further indebtedness during the course of our business. We cannot assure you that we will be able to obtain further loans at favorable terms. Increased borrowings, if any, may adversely affect our debt-equity ratio and our ability to borrow at competitive rates. In addition, we cannot assure you that the budgeting of our working capital requirements for a particular year will be accurate. There may be situations where we may under-budget our working capital requirements, which may lead to delays in arranging additional working capital requirements, loss of reputation, levy of liquidated damages and can cause an adverse effect on our cash flows.

Any failure to service our indebtedness or otherwise perform our obligations under our financing agreements entered with our lenders or which may be entered into by our Company, could trigger cross default provisions, penalties, acceleration of repayment of amounts due under such facilities which may cause an adverse effect on our business, financial condition and results of operations. For details of our indebtedness, please refer to the chapter titled — “Financial Indebtedness” on page 200 of this Prospectus.

39. *We have not made any alternate arrangements for meeting our capital requirements for the Objects of the Issue. Further, we have not identified any alternate source of financing the 'Objects of the Issue'. Any shortfall in raising / meeting the same could adversely affect our growth plans, operations and financial performance.*

As on date, we have not made any alternate arrangements for meeting our capital requirements for the Objects of the Issue. We meet our capital requirements through our bank finance, unsecured loans, owned funds and internal accruals. Any shortfall in our net owned funds, internal accruals and our inability to raise debt in future would result in us being unable to meet our capital requirements, which in turn will negatively affect our financial condition and results of operations. Further, we have not identified any alternate source of funding and hence any failure or delay on our part to raise money from this issue or any shortfall in the issue proceeds may delay the implementation schedule

and could adversely affect our growth plans. For further details, please refer to the chapter titled “*Objects of the Issue*” beginning on page 79 of this Prospectus.

- 40. *Our success largely depends upon the knowledge and experience of our Promoters, Directors, our Key Managerial Personnel and our Senior Management. Loss of any of our Directors, key managerial personnel and our Senior Management or our ability to attract and retain them could adversely affect our business, operations and financial condition.***

The growth and success of our Company’s future significantly depends upon the experience of our Promoters and continued services and the management skills of our Key Managerial Personnel and our Senior Management and the guidance of our Promoters and Directors for development of business strategies, monitoring its successful implementation and meeting future challenges. We believe the expertise, experience and continued efforts of our Key Managerial Personnel and our Senior Management and their inputs are valuable to for the operations of our Company. Our future success and growth depend largely on our ability to attract, motivate and retain the continued service of our highly skilled management personnel. Our Company has never been faced with a challenge of high rate of attrition of our Key Management Personnel and our Senior Management in the past, however, any attrition of our experienced Key Managerial Personnel and our Senior Management, would adversely impact our growth strategy. We cannot assure you that we will be successful in recruiting and retaining a sufficient number of personnel with the requisite skills to replace those Key Managerial Personnel and our Senior Management who leave. In the event we are unable to motivate and retain our Key Managerial Personnel and our Senior Management and thereby lose the services of our highly skilled Key Managerial Personnel and our Senior Management may adversely affect the operations, financial condition and profitability of our Company and thereby hampering and adversely affecting our ability to expand our business. For further details on our Directors, Key Managerial Personnel and our Senior Management, please refer to the chapter titled — “Our Management” on page 145 of this Prospectus.

- 41. *Our Registered Office, our manufacturing unit and our solar unit are located on premises which are not owned by us and has been obtained on lease basis. Disruption of our rights as licensee/ lessee or termination of the agreements with our licensors/ lessors would adversely impact our manufacturing operations and, consequently, our business, financial condition and results of operations.***

As on the date of this Prospectus, our Registered Office, our manufacturing unit and our solar unit are located on properties taken on lease basis from related parties. There can be no assurance that our Company will be able to successfully renew the said lease agreements in a timely manner or at all or on terms favourable to us. Further, there can be no assurance that we will not face any disruption of our rights as a lessee and that such lease agreements will not be terminated prematurely by the lessor. Any such non-renewal or early termination or any disruption of our rights as lessee will adversely affect our business, financial conditions and results of operations. For further details, see “*Our Business – Properties*” on page 133.

- 42. *Any conflict of interest which may occur between our business and any other similar business activities pursued by our Promoters and Directors could have a material adverse effect on our business and results of operations.***

As of the date of this Prospectus, our Promoters and Directors are directors and promoters of our Promoter Group entities, namely, Vyttila Steel Private Limited, Jaihind Steel Private Limited, Jaihind Steel Tubes Private Limited, Starshine Aluminium Extrusions Private Limited, Jaihind Tubes Private Limited and Prime Metals. For details, please see the chapters titled “*Our Business*” and “*Our Promoters and Promoter Group*” on pages 116 and 169, respectively. These entities are engaged in the similar industry segment as that of our Company, thereby causing a conflict of interest between our Company and our Promoters and Directors. We have not entered into a non-compete arrangement with him to address such conflicts. We cannot assure you that a conflict will not arise, or that we will be able to suitably resolve any such conflict without an adverse effect on our business or operations.

- 43. *We may face difficulties in implementing our strategies including our expansion and diversification plans of entering new geographical areas, development and commercialization of new products.***

We may face difficulties in implementing our strategies including our expansion and diversification plans of entering into new geographical areas and development and setting up of new manufacturing unit due to various factors such as entry barriers, stringent rules and regulations, fierce competition in the new markets, inadequacy of funds for expansion, high cost of debt that may be required for expansion and diversification. Implementation of our strategies may pose significant challenges to our administrative, financial and operational resources and additional risks that our Company may not be able to foresee. Failure to successfully implement some or all of our key strategic initiatives

in an effective and timely manner may adversely affect our future business prospects. For further details on our business strategies, kindly see the chapter titled “*Our Business*” beginning on page 116 of this Prospectus.

44. *Our lenders have charge over our movable and immovable properties including the property where our manufacturing unit in respect of finance availed by us.*

We have provided security in respect of loans / facilities availed by us from banks and financial institutions by creating a charge over our movable and immovable properties. In the event we default in repayment of the loans / facilities availed by us and any interest thereof, our properties may be subject to forfeiture by lenders, which in turn could have significant adverse effect on business, financial condition or results of operations. For further information, kindly refer the chapter titled “*Financial Indebtedness*” beginning on page 200 of this Prospectus.

45. *The deployment of funds raised through this Issue shall not be subject to any Monitoring Agency and shall be purely dependent on the discretion of the management of our Company.*

Since the Issue size is less than ₹ 10,000 lakhs, there is no mandatory requirement of appointing an Independent Monitoring Agency for overseeing the deployment of utilization of funds raised through this Issue. The deployment of funds raised through this Issue, is hence, at the discretion of the management and the Board of Directors of our Company and will not be subject to monitoring by any independent agency. Any inability on our part to effectively utilize the Issue proceeds could adversely affect our financials.

46. *Any variation in the utilisation of the Net Proceeds or in the terms of any contract as disclosed in this Prospectus would be subject to certain compliance requirements, including prior shareholders’ approval.*

Our Company intends to use the Net Proceeds towards, (i) IT / Technological Upgradation of existing manufacturing facility; (ii) Expansion of the existing solar facility for power generation; (iii) funding of expenditure towards civil construction of new factory shed cum storage facility within the existing factory premises situated at Kerala; (iv) advertising, Marketing and Brand Building; (v) funding incremental working capital requirements of our Company; and (vi) general corporate purposes. Our Board will have flexibility in temporarily investing the Net Proceeds as well as its inter se allocation across various heads under the setting up of the proposed manufacturing unit and purchase of machinery for our existing manufacturing unit, as disclosed in the section titled “*Objects of the Issue*” on page 79.

In case of any exigencies arising out of business conditions, economic conditions, competition or other factors beyond our control which adversely affect our business, we may require to use the Net Proceeds to meet any other expenditure or fund which expenditure cannot be determined with certainty as on the date of this Prospectus. In terms of Section 27 of the Companies Act, 2013, we cannot undertake any variation in the utilisation of the Net Proceeds or in the terms of any contract as disclosed in this Prospectus without obtaining the shareholders’ approval through a special resolution. In the event of any such circumstances requiring us to undertake variation in the utilisation of the Net Proceeds disclosed in this Prospectus, we cannot assure that we will be able to obtain the shareholders’ approval in a timely manner, or at all. Any delay or inability in obtaining such shareholders’ approval may adversely affect our business or operations.

Further, our Promoters would be required to provide an exit opportunity to the shareholders who do not agree with our proposal to change the objects of the Issue. Additionally, the requirement on Promoters to provide an exit opportunity to such dissenting shareholders may deter the Promoters from agreeing to the variation of the proposed utilisation of the Net Proceeds, even if such variation is in the interest of our Company. Further, we cannot assure you that the Promoters of our Company will have adequate resources at their disposal at all times to enable them to provide an exit opportunity at the price prescribed by SEBI.

In light of these factors, we may not be able to undertake variation of objects of the Issue to use any unutilized proceeds of the Fresh Issue, if any, or vary the terms of any contract referred to in this Prospectus, even if such variation is in the interest of our Company. This may restrict our Company’s ability to respond to any change in our business or financial condition by re-deploying the unutilised portion of Net Proceeds, if any, which may adversely affect our business and results of operations.

47. *Information relating to the historical capacity of our production facilities included in this Prospectus is based on various assumptions and estimates and future production and capacity may vary.*

Information relating to the historical capacity of our production facilities included in this Prospectus is based on various assumptions including those relating to availability of raw materials and operational efficiencies. Actual production levels and rates may differ significantly from the production capacities. Undue reliance should therefore not be placed on our historical capacity information for our existing facilities included in this Prospectus.

48. *The requirement of funds in relation to the objects of the Issue has not been appraised.*

We intend to use the proceeds of the Issue for the purposes described in the section titled “*Objects of the Issue*” on page 79. The objects of the Issue have not been appraised by any bank or financial institution. These are based on management estimates and current conditions and are subject to changes in external circumstances or costs, or in other financial condition, business or strategy. Based on the competitive nature of the industry, we may have to revise our management estimates from time to time and consequently our funding requirements may also change. The deployment of the funds towards the objects of the issue is entirely at the discretion of the Board of Directors/Management and is not subject to monitoring by external independent agency. However, the deployment of funds is subject to monitoring by our Audit Committee. Any inability on our part to effectively utilize the Issue proceeds could adversely affect our financials.

49. *Our inability to procure and/or maintain adequate insurance cover in connection with our business may adversely affect our operations and profitability.*

Our operations are subject to inherent risks and hazards which may adversely impact our profitability, such as breakdown, malfunctions, sub-standard performance or failures of manufacturing equipment, fire, riots, third party liability claims, loss-in-transit for our products, accidents and natural disasters. Presently, we maintain insurance cover against loss or damage by burglary, business interruption by fire, earthquake, terrorism, etc. by availing sookshma business package insurance policy and general’s standard fire & special perils (material damage) policy, private car standalone motor own damage policy and two-wheeler motor insurance for insuring the vehicles of our Company. There are many events that could cause significant damages to our operations, or expose us to third-party liabilities, whether or not known to us, for which we may not be insured or adequately insured, which in turn may expose us to certain risks and liabilities. There can be no assurance that our insurance policies will be adequate to cover the losses in respect of which the insurance had been availed. Further, there can be no assurance that any claim under the insurance policies maintained by us will be honoured fully, in part, or on time. If we were to incur a significant liability for which we were not fully insured, it could adversely affect our results of operations and financial position.

50. *Our ability to pay dividends in the future may be affected by any material adverse effect on our future earnings, financial condition or cash flows.*

Our ability to pay dividends in future will depend on our earnings, financial condition and capital requirements. We may be unable to pay dividends in the near or medium term, and our future dividend policy will depend on our capital requirements and financing arrangements in respect of our operations, financial condition and results of operations. Our Company has not declared dividends in the past, and there can be no assurance that our Company will declare dividends in the future also. For further details, please refer to the chapter titled “*Dividend Policy*” on page 179 of this Prospectus.

51. *Increased losses due to fraud, employee negligence, theft or similar incidents may have an adverse impact on us.*

Our business and the industry in which we operate are vulnerable to the problem of pilferage by employees, damage, misappropriation of cash and inventory management and logistical errors. An increase in product losses due to such factors at our place of operation may require us to install additional security and surveillance equipment and incur additional expenses towards inventory management and handling. We cannot assure you whether these measures will successfully prevent such losses. Further, there are inherent risks in cash management as part of our operations, which include theft and robbery, employee fraud and the risks involved in transferring cash to banks. Additionally, in case of losses due to theft, financial misappropriation, fire, breakage or damage caused by other casualties, we cannot assure you that we will be able to recover from our insurers the full amount of any such loss in a timely manner, or at all. In addition, if we file claims under an insurance policy it could lead to increases in the insurance premiums payable by us or the termination of coverage under the relevant policy.

52. *We have not independently verified certain data in this Prospectus.*

We have not independently verified data from the industry and related data contained in this Prospectus. Such data may also be produced on a different basis from comparable information compiled with regards to other countries. Therefore, discussions of matters relating to India, its economy or the industries in which we operate that is included herein are subject to the caveat that the statistical and other data upon which such discussions are based have not been verified by us and may be incomplete, inaccurate or unreliable. Due to incorrect or ineffective data collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced elsewhere and should not be unduly relied upon. Further, we cannot assure you that they are stated or compiled on the same basis or with the same degree of accuracy, as the case may be, elsewhere.

53. *The requirements of being a listed company may strain our resources.*

We are not a listed Company and have not, historically, been subjected to the increased scrutiny of our affairs by shareholders, regulators and the public at large that is associated with being a listed company. As a listed company, we will incur significant legal, accounting, corporate governance and other expenses that we did not incur as an unlisted company. We will be subject to the listing agreements with the Stock Exchanges and compliances of SEBI (LODR) Regulations which will require us to file audited annual and unaudited half yearly results and limited review reports with respect to our business and financial condition. If we experience any delays, we may fail to satisfy our reporting obligations and/or we may not be able to readily determine and accordingly report any changes in our results of operations as promptly as other listed companies which may adversely affect the financial position of the Company.

As a listed company, we will need to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, including keeping adequate records of daily transactions to support the existence of effective disclosure controls and procedures, internal control over financial reporting and additional compliance requirements under the Companies Act, 2013. In order to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, significant resources and management oversight will be required. As a result, management's attention may be diverted from other business concerns, which could adversely affect our business, prospects, financial condition and results of operations. In addition, we may need to hire additional legal and accounting staff with appropriate listed company experience and technical accounting knowledge and we cannot assure you that we will be able to do so in a timely manner.

54. *The Equity Shares have never been publicly traded and the Issue may not result in an active or liquid market for the Equity Shares.*

Prior to the Issue, there has been no public market for the Equity Shares, and an active trading market on the Stock Exchanges may not develop or be sustained after the Issue. Listing and quotation does not guarantee that a market for the Equity Shares will develop, or if developed, the liquidity of such market for the Equity Shares. Although we currently intend that the Equity Shares will remain listed on the Stock Exchanges, there is no guarantee of the continued listing of the Equity Shares. Failure to maintain our listing on the Stock Exchanges or other securities markets could adversely affect the market value of the Equity Shares.

The Issue Price of the Equity Shares is proposed to be determined through a fixed price process in accordance with the SEBI ICDR Regulations and may not be indicative of the market price of the Equity Shares at the time of commencement of trading of the Equity Shares or at any time thereafter. The market price of the Equity Shares may be subject to significant fluctuations in response to, among other factors, variations in our operating results of our Company, market conditions specific to the industry we operate in, developments relating to India, volatility in securities markets in jurisdictions other than India, variations in the growth rate of financial indicators, variations in revenue or earnings estimates by research publications, and changes in economic, legal and other regulatory factors. You may not be able to resell your Equity Shares at a price that is attractive to you.

55. *There is no guarantee that the Equity Shares issued pursuant to the Issue will be listed on the SME Platform of National Stock Exchange of India Limited in a timely manner or at all.*

In accordance with Indian law and practice, permission for listing and trading of the Equity Shares issued pursuant to the Issue will not be granted until after the Equity Shares have been issued and allotted. Approval for listing and trading will require all relevant documents authorizing the issuance of Equity Shares to be submitted. There could be a failure or delay in listing the Equity Shares on the SME Platform of National Stock Exchange of India Limited due to delay in submission of required documents/ completion of formalities/compliance with required laws by the issuer. Any failure or delay in obtaining the approval would restrict your ability to dispose of your Equity Shares.

- 56. *There is no existing market for our Equity Shares, and we do not know if one will develop to provide you with adequate liquidity. Further, an active trading market for the Equity Shares may not develop and the price of the Equity Shares may be volatile.***

An active public trading market for the Equity Shares may not develop or, if it develops, may not be maintained after the Issue. Our Company, in consultation with the Book Running Lead Manager, will determine the Issue Price. The Issue Price may be higher than the trading price of our Equity Shares following this Issue. As a result, investors may not be able to sell their Equity Shares at or above the Issue Price or at the time that they would like to sell. The trading price of the Equity Shares after the Issue may be subject to significant fluctuations in response to factors such as, variations in our results of operations, market conditions specific to the sectors in which we operate economic conditions of India and volatility of the securities markets elsewhere in the world.

- 57. *The price of the Equity Shares may be highly volatile after the Issue.***

The price of the Equity Shares on the Indian stock exchanges may fluctuate after this Issue as a result of several factors, including, volatility in the Indian and global securities market; our operations and performance; performance of our competitors and the perception in the market about investments in the our industry; adverse media reports on us or the industry; changes in the estimates of our performance or recommendations by financial analysts; significant developments in India's economic liberalization and deregulation policies; and significant developments in India's fiscal and environmental regulations. There can be no assurance that the prices at which the Equity Shares are initially traded will correspond to the prices at which the Equity Shares will trade in the market subsequently.

- 58. *You will not be able to sell immediately on the Stock Exchanges any of the Equity Shares you purchase in the Issue.***

The Equity Shares will be listed on the Emerge Platform of National Stock Exchange of India Limited. Pursuant to Indian regulations, certain actions must be completed before the Equity Shares can be listed and trading may commence. Upon receipt of final approval from the Stock Exchanges, trading in the Equity Shares is to commence within six (6) working days of the date of closure of the Issue or such other time as may be prescribed by SEBI. However, SEBI pursuant to its circular bearing reference number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 has reduced the time taken for listing of specified securities after the closure of public issue to 3 working days (T+3 days) as against the present requirement of 6 working days (T+6 days); 'T' being issue closing date. The provisions of this circular shall be applicable, on voluntary basis for public issues opening on or after September 1, 2023 and on mandatory basis for public issues opening on or after December 1, 2023. Our Company may choose to close this Issue within three (03) working days, in accordance with the timeline provided under the aforementioned circular.

We cannot assure that the Equity Shares will be credited to investors' demat accounts, or that trading in the Equity Shares will commence, within the time period prescribed by law. Further, there can be no assurance that the Equity Shares to be Allotted pursuant to this Issue will be listed on the Stock Exchanges in a timely manner or at all.

- 59. *There are restrictions on daily movements in the trading price of the Equity Shares, which may adversely affect a shareholder's ability to sell Equity Shares or the price at which Equity Shares can be sold at a particular point in time.***

Our listed Equity Shares will be subject to a daily "circuit breaker" imposed on listed companies by the Stock Exchanges, which does not allow transactions beyond certain volatility in the trading price of the Equity Shares. This circuit breaker operates independently of the index-based market-wide circuit breakers generally imposed by SEBI on Indian stock exchanges. The percentage limit on the Equity Shares' circuit breaker will be set by the Stock Exchanges based on historical volatility in the price and trading volume of the Equity Shares. The Stock Exchanges are not required to inform our Company of the percentage limit of the circuit breaker, and they may change the limit without our knowledge. This circuit breaker would effectively limit the upward and downward movements in the trading price of the Equity Shares. As a result of this circuit breaker, there can be no assurance regarding the ability of shareholders to sell Equity Shares or the price at which shareholders may be able to sell their Equity Shares.

- 60. *The price of the Equity Shares may be volatile, which could result in substantial losses for investors acquiring the Equity Shares in the Issue.***

The market price of the Equity Shares may be volatile and could fluctuate significantly and rapidly in response to, among others, the following factors, some of which are beyond our control:

- volatility in the Indian and global securities market or in the value of the Rupee relative to the U.S. Dollar, the Euro and other foreign currencies;
- our profitability and performance;
- changes in financial analysts' estimates of our performance or recommendations;
- perceptions about our future performance or the performance of Indian companies in general;
- performance of our competitors and the perception in the market about investments in the steel sector;
- adverse media reports about us or the Indian steel sector;
- significant developments in India's economic liberalisation and deregulation policies;
- significant developments in India's fiscal and environmental regulations;
- economic developments in India and in other countries; and
- any other political or economic factors.

These fluctuations may be exaggerated if the trading volume of the Equity Shares is low. Volatility in the price of the Equity Shares may be unrelated or disproportionate to our results of operations. It may be difficult to assess our performance against either domestic or international benchmarks.

Indian stock exchanges, including the Stock Exchanges, have experienced substantial fluctuations in the prices of listed securities and problems such as temporary exchange closures, broker defaults, settlement delays and strikes by brokers. The governing bodies of Indian stock exchanges have also, from time to time, imposed restrictions on trading in certain securities, limitations on price movements and margin requirements. Further, disputes have occurred between listed companies, stock exchanges and other regulatory bodies, which in some cases may have had a negative effect on market sentiment. If such or similar problems were to continue or recur, they could affect the market price and liquidity of the securities of Indian companies, including the Equity Shares.

61. Any future issuance of Equity Shares, or convertible securities or other equity-linked securities by our Company may dilute your shareholding and any sale of Equity Shares by our Promoters or members of our Promoter Group may adversely affect the trading price of the Equity Shares.

Any future issuance of the Equity Shares, convertible securities or securities linked to the Equity Shares by our Company may dilute your shareholding in our Company; adversely affect the trading price of the Equity Shares and our ability to raise capital through further issue of our securities. In addition, any perception by investors that such issuances or sales might occur could also affect the trading price of the Equity Shares. We cannot assure you that we will not issue additional Equity Shares. The disposal of Equity Shares by any of our Promoters and Promoter Group, or the perception that such sales may occur may significantly affect the trading price of the Equity Shares. We cannot assure you that our Promoters and Promoter Group will not dispose of, pledge or encumber their Equity Shares in the future.

62. Sale of Equity Shares by our Promoters or other significant shareholder(s) may adversely affect the trading price of the Equity Shares.

Any instance of disinvestments of Equity Shares by our Promoters or by other significant shareholder(s) may significantly affect the trading price of our Equity Shares. Further, our market price may also be adversely affected even if there is a perception or belief that such sale of Equity Shares might occur.

63. Rights of shareholders under Indian laws may be more limited than under the laws of other jurisdictions.

Indian legal principles related to corporate procedures, directors' fiduciary duties and liabilities, and shareholders' rights may differ from those that would apply to a company in another jurisdiction. Shareholders' rights including in relation to class actions, under Indian law may not be as extensive as shareholders' rights under the laws of other countries or jurisdictions. Investors may have more difficulty in asserting their rights as shareholder in an Indian company than as shareholder of a corporation in another jurisdiction.

EXTERNAL RISK FACTORS

64. Changing laws, rules and regulations and legal uncertainties, including adverse application of tax laws, may adversely affect our business and financial performance.

The regulatory and policy environment in which we operate is evolving and subject to change. Such changes may adversely affect our business, results of operations and prospects, to the extent that we are unable to suitably respond to and comply with any such changes in applicable law and policy. For example, the Government of India implemented a comprehensive national goods and services tax (“**GST**”) regime with effect from July 1, 2017, that combined multiple taxes and levies by the Central and State Governments into a unified tax structure. Our business and financial performance could be adversely affected by any unexpected or onerous requirements or regulations resulting from the amendment of GST or any changes in laws or interpretation of existing laws, or the promulgation of new laws, rules and regulations relating to GST. The Government has enacted the GAAR which have come into effect from April 1, 2017.

The Government of India has announced the union budget for Fiscal 2024 and the Ministry of Finance has notified the Finance Act, 2023 (“**Finance Act**”). There is no certainty on the impact that the Finance Act may have on our business and operations or on the industry in which we operate. We cannot predict whether any amendments made pursuant to the Finance Act would have a material adverse effect on our business, financial condition and results of operations. Unfavorable changes in or interpretations of existing, or the promulgation of new, laws, rules and regulations including foreign investment and stamp duty laws governing our business and operations could result in us being deemed to be in contravention of such laws and may require us to apply for additional approvals. For instance, the Supreme Court of India has, in a decision clarified the components of basic wages, which need to be considered by companies while making provident fund payments. Our Company has not made relevant provisions for the same, as on date. Any such decisions in future or any further changes in interpretation of laws may have an impact on our results of operations. Further, the Personal Data Protection Bill, 2019 (“**PDP Bill**”) was introduced to propose a legal framework governing the processing of personal data. However, the PDP Bill has been withdrawn on August 3, 2022 and the Ministry of Electronics and Information Technology, Government of India (“**MoEIT**”) has submitted a new Digital Personal Data Protection Bill, 2022 before the Parliament.

We may incur increased costs and other burdens relating to compliance with such new requirements, which may also require significant management time and other resources, and any failure to comply may adversely affect our business, results of operations and prospects. Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may impact the viability of our current businesses or restrict our ability to grow our businesses in the future.

65. Our business is substantially affected by prevailing economic conditions in India.

We perform all of our activities in India, and the predominant portions of our customers are Indian nationals. As a result, we are highly dependent on prevailing economic conditions in India and our results of operation are significantly affected by factors influencing the Indian economy. Factors that may adversely affect the Indian economy, and hence our results of operations, include:

- any increase in Indian interest rates or inflation;
- prevailing income conditions among Indian consumers and Indian corporations;
- changes in India’s present tax, trade, fiscal or monetary policies;
- natural disasters, political instability, communal disturbances, riots, civil unrest, terrorism or military conflict in India or in countries in the region or globally, including in India’s various neighboring countries; and
- prevailing national, regional or global economic conditions, including in India’s principal export markets.

In addition to the factors set forth above, our business may be affected by adverse changes specific to the industries in which we operate.

66. Foreign investors are subject to foreign investment restrictions under Indian law.

Under the foreign exchange regulations currently in force in India, transfers of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions, then the prior approval of the RBI will be required.

Additionally, shareholders who seek to convert the Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection or a tax clearance certificate from the income tax authority. We cannot assure you that any required approval from the RBI or any other Government agency can be obtained on any particular terms or at all.

67. *Any downgrading of India's debt rating by an independent agency may harm our ability to raise financing.*

Any adverse revisions to India's credit ratings international debt by international rating agencies may adversely affect our ability to raise additional overseas financing and the interest rates and other commercial terms at which such additional financing is available. This could have an adverse effect on our ability to fund our growth on favourable terms or at all, and consequently adversely affect our business and financial performance and the price of our Equity Shares.

68. *Political instability or a change in economic liberalization and deregulation policies could seriously harm business and economic conditions in India generally and our business in particular.*

The Government of India has traditionally exercised and continues to exercise influence over many aspects of the economy. Our business and the market price and liquidity of our Equity Shares may be affected by interest rates, changes in Government policy, taxation, social and civil unrest and other political, economic or other developments in or affecting India. The rate of economic liberalization could change, and specific laws and policies affecting the information technology sector, foreign investment and other matters affecting investment in our securities could change as well. Any significant change in such liberalization and deregulation policies could adversely affect business and economic conditions in India, generally, and our business, prospects, financial condition and results of operations, in particular.

69. *Global economic, political and social conditions may harm our ability to do business, increase our costs and negatively affect our stock price.*

Global economic and political factors that are beyond our control, influence forecasts and directly affect performance of our business. These factors include interest rates, rates of economic growth, fiscal and monetary policies of governments, inflation, deflation, foreign exchange fluctuations, consumer credit availability, fluctuations in markets, consumer debt levels, unemployment trends and other matters that influence consumer confidence and spending. Increasing volatility in financial markets may cause these factors to change with a greater degree of frequency and magnitude, which may negatively affect our stock prices.

70. *Natural calamities could have a negative impact on the Indian economy and cause our business to suffer.*

India has experienced natural calamities such as earthquakes, tsunami, floods etc. In recent years, the extent and severity of these natural disasters determine their impact on the Indian economy. Prolonged spells of abnormal rainfall or other natural calamities could have a negative impact on the Indian economy, which could adversely affect our business, prospects, financial condition and results of operations as well as the price of the Equity Shares.

71. *Terrorist attacks, civil unrests and other acts of violence or war involving India or other countries could adversely affect the financial markets, our business, financial condition and the price of our Equity Shares.*

Any major hostilities involving India or other acts of violence, including civil unrest or similar events that are beyond our control, could have a material adverse effect on India's economy and our business. Incidents such as the terrorist attacks, other incidents such as those in US, Indonesia, Madrid and London, and other acts of violence may adversely affect the Indian stock markets where our Equity Shares will trade as well as the global equity markets generally. Such acts could negatively impact business sentiment as well as trade between countries, which could adversely affect our Company's business and profitability. Additionally, such events could have a material adverse effect on the market for securities of Indian companies, including the Equity Shares.

BOOK BUILDING PROCESS

Book Building, with reference to the Issue, refers to the process of collection of Bids on the basis of the Red Herring Prospectus within the Price Band. The Price Band was determined by our Company in consultation with the Book Running Lead Manager in accordance with the Book Building Process and advertised in all editions of the English national newspaper, all editions of Hindi national newspaper and in Regional newspaper where our registered office is situated at least two working days prior to the Bid/Issue Opening date. The Issue Price was determined by our Company in consultation with the Book Running Lead Manager in accordance with the Book Building Process after the Bid/Issue Closing Date.

Principal parties involved in the Book Building Process were-

- Our Company;
- The Book Running Lead Manager, in this case being Khandwala Securities Limited;
- The Syndicate Member(s) who are intermediaries registered with SEBI / registered as brokers with National Stock Exchange of India Limited and eligible to act as Underwriters. The Syndicate Member(s) will be appointed by the Book Running Lead Manager;
- The Registrar to the Issue, in this case being KFin Technologies Limited;
- The Escrow Collection Banks/ Bankers to the Issue and
- The Designated Intermediaries and Sponsor bank

The SEBI ICDR Regulations have permitted the Issue of securities to the public through the Book Building Process, wherein allocation to the public shall be made as per Regulation 253 of the SEBI ICDR Regulations.

The Issue was made through the Book Building Process wherein 10.02% of the Net Issue was made available for allocation on a proportionate basis to QIBs, out of which one third was reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds Issue Price. 5.07% of the QIB Portion was made available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the QIB Portion was made available for allocation on a proportionate basis to all QIB Bidders, including Mutual Funds, subject to valid Bids being received at or above the Issue Price. Further, not less than 44.95% of the Net Issue was made available for allocation on a proportionate basis to Non-Institutional Bidders and not less than 45.03% of the Net Issue was made available for allocation to Retail Individual Bidders, in accordance with the SEBI Regulations, subject to valid Bids being received at or above the Issue Price.

All potential Bidders could participate in the Issue through an ASBA process by providing details of their respective bank account which were blocked by the SCSBs. All Bidders were mandatorily required to utilize the ASBA process to participate in the Issue. Under-subscription if any, in any category, except in the QIB Category, would be allowed to be met with spill over from any other category or a combination of categories at the discretion of our Company in consultation with the BRLM and the Designated Stock Exchange.

All Bidders were mandatorily required to use the ASBA process by providing the details of their respective ASBA Account in which the corresponding Bid Amount will be blocked by the SCSBs or, in the case of UPI Bidders, by using the UPI Mechanism.

In accordance with the SEBI ICDR Regulations, QIB and Non-Institutional Bidders were not allowed to withdraw or lower the size of their Bids (in terms of the quantity of the Equity Shares or the Bid Amount) at any stage. Retail Individual Bidders could revise their Bids during the Bid/Issue Period and withdraw their Bids until the Bid/Issue Closing Date.

Subject to valid Bids having been received at or above the Issue Price, allocation to all categories in the Net Issue, shall be made on a proportionate basis, except for Retail Portion where allotment to each Retail Individual Bidders shall not be less than the minimum bid lot, subject to availability of Equity Shares in Retail Portion, and the remaining available Equity Shares, if any, shall be allotted on a proportionate basis. Under – subscription, if any, in any category, would be allowed to be met with spill – over from any other category or a combination of categories at the discretion of our Company in consultation with the Book Running Lead Manager and the Stock Exchange. However, under – subscription, if any, in the QIB Portion will not be allowed to be met with spill over from other categories or a combination of categories.

In terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors applying in a public Issue were required to use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Retail Individual Investors applying in public Issue could use either Application Supported by Blocked Amount (ASBA) facility for making application or also can use UPI as a payment mechanism with Application Supported by Blocked Amount for making application. For details in this regards, specific attention is invited to the chapter titled “**Issue Procedure**” beginning on page 241 of this Prospectus.

The process of Book Building under the SEBI ICDR Regulations is subject to change from time to time and the investors are advised to make their own judgment about investment through this process prior to making a Bid or application in the Issue.

For further details on the method and procedure for Bidding, please see section entitled “**Issue Procedure**” on page 241 of this Prospectus.

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue. Bidders can bid at any price within the Price Band. For instance,

assume a Price Band of ₹20 to ₹ 24 per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Company in consultation with the BRLM, may finalise the Issue Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

Steps that were required to be taken by the Bidders for Bidding:

- Check eligibility for making a Bid (see section titled “**Issue Procedure**” on page 241 of this Prospectus);
- Ensure that you have a demat account and the demat account details are correctly mentioned in the Bid cum Application Form;
- Ensure correctness of your PAN, DP ID and Client ID mentioned in the Bid cum Application Form. Based on these parameters, the Registrar to the Issue will obtain the Demographic Details of the Bidders from the Depositories.
- Except for Bids on behalf of the Central or State Government officials, residents of Sikkim and the officials appointed by the courts, who may be exempt from specifying their PAN for transacting in the securities market, for Bids of all values ensure that you have mentioned your PAN allotted under the Income Tax Act in the Bid cum Application Form. The exemption for Central or State Governments and officials appointed by the courts and for investors residing in Sikkim is subject to the Depository Participant’s verification of the veracity of such claims of the investors by collecting sufficient documentary evidence in support of their claims.
- Ensure that the Bid cum Application Form is duly completed as per instructions given in the Red Herring Prospectus and in the Bid cum Application Form;

Bid/Issue Program:

Event	Indicative Dates
Bid/Issue Opening Date	Thursday, December 19, 2024
Bid/Issue Closing Date	Monday, December 23, 2024
Finalization of Basis of Allotment with the Designated Stock Exchange	On or before Tuesday, December 24, 2024
Initiation of Allotment / Refunds / Unblocking of Funds from ASBA Account or UPI ID linked bank account	On or before Thursday, December 26, 2024
Credit of Equity Shares to Demat accounts of Allottees	On or before Thursday, December 26, 2024
Commencement of trading of the Equity Shares on the Stock Exchange	On or before Friday, December 27, 2024

The above timetable is indicative and does not constitute any obligation on our Company or the Book Running Lead Manager. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within 3 Working Days of the Bid/Issue Closing Date, the timetable may change due to various factors, such as extension of the Bid/ Issue Period by our Company, revision of the Price Band or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws. SEBI pursuant to its circular bearing reference number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 has reduced the time taken for listing of specified securities after the closure of public issue to 3 working days (T+3 days) as against the present requirement of 6 working days (T+6 days); ‘T’ being issue closing date. Our Company shall follow the timelines provided under the aforementioned circular.

Bid Cum Application Forms and any revisions to the same was accepted only between 10.00 a.m. to 5.00 p.m. (IST) during the Issue Period (except for the Bid/Issue Closing Date). On the Bid/ Issue Closing Date, the Bid Cum Application Forms were accepted only between 10.00 a.m. to 3.00 p.m. (IST) for retail and non-retail Bidders.

Due to the limitation of time available for uploading the Bid Cum Application Forms on the Bid/ Issue Closing Date, Bidders were advised to submit their applications one (1) day prior to the Bid/ Issue Closing Date and, in any case, not later than 3.00 p.m. (IST) on the Bid/ Issue Closing Date. Any time mentioned in this Prospectus is IST. Bidders are cautioned that, in the event a large number of Bid Cum Application Forms were received on the Bid/Issue Closing Date,

as is typically experienced in public Issue, some Bid Cum Application Forms may not get uploaded due to the lack of sufficient time. Such Bid Cum Application Forms that could not be uploaded were not be considered for allocation under this Issue. Applications were accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). Neither our Company nor the BRLM is liable for any failure in uploading the Bid Cum Application Forms due to faults in any software/hardware system or otherwise.

In accordance with SEBI ICDR Regulations, QIBs and Non-Institutional Applicants were not allowed to withdraw or lower the size of their Application (in terms of the quantity of the Equity Shares or the Application amount) at any stage. Retail Individual Applicants could revise or withdraw their Bid Cum Application Forms prior to the Bid/ Issue Closing Date. Allocation to Retail Individual Applicants, in this Issue will be on a proportionate basis.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid Cum Application Form, for a particular Applicant, the details as per the file received from Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Bid Cum Application Form, for a particular ASBA Applicant, the Registrar to the Issue shall ask the relevant SCSBs / RTAs / DPs / stock brokers, as the case may be, for the rectified data.

WITHDRAWAL OF THE ISSUE

If our Company withdraws the Issue any time after the Issue Opening Date but before the allotment of Equity Shares, a public notice within 2 (two) working days of the Issue Closing Date, providing reasons for not proceeding with the Issue shall be issued by our Company. The notice of withdrawal will be issued in the same newspapers where the pre-Issue advertisements have appeared and the Stock Exchange will also be informed promptly. The BRLM, through the Registrar to the Issue, will instruct the SCSBs to unblock the ASBA Accounts within 1 (one) working Day from the day of receipt of such instruction.

If our Company withdraws the Issue after the Bid/Issue Closing Date and subsequently decides to proceed with an Issue of the Equity Shares, our Company will have to file a fresh Draft Red Herring Prospectus with the stock exchange where the Equity Shares may be proposed to be listed.

Notwithstanding the foregoing, the Issue is subject to obtaining (i) the final listing and trading approval of the Stock Exchange with respect to the Equity Shares Issued through the Prospectus, which our Company will apply for only after Allotment;

Contact Person: Mr. Tanmay Trivedi

In accordance with Regulation 261 of the SEBI ICDR Regulations, we have entered into an agreement with the Book Running Lead Manager and the Market Maker (duly registered with National Stock Exchange of India Limited to fulfil the obligations of Market Making) dated December 04, 2024 to ensure compulsory Market Making for a minimum period of three years from the date of listing of equity shares offered in this Issuer.

Aftertrade Broking Private Limited, registered with EMERGE Platform of National Stock Exchange of India Limited acted as the Market Maker and agreed to receive or deliver of the specified securities in the market making process for a period of three years from the date of listing of our Equity Shares or for a period as may be notified by any amendment to SEBI ICDR Regulations.

The Market Maker shall fulfil the applicable obligations and conditions as specified in the SEBI ICDR Regulations, as amended from time to time and the circulars issued by National Stock Exchange of India Limited and SEBI in this matter from time to time.

Following is a summary of the key details pertaining to the Market Making Arrangement:

1. The Market Maker shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the Stock Exchange. Further, the Market Maker shall inform the Stock Exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker.
2. The minimum depth of the quote shall be ₹ 1,00,000. However, the Investors with holdings of value less than ₹ 1,00,000 shall be allowed to offer their holding to the Market Maker in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
3. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker, for the quotes given by him.
4. After a period of three (3) months from the market making period, the market maker would be exempted to provide quote if the Shares of market maker in our Company reaches to 25% of Issue Size (Including the 2,33,600 Equity Shares ought to be allotted under this Issue). Any Equity Shares allotted to Market Maker under this Issue over and above 2,33,600 Equity Shares would not be taken in to consideration of computing the threshold of 25% of Issue Size. As soon as the Shares of market maker in our Company reduce to 24% of Issue Size, the market maker will resume providing 2-way quotes.
5. There shall be no exemption/threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, National Stock Exchange of India Limited may intimate the same to SEBI after due verification.
6. There would not be more than five Market Maker for the Company's Equity Shares at any point of time and the Market Maker may compete with other Market Maker for better quotes to the investors.
7. On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction. In case equilibrium price is not discovered the price band in the normal trading session shall be based on Issue price.
8. The Market Maker may also be present in the opening call auction, but there is no obligation on him to do so.
9. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily / fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.
10. The Market Maker shall have the right to terminate said arrangement by giving one month notice or on mutually acceptable terms to the Book Running Lead Managers, who shall then be responsible to appoint a replacement Market Maker.

In case of termination of the above mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Book Running Lead Manager to arrange for another Market Maker(s) in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the

existing Market Maker from its duties in order to ensure compliance with the requirements of Regulation 261 of the SEBI (ICDR) Regulations. Further the Company and the Book Running Lead Manager reserve the right to appoint other Market Maker(s) either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed 5 (five) or as specified by the relevant laws and regulations applicable at that particular point of time.

11. **Risk containment measures and monitoring for Market Maker:** EMERGE Platform of National Stock Exchange of India Limited will have all margins which are applicable on the National Stock Exchange of India Limited Main Board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. National Stock Exchange of India Limited can impose any other margins as deemed necessary from time-to-time.
12. **Punitive Action in case of default by Market Maker:** EMERGE Platform of National Stock Exchange of India Limited will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and / or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (offering two way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.
13. The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines / suspension for any type of misconduct / manipulation / other irregularities by the Market Maker from time to time.
14. Price Band and Spreads: SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for Issue size up to ₹ 250 crores, the applicable price bands for the first day shall be:
 - a. In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.
 - b. In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the Issue price.
15. Additionally, the securities of the Company will be placed in SPOS and would remain in Trade for Trade settlement for first 10 days from commencement of trading. The following spread will be applicable on the SME platform.

S. No.	Market Price Slab (in Rs.)	Proposed Spread (in % to sale price)
1.	Up to 50	9
2.	50 to 75	8
3.	75 to 100	6
4.	Above 100	5

All the above mentioned conditions and systems regarding the Market Making Arrangement are subject to change based on changes or additional regulations and guidelines from SEBI and Stock Exchange from time to time.

16. Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for market makers during market making process has been made applicable, based on the Issue size and as follows:

Issue Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the Issue size)	Re-Entry threshold for buy quote (including mandatory initial inventory of 5% of the Issue size)
Upto ₹20 Crore	25%	24%
₹20 Crore to ₹50 Crore	20%	19%
₹50 Crore to ₹80 Crore	15%	14%
Above ₹80 Crore	12%	11%

The Market Making arrangement, trading and other related aspects including all those specified above shall be subject to the applicable provisions of law and / or norms issued by SEBI / National Stock Exchange of India Limited from time to time.

* Subject to finalisation of Basis of Allotment

(1) For a period of three years from the date of allotment.

(2) All Equity Shares have been fully paid-up at the time of allotment.

(3) All Equity Shares held by our Promoters are in dematerialized form.

For details on the build-up of the Equity Share capital held by our Promoters, see “**Shareholding of our Promoters**” on page 72.

The Promoters' Contribution has been brought to the extent of not less than the specified minimum lot and from persons defined as 'promoter' under the SEBI (ICDR) Regulations.

The Equity Shares that are being locked-in are not, and will not be, ineligible for computation of Promoters' Contribution under Regulation 237 of the SEBI (ICDR) Regulations. In this computation, as per Regulation 237 of the SEBI (ICDR) Regulations, our Company confirms that the Equity Shares which are being locked-in do not, and shall not, consist of:

- Equity Shares acquired during the preceding three years for consideration other than cash and revaluation of assets or capitalization of intangible assets
- Equity Shares resulting from bonus issue by utilization of revaluations reserves or unrealized profits of the Company or from bonus issue against Equity Shares which are otherwise ineligible for minimum promoters' contribution;
- Equity Shares acquired during the preceding one year, at a price lower than the price at which the Equity Shares are being offered to the public in the Issue;
- Equity Shares issued to the Promoters upon conversion of a partnership firm;
- Equity Shares held by the Promoters that are subject to any pledge; and

- Equity Shares for which specific written consent has not been obtained from the respective shareholders for inclusion of their subscription in the Promoters' Contribution subject to lock-in.

Our Company has not been formed by the conversion of a partnership firm into a company in the past one year and thus, no Equity Shares have been issued to our Promoters upon conversion of a partnership firm in the past one year. All the Equity Shares held by the Promoters and the members of the Promoter Group are held in dematerialized form.

In terms of undertaking executed by our Promoters, Equity Shares forming part of Promoters' Contribution subject to lock in will not be disposed/ sold/ transferred by our Promoters during the period starting from the date of filing of this Prospectus till the date of commencement of lock in period as stated in this Prospectus.

Other than the Equity Shares locked-in as Promoters' Contribution for a period of three years as stated in the table above, the entire pre-Issue capital of our Company, including the excess of minimum Promoters' Contribution, as per Regulation 238 of the SEBI (ICDR) Regulations, shall be locked in for a period of one year from the date of Allotment of Equity Shares in the Issue. Such lock – in of the Equity Shares would be created as per the bye laws of the Depositories.

Other requirements in respect of 'lock-in'

In terms of Regulation 243 of the SEBI (ICDR) Regulations, the Equity Shares held by persons other than the Promoters prior to the Issue may be Transfer to any other person holding the Equity Shares which are locked-in as per Regulation 239 of the SEBI (ICDR) Regulations, subject to continuation of the lock-in in the hands of the transferees for the remaining period and compliance with the Takeover Code as applicable.

In terms of Regulation 243 of the SEBI (ICDR) Regulations, the Equity Shares held by our Promoters which are locked in as per the provisions of Regulation 238 of the SEBI (ICDR) Regulations, may be Transfer to and amongst Promoters / members of the Promoter Group or to a new promoter or persons in control of our Company, subject to continuation of lock-in in the hands of transferees for the remaining period and compliance of Takeover Code, as applicable.

In terms of Regulation 242(a) of the SEBI (ICDR) Regulations, the locked-in Equity Shares held by our Promoters can be pledged only with any scheduled commercial banks or public financial institutions or a systemically important non-banking finance company or a housing finance company as collateral security for loans granted by such banks or financial institutions, provided that such loans have been granted for the purpose of financing one or more of the objects of the Issue and pledge of the Equity Shares is a term of sanction of such loans.

In terms of Regulation 242(b) of the SEBI ICDR Regulations, the Equity Shares held by the Promoters which are locked-in for a period of one year from the date of allotment may be pledged only with scheduled commercial banks, public financial institutions, systemically important non-banking finance companies or housing finance companies as collateral security for loans granted by such entities, provided that such pledge of the Equity Shares is one of the terms of the sanction of such loans.

- 16) Our Company, our Promoters, our Directors and the Book Running Lead Manager have no existing buyback arrangements or any other similar arrangements for the purchase of Equity Shares being offered through the Issue.
- 17) The post-Issue paid up Equity Share Capital of our Company shall not exceed the authorised Equity Share Capital of our Company.
- 18) There have been no financing arrangements whereby our Directors or any of their relatives have financed the purchase by any other person of securities of our Company during the six months immediately preceding the date of filing of this Prospectus.
- 19) No person connected with the Issue, including, but not limited to, our Company, the members of the Syndicate, or our Directors, shall offer any incentive, whether direct or indirect, in any manner, whether

in cash or kind or services or otherwise to any Bidder for making a Bid, except for fees or commission for services rendered in relation to the Issue.

- 20) There neither have been and there will be no further issue of Equity Shares whether by way of issue of bonus shares, preferential allotment, rights issue or in any other manner during the period commencing from the date of filing of this Prospectus until the Equity Shares have been listed on the Stock Exchange or all application monies have been refunded, as the case may be.
- 21) Our Company has no outstanding warrants, options to be issued or rights to convert debentures, loans or other convertible instruments into Equity Shares as on the date of this Prospectus.
- 22) There shall be only one denomination of the Equity Shares, unless otherwise permitted by law. Our Company will comply with such disclosure and accounting norms as may be specified by SEBI from time to time.
- 23) There were no transactions in Equity Shares made by our Promoters and the Promoter Group during the period between the date of filing this Prospectus and the date of closure of the Issue, which are required to be reported to the Stock Exchanges.
- 24) All Equity Shares issued pursuant to the Issue shall be fully paid-up at the time of Allotment and there are no partly paid-up Equity Shares as on the date of this Prospectus.
- 25) As on the date of this Prospectus, the Book Running Lead Manager and their respective associates (as defined under the Securities and Exchange Board of India (Merchant Bankers) Regulations, 1992) do not hold any Equity Shares of our Company. The Book Running Lead Manager and their affiliates may engage in the transactions with and perform services for our Company in the ordinary course of business or may in the future engage in commercial banking and investment banking transactions with our Company for which they may in the future receive customary compensation.
- 26) Our Promoters and the members of our Promoter Group did not participate in the Issue.
- 27) Following are the details of Equity Shares of our Company held by our Directors, Key Management Personnel:

	Total	4,176.00	4,176.00	3389.95	786.05

*Utilization of proceeds will start from the first quarter of Fiscal year 2026.

*Subject to finalization of Basis of Allotment.

The requirement and deployment of funds as indicated above are based on our current business plan, internal management estimates, prevailing market conditions and other commercial and technical factors, including interest rates and other charges, and the financing and other agreements entered into by our Company, and have not been appraised by any bank or financial institution. Given the dynamic nature of our business, we may have to revise our funding requirements and deployment on account of a variety of factors such as our financial condition, business strategy and external factors such as market conditions, competitive environment and interest or exchange rate fluctuations and configuration of the business segment, increase in input costs, labour costs, Fuel costs, incremental preoperative expenses, taxes and duties, interest and finance charges, procurement costs, working capital margin, regulatory costs, environmental factors and other external factors which may not be within the control of our management. This may entail rescheduling or revising the planned expenditure and funding requirements, including the expenditure for a particular purpose, at the discretion of our management, subject to compliance with applicable law.

Moreover, if the actual utilisation towards any of the Objects is lower than the proposed deployment such balance will be used for general corporate purposes to the extent that the total amount to be utilized towards general corporate purposes will not exceed 25% of the gross proceeds from the Offer in accordance with Regulation 230(2) of the SEBI ICDR Regulations. In case of a shortfall in raising requisite capital from the Net Proceeds or an increase in the total estimated amount of the Objects, business considerations may require us to explore a range of options including utilising our internal accruals, general corporate purposes and seeking additional debt from existing and future lenders. We believe that such alternate arrangements would be available to fund any such shortfalls. Further, in case of variations in the actual utilization of funds earmarked for the purposes set forth above, increased fund requirements for a particular purpose may be financed by surplus funds, if any, available in respect of the other purposes for which funds are being raised in the Offer. To the extent our Company is unable to utilise any portion of the Net Proceeds towards the aforementioned objects, per the estimated scheduled of employment specified above, our Company shall deploy the Net Proceeds in subsequent Fiscals towards the aforementioned Objects.

For further details of factors that may affect these estimates, see "Risk Factors" on page 25

Means of Finance

We propose to fund the requirements of the Objects detailed above entirely from the Net Proceeds. Accordingly, we confirm that there is no requirement to make firm arrangements of finance to be made through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised through the Offer and existing identifiable internal accruals as required under Regulation 230(1)(e) the SEBI ICDR Regulations.

Inventory	28	37	49	73	46	44
Trade Payable	8	19	10	41	6	6

The table below sets forth the key assumptions for holding period levels:

Sr. No	Particulars	Assumptions
Current Assets		
1	Trade Receivables	Our Company gives credit facility to its customers in the normal course of business. Our Company had maintained trade receivable days of 21 days for Fiscal 2022, 11 days for Fiscal 2023 and 26 days for Fiscal 2024. Going

		forward, as the business cycle will improve and to build a long-term sustainable business relationship with customers and to add new customers, we are envisaging to support them with credit terms of 11 days in the Fiscal 2025 and 12 in the Fiscal 2026.
2	Inventory	Our Company had maintained Inventory days of 28 days for Fiscal 2022, 37 days for Fiscal 2023 and 49 days for Fiscal 2024. Going forward, our company will maintain the inventory cycle of 45 days for Fiscal year 2025 and 44 days for Fiscal year 2026
Current Liabilities		
3	Trade Payable	Our Company receive the credit from Suppliers / Vendors in the normal course of business. The Company had maintained trade payable days of 8 days for Fiscal 2022, 19 days for Fiscal 2023 and 10 days for fiscal 2024. It is projected to reduce the trade payable days projected to be 6 days for the Fiscal year 2025 and Fiscal 2026

Working capital is essential for covering various expenses like raw materials, labour costs, utilities, and other operational costs. Without sufficient working capital, the company may face challenges in meeting short-term obligations, such as paying suppliers or employees, which can ultimately impact production and overall business performance. Additionally, having adequate working capital also allows company to take advantage of growth opportunities, manage seasonal fluctuations, and maintain a competitive edge in the market. Also Debtors are expected to be for 6 days as against 10 days in March 2024.

General Corporate Purposes:

Our Company proposes to deploy the balance Net Proceeds, aggregating to 1035.50, towards general corporate purposes and the business requirements of our Company as approved by the Board, from time to time, subject to such amount not exceeding 25% of the Gross Proceeds of the Issue, in compliance with the SEBI ICDR Regulations.

The general corporate purposes for which our Company proposes to utilise Net Proceeds include, without limitation, meeting ongoing general corporate contingencies, strengthening marketing capabilities and brand building exercises, enhancing our technology related infrastructure, strategic initiatives and acquisition and/or funding any shortfall in any of the abovementioned objects. The quantum of utilisation of funds towards each of the above purposes will be determined by our Board, based on the amount actually available under this head and the business requirements of our Company, from time to time.

In addition to the above, our Company may utilise the Net Proceeds towards other purposes considered expedient and as approved periodically by our Board, subject to compliance with necessary provisions of the Companies Act. Our Company's management shall have flexibility in utilising surplus amounts, if any. Our management will have the discretion to revise our business plan from time to time and consequently our funding requirement and deployment of funds may change. This may also include rescheduling the proposed utilization of Net Proceeds. Our management, in accordance with the policies of our Board, will have flexibility in utilizing the proceeds earmarked for general corporate purposes.

BASIS FOR ISSUE PRICE

The Price Band and the Issue Price was determined by our Company in consultation with the BRLM, on the basis of the Book Building Process and the quantitative and qualitative factors as described below. The face value of the Equity Shares is ₹10 each and the Issue floor Price is 85 which is 8.5 times of the face value of Equity Shares and the Issue Cap Price is 90 which is 9.0 times of the face value of Equity Shares. Investors should refer to “Risk Factors”, “Our Business”, “Financial Information” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” on pages 25, 116, 180 and 205 respectively, to have an informed view before making an investment decision.

Qualitative Factors

Some of the qualitative factors which form the basis for the Issue Price are:

- Widespread distribution network and presence across various retail channels.
- Diversified Product Basket
- Brand recall and established track record.
- Existing client and supplier relationships
- Quality Assurance and Quality Control of our products.
- Strategically located manufacturing facilities with modern infrastructure and integrated manufacturing facilities with a core focus on quality.
- Cost efficient sourcing and locational advantage
- Well experienced management team with proven project management and implementation skills.

For more details on quantitative factors, please refer to chapter “Our Business- Competitive Strengths” on page 120

Quantitative Factors

Some of the information presented in this section is derived from our Restated Financial Information. For details, see “Financial Information” on page 180.

Some of the quantitative factors which may form the basis for computing the Offer Price are as follows:

1. Basic and Diluted Earnings per Share

Financial period	Basic EPS (in Rs.)	Diluted EPS (in Rs.)	Weight
As at 31 st March 2024	3.38	3.38	3
As at 31 st March 2023	4.75	4.75	2
As at 31 st March 2022	5.32	5.32	1
Weighted Average	4.16		
*Six months period ended September 31, 2024	4.11	4.11	

***Not annualised.**

Notes:

1. *Basic EPS = Net profit after tax, as restated divided by weighted average number of Equity Shares outstanding at the end of the period/ year.*
2. *Diluted EPS = Net profit after tax, as restated divided by weighted average number of Equity Shares outstanding at the end of the period/year for diluted EPS*
3. *Weighted average number of Equity Shares is the number of Equity Shares outstanding at the beginning of the year/period adjusted by the number of Equity Shares issued during the year/period multiplied by the time weighting factor. The time weighting factor is the number of days for which the specific shares are outstanding as a proportion of the total number of days during the year/period*
4. *The above statement should be read with significant accounting policies and notes on Restated Financial Statements as appearing in the Financial Statements*

5. The EPS has been calculated in accordance with AS 20 Earnings Per Share (EPS) issued by Institute of Chartered Accountants of India

2. Price Earnings Ratio (P/E) in relation to Price Band of ₹ 85 to ₹ 90 per share of ₹ 10 each

Particulars	P/E (at the higher end of the Price Band no. of times)

There are no special indirect tax benefits available to the Company under Indirect Tax Laws

SECTION V – ABOUT THE COMPANY

INDUSTRY OVERVIEW

GLOBAL ECONOMY

More than three years after the global economy suffered the largest shock of the past 75 years, the wounds are still healing, amid widening growth divergences across regions. After a strong initial rebound from the depths of the COVID-19 pandemic, the pace of recovery has moderated. Several forces are holding back the recovery. Some reflect the long-term consequences of the pandemic, Russia's war in Ukraine, and increasing geoeconomic fragmentation. Others are more cyclical, including the effects of monetary policy tightening necessary to reduce inflation, withdrawal of fiscal support amid high debt, and extreme weather events. Despite signs of economic resilience earlier this year and progress in reducing headline inflation, economic activity is still generally falling short of pre-pandemic (January 2020) projections, especially in emerging market and developing economies.

The strongest recovery among major economies has been in the United States, where GDP in 2023 is estimated to exceed its prepandemic path. The euro area has recovered, though less strongly—with output still 2.2 percent below prepandemic projections, reflecting greater exposure to the war in Ukraine and the associated adverse terms-of-trade shock, as well as a spike in imported energy prices. In China, the pandemic-related slowdown in 2022 and the property sector crisis contribute to the larger output losses of about 4.2 percent, compared with prepandemic predictions. Other emerging market and developing economies have seen even weaker recoveries, especially low-income countries, where output losses average more than 6.5 percent. Higher interest rates and depreciated currencies have exacerbated the difficulties of low-income countries, placing more than half either at high risk of distress or already in distress. Overall, global output for 2023 is estimated at 3.4 percent (or about \$3.6 trillion in 2023 prices) below prepandemic projections. Private consumption has also recovered faster in advanced economies than in emerging market and developing economies, owing to an earlier reopening in the former group facilitated by greater availability of effective vaccines, stronger safety nets, more ample policy stimulus, and greater feasibility of remote work. These factors supported livelihoods during the pandemic, and household consumption is now broadly back to prepandemic trends. Among advanced economies, private consumption has been stronger in the United States than in the euro area, with households receiving larger fiscal transfers early in the pandemic and spending the associated savings more quickly; being better insulated from the rise in energy prices resulting from the war in Ukraine; and feeling relatively confident amid historically tight US labor markets, which have supported real disposable incomes.

Among emerging market and developing economies, the consumption shortfall is particularly large in China, reflecting tight restrictions on mobility during the COVID-19 crisis. Divergences in labour market performance across regions broadly mirror those for output and consumption. Employment and labour participation rates are estimated to exceed prepandemic trends in advanced economies but to remain significantly below them in emerging market and developing economies, reflecting more severe output losses and much weaker social protection. Countries that had the most limited fiscal space are also those where employment shortfalls are the largest (ILO 2023). Among advanced economies, the euro area has seen larger employment gains than the United States. This may reflect more extensive use in the former of worker-retention programs modelled on the German Kurzarbeit short-time work scheme (IMF 2020), which protect workers' income and allow businesses to retain firm-specific human capital, reducing the costly process of separation, rehiring, and training. In the euro area, these programs bolstered employment during the most challenging phases of the crisis and accelerated the recovery when economies reopened.

Investment, on the other hand, has uniformly fallen short of prepandemic trends across regions. Businesses have shown less enthusiasm for expansion and risk taking amid rising interest rates, withdrawal of fiscal support, dimmer prospects for product demand, stricter lending conditions, and growing uncertainties regarding geoeconomic fragmentation. Higher leverage has further dampened investment which remains 3 percent to 10 percent lower across regions than had been projected before the pandemic. Moreover, the pandemic, war in Ukraine, and worsening climate shocks have contributed to a reversal in decades-long poverty reduction trends. According to World Bank staff estimates, 75 million to 95 million more people were living in extreme poverty in 2022 compared with prepandemic estimates. Spikes in food prices and related insecurities following Russia's invasion of Ukraine, as well as bouts of extreme weather, have accentuated these difficulties. The global average temperature in July 2023 was the highest on record for any month, amid reports of catastrophic flooding, heat

waves, and wildfires in many regions. Overall, the global prevalence of undernourishment is significantly higher than before the pandemic.

OVERVIEW OF THE INDIAN ECONOMY

India continues to show resilience against the backdrop of a challenging global environment, according to World Bank's latest India Development Update (IDU). The IDU, the Bank's flagship half yearly report on the Indian economy, observes that despite significant global challenges, India was one of the fastest-growing major economies in FY22/23 at 7.2%. India's growth rate was the second highest among G20 countries and almost twice the average for emerging market economies. This resilience was underpinned by robust domestic demand, strong public infrastructure investment and a strengthening financial sector. Bank credit growth increased to 15.8% in the first quarter of FY23/24 compared with 13.3% in the first quarter of FY22/23.

The World Bank forecasts India's GDP growth for FY23/24 to be at 6.3%. The expected moderation is mainly due to challenging external conditions and waning pent-up demand. However, service sector activity is expected to remain strong with growth of 7.4% and investment growth is also projected to remain robust at 8.9%.

"Tapping public spending that crowds in more private investments will create more favourable conditions for India to seize global opportunities in the future and thus achieve higher growth." - Auguste Tano Kouame, World Bank's Country Director in India.

"While the spike in headline inflation may temporarily constrain consumption, we project a moderation. Overall conditions will remain conducive for private investment," said Dhruv Sharma, Senior Economist, World Bank, and lead author of the report. "The volume of foreign direct investment is also likely to grow in India as rebalancing of the global value chain continues."

Strong economic growth in the first quarter of FY 2022-23 helped India overcome the UK to become the fifth-largest economy after it recovered from repeated waves of the COVID-19 pandemic shock. Real GDP in the first quarter of 2022-23 is currently about 4% higher than its corresponding 2019-20, indicating a strong start for India's recovery from the pandemic. Given the release of pent-up demand and the widespread vaccination coverage, the contact-intensive services sector will probably be the main driver of development in 2022-2023. Rising employment and substantially increasing private consumption, supported by rising consumer sentiment, will support GDP growth in the coming months.

Future capital spending of the government in the economy is expected to be supported by factors such as tax buoyancy, the streamlined tax system with low rates, a thorough assessment and rationalization of the tariff structure, and the digitization of tax filing. In the medium run, increased capital spending on infrastructure and asset-building projects is set to increase growth multipliers, and with the revival in monsoon and the Kharif sowing, agriculture is also picking up momentum. The contact-based services sector has largely demonstrated promise to boost growth by unleashing the pent-up demand over the period of April-September 2022. The sector's success is being captured by a number of HFIs (High-Frequency Indicators) that are performing well, indicating the beginnings of a comeback.

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

India's nominal gross domestic product (GDP) at current prices is estimated to be at Rs. 232.15 trillion (US\$ 3.12 trillion) in FY22. With more than 100 unicorns valued at US\$ 332.7 billion, India has the third-largest unicorn base in the world. The government is also focusing on renewable sources to generate energy and is planning to achieve 40% of its energy from non-fossil sources by 2030.

According to the McKinsey Global Institute, India needs to boost its rate of employment growth and create 90 million non-farm jobs between 2023 and 2030 in order to increase productivity and economic growth. The net employment rate needs to grow by 1.5% per annum from 2023 to 2030 to achieve 8-8.5% GDP growth between 2023 and 2030. India's current account deficit (CAD), primarily driven by an increase in the trade deficit, stood at 2.1% of GDP in the first quarter of FY 2022-23.

Road Ahead

In the second quarter of FY 2022-23, the growth momentum of the first quarter was sustained, and high-frequency indicators (HFIs) performed well in July and August of 2022. India's comparatively strong position in the external sector reflects the country's generally positive outlook for economic growth and rising employment rates. India ranked fifth in foreign direct investment inflows among the developed and developing nations listed for the first quarter of 2022.

India's economic story during the first half of the current financial year highlighted the unwavering support the government gave to its capital expenditure, which, in FY 2022-23 (until August 2022), stood 46.8% higher than the same period last year. The ratio of revenue expenditure to capital outlay decreased from 6.4 in the previous year to 4.5 in the current year, signalling a clear change in favour of higher-quality spending. Stronger revenue generation as a result of improved tax compliance, increased profitability of the company, and increasing economic activity also contributed to rising capital spending levels.

Despite the continued global slowdown, India's exports climbed at the second-highest rate this quarter. With a reduction in port congestion, supply networks are being restored. The CPI-C and WPI inflation reduction from April 2022 already reflects the impact. In August 2022, CPI-C inflation was 7.0%, down from 7.8% in April 2022. Similarly, WPI inflation has decreased from 15.4% in April 2022 to 12.4% in August 2022. With a proactive set of administrative actions by the government, flexible monetary policy, and a softening of global commodity prices and supply-chain bottlenecks, inflationary pressures in India look to be on the decline overall.

OVERVIEW OF THE GLOBAL STEEL INDUSTRY

Steel is a paramount material in the fields of construction and engineering, finding widespread applications in industries such as automotive, construction, consumer goods, infrastructure, mechanical and medical equipment, packaging, and utensils, among others. Its popularity stems from its abundant availability, cost-effectiveness, exceptional strength and durability, ductility, and recyclability. According to the World Steel Association, there are more than 3,500 different grades of steel produced worldwide, each possessing unique physical, chemical, and environmental properties to suit various applications.

GLOBAL STEEL PRODUCTION AND CONSUMPTION

The global steel production capacity reached 2,452.7 MT in 2022, with Asia accounting for the largest share of 60%. China holds a dominant position in steelmaking capacity, production, and consumption, boasting the highest steel production capacity globally, followed by India and Japan. Additionally, the European Union, North

America, Latin America, the Middle East, and Oceania also contribute significantly to the global steel production capacity.

Global crude steel production has grown at a 10-year CAGR of 1.5% to 1,885 MT in CY22 from 1,652 MT in CY13. However, crude steel production declined by ~4% y-o-y in CY22 from 1,962 MT in CY21 due to a slowdown in China, monetary tightening in the United States and Europe, inflationary pressure which led to the rise in input costs and supply chain disruptions caused due to the Russia-Ukraine war.

GLOBAL CRUDE STEEL PRODUCTION

[Source: Report of Assocham on “India Steel Sector Enhancing Competitiveness and Overcoming Challenges” for May, 2023].

The total crude steel production was 1,885 MT in CY22 out of which China continued to be the largest crude steel

producer accounting for 54% share. However, Chinese production declined by 2% y-o-y to 1,018 MT in CY22 as

compared to 1,035 MT in the previous year, due to lockdowns and restrictions enforced in the country due to the outbreak of Covid-19 and a slowdown of its real estate market.

China is also cutting down their production due to environmental concerns. India was the second largest producer of crude steel in CY22 with a 7% share, followed by Japan with a 5% share. The USA, Russia and South Korea accounted for a 4% share each in the total production during CY22.

GLOBAL STEEL DEMAND

Steel is being used in industries like energy, construction, automotive, transportation, infrastructure, packaging, and machinery. There has been a strong recovery in steel demand post the Covid-19 pandemic. In developed economies like USA, Europe, Japan and South Korea, the demand was driven by automotive and durable goods sector. The demand in China reduced on account movement restrictions and lockdown in the country on account of Covid-19 pandemic, environmental concerns, and target to lower carbon emission. However, the support by Chinese Government will aid in the recovery of demand with the resumption of construction and real estate activities.

The steel demand in India has been robust on account of increased investment on Infrastructure and policy support by the Government. Despite the inflationary pressure and uncertainties around the global economy, India witnessed a healthy demand from auto, consumer durables, capital goods and real estate sectors.

Global Steel demand

[Source: Report of Assocham on “India Steel Sector Enhancing Competitiveness and Overcoming Challenges” for May, 2023].

The global steel demand has increased at a CAGR of 1.7% from 1,636 MT in CY17 to 1,781 MT in CY22. The demand declined significantly in CY22, because global production was affected due to a slowdown in China, monetary tightening in the United States and Europe, inflationary pressures which led to the rise in input costs and supply chain disruptions caused due to the Russia-Ukraine war.

GLOBAL TRADE – STEEL EXPORTS

Global steel exports have been on an upward trajectory in the last decade, supported by rising consumption and reached 259 MT in CY21. However, exports declined to 235 MT in CY22 on account of Covid-19 pandemic and geopolitical tensions arising due to the Russia-Ukraine war which impacted the demand-supply situation.

As of CY2021, China is the largest steel exporter accounting for 14% of total exports. The exports from China are almost double compared to Japan, the second largest exporter of steel which accounts for 7%. Even though the export volumes from China have been declining since 2016, China has held on to the position of the largest steel exporter. Indian exports reduced significantly in 2022 on account of the imposition of an export duty in May 2022 to reduce pressure on domestic prices and secure its domestic steel supply chain. However, this duty was reversed in November 2022 post when the steel exports from India started to pick up.

Steel Imports

Europe Union (27) has been the largest importer of steel with a 10% share in global imports in CY21. This is mainly because EU27 doesn't have a large steelmaking capacity and relies heavily on imports. The USA (6.4%) and China (6.0%) are the second and third-largest importers of steel, respectively.

GLOBAL STEEL PRICE TRENDS

International steel prices remained in the range of Yuan 3,827 to Yuan 4,577 per tonne from March 2018 to September 2020. The prices started increasing in December 2020, mainly on account of the supply disruptions caused by the Covid-19 pandemic. Escalated prices were further supported by the impact of the Russia-Ukraine war which commenced in February 2022.

The prices started declining in June 2022 and fell to pre-Covid levels of Yuan 4,250 per tonne in December 2022 due to weak demand from the largest consumer China on account of lockdowns and Covid-19-related restrictions and weak global demand. Also, the fall in iron ore and coking coal prices have impacted international steel prices and caused the decline. There was a relaxation in Covid-19 restrictions in China post-December 2022 and iron ore and steel prices have started rising gradually on expectations of demand recovery.

Trend in International Steel Price:

[Source: Report of Assocham on “India Steel Sector Enhancing Competitiveness and Overcoming Challenges” for May, 2023].

OUTLOOK

World Steel Association forecasts' the steel demand to increase by 2.3% to 1,822.3 MT in CY23 and 1.7% to 1,854 MT in CY24 compared to a decline of 6.2% in CY22. This growth will be led by a recovery in manufacturing activity, China's reopening and easing of supply chain bottlenecks, however, persistent inflation and high-interest rates will limit the demand recovery.

Steel Demand Growth Estimates

[Source: Report of Assocham on “India Steel Sector Enhancing Competitiveness and Overcoming Challenges” for May, 2023].

The steel demand in China, which accounts for more than half of global consumption, is expected to grow by 2% in CY23 and remain flat in CY24. Chinese steel demand contracted in CY22 due to lockdowns which led to the deceleration of the Chinese economy. Challenges in real estate intensified in CY22 and put pressure on construction activities. However, the situation is expected to improve and a slight pickup in the real estate sector is likely on account of government support. Further, government-supported infrastructure investments will also support steel demand.

The advanced economies including the European Union (27), the United States, Japan, and South Korea, witnessed 6.2% decline in steel demand in 2022 due to the Russia-Ukraine war, high energy costs and rising interest rates. World Steel Association expects demand from advanced economies to grow by 1.3% in 2023 and 3.2% in 2024. The growth will be supported by the alleviation of the war impact and supply chain disruptions in the European Union and the United Kingdom, and recovery in the manufacturing and construction sectors.

INDIAN OVERVIEW

India is the second largest steel producer in the world with an installed capacity of 154.1 MT in FY22. It is also the second-largest consumer of finished steel with a consumption of 120 MT in FY23. The Indian steel sector has been able to grow over the years due to domestic availability of raw materials such as iron ore and cost-effective labour. The industry has been driven by domestic steel demand from sectors such as construction, real estate, and automobiles, while the vast coastline has enabled exports and imports, making India one of the leading countries in the global steel industry.

In the last 10 years, finished steel production has grown at a CAGR of 2.8% to 122 MT in FY23 from 96 MT in FY14. The growth in production has been backed by a rise in domestic steel consumption on account of growing economic activities in the country supported by an increase in infrastructure and construction spending by the government, a rise in automobile and consumer durable demand, among others.

Domestic finished steel consumption in India has increased at a CAGR of 5.5% to 120 MT in FY23 from 74 MT in FY14. After witnessing an uptrend in steel production, India observed a de-growth of 20.2% y-o-y in FY19 due to lower exports. Further, the outbreak of covid-19 pandemic resulted in a decrease in steel production in FY21, a de-growth of 6.3%.

INDIA'S FINISHED STEEL PRODUCTION & CONSUMPTION

[Source: Report of ASSOCHAM on “India Steel Sector Enhancing Competitiveness and Overcoming Challenges” for May, 2023]

TRENDS IN STEEL TRADE

Steel exports from India have contributed to the total off take of steel, in addition to the domestic demand, supported by an increase in the country’s overall capacity and production. Exports increased at a CAGR of 10.7% over the period of 9 years from 6 MT in FY14 to 13.5 MT in FY22. Of these 9 years mentioned, India was a net steel exporter for six years - FY14, FY17, FY18, FY20-FY22. In 2021, India’s exports accounted for 4.4% of the global exports.

Exports witnessed a reversal in trend during FY23 after an upward trend of exports in 3 consecutive years i.e., FY20, FY21 & FY22 and declined to 6.7 MT compared to 13.5 MT in FY22, a sharp fall of 50.2% y-o-y. The Indian Government imposed an export duty of 15% on a range of finished steel products in May 2022 which made exports from India less competitive in global markets.

Exports were also impacted by weak international demand, continued geopolitical tensions and inflationary headwinds globally. Moreover, India became a net importer of steel for the first time in three years for the period of October 2022 to February 2023. The exports have started to pick up on a sequential basis post the reversal of export duty by Government in November 2022, however, the full impact of the duty removal is expected in export volumes by the first half of FY24.

INDIA'S FINISHED STEEL EXPORTS

[Source: Report of ASSOCHAM on “India Steel Sector Enhancing Competitiveness and Overcoming Challenges” for May, 2023].

The exports to the top 5 countries (Italy, Vietnam, UAE, Belgium and Nepal) accounted for 49% of the total outbound shipments from India during FY23. Italy, Belgium, and UAE continued to remain the top importers of Indian finished steel products. Among others, the shipments to USA and Turkey totaled 807 thousand tons and constituted 5.6% and 5.5%, respectively, of the total exports from India.

IMPORTS

Steel imports have increased at a CAGR of 1.1% from 5.5 MT in FY14 to 6 MT in FY23. India mainly imports special-grade steel which is used in end-user segments such as automobiles, defence, shipbuilding, power, railways etc. and is witnessing good traction in domestic marking leading to growth in imports.

INDIA'S FINISHED STEEL IMPORTS

[Source: Report of ASSOCHAM on “India Steel Sector Enhancing Competitiveness and Overcoming Challenges” for May, 2023].

During the year FY23, India's finished steel imports have grown by 29% y-o-y from 4.7 MT in FY22. This can be attributed to the rise in low-cost imports from Russia and the fall in international prices. China, South Korea, and Japan continue to be the leading suppliers to India with a 72% share in the total imports in FY23.

KEY GROWTH DRIVERS

Steel is consumed by various sectors like construction and infrastructure, engineering & packaging, automobiles, consumer durables and railways among other sectors. Housing and construction are the largest consumer of steel with a 43% share in FY22, followed by infrastructure with a 25% share, engineering, and packaging with a 22% share and automotive with an 8.5% share.

Construction and Infrastructure

- One of the major drivers for the steel industry is the infrastructure investment thrust by the Government of India. In the Union Budget 2023-24, the government continued its focus on infrastructure development with the allocation of Rs.10,00,000 crore towards infrastructure capital expenditure, an increase of 33% over allocation under the Union Budget 2022-23. Total allocation towards infrastructure, including investments in public enterprises, stood at Rs. 14,91,400 crore, an increase of 24.8% over revised estimates of 2022-23.
- The government has expanded the National Infrastructure Policy (NIP) to 7,400 projects from 6,835 projects and announced plans for the National Monetization Pipeline and Development Finance Institution (DFI) to improve the financing of infrastructure projects.
- The NIP covering rural and urban infrastructure, entails investments to the tune of Rs. 111 lakh crore, which is being undertaken by the central government, state governments and the private sector during FY20-25.
- Moreover, the alignment of PM Gati Shakti National Master Plan and NIP will aid in debottlenecking hurdles for faster execution of projects.
- The budget towards infrastructure grew on a CAGR of about 18% in the past 5 years from FY20 to FY24.

Budget allocation towards Infrastructure

[Source: Report of ASSOCHAM on “India Steel Sector Enhancing Competitiveness and Overcoming Challenges” for May, 2023].

ROAD INFRASTRUCTURE

- India’s road infrastructure has seen consistent improvement in the last few years. Connectivity has improved and road transportation has become a focus of rapid development.
- Total highway construction in India during the period FY23 was 10,993 km compared to 10,457 km in FY22, indicating a construction run rate of 30 km per day.
- The highway construction activity remained flat in FY23, mainly due to a decline in project awarding activity by 2.8% to 12,375 km in FY23 as compared to 12,731 km in FY22.
- This slowdown can be attributed to an increase in input cost, longer-than- usual monsoon and problems related to land acquisition and environmental clearance.
- About 12,000 km of highways are expected to be constructed in FY24 at an estimated capital expenditure of Rs 4 Lakh Crore.

Residential Real Estate

- In FY23, the residential real estate market witnessed steady growth with increased sales momentum supported by past inventory levels and continued new project launches specifically in the affordable and mid-size segments.
- The housing market in general is seeing growth due to an increase in commercial activities, the need for upgraded infrastructure and living spaces, and an improved economic scenario.
- Growth in various sectors like BFSI and e-commerce segment, increase in savings because of work from home trend in the last 2 years and increase in demand for better spaces to live, have led to an increase in first-time home buyers. There is also an increase in the mid-segment housing projects due to increase in urbanization and per capita income.
- Government initiatives like Pradhan Mantri Awas Yojna (PMAY), Urban Development Plan and digitization of land records have also added to the growth in the sector. Rural and Urban housing construction under the Pradhan Mantri Awas Yojana has gained traction in FY23.
- Under the PMAY scheme of the Union Ministry of Housing and Urban Affairs, more than 1.20 crore houses have been sanctioned under the PMAY-Urban, out of which 73.87 lakhs have been completed as on May 10, 2023, and the rest are under construction.
- In addition to that, about 2.85 crore houses have been sanctioned under PMAY-Gramin out of which 2.25 crore have been completed.

Automobiles

- India was the third-largest automobile market in 2022. It is expected the domestic automobile sales volume to grow by 7-9% in FY24 and the growth momentum is expected to continue after the robust demand (20% sales growth) seen in FY23, supported by favorable demand sentiments and various government initiatives for rural and urban development.
- Passenger vehicles and commercial vehicles are expected to drive demand, while two and threewheelers will gradually increase sales and cross the pre-pandemic level. However, inflationary pressure, price hikes due to

regulatory changes, and higher cost of ownership might potentially affect demand in FY24.

- The growth in the automobile sector will also be supported by electric vehicles (EV) as the shift in demand of consumers towards electric vehicles is increasing.
- In the Union Budget 2023-24, the allocation towards the FAME (Faster adoption and manufacturing of EVs) scheme has increased to Rs.5,172 crore from Rs.2,908 crore in the previous year. Further the cut in customs duty on lithium-ion batteries from 21% to 13% will also result in an increase in sales and accelerate the demand for EVs. This will aid the growth in the auto sector.

Others

- The growth in the urbanisation will lead to increased demand for steel as it involves usage in the construction of buildings, pipes for water supply, improved drainage systems, waste treatment plants, elevators etc.
- On August 15, 2019 the government launched “Jal Jeevan Mission” Programme, with an aim to provide safe and adequate drinking water through individual household tap connections by 2024 to all households in rural India. The mission has always seen a consistent allocation in the Budget every year.
- In the Union Budget 2023-24, the allocation towards Jal Jeevan Mission has increased to around Rs. 70,000 crore from Rs. 60,000 crore in the previous budget. Under this Programme, steel pipes will be used for the distribution of water due to its non-corrosion and non-rusting characteristics. This Programme has already covered 61.4% of rural households in 3.9 years.
- Another initiative ‘One Nation, One Gas Grid’ will attract new investments in India’s natural gas infrastructure, which uses steel pipes. It is expected that the gas pipeline network, which is more than 22,000 km currently, will reach 35,000 km in the coming 4-5 years. The efforts of moving towards the gas based economy along with the implementation of city gas distribution networks are expected to augment the demand for pipes going forward.

Driven by rising infrastructure development and growing demand from sectors like automotives, construction, consumer durables & capital goods, India’s per capita consumption of steel grew from 46 kgs in FY08 to around 75 Kgs now. Even though consumption of total finished steel has increased considerably, Indian steel industry still has significant potential for demand led growth, underscored by the fact that the per capita steel consumption in the country at 70 kgs is much lower than the global average of 227.5 kg. The need of the hour is not just to enhance domestic steel consumption, but also creating a demand for Indian steel abroad and giving a boost to steel exports.

Indian Steel Prices

Steel prices have remained range-bound from March 2018 to June 2019 and started to fall thereafter as the economy was hit by the pandemic. During FY21, the average domestic finished steel prices peaked at Rs 71,157 per tonne as on March 2021. Since then, the prices increased throughout CY21 on account of a revival in domestic demand as economic activities began to take place after the upliftment of restrictions and lockdowns.

During CY22, prices have been impacted by the geo-political war between Russia and Ukraine (since February 2022) and stood at Rs 85,820 per tonne as of March 2022. The geopolitical crisis situation continued and the prices were further pushed to Rs. 88,498 per tonne in June 2022 quarter. The escalation in prices was also because of the rise in coking coal and iron ore prices globally. However, after a sharp rise, the prices declined by around 16% in September 2022 as compared to the previous quarter. Furthermore, they fell to Rs 71,326 per tonne in December 2022. This decline was caused by the imposition of an export duty on a range of finished steel products from the period May 2022 to November 2022, leading to lower exports and an increase in domestic inventories. In addition to that, softening of iron ore prices also affected the steel prices in the domestic market.

Domestic average finished steel Prices

[Source: Report of ASSOCHAM on “India Steel Sector Enhancing Competitiveness and Overcoming Challenges” for May, 2023].

After the reduction in export duty on iron ore in November 2022, domestic prices began to rise. In January 2023, NMDC increased the prices for iron ore lumps and fines, which further boosted the prices. As of March 2023, iron ore prices stood at Rs. 4,383 per tonne, a growth rate of 8% as compared to December 2022. This rise in raw material prices resulted in higher domestic steel prices. Going forward, it is expected that domestic steel prices will continue to track global prices and remain range-bound due to continued strong domestic demand.

Outlook

Indian Steel Industry contributes to all the facets of economy, including GDP, industrial and infrastructural development. The steel industry contributes approx. 2.5% to national GDP, employing 2.5 million people, directly & indirectly. The output effect of steel on Indian economy is approx. 1.4 times, with an employment multiplier of 6.8 times.

As India has entered its pre-election year in 2023, the government is likely to increase investments both at the state and central levels and this is expected to augur well for the domestic steel demand.

Some of the key budgetary announcements, which reflect the same, are:

- An increase in allocation of capex towards infrastructure from Rs. 7.5 lakh crore to Rs. 10 lakh crore in Union Budget 2023-24.
- The capital outlay of Rs. 2.4 lakh crore for Indian Railways.
- 100 transport infrastructure projects.
- Approval of Production Linked Incentive (PLI) Scheme for specialty steel.
- Allocation towards PMAY scheme to be increased to Rs. 79,590 crore from Rs. 48,000 crore in previous budget
- Allocation of Rs 10,000 crore towards Jal Jeevan Mission.

The National Steel Policy, 2017, envisages the steel production to almost double to 255 MT by FY31 to cater to the growing domestic demand. To continue to be Atmanirbhar in steel, it is imperative to secure a sustainable supply of raw materials such as iron ore and coking coal. India has sufficient reserves of iron ore; however, the production needs to be ramped up through the identification and auction of a higher number of captive and commercial mines and an increase in production from existing mines by using better technology.

India is dependent on imports due to limited domestic availability of suitable quality coking coal. As a near-term measure, the import sources must be diversified to ensure timely availability and better pricing. Further, exploration and production of domestic coking coal should be encouraged and sufficient washing capacities should be set up to get the desired quality of coking coal. Both iron ore and coking coal mining can be encouraged by implementing single window clearances, rationalizing taxes and royalties on mining which are currently higher than global benchmarks and boosting overall investment in the exploration and production of these minerals through policy support.

By improving logistics infrastructure and enhancing rail connectivity, the steel industry can effectively mitigate logistical challenges and reduce costs. This, in turn, will enhance the overall competitiveness of domestically produced steel, bolstering its position in the global market. Industry stakeholders, policy-makers, and the Railway Ministry need to collaborate and prioritize the development of efficient transportation systems to support the targeted growth of the steel industry in India.

The future of the steel industry has to also be responsible and sustainable growth focused on reducing carbon emissions and moving towards de-carbonization. The industry is already implementing measures such as increasing the usage of renewable energy in the production process, use of pulverized coal injection (PCI) in the blast furnaces, improving efficiency by waste heat recovery, suitable use of by-products, usage of steel scrap etc. Future technologies which will significantly reduce the carbon emissions such as green steel and carbon capture utilization and storage have been identified and R&D efforts are being undertaken across the world to achieve viably scalable technologies. The steel industry is evolving its overall Environmental, Social and Governance (ESG) practices to adopt the global best practices which will enable the steel industry to tap larger markets and grow a climate-conscious investor base.

While India is the second largest producer and consumer of steel, it ranks 7th in global exports. With the share of 6% in global crude steel production and 5.7% in global crude steel consumption, India has become one of the steel hubs in the world for both production and consumption of steel. However, Indian products are currently less competitive in global markets compared to their Asian counterparts due to factors such as high finance and logistics costs, high levies on mining and duties imposed by key export countries. To push the 'local for global' agenda in the steel sector, policy support will be required to reduce the cost disadvantage coupled with the government's push through various diplomatic channels to reduce duties on Indian steel products and enter into trade agreements beneficial for the industry.

Aligned with the Government of India's National Mission of Atmanirbhar Bharat, the National Steel Policy 2017 targets a crude steel capacity of 300 MT by 2030 in the country. The government has taken multiple initiatives over the last decade to encourage steel production and consumption of domestically manufactured steel targeted towards making India 'Atmanirbhar' for its current as well as future demand.

Solar Structural Pipes Market Overview:

According to recent reports, India's renewable energy (RE) sector has experienced a remarkable growth rate of 14% over a five-year period, spanning from FY 2017 to FY 2022. This growth has propelled the country to achieve a significant milestone, reaching a total RE capacity of 114 GW as of September 2022. Notably, solar power constitutes approximately 51% of this overall capacity.

Over the past decade, the share of solar installations in India has exhibited a remarkable compound annual growth rate (CAGR) of 29%, soaring from 4% in FY 2012 to 51% by September 2022. India's appetite for renewables is growing year on year, the country is now ranked 4th globally in solar power generation. India Solar Energy Market was estimated at USD 38 billion in 2022 and is anticipated to reach around USD 238 billion by 2030, growing at a CAGR of roughly 40% between 2023 and 2032.

As the solar energy industry expands, the demand for various components and infrastructure associated with solar power generation will also experience a substantial increase. Solar structural pipes, which play a crucial role in supporting solar panels and creating the framework for solar installations, may likely see a tremendous surge in demand. Solar structural pipes are used in the construction of ground-mounted solar arrays, rooftop installations, and solar tracking systems. As the solar energy capacity in India increases, more solar farms and installations will be set up, driving up the demand for these pipes.

India's commitment to expanding its renewable energy capacity, especially solar, is backed by favorable government policies and incentives. This supportive environment shall encourage investment in the entire solar ecosystem, including the production and supply of components like solar structural pipes. In conclusion, the booming India solar energy market may likely have a cascading effect on various industries, including the market for solar structural pipes. The increased demand for solar installations, driven by India's renewable energy goals and policies, is poised to create substantial opportunities for businesses involved in supplying the necessary components to support this growth.

OUR BUSINESS

Some of the information in the following section, especially information with respect to our plans and strategies, contain certain forward-looking statements that involve risks and uncertainties. You should read “Forward Looking Statements” on page 17 of this Prospectus for a discussion of the risks and uncertainties related to those statements. Our actual results may differ materially from those expressed in or implied by these forward-looking statements. Our Company’s strengths and its ability to successfully implement its business strategies may be affected by various factors that have an influence on its operations, or on the industry segment in which our Company operates, which may have been disclosed in “Risk Factors” on page 25. This section should be read in conjunction with such risk factors.

Unless otherwise indicated, industry and market data included in this section has been derived from the industry sources. This section should be read in conjunction with the “Industry Overview” on page 101 of this Prospectus. Our Financial Year ends on March 31 of each year, and references to a particular Financial Year are to the 12-month period ended March 31 of that year.

Unless otherwise stated, or the context otherwise requires, the financial information used in this section is derived from our “Restated Financial Information”, included in this Prospectus on page 180.

OVERVIEW

Our Company was incorporated in 2017, for taking over the entire business of M/s. Demac Steel along with its assets and liabilities in entirety, on a going concern basis (the “**Transfer**”). Our Company entered into an agreement to sell business undertaking executed dated August 7, 2017 with M/s. Demac Steel and undertook the transfer of the Assets and Liabilities for a total consideration of ₹ 532.39 lakhs. The amount of the consideration was paid by way of issue of 53,238 Equity Shares of face value of ₹ 1,000 each to Vazhappily Davis Varghese, the sole proprietor of M/s. Demac Steel. The balance amount of ₹ 938/- was paid by way of a cheque. Furthermore, pursuant to the Business Transfer Agreement, M/s. Demac Steel agreed to not compete with our Company and subsequent to the transfer would have no rights in the business of our Company. For further details, please see the chapter “History and Certain Corporate Matters” on page 142 of this Prospectus.

Our Company operates under the guidance of our Promoters, Vazhappily Davis Varghese, Divyakumar Jain, Ankur Jain, Mahendra Kumar Jain, Molly Varghese and Cyriac Varghese. Our Promoter, Vazhappily Davis Varghese with the intention of expanding the business operations of M/s. Demac Steel, incorporated our Company for expanding our portfolio and reach. Our Company is engaged in the business of manufacturing galvanised pipes, tubes, and sheets. Owing to the consistent efforts of our Promoters, we have been able to create a brand presence in Kerala, under the name of ‘Demac Steel’.

In 2018, our Company commenced manufacturing of galvanised pipes, tubes, and sheets by installing another electric resistance welding tube mill of an installed capacity of 3,500 MT in our manufacturing unit situated at Door No. 2/546/A & 2/546/B Mala, Pallipuram P O, Mala, Thrissur - 680 732, Kerala, India. Our products find extensive application in the general households of Kerala. Galvanised pipes and tubes are used for building the roofs to reduce heat and avoid leakage, further the galvanisation process offers an added advantage of increasing the life of the product and enhancing its quality by making it rust-free. Our products are therefore manufactured to provide an effective solution to the continuous damage caused to houses in Kerala on account of inclement weather condition. Accordingly, our products experience a constant demand on account of being an indispensable raw material in the construction industry in Kerala. In order to capture the market and cater to the growing demand, in the year 2019, we increased our manufacturing capacity by installing another electric resistance welding tube mill of an installed capacity of 4,000 MT in our manufacturing unit.

In order to market and sell our products, we have established a widespread dealer base in Kerala through which we sell our products to local contractors and retailers. Our dealers have an established marketing network which we have utilized to create a market presence in Kerala and for penetrating the local markets of the aforementioned

areas. We have entered into formal agreements with majority of our dealers and offer them a mutually agreed upon margin on the goods which are distributed by them. Our dealer network has enabled us in establishing our brand presence thereby creating a significant customer base in Kerala. We sell all our products using our dealer network. We also sell our products to our Promoter Group entity, namely Jaihind Steel Private Limited, who further trades it to wholesalers, construction agencies, consumers *etc.*

We believe that we have established our brand as the preferred brand for galvanised tubes and pipes. We have a successful track record which has enabled us to develop an effective business model with stringent control over processes, including raw material procurement, manufacturing operations, inventory management and management of distribution logistics. We adhere to stringent product quality standards and closely track consumer preferences across segments from cross-section of markets. Owing to our diversified marketing network and wide-spread intermediaries and sales forces, our Company has been able to penetrate the local markets of Kerala. Our products and brands have become familiar names on account of our aggressive and innovate marketing techniques. Our Company regularly interacts with our customers and intermediaries to understand the satisfaction of the customers with the quality of our products. In order to maintain our brand presence, we have aggressively invested in our sales and marketing initiatives and increased our intermediary base. The expenses incurred by us in sales and marketing of our products during the six month period ended September 30, 2024 and Fiscals 2024, 2023 and 2022 have been provided below:

Since incorporation, it has been our Company's vision and focus to manufacture and supply superior quality products to our customers, which has enabled us to expand our business operations. We have a quality control and assurance division ("**Quality Division**") in our manufacturing unit which carries out the required tests on the materials received including raw materials which are used in the manufacturing process and also on the final products. Our quality laboratory carries out wheat analysis tests on the raw materials and finished products to ensure that our products are compliant with the specifications provided by our customers. Our Quality Division also carries out tests on all the stages of our manufacturing processes to ensure that the quality is built through the process. We have an in-house laboratory at our manufacturing unit, wherein our Quality Division carries out quality tests on the raw material, semi-finished goods and finished goods.

Our manufacturing unit is substantially operated through our solar plant situated at Survey No. 262/3-29 in Poyya Village and Kodungallur Taluk; Building No.2/546 of Poyya Panchayath. In the year, 2022, our Company had set up a solar plant of an installed capacity of 489.77 kWp. We partly source the electricity for running our manufacturing unit from our solar plant and also rely on the electricity supplied by Kerala State Electricity Board. We also sell a portion of the electricity produced at the solar plant to Kerala State Electricity Board, which is adjusted in our bill by the said authority. We believe that our solar plant empowers us in becoming a responsible, ethical and socially responsible green unit.

Our revenues from operations for the six month period ended September 30, 2024 and the Fiscals 2024, 2023 and 2022 were ₹ 15,421.42 lakhs, ₹ 30,016.06 lakhs, ₹ 35,479.84 lakhs and ₹ 31,791.72 lakhs, respectively. Our EBITDA for the six month period ended September 30, 2024 and the Fiscals 2024, 2023 and 2022 were ₹ 958.33 lakhs, ₹ 1,027.30 lakhs, ₹ 1,223.91 lakhs and ₹ 1,302.64 lakhs, respectively. Our profit after tax for the six month period ended September 30, 2024 and the Fiscals 2024, 2023 and 2022 was ₹ 519.33 lakhs, ₹ 426.86 lakhs, ₹ 600.49 lakhs and ₹ 673.06 lakhs, respectively. OUR COMPETITIVE STRENGTHS

Widespread distribution network and presence across various retail channels.

Our Company has invested in establishing processes, teams and technology to manage our distribution channels and retail presence. Our Company has a unique business model through which it markets and sells its products. Our Company has engaged number of dealers to ensure easy product availability to our customers, efficient supply chain, focused customer service and short turnaround times. Our sales and marketing team periodically reviews new products, assesses market trends and develops and builds business relations. Our long-standing dealer base is supported by an efficient sales team, leading the products to retailers and wholesalers in Kerala, thereby making our products available on the shelf at all times, reducing dealer stock levels and increasing annual sales per dealer. The intermediaries in our distribution network remain in constant contact with our customers, which enables them to perceive the market requirement and the sentiment of customers towards our products. The intermediaries in our distribution network are the first point of contact for us and our sales and marketing teams remain in contact with the intermediaries to constantly improve our products and bring them in line with the requirements of our customers. Our sales and marketing team has a focused approach to creating brand awareness by targeting deeper penetration in small cities and towns for marketing of our products. We have deployed our team of sales professionals in Kerala so that we can provide first hand guidance and assistance to our dealers across the nation. As a result of our widespread distribution network, significant operational experience and regular follow ups to gauge the customer's demand, we believe that we have been able to identify market trends and personally connect with a large number of consumers, thereby gaining trust of our customers over the years.

Sheet	Gate works, General engineering, Construction, Vehicle body works, Fencing & Barricade Etc...
Slit	Coils are slitted into different widths, which is required for producing different sizes of tubes or pipes.
Others	It includes Scraps & Rejected pipes.

Our capacity to continuously diversify and develop our products, effectively supported by our strategically located manufacturing and distribution network, enables us to launch and market new products aligned to evolving consumer preferences. Our products are generally standardised in nature, however on specific requirements of our dealers/ customers, we also customise our products by reducing or increasing the length of our tubes and pipes. This facilitates minimal time-to-scale, and has enabled us to generate significant revenues from each of our products. A break up of the product-wise revenues earned by our Company during the six month period ended September 30, 2024 and Fiscals 2024, 2023 and 2022 have been provided below:

Owing to our wide range of products, our business and results of operations are less susceptible to price fluctuation or disruptions in market trends.

Brand recall and established track record.

The reputation and the quality of our products has enabled us to establish brand equity of the products marketed under our brand name “*Demac Steel*”. We have a track record of developing home-grown brands, leveraging our deep understanding and market research of the steel industry. Our products are marketed by our dealers, sales and marketing teams. We believe that our brands enable us to better cater to the needs of our customers and increase the range and diversity of our products, leading to increased brand loyalty and repeat customers.

The steel industry is a fragmented and an unorganized industry in India and we intend to focus on creating a diverse portfolio of brands to gain higher market share from the unorganized segment. We also believe in enhancing brand visibility by expanding our distribution network and have taken certain initiatives towards achieving the same. We have been able to sustain the demand for our brands by offering a continuous flow of value added products. Our brands give us a broader platform to market our products to our customers. In addition, our presence has helped us in understanding the changing needs and demands of our customers. With constant improvement in performance of our products, augmented with quality and recognition of our brand, we believe that we enjoy considerable brand equity and reliability in the market.

Existing client and supplier relationships

We believe in constantly addressing the customer needs for variety of our products. Our existing relationships help us to get repeat business from our dealers/customers. This has helped us to maintain a long term working relationship with our dealers/customers and improve our retention strategy. We have strong existing dealer relationships which generates multiple repeat orders. We believe that our existing relationship with our dealers represents a competitive advantage in gaining new dealers and increasing our business. Further being a small and medium size organisation we rely on personal relationships with our dealers. We believe that existing relationships will help as a core competitive strength for us.

Quality Assurance and Quality Control of our products.

We are committed towards quality of our products. Our determination towards quality is demonstrated by well-defined quality and safety procedures at various stages of our manufacturing process from procurement of raw material to distribution of our products. Owing to the expertise of our experienced and trained team forming part of our Quality Division, all our products are manufactured strictly as per the regulatory standards. All our manufacturing facilities have a fully equipped Quality Division with experienced and qualified staff to carry out quality checks and inspections at all the stages of our manufacturing process. We have an in-house laboratory which is well equipped with the necessary instruments and technology to enable our Quality Division to carry out the required tests on our raw materials, semi-finished products and finished products. Owing to our consistent efforts towards maintain quality of our products, our Company has received a certificate of registration from Jas Global Certifications certifying that the management systems of our Company have been assessed and registered with the requirements of the standard prescribed under ISO 9001:2015.

Strategically located manufacturing facilities with modern infrastructure and integrated manufacturing facilities with a core focus on quality.

Our strategically located multi-product manufacturing unit manufactures products close to our customers and distribution networks and reduces our costs of transportation by manufacturing almost all our product under one roof, thereby giving us an advantage over our competitors. Our manufacturing unit is situated in Kerala.

We believe that our brands enable us to better cater to the needs of our dealers and increase the range and diversity of our products, leading to increased brand loyalty and repeat orders.

Our investment in modern infrastructure and our ability to enhance capacity utilization in excess of installed capacities in manufacturing results into economies of scale. We manufacture multiple products under one roof in one of our manufacturing unit, which results in cost savings in terms of shared overheads and resources across different product categories. It also reduces transportation costs and improves logistics management as our dealers can place orders for multiple products from one manufacturing facility resulting in single truck load delivery enabling them to replenish stocks at regular intervals.

Cost efficient sourcing and locational advantage

We believe that our cost efficient manufacturing and supply chain management results in a significant reduction in our operational costs.

Cost Efficient Sourcing: This involves selecting suppliers that offer raw materials at a lower cost. For instance, for the last few years procurement of raw materials domestically was not seeming viable due to high prices, therefore our Company started procuring raw materials from international sources. We believe that by sourcing from cost-efficient locations, we have been able to reduce production costs and improve our overall profitability, as well as provide cost benefits to our dealers/ customers.

Locational Advantage: Our Company is located in the Thrissur District, which is the central part of Kerala. This locational advantage helps us to supply our products all over Kerala, cost effectively and in a timely manner. Further, the distance to Cochin International Airport & Cochin Port is 25 Kilometres and 35 Kilometres respectively, from our manufacturing unit. Therefore, our location gives us the advantage with respect to domestic & international transportation.

With our experience, we are able to time our procurement of raw materials and being a large player in the industry we are also able to source these materials at a competitive price. The location of our current manufacturing unit gives us a significant competitive cost advantage in terms of raw material sourcing, manufacturing and labour costs.

Well experienced management team with proven project management and implementation skills.

We are led by a group of individuals, having a strong background and extensive experience in the specialized plastic industry. Our Promoters have been associated with us since the inception and are actively involved in the strategic decision making for our Company, pertaining to corporate and administrative affairs, financial operations, expansion activities, business development and management of overall business. We have an experienced and professional management team with strong management and execution capabilities and considerable experience in the steel industry. The team comprises of personnel having technical, operational and business development experience. We have employed suitable technical and support staff to manage key areas of activities allied to operations. Our team is well qualified and experienced and has been responsible for the growth of our operations. We believe the stability of our management team and the industry experience brought in coupled with their strong reputes, will enable us to continue to take advantage of future market opportunities and expand into new markets. For further details of the educational qualifications and experience of our management team and our Key Managerial Personnel please refer the chapter titled “*Our Management*” beginning on page 145 of this Prospectus.

OUR BUSINESS STRATEGIES

Increasing our manufacturing capacity to focus on the growing demand of our core products

We have over the years increased our production capacities through consistent growth and innovation. In 2018, our Company commenced manufacturing of galvanised pipes, tubes, and sheets by installing another electric resistance welding tube mill of an installed capacity of 3,500 MT in our manufacturing unit situated at Door No. 2/546/A & 2/546/B Mala, Pallipuram P O, Mala, Thrissur - 680 732, Kerala, India. In order to capture the market and cater to the growing demand, in the year 2019, we increased our manufacturing capacity by installing another electric resistance welding tube mill of an installed capacity of 4,000 MT in our manufacturing unit. We believe that our strong presence in the Indian market positions us well to capitalise on the anticipated growth in demand of our core products. We intend to expand the manufacturing capacity by establishing a new factory shed in the same premises as our manufacturing unit, which will increase the present capacity and subsequently boost our sales and profitability. As part of such investment, we intend to incur expenditure towards IT / Technological Upgradation of existing manufacturing facility for Rs.287.62 Lakhs, Solar installation for Rs.234.33 Lakhs, Steel building fabrication for factory for Rs.188.74 Lakhs and Material for building for factory constructions for Rs.67.21 Lakhs from Net Proceeds of the Issue. The strategic decision to add an additional factory shed and a storage unit, will increase our ability to cater to the expected increase in demand of our products. We believe that our strategic decision to expand our manufacturing unit will significantly increase our product offering and we also expect to benefit from economies of scale. For further details, please refer to the chapter titled “*Objects of the Issue*” on page 79 of this Prospectus.

Strengthen our brand value and create awareness for our new products

The industry is seeing a shift in market share from the unorganised to the organised sector. We seek to capture a greater market share in this environment and it is important to invest in the brand to strengthen the top of the mind recall and consequently we shall continue to invest in our brands. Since the industry is highly unorganized, a good distribution network is essential in this industry. We are focusing on expanding our dealership network by opening new marketing offices or by way of appointment of new dealers, including smaller towns and rural areas.

Strengthen our marketing network

We continue to enhance our business operations by ensuring that our customer/dealer base increases through our marketing efforts. Our core competency lies in the thorough understanding of our customers’ needs and preferences, our vision to engage in sustainable practices and providing unparalleled quality of our products thereby achieving customer loyalty. We intend to strengthen our existing marketing team by inducting qualified and experienced personnel, who will supplement our existing marketing strategies in the domestic and international markets.

We would aim our business strategies to be dynamic and proactive, given the macro and micro market environments in which we operate or where we may expand in the future. Our Company shall always strive to:

- achieve maximum operational efficiency;
- strengthen and expand our market position and product portfolio;
- enhance our depth of experience, knowledge-base and know-how; and
- increase our network of dealers, customers and geographical reach.

Improving operational efficiencies

Our Company intends to improve efficiencies to achieve cost reductions so that they can be competitive. We believe that this can be done through domestic presence and economies of scale. Increasing our penetration in existing regions with new range of products, will enable us to penetrate into new catchment areas within these regions and optimize our infrastructure. As a result, of these measures, our company will be able to increase its market share and profitability.

Leveraging our Market skills and Relationships

This is a continuous process in our organization and the skills that we impart in our people, gives importance to dealers. We aim to enhance the growth by leveraging our relationships and further enhancing customer/dealer

satisfaction. We plan to increase our dealers by meeting orders in hand on time, maintaining our dealer relationship and renewing our relationship with existing buyers.

Value proposition for consumers

We plan to grow our business primarily by growing the number of client relationships, as we believe that increased client relationships will add stability to our business. Our brand equity has increased over the years, driven by product quality and cost efficiencies in our production and distribution operations, and offering superior value proposition for consumers, through a wide range of our products. We believe that the relatively high grammage and consequent value proposition that we offer to the price conscious middle-class Indian consumers who form a large proportion of the consumer market in India, has been an important factor in the growth and acceptance of our brand and our market share, particularly in the urban, semi-urban and rural markets in India. We seek to build on existing relationships and also focus on bringing into our portfolio more clients. Our Company believes that business is a by-product of relationship. Our Company believes that a long-term client relationship with large clients reap fruitful returns. Long-term relations are built on trust and continuous meeting with the requirements of the customers.

MANUFACTURING PROCESS

An indicative manufacturing process is provided below:

Details of Manufacturing Process:

- Arrival of Raw Material:** Once the raw materials reaches in the factory, it is unloaded & stored under the supervision of the Factory Manager.
- Checking Quality & Thickness:** After the proper storage of the coil, the surface quality and thickness is checked manually by the Supervisors.
- Slitting:** After the quality & thickness checking these coils are then slitted into different widths, which is required for producing different sizes of tubes or pipes in the slitting machine.
- Strips Loading In Accumulator:** After the slitting, these slitted strip coils are fed to the tube mill through the uncoiler where the strips are stored in the accumulator for smooth operation of the mill without stoppage after every slit gets over.
- Levelling & Straightening:** The slitted strips are passed through a leveller to flatten the surface and to remove any wrinkles or bends if any.
- Forming Section:** In the forming section, the strips are folded to near round shape after passing through a number of rolls in the mill.
- H.F Welding:** Here the edges of the strips are heated to melting temperature and joined together by the aid of high frequency induction welding system.
- Finishing Mill 3+3 Stands:** After welding, the round sections are again passed through finishing rolls to achieve the actual size and shape.

- ix. **Straightening:** It is then passed through straightening rolls to achieve straightness
- x. **Cutting In To Specific Length:** Then the tubes are cut to the required length by using cold saw cutting machine. Normally the standard length is 6 M.
- xi. **Dimensional & Surface Check:** Dimensional and surface quality check is done manually by the Supervisor.
- xii. **Cooling & Bundling:** After the dimensional & surface check pipes will be bundled from the collection table.
- xiii. **Mechanical Tests As Per ISI Standards:** Pipes from each lot is taken to the lab and mechanical tests is done on it as per BIS standards.
- xiv. **Storage:** Pipes of each size & thickness will be stored in the warehouse in bundles separately.
- xv. **Dispatch As Per Customs Order:** Finally as per customer orders, the pipes are then dispatched from the warehouse.

LIST OF MACHINERY

Following is the list of major machinery installed at our manufacturing unit:

SI No	List of Machinery	Purpose	Owned / Leased
1	Tube Mill		Owned
a)	Uncoiler	Uncoiling of slitted coils	Owned
b)	Welder	Welding/joining of slitted coils	Owned
c)	Accumulator	Collection of slitted coils and storing it in a turn table. This allows smooth and continuous production flow without any interruptions or slowdowns.	Owned
d)	Forming stand	Formation of slitted coils to round shape	Owned
e)	Welding table	High frequency induction welding for the formation of pipes	Owned
f)	Cooling table	Reducing temperature of pipes after welding	Owned
g)	Shaping stand	Shape correction	Owned
h)	Sizing stand	To convert the pipes to square or rectangular shape	Owned
i)	Cold saw	To cut the pipes/tubes to the required length	Owned
j)	Run out table	To transfer the pipes to the packing section	Owned
2	Slitting Line		Owned
a)	Uncoiler	Uncoiling GP mother coils	Owned
b)	Leveller	Levelling the sheets in case of any bends	Owned
c)	Slitter head	Slitting the coils to various required widths	Owned
d)	Recoiler	Recoiling of the slitted coils	Owned
3	EOT crane 40MT	For goods & raw material movement.	Owned
4	EOT crane 30MT	For goods & raw material movement.	Owned
5	EOT crane 10MT	For goods & raw material movement.	Owned
6	EOT crane 3MT - 6nos	For goods & raw material movement.	Owned
7	Compressor	To provide high pressure air supply to different machines	Owned
8	Universal testing machine	To test the strength & elasticity of pipes & its weld	Owned
9	H.F. Induction welder	High frequency induction welding for the pipes formation	Owned
10	Tube Mill roll sets	To form different types of pipes and tubes	Owned
11	Cooling tower	To reduce machinery temperature by running cooled water	Owned
12	Filtration unit	To filter the coolant oil from contaminants and to reuse it	Owned

HUMAN RESOURCE

Our manpower is a prudent mix of the experienced and young people which gives us the dual advantage of stability and growth, along with assurance of quality.

Department wise bifurcation of our employees as of September 30, 2024 has been provided below:

Sr. No.	Division / Department	Number of Employee
1.	Key Management/ Top Management	4
2.	Office & Plant Administration	7
3.	Commercial & Logistics	3
4.	Sales & Marketing	5
5.	Dispatch	7
6.	Finance & Accounts	5
7.	Plant, Lab & Store	109
	Total	140

UTILITIES

Power

The electricity for our manufacturing unit is sourced from our solar plant situated at Survey No. 262/3-29 in Poyya Village and Kodungallur Taluk; Building No.2/546 of Poyya Panchayath. We also partly source the electricity for running our manufacturing unit from Kerala State Electricity Board.

Water

Our processing unit has adequate water supply position. We source water from third party water vendors. We also have set up a rain water harvesting system, which enables us in sustainably using rain water for our manufacturing process and in the ordinary course of business. We also have a reverse osmosis (“RO”) water plant in our manufacturing unit, which enables in cleaning the rain water and outsourced water for usage in manufacturing process and drinking purposes.

Capacity Installed and Capacity Utilisation

Set forth below is the detail of the installed and utilized capacity of our manufacturing unit for the last three years.

Financial Year	Installed Capacity (in MTPA)	Utilized Capacity (in MTPA)	Percentage of utilization (%)
2021-2022	72,000 MT	38,185.05 MT	53.00%
2022-2023	72,000 MT	47,628.59 MT	66.00 %
2023-2024	72,000 MT	45,237.96 MT	62.83%
2024-2025 Half Year	36,000 MT	17,362.19 MT	48.23%

About 23% of our electricity requirements are met by our in-house solar plant and the balance portion of the electricity requirement to run the manufacturing facility is sourced from Kerala State Electricity Board.

In this regard, please find below the details of month-wise electricity consumption of our manufacturing plant for FY 2023-24:

Month	Solar Generated units	Billed by KSEB	Total Units Consumed
Apr-23	49,946.00	2,30,412.00	2,80,358.00

Transfer of Property Act, 1882

The Transfer of Property Act, 1882 (the “T.P. Act”) governs the transfer of property, including immovable property, between natural persons excluding a transfer by operation of law. The T.P. Act establishes the general principles relating to the transfer of property, including among other things, identifying the categories of property that are capable of being transferred, the persons competent to transfer property, the validity of restrictions and conditions imposed on the transfer and the creation of contingent and vested interest in the property. The T.P. Act also provides for the rights and liabilities of the vendor and purchaser in case of a transaction relating to sale of property and the lessor and lessee if the transaction involves lease of land, as the case may be.

Sale of Goods Act, 1930

The Sale of Goods Act, 1930 (the “Sale of Goods Act”) governs contracts relating to the sale of goods. The contracts for sale of goods are subject to the general principles of the law relating to contracts. A contract for sale may be an absolute one or based on certain conditions. The Sale of Goods Act contains provisions in relation to the essential aspects of such contracts, including the transfer of ownership of goods, delivery of goods, rights and duties of the buyer and seller, remedies for breach of contract and the conditions and warranties implied under a contract for the sale of goods.

The Registration Act, 1908

The Registration Act, 1908 (the “Act”) was passed to consolidate all the previous legislations which were enacted in relation to the registration of documents. This Act was promulgated to achieve the purpose of maintaining a proper regulatory record of transactional documents with a recognized officer in order to safeguard the original copies. The Act lays down two types of registration of documents, one being mandatory registration, which has been laid down under Section 17 of the Act and relates to documents such as, *inter alia* gift deed or transfer deed for an immovable property, non-testamentary instruments purporting to an interest in any immovable property, leasing or renting an immovable property. The other type of registration has been laid down under Section 18 of the Act which provides for the category of documents, registration of which is optional or discretionary and include, wills, instrument for transfer of shares, adoption deeds, etc. Failure to register a document under Section 17 of the Act can attract severe consequences, including declaration of invalidity of the transfer in question; however, no such consequence is attracted in case of Section 18 of the Act. Sections 28 and 31 of the Act provide the sub-registrars and other officers, the authority to register documents under this Act. Registration of a document, provides authenticity to a document and also acts as a conclusive proof in relation to the execution of such a document in the court of law.

Municipality Laws

Pursuant to the Constitution (Seventy-Fourth Amendment) Act, 1992, the respective state legislatures in

India have power to endow the municipalities with power to implement schemes and perform functions in relation to matters listed in the Twelfth Schedule to the Constitution of India. The respective States of India have enacted laws empowering the municipalities to issue trade license for operating stores and implementation of regulations relating to such license along with prescribing penalties for non-compliance.

B. TAX LAWS

In addition to the aforementioned material legislations which are applicable to our Company, some of the tax legislations that may be applicable to the operations of our Company include:

- Income-tax Act 1961, the Income-tax Rules, 1962, as amended by the Finance Act in respective years;
- Central Goods and Services Tax Act, 2017, the Central Goods and Services Tax Rules, 2017 and various state-wise legislations made thereunder;
- The Integrated Goods and Services Tax Act, 2017 and rules thereof;
- Professional tax-related state-wise legislations;
- Indian Stamp Act, 1899 and various state-wise legislations made thereunder; and

C. ENVIRONMENTAL LAWS

The Environment (Protection) Act, 1986 (“EPA”)

The EPA has been enacted for the protection and improvement of the environment. It stipulates that no person carrying on any industry, operation or process shall discharge or emit or permit the discharge or emission of any environmental pollutant in excess of such standards as may be prescribed. Further, no person shall handle or cause to be handled any hazardous substance except in accordance with such procedure and after complying with such safeguards as may be prescribed. EPA empowers the Central Government to take all measures necessary to protect and improve the environment such as laying down standards for emission or discharge of pollutants, providing for restrictions regarding areas where industries may operate and generally to curb environmental pollution.

Water (Prevention and Control of Pollution) Act, 1974 (“Water Act”)

The Water Act aims to prevent and control water pollution and to maintain or restore wholesomeness of water. The Water Act provides for one central pollution control board, as well as state pollution control boards, to be formed to implement its provisions, including enforcement of standards for factories discharging pollutants into water bodies. Any person intending to establish any industry, operation or process or any treatment and disposal system likely to discharge sewage or other pollution into a water body, is required to obtain the consent of the relevant state pollution control board by making an application.

Air (Prevention and Control of Pollution) Act, 1981 (“Air Act”)

The Air Act aims to prevent, control and abate air pollution, and stipulates that no person shall, without prior consent of the relevant state pollution control board, establish or operate any industrial plant which emits air pollutants in an air pollution control area. Such person also cannot discharge or cause or permit to be discharged the emission of any air pollutant in excess of the standards laid down by the State Boards. The central pollution control board and the state pollution control boards constituted under the Water Act perform similar functions under the Air Act as well. Pursuant to the provisions of the Air Act, any person establishing or operating any industrial plant within an air pollution control area, must obtain the consent of the relevant state pollution control board prior to establishing or operating such industrial plant.

Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016 (“Hazardous Waste Rules”) as amended by the Hazardous and Other Wastes (Management and Transboundary Movement) Amendment Rules, 2022

The Hazardous Waste Rules regulate the management, treatment, storage and disposal of hazardous waste by imposing an obligation on every occupier and operator of a facility generating hazardous waste to dispose of such waste without harming the environment. The term “hazardous waste” has been defined in the Hazardous Waste Rules and any person who has, control over the affairs of the factory or the premises or

any person in possession of the hazardous waste has been defined as an “occupier”. Every occupier and operator of a facility generating hazardous waste must obtain authorization from the relevant state pollution control board. Further, the occupier, importer or exporter is liable for damages caused to the environment resulting from the improper handling and disposal of hazardous waste and must pay any financial penalty that may be levied by the respective state pollution control board.

Noise Pollution (Regulation and Control) Rules, 2000 (“Noise Pollution Rules”)

The Noise Pollution Rules were enacted to regulate and control noise producing and generating sources with the objective of maintaining of ambient air quality standards in respect of noise. Pursuant to the Noise Pollution Rules, different areas / zones shall be classified into industrial, commercial, residential or silence areas/zones, with each area having a permitted ambient air quality standard in respect of noise. The Noise Pollution Rules provide for penalties in case the noise levels in any area / zone exceed the permitted standards.

D. LABOUR LAW LEGISLATIONS

In order to rationalize and reform labour laws in India, the Government of India has notified four labour codes which are yet to come into force as on the date of this Prospectus, namely, (i) the Code on Wages, 2019 which will repeal the Payment of Bonus Act, 1965, Minimum Wages Act, 1948, Equal Remuneration Act, 1976 and the Payment of Wages Act, 1936, (ii) the Industrial Relations Code, 2020 which will repeal the Trade Unions Act, 1926, Industrial Employment (Standing Orders) Act, 1946 and Industrial Disputes Act, 1947, (iii) the Code on Social Security, 2020 which will repeal certain enactments including the Employee's Compensation Act, 1923, the Employees' State Insurance Act, 1948, the Employees' Provident Funds and Miscellaneous Provisions Act, 1952, Maternity Benefit Act, 1961, Employment Exchanges (Compulsory Notification of Vacancies) Act, 1959 and the Payment of Gratuity Act, 1972 and (iv) the Occupational Safety, Health and Working Conditions Code, 2020 which will repeal certain enactments including the Factories Act, 1948, Motor Transport Workers Act, 1961 and the Contract Labour (Regulation and Abolition) Act, 1970.

Certain portions of the Code on Wages, 2019 and Code on Social Security, 2020, have come into force upon notification by the Ministry of Labour and Employment. The remaining provisions of these codes shall become effective as and when notified by the Government of India. A brief summary of the aforementioned laws have been provided below:

The Code on Wages, 2019

The Code on Wages, 2019 received the assent of the President of India on August 8, 2019 and proposes to subsume four existing laws namely, the Payment of Wages Act, 1936, the Minimum Wages Act, 1948, the Payment of Bonus Act, 1965 and the Equal Remuneration Act, 1976. The Central Government has notified certain provisions of this code mainly in relation to the constitution of the advisory board.

The Occupational Safety, Health and Working Conditions Code, 2020

The Occupational Safety, Health and Working Conditions Code, 2020 received the assent of the President of India on September 28, 2020 and proposes to subsume certain existing legislations, including the Factories Act, 1948, the Contract Labour (Regulation and Abolition) Act, 1970, the Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979 and the Building and Other Construction Workers (Regulation of Employment and Conditions of Service) Act, 1996. The provisions of this code will be brought into force on a date to be notified by the Central Government.

The Industrial Relations Code, 2020

The Industrial Relations Code, 2020 received the assent of the President of India on September 28, 2020 and it proposes to subsume three existing legislations, namely, the Industrial Disputes Act, 1947, the Trade Unions Act, 1926 and the Industrial Employment (Standing Orders) Act, 1946. The provisions of this code will be brought into force on a date to be notified by the Central Government.

The Code on Social Security, 2020

The Code on Social Security, 2020 received the assent of the President of India on September 28, 2020 and it proposes to subsume certain existing legislations including the Employee's Compensation Act, 1923, the Employees' State Insurance Act, 1948, the Employees' Provident Funds and Miscellaneous Provisions Act, 1952, the Maternity Benefit Act, 1961, the Payment of Gratuity Act, 1972, the Building and Other Construction Workers' Welfare Cess Act, 1996 and the Unorganised Workers' Social Security Act, 2008. The Central Government has notified certain provisions of this code.

Employees State Insurance Act, 1948, as amended (the "ESIC Act")

The ESI Act, provides for certain benefits to employees in case of sickness, maternity and employment injury. All employees in establishments covered by the ESI Act are required to be insured, with an obligation imposed on the employer to make certain contributions in relation thereto. In addition, the employer is also required to register itself under the ESI Act and maintain prescribed records and registers.

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 ("SHWW Act") provides for the protection of women at workplace and prevention of sexual harassment at workplace. The SHWW Act also provides for a redressal mechanism to manage complaints in this regard. Sexual harassment includes one or more of the following acts or behaviour namely, physical contact and advances or a demand or request for sexual favours or making sexually coloured remarks, showing pornography or any other unwelcome physical, verbal or non-verbal conduct of sexual nature. The SHWW Act makes it mandatory for every employer of a workplace to constitute an Internal Complaints Committee, which shall always be presided upon by a woman.

The Maternity Benefit Act, 1961 (the "Act")

The Act provides for leave and right to payment of maternity benefits to women employees in case of confinement or miscarriage etc. The act is applicable to every establishment which is a factory, mine or plantation including any such establishment belonging to government and to every establishment of equestrian, acrobatic and other performances, to every shop or establishment within the meaning of any law for the time being in force in relation to shops and establishments in a state, in which ten or more persons are employed, or were employed, on any day of the preceding twelve months; provided that the state government may, with the approval of the Central Government, after giving at least two months' notice shall apply any of the provisions of this act to establishments or class of establishments, industrial, commercial, agricultural or otherwise.

Payment of Gratuity Act, 1972

Gratuity is a lump sum payment made by an employer as the retiral reward for his past service when his employment is terminated. The provisions of the Act are applicable on all the establishments in which ten or more employees were employed on any day of the preceding twelve months and as notified by the government from time to time. The Act provides that within 30 days of opening of the establishment, it has to notify the controlling authority in Form A thereafter whenever there is any change in the name, address or in the change in the nature of the business of the establishment a notice in Form B has to be filed with authority. An employee who has been in continuous service for a period of five years will be eligible for gratuity upon his retirement, superannuation, death or disablement. The maximum amount of gratuity payable shall not exceed ₹ 3.50 Lakhs. Further, every employer has to obtain insurance for his liability towards gratuity payment to be made under payment of Gratuity Act 1972, with Life Insurance Corporation or any other approved insurance fund.

Factories Act, 1948

The Factories Act, 1948 (the "**Factories Act**") regulates the provisions relating to labour employed in factories. This Act defines a factory as any premises on which ten or more workers are employed or were employed on any day of the previous twelve (12) months, and on which a manufacturing process is being carried on with the aid of power, or a premises on which twenty or more workers are employed or were employed on any day of the previous twelve (12) months and on which a manufacturing process is carried on ordinarily without the use of power. The Factories Act provides for the health, safety, and welfare of all

workers and requires that the ‘Occupier’ (defined as the person who has ultimate control over the affairs of the factory and in case of a company, any one of the directors) ensures that all the workers are within safe working conditions while they are in the factory, and are not exposed to any health risks and that they receive adequate instruction, training and supervision to ensure the same. The Factories Act also makes provisions relating to the employment of women and young persons (including children and adolescents), annual leave with wages, etc.

The Factories Act requires an Occupier of a factory to obtain approval, license, and registration for running and qualifying as a factory under the Factories Act, by submitting the application along with plans and specifications to the State Government or the Chief Inspector. Unless this permission from the Chief Inspector is obtained, no building can be constructed or taken in use as a factory or a part of an existing factory. The Chief Inspector may, on receipt of the said application and on being satisfied that there is no objection to the grant of license applied for, register the factory and grant the license to the applicant to use as factory such premises as are specified in the application and subject to compliance with such conditions as are specified in the license.

Any contravention of the provisions of the Factories Act or the rules framed thereunder may lead to imprisonment of the manager or the Occupier of the factory for a term up to two (2) years or with a fine of ₹ 100,000 or both, and in case of continuing contravention even after conviction, with a fine of up to ₹ 1,000 per day of contravention. In case of a contravention which results in an accident causing death or serious bodily injury, the fine shall be not less than ₹ 25,000 and ₹ 5,000 respectively.

The employment of workers, depending on the nature of activity, is regulated by a wide variety of generally applicable labour laws. The following is an indicative list of labour laws which may be applicable to our Company due to the nature of our business activities:

Industries (Development and Regulation) Act, 1951

The Industries (Development and Regulation) Act, 1951 (the “**Act**”) governs the development and regulation of industries in India, and its main objective is to empower the Government to: (i) take necessary steps for the development of industries; (ii) regulate the pattern and direction of industrial development; and (iii) control the activities, performance and results of industrial undertakings in public interest. The Act is applicable to the ‘*Scheduled Industries*’ which have been listed down in the first schedule of the Act and small-scale industrial undertakings and ancillary units are exempted from the provisions of the Act.

The Act regulated the industries by requiring them to obtain industrial licensing by filing an Industrial Entrepreneur Memoranda with the Secretariat of Industrial Assistance, Department of Industrial Policy and Promotion. This Act is administered by the Ministry of Industries and Commerce through its Department of Industrial Policy & Promotion. This department is responsible for the formulation and implementation of promotional and developmental measures for growth of the industrial sector and also monitors the industrial growth and production, in general, and selected industrial sectors.

In addition to above, we are subject to a wide variety of generally applicable labour laws concerning condition of working, benefit and welfare of our labourers and employees such as the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 and the Employees’ (Provident Fund and Miscellaneous Provision) Act, 1952.

Industrial Employment (Standing Orders) Act, 1946

In order to strengthen the bargaining powers of the workers this act is enacted, it requires the employers to formally define the working conditions to the employee. As per this act, an employer is required to submit five copies of standing orders required by him for adoption of his industrial establishment. An employer failing to submit the draft standing orders as required by this act shall be liable to pay fine as per section 13 of this act.

Contract Labour (Regulation and Abolition) Act, 1970, as amended (the “CLRA Act”)

The CLRA Act requires the principal employer of an establishment in which twenty or more workmen are employed or were employed on any day of the preceding twelve months as contract labour, to make an application to the concerned officer for registration of the establishment. In the absence of registration, contract labour cannot be employed in the establishment. Likewise, every contractor who employs or who employed on any day of the preceding twelve months twenty or more workmen, is required to obtain a license and not to undertake or execute any work through contract labour except under and in accordance with the license issued. The CLRA Act imposes certain obligations on the contractor in relation to establishment of

canteens, rest rooms, drinking water, washing facilities, first aid, other facilities and payment of wages. However, in the event the contractor fails to provide these amenities, the principal employer is under an obligation to provide these facilities within a prescribed time period. Penalties, including both fines and imprisonment, may be levied for contravention of the provisions of the CLRA Act.

Employees Provident Fund and Miscellaneous Provisions Act, 1952 (“Act”) and the schemes formulated there under (“Schemes”)

This Act provides for the institution of provident funds, family pension funds and deposit linked insurance fund for the employees in the factories and other establishments. Accordingly, the following schemes are formulated for the benefit of such employees:

- i. ***The Employees Provident Fund Scheme:*** As per this Scheme, a provident fund is constituted and both the employees and employer contribute to the fund at the rate of 12% (or 10% in certain cases) of the basic wages, dearness allowance and retaining allowance, if any, payable to employees per month.
- ii. ***The Employees Pension Scheme:*** Employees’ Pension Scheme is Pension Scheme for survivors, old aged and disabled persons. This Scheme derives its financial resource by partial diversion from the Provident Fund contribution, the rate being 8.33%. Thus, a part of contribution representing 8.33 per cent of the employee’s pay shall be remitted by the employer to the Employees’ Pension fund within 15 days of the close of every month by a separate bank draft or cheque on account of the Employees’ Pension Fund contribution in such manner as may be specified in this behalf by the appropriate authority constituted under the Act. The Central Government shall also contribute at the rate of 1.16 per cent of the pay of the members of the Employees’ Pension Scheme and credit the contribution to the Employees’ Pension Fund.
- iii. ***The Employees Deposit Linked Insurance Scheme:*** As per this Scheme, the contribution by the employer shall be remitted by him together with administrative charges at such rate as the Central Government may fix from time to time under Section 6C (4) of the Act, to the Insurance Fund within 15 days of the close of every month by a separate bank draft or cheque or by remittance in cash in such manner as may be specified in this behalf by the appropriate authority constituted under the Act.

E. FOREIGN INVESTMENT LAWS

The Foreign Trade (Development and Regulation) Act, 1992 and the rules framed thereunder (“FTA”)

The FTA is the main legislation concerning foreign trade in India. The FTA, read along with the Foreign Trade (Regulation) Rules, 1993, provides for the development and regulation of foreign trade by facilitating imports into, and augmenting exports from, India and for matters connected therewith or incidental thereto. It authorizes the government to formulate as well as announce the export and import policy and to keep amending the same on a timely basis. The government has also been given a wide power to prohibit, restrict and regulate the exports and imports in general as well as specified cases of foreign trade. The FTA read with the Foreign Trade Policy, 2023, prohibits anybody from undertaking any import or export except under an importer-exporter code (“IEC”) number granted by the Director General of Foreign Trade. Hence, every entity in India engaged in any activity involving import/export is required to obtain an IEC unless specifically exempted from doing so. The IEC shall be valid until it is cancelled by the issuing authority. An IEC number allotted to an applicant is valid for all its branches, divisions, units and factories. Failure to obtain the IEC number shall attract penalty under the FTA.

F. INTELLECTUAL PROPERTY LAWS

Trade Marks Act, 1999

Indian trademark law permits the registration of trademarks for goods and services. The Trade Marks Act, 1999 (“Trade Mark Act”) governs the statutory protection of trademarks and for the prevention of the use of fraudulent marks in India. An application for trademark registration may be made by individual or joint applicants and can be made on the basis of either use or intention to use a trademark in the future. Once granted, trademark registration is valid for ten years, unless cancelled, and may be renewed indefinitely upon payment of renewal fees every ten years. If not renewed after ten years, the mark lapses and the registration has to be restored. The Trade Mark (Amendment) Act, 2010 has been enacted by the Government to amend the Trade Mark Act to enable Indian nationals as well as foreign nationals to secure simultaneous protection of trademark in other countries. It also seeks to simplify the law relating to transfer of ownership of trademarks by assignment or transmission and to align the law with international practice.

In March 2017, the Trade Marks Rules, 2017 (“**Trade Mark Rules**”) were notified, in supersession of the Trade Marks Rules, 2002. The Trade Marks Rules brought with them some changes in the application process, in terms of an increase in application fees and common formats for multiple kinds of applications. However, the e-filing process has been incentivized by providing lower application fees.

The Designs Act, 2000 (“Designs Act”)

The objective of Designs Act is to promote and protect the design element of industrial production. It is also intended to promote innovative activity in the field of industries. The Controller General of Patents, Designs and Trade Marks appointed under the Trademarks Act shall be the Controller of Designs for the purposes of the Designs Act. When a design is registered, the proprietor of the design has copyright in the design during ten years from the date of registration.

This discussion contains forward-looking statements and reflects our current views with respect to future events and our financial performance and involves numerous risks and uncertainties, including, but not limited to, those described in the section entitled "Risk Factors" on page 25 of this Prospectus. Actual results could differ materially from those contained in any forward-looking statements and for further details regarding forward-looking statements, kindly refer the chapter titled "Forward-Looking Statements" on page 17 of this Prospectus. Unless otherwise stated, the financial information of our Company used in this section has been derived from the Restated Financial Information. Our financial year ends on March 31 of each year. Accordingly, unless otherwise stated, all references to a particular financial year are to the 12-month period ended March 31 of that year.

In this section, unless the context otherwise requires, any reference to "we", "us" or "our" refers to Newmalayalam Steel Limited, our Company on Standalone Basis. Unless otherwise indicated, financial information included herein are based on our Restated Financial Statements the financial years ended March 31, 2024, 2023, 2022 and on September 31, 2024 is on a standalone basis included in this Prospectus beginning on page 180 of this Prospectus

BUSINESS OVERVIEW

Our Company was incorporated in 2017, for taking over the entire business of M/s. Demac Steel along with its assets and liabilities in entirety, on a going concern basis (the "Transfer"). Our Company entered into an agreement to sell business undertaking executed dated August 7, 2017 with M/s. Demac Steel and undertook the transfer of the Assets and Liabilities for a total consideration of ₹ 532.39 lakhs. The amount of the consideration was paid by way of issue of 53,238 Equity Shares of face value of ₹ 1,000 each to Varghese Vazhappily Davis, the sole proprietor of M/s. Demac Steel. The balance amount of ₹ 938/- was paid by way of a cheque. Furthermore, pursuant to the Business Transfer Agreement, M/s. Demac Steel agreed to not compete with our Company and subsequent to the transfer would have no rights in the business of our Company.

Our Company operates under the guidance of our Promoters, Vazhappily Davis Varghese, Divyakumar Jain and Ankur Jain. Our Promoter, Vazhappily Davis Varghese with the intention of expanding the business operations of M/s. Demac Steel, incorporated our Company for expanding our portfolio and reach. Our Company is engaged in the business of manufacturing galvanised pipes, tubes, and sheets. Owing to the consistent efforts of our Promoters, we have been able to create a brand presence in Kerala, under the name of 'Demac Steel'.

In 2018, our Company commenced manufacturing of galvanised pipes, tubes, and sheets by installing another electric resistance welding tube mill of an installed capacity of 3,500 MT in our manufacturing unit situated at Door No. 2/546/A & 2/546/B Mala, Pallipuram P O, Mala, Thrissur - 680 732, Kerala, India. . Our products find extensive application in the general households of Kerala. Galvanised pipes and tubes are used for building the roofs to reduce heat and avoid leakage, further the galvanisation process offers an added advantage of increasing the life of the product and enhancing its quality by making it rust-free. Our products are therefore manufactured to provide an effective solution to the continuous damage caused to houses in Kerala on account of inclement weather condition. Accordingly, our products experience a constant demand on account of being an indispensable raw material in the construction industry in Kerala. In order to capture the market and cater to the growing demand, in the year 2019, we increased our manufacturing capacity by installing another electric resistance welding tube mill of an installed capacity of 4,000 MT in our manufacturing unit.

Key Performance Indicators

In evaluating our business, we consider and use certain key performance indicators that are presented below as supplemental measures to review and assess our operating performance. SIGNIFICANT DEVELOPMENTS SUBSEQUENT TO THE LAST AUDITED FINANCIALS

After the date of last Audited accounts i.e. September 30, 2024, the Directors of our Company confirm that, there have been no significant material developments.

FACTORS AFFECTING OUR RESULTS OF OPERATIONS

Our business is subjected to various risks and uncertainties, including those discussed in the section titled “Risk Factor” beginning on page 25 of this Prospectus. Our results of operations and financial conditions are affected by numerous factors including the following:

Fluctuating Raw Material Prices: The cost of steel, a key raw material for galvanized pipes, can be subject to volatility due to factors like global demand, trade policies, and geopolitical events. Fluctuations in raw material prices can affect the profitability of businesses in this sector.

Infrastructure and Economic Conditions: The demand for galvanized pipes is closely tied to infrastructure development and economic conditions. Economic downturns, delays in infrastructure projects, or changes in government spending priorities can impact the overall demand for construction-related materials.

Global Economic Factors: The global economic environment, including trade tensions and economic downturns, can affect the export and import dynamics of steel and related products, potentially impacting the galvanized pipes business in India.

Seasonal Impact: Rainy season will have an impact on sales as the sale of GV pipes are dependent on the construction sector.

SECTION VII – LEGAL AND OTHER INFORMATION

OUTSTANDING LITIGATION AND MATERIAL DEVELOPMENTS

Except as stated in this section, there are no: (i) criminal proceedings; (ii) actions by statutory or regulatory authorities; (iii) claims relating to direct and indirect taxes; (iv) disciplinary actions including penalties imposed by SEBI or Stock Exchanges against the Promoter in the last five financial years, including any outstanding action; or (v) Material Litigation (as defined below); involving our Company, Directors, Promoter and Subsidiaries.

For the purposes of (iv) above, in terms of the Materiality Policy adopted by our Board pursuant to a resolution dated February 14, 2024, any pending litigation / arbitration proceedings involving the Relevant Parties shall be considered “material” for the purposes of disclosure in this Prospectus, if:

- a.) The aggregate monetary claim/ dispute amount/ liability made by or against our Company in any such pending litigation (individually or in aggregate), is equivalent to or above 5% of the restated profit after tax of our Company, as per the latest completed fiscal year of the Restated Financial Statements (amounting to ₹21.34 lakhs);
- b.) Any such pending litigation / arbitration proceeding involving the Directors or Promoter of our Company or our Group Companies, which may have a material adverse impact on the business, operations, performance, prospects, financial position or reputation of our Company; and
- c.) any such litigation wherein a monetary liability is not determinable or quantifiable, or which does not fulfil the threshold as specified in (a) or (b) above, as applicable, or wherein our Company is not a party, but the outcome of which could, nonetheless, have a material effect on the business, operations, performance, prospects, financial position or reputation of our Company.

Our Board of Directors considers dues owed by our Company to the small-scale undertakings and other creditors exceeding 5% of restated trade payables for the most recent period for which financial statements have been included in this Prospectus (being September 30, 2024), aggregating to ₹ 104.66 lakhs as material dues for the Company. This materiality threshold has been approved by our Board of Directors pursuant to the resolution passed on February 14, 2024. Jurisdiction

Exclusive Jurisdiction for the purpose of this Issue is with the competent courts/authorities in India.

The Equity Share have not been and will not be registered under the U.S. Securities Act or any state securities laws in the United States and may not be issued or sold within the United States or to, or for the account or benefit of, —U.S. personal (as defined in Regulation S), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws. Accordingly, the Equity Shares are being issued and sold only outside the United States in off-shore transactions in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those issues and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Nomination Facility to Investor

In accordance with Section 72 of the Companies Act, 2013, the sole or first applicant, along with other joint applicant, may nominate any one person in whom, in the event of the death of sole applicant or in case of joint applicant, death of all the applicants, as the case may be, the Equity Shares allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall in accordance with Section 72 of the Companies Act, 2013 be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at the Registered Office of our Company or to the Registrar and Transfer Agent of our Company.

In accordance with Section 72 of the Companies Act, 2013, any Person who becomes a nominee by virtue of Section 72 of the Companies Act, 2013 shall upon the production of such evidence as may be required by the Board, elect either:

- To register himself or herself as the holder of the Equity Shares; or
- To make such transfer of the Equity Shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of 90 (ninety) days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the allotment of Equity Shares in the Issue is in dematerialized form, there is no need to make a separate nomination with us. Nominations registered with the respective depository participant of the applicant would prevail. If the investors require changing the nomination, they are requested to inform their respective depository participant.

Restrictions, if any on Transfer and Transmission of Equity Shares

SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019, had introduced an alternate payment mechanism using Unified Payments Interface (“UPI”) and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for RIBs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days. (“UPI Phase I”). The UPI Phase I was effective till June 30, 2019.

With effect from July 1, 2019, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, read with circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 with respect to Bids by RIBs through Designated Intermediaries (other than SCSBs), the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds was discontinued and only the UPI Mechanism for such Bids with existing timeline of T+6 days was mandated for a period of three months or launch of five main board public issues, whichever is later (“UPI Phase II”) and this phase was to continue till March 31, 2020 and post which reduced timeline from T+6 days to T+3 days was to be made effective using the UPI Mechanism for applications by RIBs. The final reduced timeline of T+3 days for the UPI Mechanism for applications by UPI Bidders (“UPI Phase III”), and modalities of the implementation of UPI Phase III was notified by SEBI vide its circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 and made effective on a voluntary basis for all issues opening on or after September 1, 2023 and on a mandatory basis for all issues opening on or after December 1, 2023 (“T+3 SEBI Circular”). The Issue will be undertaken pursuant to the processes and procedures under UPI Phase III, subject to any circulars, clarification or notification issued by the SEBI from time to time. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 as amended pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022, has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. This circular shall come into force for initial public offers opening on/or after May 1, 2021, except as amended pursuant to SEBI circular SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and the provisions of this circular, are deemed to form part of this Prospectus. SEBI, vide the SEBI RTA Master Circular, consolidated the aforementioned circulars to the extent relevant for RTAs, and rescinded these circulars. Furthermore, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, all individual bidders in initial public offerings (opening on or after May 1, 2022) whose application size are up to ₹5 lakhs shall use the UPI Mechanism. Subsequently, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022, applications made using the ASBA facility in initial public offerings (opening on or after September 1, 2022) shall be processed only after application monies are blocked in the bank accounts of investors (all categories). These circulars are effective for initial public offers opening on/or after May 1, 2021, and the provisions of these circulars, as amended, are deemed to form

part of this Prospectus.

In terms of Regulation 23(5) and Regulation 52 of SEBI ICDR Regulations, the timelines and processes mentioned in SEBI RTA Master Circular, shall continue to form part of the agreements being signed between the intermediaries involved in the public issuance process and Book Running Lead Manager shall continue to coordinate with intermediaries involved in the said process.

BOOK BUILDING PROCEDURE:

This Issue was made in terms of Rule 19(2)(b) of the SCRR, through the Book Building Process in accordance with Regulation 253 of the SEBI ICDR Regulations wherein not more than 10.02% of the Issue shall be allocated on a proportionate basis to QIBs. Further, 5.07% of the QIB Portion was made available for allocation on a proportionate basis only to Mutual Funds, and spill-over from the remainder of the QIB Portion was made available for allocation on a proportionate basis to all QIBs, including Mutual Funds, subject to valid Bids being received at or above the Issue Price. Further, not less than 44.95% of the Issue was made available for allocation on a proportionate basis to Non-Institutional Bidders and not less than 45.03% of the Issue was made available for allocation to Retail Individual Bidders in accordance with the SEBI ICDR Regulations, subject to valid Bids being received at or above the Issue Price.

Under-subscription, if any, in any category, except in the QIB Portion, would be allowed to be met with spill over from any other category or combination of categories of Bidders at the discretion of our Company, in consultation with the BRLM and the Designated Stock Exchange subject to receipt of valid Bids received at or above the Issue Price. Under-subscription, if any, in the QIB Portion, would not be allowed to be met with spill-over from any other category or a combination of categories.

The Equity Shares, on Allotment, shall be traded only in the dematerialized segment of the Stock Exchange.

Investors should note that the Equity Shares will be allotted to all successful Bidders only in dematerialised form. The Bid cum Application Forms which did not have the details of the Bidders' depository account, including DP ID, Client ID, the PAN and UPI ID, for RIBs Bidding in the Retail Portion using the UPI Mechanism, were treated as incomplete and were rejected. Bidders did not have the option of being allotted Equity Shares in physical form. However, they may get their Equity Shares rematerialized subsequent to allotment of the Equity Shares in the Issue, subject to applicable laws.

The Application Form contained space for indicating number of specified securities subscribed for in demat form.

Phased implementation of Unified Payments Interface

SEBI has issued UPI Circulars in relation to streamlining the process of public issue of equity shares and convertibles. Pursuant to the UPI Circulars, UPI has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under ASBA) for applications by RIIs through intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to upto three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI Mechanism, the UPI Circulars proposes to introduce and implement the UPI Mechanism in three phases in the following manner:

- a) Phase I: This phase was applicable from January 01, 2019 and lasted till June 30, 2019. Under this phase, a Retail Individual Bidder, besides the modes of Bidding available prior to the UPI Circulars, also had the option to submit the Bid cum Application Form with any of the intermediary and use his / her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing continued to be six Working Days.
- b) Phase II: This phase has commenced with effect from July 01, 2019 and will continue for a period of three months or floating of five main board public issues, whichever is later. Under this phase, submission of the Bid cum Application Form by a Retail Individual Investor through intermediaries to SCSBs for blocking of funds has been discontinued and has been replaced by the UPI Mechanism. However, the time duration from public issue closure

to listing continues to be six Working Days during this phase. SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 extended the timeline for implementation of UPI Phase II till further notice.

- c) Phase III/T+3: This phase has become applicable on a voluntary basis for all issues opening on or after September 1, 2023 and on a mandatory basis for all issues opening on or after December 1, 2023 vide T+3 Press Release. In this phase, the time duration from public issue closure to listing has been reduced to three Working Days. The Issue shall be undertaken pursuant to the processes and procedures as notified in the T+3 Press Release as applicable, subject to any circulars, clarification or notification issued by SEBI from time to time, including any circular, clarification or notification which may be issued by SEBI.

Pursuant to the UPI Circular, SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the UPI Circular include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked not later than one day from the date on which the Basis of Allotment is finalized. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law. Additionally, if there is any delay in the redressal of investors complaints in this regard, the relevant SCSB as well as the post – Issue BRLM will be required to compensate the concerned investor.

All SCSBs offering the facility of making applications in public issues shall also provide the facility to make application using UPI. The Company were required to appoint one of the SCSBs as a Sponsor Bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and/ or payment instructions of the Retail Individual Bidders using the UPI.

The processing fees for applications made by Retail Individual Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI Circular No: SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 read with SEBI Circular No: SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021.

For further details, refer to the “General Information Document” available on the websites of the Stock Exchange and the BRLM.

Bid cum Application Form

Copies of the Bid cum Application Form and the abridged prospectus were made available with the Designated Intermediaries at the Bidding Centres, and our Registered and Corporate Office. An electronic copy of the Bid cum Application Form was also made available for download on the website of National Stock Exchange of India Limited (www.nseindia.com) at least one day prior to the Bid/Issue Opening Date.

All Bidders were required to mandatorily participate in the Issue only through the ASBA process. The RIs Bidding in the Retail Portion could additionally Bid through the UPI Mechanism.

ASBA Bidders were required to ensure that the Bids were made on ASBA Forms bearing the stamp of the Designated Intermediary, submitted at the Bidding Centres only (except in case of electronic ASBA Forms) and the ASBA Forms not bearing such specified stamp were liable to be rejected. RIBs Bidding in the Retail Portion using UPI Mechanism, could submit their ASBA Forms, including details of their UPI IDs, with the Syndicate, Sub-Syndicate members, Registered Brokers, RTAs or CDPs. RIBs authorizing an SCSB to block the Bid Amount in the ASBA Account could submit their ASBA Forms with the SCSBs. ASBA Bidders were required to ensure that the ASBA Account has sufficient credit balance such that an amount equivalent to the full Bid Amount could be blocked by the SCSB or the Sponsor Bank, as applicable at the time of submitting the Bid.

The prescribed colour of the Application Form for various categories was as follows:

Category	Colour of Application Form*
Resident Indians, including resident QIBs, Non-Institutional Investors, Retail Individual Investors and Eligible NRIs applying on a non-repatriation basis	White
Non-Residents including Eligible NRIs, FII's, FVCIs etc. applying on a repatriation basis	Blue

Note: Electronic Bid Cum Application Forms will also be available for download on the website of the National Stock Exchange of India Limited (www.nseindia.com).

Designated Intermediaries (other than SCSBs) after accepting Bid Cum Application Form submitted by RIIs (without using UPI for payment), NIIs and QIBs captured and uploaded the relevant details in the electronic bidding system of stock exchange(s) and submitted/delivered the Bid Cum Application Forms to respective SCSBs where the Bidders had a bank account and did not submit it to any non-SCSB Bank.

Further, for applications submitted to designated intermediaries (other than SCSBs), with use of UPI for payment, after accepting the Bid Cum Application Form, respective intermediary captured and uploaded the relevant application details, including UPI ID, in the electronic bidding system of stock exchange(s).

Bidders were required only to use the specified Bid Cum Application Form for making an Application in terms of this Prospectus.

The Bid Cum Application Form was required to contain information about the Bidder and the price and the number of Equity Shares that the Bidders wished to apply for. Bid Cum Application Forms downloaded and printed from the website of the Stock Exchange were required to bear a system generated unique application number. Bidders were required to ensure that the ASBA Account had sufficient credit balance as an amount equivalent to the full Application Amount could be blocked by the SCSB or Sponsor Bank at the time of submitting the Application.

An Investor, intending to subscribe to this Issue, was required to submit a completed Bid Cum Application Form to any of the following intermediaries (Collectively called – Designated Intermediaries”)

Sr. No.	Designated Intermediaries
1.	An SCSB, with whom the bank account to be blocked, is maintained
2.	A syndicate member (or sub-syndicate member)
3.	A stock broker registered with a recognized stock exchange (and whose name is mentioned on the website of the stock exchange as eligible for this activity) ('broker')
4.	A depository participant ('DP') (whose name is mentioned on the website of the stock exchange as eligible for this activity)
5.	A registrar to an Issue and share transfer agent ('RTA') (whose name is mentioned on the website of the stock exchange as eligible for this activity)

Retails investors submitting application with any of the entities at (ii) to (v) above (hereinafter referred as “Intermediaries”), and intending to use UPI, shall also enter their UPI ID in the Bid Cum Application Form.

The aforesaid intermediary shall, at the time of receipt of application, give an acknowledgement to investor, by giving the counter foil or specifying the application number to the investor, as a proof of having accepted the Bid Cum Application Form, in physical or electronic mode, respectively.

The upload of the details in the electronic bidding system of stock exchange was done by:

For Applications submitted by Investors to SCSB:	After accepting the form, SCSB shall capture and upload the relevant details in the electronic bidding system as specified by the stock exchange and may begin blocking funds available in the bank account specified in the form, to the extent of the application money specified.
For applications submitted by investors to intermediaries other than SCSBs:	After accepting the Bid Cum Application Form, respective Intermediary shall capture and upload the relevant details in the electronic bidding system of the stock exchange. Post uploading, they shall forward a schedule as per prescribed format along with the Bid Cum Application Forms to designated branches of the respective SCSBs for blocking of funds within one day of closure of Issue.
For applications submitted by investors to intermediaries other than SCSBs with use of UPI for payment:	After accepting the Bid Cum Application Form, respective intermediary shall capture and upload the relevant application details, including UPI ID, in the electronic bidding system of stock exchange. Stock exchange shall share application details including the UPI ID with sponsor bank on a continuous basis, to enable sponsor bank to initiate mandate request on investors for blocking of funds. Sponsor bank shall initiate request for blocking of funds through NPCI to investor. Investor to accept mandate request for blocking of funds, on his/her mobile application, associated with UPI ID linked bank account.

Stock exchange validated the electronic bid details with depository's records for DP ID/Client ID and PAN, on a real-time basis and bring the inconsistencies to the notice of intermediaries concerned, for rectification and re-submission within the time specified by stock exchange.

Stock exchange allowed modification of selected fields viz. DP ID/Client ID or Pan ID (Either DP ID/Client ID or Pan ID can be modified but not BOTH), Bank code and Location code, in the bid details already uploaded.

Upon completion and submission of the Bid Cum Application Form to Application Collecting intermediaries, the Bidders were deemed to have authorized our Company to make the necessary changes in this Prospectus, without prior or subsequent notice of such changes to the Bidders.

For RIBs using UPI Mechanism, the Stock Exchange shared the Bid details (including UPI ID) with the Sponsor Bank on a continuous basis to enable the Sponsor Bank to initiate UPI Mandate Request to RIBs for blocking of funds. The Sponsor Bank initiated request for blocking of funds through NPCI to RIBs, who accepted the UPI Mandate Request for blocking of funds on their respective mobile applications associated with UPI ID linked bank account. For all pending UPI Mandate Requests, the Sponsor Bank initiated requests for blocking of funds in the ASBA Accounts of relevant Bidders with a confirmation cut-off time of 12:00 pm on the first Working Day after the Bid/ Issue Closing Date ("Cut-Off Time"). Accordingly, RIBs accepted UPI Mandate Requests for blocking off funds prior to the Cut- Off Time and all pending UPI Mandate Requests at the Cut-Off Time lapsed. The NPCI shall maintain an audit trail for every bid entered in the Stock Exchange bidding platform, and the liability to compensate RIBs (using the UPI Mechanism) in case of failed transactions shall be with the concerned entity (i.e. the Sponsor Bank, NPCI or the bankers to an issue) at whose end the lifecycle of the transaction has come to a halt. The NPCI shall share the audit trail of all disputed transactions/ investor complaints to the Sponsor Banks and the bankers to an issue. The BRLM shall also be required to obtain the audit trail from the Sponsor Banks and the Bankers to the Issue for analysing the same and fixing liability.

As per the existing regulations, OCBs are not eligible to participate in this Issue. The RBI has however clarified in its circular, A.P. (DIR Series) Circular No. 44, dated December 8, 2003 that OCBs which are incorporated and are not under the adverse notice of the RBI are permitted to undertake fresh investments as 138 incorporated non- resident entities in terms of Regulation 5(1) of RBI Notification No.20/2000-RB dated May 3, 2000 under FDI Scheme with the prior approval of Government if the investment is through Government Route and with the prior approval of RBI if the investment is through Automatic Route on case by case basis. OCBs may invest in this Issue provided it obtains a prior approval from the RBI. On submission of such approval along with the Bid Cum Application Form, the OCB shall be eligible to be considered for share allocation.

MAXIMUM AND MINIMUM APPLICATION SIZE

1. For Retail Individual Bidders

The Application was required to be for a minimum of 1600 Equity Shares and in multiples of 1600 Equity Shares thereafter, so as to ensure that the Application Price payable by the Bidder does not exceed ₹ 2,00,000. In case of revision of Applications, the Retail Individual Bidders had to ensure that the Application Price does not exceed ₹ 2,00,000.

2. For Other than Retail Individual Bidders (Non-Institutional Applicants and QIBs):

The Application was required to be for a minimum of such number of Equity Shares that the Application Amount exceeds ₹ 2,00,000 and in multiples of 1600 Equity Shares thereafter. An Application could not be submitted for more than the Net Issue Size. However, the maximum Application by a QIB investor should not have exceed the investment limits prescribed for them by applicable laws. Under existing SEBI Regulations, a QIB Bidder could not withdraw its Application after the Issue Closing Date and is required to pay 100% QIB Margin upon submission of Application.

In case of revision in Applications, the Non-Institutional Bidders, who are individuals, had to ensure that the Application Amount was greater than ₹ 2,00,000 for being considered for allocation in the Non-Institutional Portion.

Bidders were advised to ensure that any single Application from them did not exceed the investment limits or maximum number of Equity Shares that could be held by them under applicable law or regulation or as specified in the Red Herring Prospectus and this Prospectus.

The above information was given for the benefit of the Bidders. The Company and the BRLM were not liable

for any amendments or modification or changes in applicable laws or regulations, which could occur after the date of this Prospectus. Bidders are advised to make their independent investigations and ensure that the number of Equity Shares applied for did not exceed the applicable limits under laws or regulations.

METHOD OF BIDDING PROCESS

Our Company, in consultation with the BRLM decided the Price Band and the minimum Bid lot size for the Issue and the same was advertised in English editions of Financial Express (a widely circulated English national daily newspaper), Hindi editions of Jansatta (a widely circulated Hindi national daily newspaper) and Malayalam editions of Chandrika (a Malayalam language newspaper with wide circulation, Malayalam being the regional language of Kerala, where our Registered Office is located) each with wide circulation at least two Working Days prior to the Bid / Issue Opening Date. The BRLM and the SCSBs accepted Bids from the Bidders during the Bid / Issue Period.

- a) The Bid / Issue Period was for a minimum of three Working Days and did not exceed 10 Working Days. The Bid/ Issue Period maybe extended, if required, by an additional three Working Days, subject to the total Bid/ Issue Period not exceeding 10 Working Days.
- b) Each Bid cum Application Form gave the Bidder the choice to Bid for up to three optional prices (for details refer to the paragraph titled “Bids at Different Price Levels and Revision of Bids” below) within the Price Band and specify the demand (i.e., the number of Equity Shares Bid for) in each option. The price and demand options submitted by the Bidder in the Bid cum Application Form were treated as optional demands from the Bidder and were not cumulated. After determination of the Issue Price, the maximum number of Equity Shares Bid for by a Bidder/Applicant at or above the Issue Price were considered for allocation/Allotment and the rest of the Bid(s), irrespective of the Bid Amount, became automatically invalid.
- c) The Bidder / Applicant could not Bid through another Bid cum Application Form after Bids through one Bid cum Application Form were submitted to a BRLM or the SCSBs. Submission of a second Bid cum Application Form to either the same or to another BRLM or SCSB were treated as multiple Bid and were liable to be rejected either before entering the Bid into the electronic bidding system, or at any point of time prior to the allocation or Allotment of Equity Shares in this Issue. However, the Bidder could revise the Bid through the Revision Form, the procedure for which is detailed under the paragraph “Buildup of the Book and Revision of Bids”.
- d) The BRLM/the SCSBs entered each Bid option into the electronic bidding system as a separate Bid and generate a Transaction Registration Slip, (“TRS”), for each price and demand option and give the same to the Bidder. Therefore, a Bidder could receive up to three TRSs for each Bid cum Application Form.
- e) Upon receipt of the Bid cum Application Form, submitted whether in physical or electronic mode, the Designated Branch of the SCSB verified if sufficient funds equal to the Bid Amount are available in the ASBA Account, as mentioned in the Bid cum Application Form, prior to uploading such Bids with the Stock Exchange.
- f) If sufficient funds were not available in the ASBA Account, the Designated Branch of the SCSB rejected such Bids and such Bids were not uploaded with the Stock Exchange.
- g) If sufficient funds were available in the ASBA Account, the SCSB blocked an amount equivalent to the Bid Amount mentioned in the Bid cum Application Form and entered each Bid option into the electronic bidding system as a separate Bid and generated a TRS for each price and demand option. The TRS was furnished to the ASBA Bidder on request.
- h) The Bid Amount remained blocked in the aforesaid ASBA Account until finalization of the Basis of Allotment and consequent transfer of the Bid Amount against the Allotted Equity Shares to the Public Issue Account, or until withdrawal/failure of the Issue or until withdrawal/rejection of the Bid cum Application Form, as the case may be. Once the Basis of Allotment is finalized, the Registrar to the Issue shall send an appropriate request to the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount allocable to the successful Bidders to the Public Issue Account. In case of withdrawal/failure of the Issue, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Issue.

BIDS AT DIFFERENT PRICE LEVELS AND REVISION OF BIDS

- a. Our Company in consultation with the BRLM, finalized the Issue Price within the Price Band, without the prior approval of, or intimation, to the Bidders.
- b. The Bidders could Bid at any price within the Price Band. The Bidder had to Bid for the desired number of Equity Shares at a specific price. Retail Individual Bidders may Bid at the Cut-off Price. However, bidding at the Cut-off Price was prohibited for QIB and Non-Institutional Bidders and such Bids from QIB and Non-Institutional Bidders were rejected.
- c. Retail Individual Bidders, who Bid at Cut-off Price agreed that they shall purchase the Equity Shares at any

price within the Price Band. Retail Individual Bidders submitted the Bid cum Application Form along with a cheque/demand draft for the Bid Amount based on the Cap Price with the Syndicate. In case of ASBA Bidders (excluding Non-Institutional Bidders and QIB Bidders) bidding at Cut-off Price, the ASBA Bidders instructed the SCSBs to block an amount based on the Cap Price.

Participation by Associates /Affiliates of BRLM and the Syndicate Members

The BRLM and the Syndicate Members, if any, were not allowed to purchase in this Issue in any manner, except towards fulfilling their underwriting obligations. However, the associates and affiliates of the BRLM and the Syndicate Members, if any, may subscribe to the Equity Shares in the Issue, either in the QIB Category or in the Non- Institutional Category as may be applicable to such Bidders, where the allocation is on a proportionate basis and such subscription would be on their own account or on behalf of their clients.

Option to Subscribe in the Issue

- a. As per Section 29(1) of the Companies Act 2013, allotment of Equity Shares shall be made in dematerialized form only. Investors will not have the option of getting allotment of specified securities in physical form.
- b. The Equity Shares, on allotment, shall be traded on the Stock Exchange in demat segment only.
- c. A single application from any investor shall not exceed the investment limit/minimum number of Equity Shares that can be held by him/her/it under the relevant regulations/statutory guidelines and applicable law.

Information for the Bidders:

1. Our Company and the Book Running Lead Manager have declared the Issue Opening Date and Issue Closing Date in the Red Herring Prospectus to be registered with the RoC and also publish the same in English editions of Financial Express (a widely circulated English national daily newspaper), Hindi editions of Jansatta (a widely circulated Hindi national daily newspaper) and Malayalam editions of Chandrika (a Malayalam language newspaper with wide circulation, Malayalam being the regional language of Kerala, where our Registered Office is located) each with wide circulation. This advertisement was in prescribed format.

In accordance with the SEBI Regulations, the PAN would be the sole identification

number for participating transacting in the securities market, irrespective of the amount of transaction. Any Bid Cum Application Form without PAN is liable to be rejected. The demat accounts of Bidders for whom PAN details have not been verified, excluding person resident in the State of Sikkim or persons who may be exempted from specifying their PAN for transacting in the securities market, shall be “suspended for credit” and no credit of Equity Shares pursuant to the Issue will be made into the accounts of such Bidders.

10. The Bidders were required to note that in case the PAN, the DP ID and Client ID mentioned in the Bid Cum Application Form and entered into the electronic collecting system of the Stock Exchange Designated Intermediaries did not match with PAN, the DP ID and Client ID available in the Depository database, the Bid Cum Application Form was liable to be rejected.

BIDS BY HUFs

Bids by Hindu Undivided Families or HUFs were required to be made in the individual name of the Karta. The Bidder were required to specify that the Bid is being made in the name of the HUF in the Bid cum Application Form/Application Form as follows: “Name of sole or first Bidder: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the Karta”. Bids/Applications by HUFs will be considered at par with Bids/Applications from individuals.

BIDS BY MUTUAL FUNDS

With respect to Bids by Mutual Funds, a certified copy of their SEBI registration certificate were required to be lodged along with the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserved the right to reject any Bid without assigning any reason thereof.

Bids made by asset management companies or custodians of Mutual Funds were required to specifically state names of the concerned schemes for which such Bids were made.

In case of a Mutual Fund, a separate Bid could be made in respect of each scheme of the Mutual Fund registered with SEBI and such Bids in respect of more than one scheme of the Mutual Fund were not treated as multiple Bids provided that the Bids clearly indicate the scheme concerned for which the Bid has been made.

No Mutual Fund scheme were required to invest more than 10.00% of its net asset value in equity shares or equity related instruments of any single company provided that the limit of 10.00% shall not be applicable for investments in case of index funds or sector or industry specific schemes. Eligible NRIs could obtain copies of Bid cum Application Form from the Designated Intermediaries. Only Bids accompanied by payment in Indian Rupees or freely convertible foreign exchange will be considered for Allotment. Eligible NRI Bidders bidding on a repatriation basis by using the Non-Resident Forms were required to authorize their SCSB (if they are Bidding directly through the SCSB) or confirm or accept the UPI Mandate Request (in case of Bidding through the UPI Mechanism) to block their Non-Resident External (“NRE”) accounts, or Foreign Currency Non-Resident (“FCNR”) Accounts, and eligible NRI Bidders bidding on a non- repatriation basis by using Resident Forms should authorize their SCSB (if they are Bidding directly through SCSB) or confirm or accept the UPI Mandate Request (in case of Bidding through the UPI Mechanism) to block their Non-Resident Ordinary (“NRO”) accounts for the full Bid Amount, at the time of the submission of the Bid cum Application Form. Participation of Eligible NRIs in the Issue shall be subject to the FEMA Rules.

In accordance with the Consolidated FDI Policy, the total holding by any individual NRI, on a repatriation or non-repatriation basis, did not exceed 5.00% of the total paid-up equity capital on a fully diluted basis or did not exceed 5.00% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together, on a repatriation or non- repatriation basis, did not exceed 10% of the total paid-up equity capital on a fully diluted basis or did not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrant. Provided that the aggregate ceiling of 10.00% may be raised to 24.00% if a special resolution to that effect is passed by the general body of the Indian company.

NRIs were permitted to apply in the Issue through Channel I or Channel II (as specified in the UPI Circular). Further, subject to applicable law, NRIs may use Channel IV (as specified in the UPI Circular) to apply in the Issue, provided the UPI facility was enabled for their NRE/ NRO accounts.

NRIs applying in the Issue using UPI Mechanism were advised to enquire with the relevant bank whether their bank account is UPI linked prior to making such application. For details of investment by NRIs, see “**Restrictions on Foreign Ownership of Indian Securities**” beginning on page 268. Participation of eligible NRIs were subject to FEMA NDI Rules.

BIDS BY FPIs

In terms of the SEBI FPI Regulations, the issue of Equity Shares to a single FPI or an investor group (which means the same multiple entities having common ownership directly or indirectly of more than 50% or common control) were required to be below 10% of our post-Issue Equity Share capital. Further, in terms of the FEMA NDI Rules, with effect from April 1, 2020, the aggregate FPI investment limit is the sectoral cap applicable to an Indian company as prescribed in the FEMA NDI Rules with respect to its paid-up equity capital on a fully diluted basis. Currently, the sectoral cap for retail trading of food products manufactured and/ or produced in India is 100% under automatic route.

FPIs were permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time. In case of Bids made by FPIs, a certified copy of the certificate of registration issued under the SEBI FPI Regulations was required to be attached to the Bid cum Application Form, failing which our Company reserved the right to reject any Bid without assigning any reason. FPIs who wished to participate in the Issue were advised to use the Bid cum Application Form for Non-Residents.

In terms of the FEMA, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs would be included.

The FEMA NDI Rules were enacted on October 17, 2019 in supersession of the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2017, except as respects things done or omitted to be done before such supersession. **FPIs were permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.**

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only by persons registered as Category I FPIs; (ii) such offshore derivative instruments are issued only to persons eligible for registration as Category I FPIs; (iii) such offshore derivative instruments are issued after compliance with 'know your client' norms; and (iv) such other conditions as may be specified by SEBI from time to time.

An FPI issuing off-shore derivative instruments is also required to ensure that any transfer of off-shore derivative instruments issued by, or on behalf of it subject to, inter alia, the following conditions:

- (i). such offshore derivative instruments are transferred to person subject to fulfilment of SEBI FPI Regulations; and
- (ii). Prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred are pre-approved by the FPI.

Bids by FPIs which finalized the multi-investment manager structure in accordance with the Operational Guidelines for Foreign Portfolio Investors and Designated Depository Participants issued to facilitate implementation of the SEBI FPI Regulations ("Operational FPI Guidelines"), submitted with the same PAN but with different beneficiary account numbers, Client IDs and DP IDs shall not be treated as multiple Bids ("MIM Bids"). It was clarified that FPIs bearing the same PAN would be treated as multiple Bids by a Bidder and would be rejected, except for Bids from FPIs that finalized the multi-investment manager structure in accordance with the Operational FPI Guidelines (such structure referred to as "MIM Structure"). In order to ensure valid Bids, FPIs making MIM Bids using the same PAN and with different beneficiary account numbers, Client IDs and DP IDs, were required to submit a confirmation that their Bids are under the MIM Structure and indicate the name of their investment managers in such confirmation which were submitted along with each of their Bid cum Application Forms. In the absence of such confirmation from the relevant FPIs, such MIM Bids were rejected.

BIDS BY SEBI-REGISTERED AIFS, VCFs AND FVCIS

The SEBI FVCI Regulations, SEBI VCF Regulations and the SEBI AIF Regulations prescribe, inter alia, the investment restrictions on the FVCIs, VCFs and AIFs registered with SEBI respectively. FVCIs could invest only up to 33.33% of the investible funds by way of subscription to an initial public offering. Category I AIF and Category II AIF could not invest more than 25% of the investible funds in one investee company directly or through investment in the units of other AIFs. A Category III AIF could not invest more than 10% of the investible funds in one investee company directly or through investment in the units of other AIFs. AIFs which are authorized under the fund documents to invest in units of AIFs were prohibited from offering their units for subscription to other AIFs. A VCF registered as a Category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its investible funds by way of subscription to an initial public offering of a venture capital undertaking. Additionally, a VCF that has not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the SEBI VCF Regulations (and accordingly shall not be allowed to participate in the Issue) until the existing fund or scheme managed by the fund is wound up and such

funds shall not launch any new scheme after the notification of the SEBI AIF Regulations.

There was no reservation for Eligible NRIs, FPIs and FVCIs and all Bidders will be treated on the same basis with other categories for the purpose of allocation.

Further, the shareholding of VCFs, category I AIFs or category II AIFs and FVCIs holding Equity Shares prior to Issue, shall be locked-in for a period of at least one year from the date of purchase of such Equity Shares.

All non-resident investors should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

The Company or the BRLM will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

BIDS BY LIMITED LIABILITY PARTNERSHIPS

In case of Bids made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, was required to be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserved the right to reject any Bid without assigning any reason thereof.

BIDS BY BANKING COMPANIES

In case of Bids made by banking companies registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, and (ii) the approval of such banking company's investment committee were required to be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserved the right to reject any Bid without assigning any reason thereof. The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended and Master Circular on Basel III Capital Regulations dated July 1, 2014, as amended, is 10.00% of the paid up share capital of the investee company, not being its subsidiary engaged in non-financial services, or 10.00% of the bank's own paid-up share capital and reserves, whichever is lower.

However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid up share capital of such investee company, subject to prior approval of the RBI if (i) the investee company is engaged in non-financial activities permitted for banking companies in terms of Section 6(1) of the Banking Regulation Act; or (ii) the additional acquisition is through restructuring of debt, or to protect the banking company's interest on loans/investments made to a company. The bank is required to submit a time bound action plan to the RBI for the disposal of such shares within a specified period. The aggregate investment by a banking company along with its subsidiaries, associates or joint ventures or entities directly or indirectly controlled by the bank; and mutual funds managed by asset management companies controlled by the bank, more than 20% of the investee company's paid up share capital engaged in non-financial services. However, this cap doesn't apply to the cases mentioned in (i) and (ii) above. The aggregate equity investments made by a banking company in all subsidiaries and other entities engaged in financial services and non-financial services, including overseas investments shall not exceed 20% of the bank's paid-up share capital and reserves.

In terms of the Master Circular on Basel III Capital Regulations dated July 1, 2014, as amended (i) a bank's investment in the capital instruments issued by banking, financial and insurance entities should not exceed 10% of its capital funds; (ii) banks should not acquire any fresh stake in a bank's equity shares, if by such acquisition, the investing bank's holding exceeds 5% of the investee bank's equity capital; (iii) equity investment by a bank in a subsidiary company, financial services company, financial institution, stock and other exchanges should not exceed 10% of the bank's paid-up share capital and reserves; (iv) equity investment by a bank in companies engaged in non-financial services activities would be subject to a limit of 10% of the investee company's paid-up share capital or 10% of the bank's paid-up share capital and reserves, whichever is less; and (v) a banking company is restricted from holding shares in any company, whether as pledgee, mortgagee or absolute owner, of an amount exceeding 30% of the paid-up share capital of that company or 30% of its own paid-up share capital and reserves, whichever is less. For details in relation to the investment limits under Master Direction – Ownership in Private Sector Banks, Directions, 2016, see *“Key Regulations and Policies”* beginning on page 134.

BIDS BY SCSBS

SCSBs participating in the Issue were required to comply with the terms of the circulars issued by the SEBI dated September 13, 2012 and January 2, 2013. Such SCSBs were required to ensure that for making applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBs. Further, such account shall be used solely for the purpose of making application in public issues and clear demarcated funds should be available in such account for such applications.

BIDS BY SYSTEMICALLY IMPORTANT NBFCs

In case of Bids made by Systemically Important NBFCs registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, (ii) the last audited financial statements on a standalone basis, (iii) a net worth certificate from its statutory auditors, and (iv) such other approval as may be required by the Systemically Important NBFCs were required to be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserved the right to reject any Bid without assigning any reason thereof.

Systemically Important NBFCs participating in the Issue shall comply with all applicable regulations, directions, guidelines and circulars issued by the RBI from time to time.

The investment limit for Systemically Important NBFCs shall be as prescribed by RBI from time to time.

BIDS BY INSURANCE COMPANIES

In case of Bids made by insurance companies registered with the IRDAI, a certified copy of certificate of registration issued by IRDAI was required to be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserved the right to reject any Bid without assigning any reason thereof.

The exposure norms for insurers are prescribed under the IRDAI Investment Regulations, based on investments in equity shares of the investee company, the entire group of the investee company and the industry sector in which the investee company operates. Insurance companies participating in the Issue are advised to refer to the IRDAI Investment Regulations 2016, as amended, which are broadly set forth below:

- a) equity shares of a company: the lower of 10%* of the outstanding equity shares (face value) or 10% of the respective fund in case of life insurer or 10% of investment assets in case of general insurer or reinsurer;
- b) the entire group of the investee company: not more than 15% of the respective fund in case of a life insurer or 15% of investment assets in case of a general insurer or reinsurer or 15% of the investment assets in all companies belonging to the group, whichever is lower; and
- c) the industry sector in which the investee company operates: not more than 15% of the fund of a life insurer or a general insurer or a reinsurer or 15% of the investment asset, whichever is lower.

The maximum exposure limit, in the case of an investment in equity shares, cannot exceed the lower of an amount of 10% of the investment assets of a life insurer or general insurer and the amount calculated under (a), (b) and (c) above, as the case may be.

**The above limit of 10% shall stand substituted as 15% of outstanding equity shares (face value) for insurance companies with investment assets of ₹ 25,000,000 lakhs or more and 12% of outstanding equity shares (face value) for insurers with investment assets of ₹ 5,000,000 lakhs or more but less than ₹ 25,000,000 lakhs.*

Insurance companies participating in this Issue shall comply with all applicable regulations, guidelines and circulars issued by IRDAI from time to time.

BIDS BY PROVIDENT FUNDS/PENSION FUNDS

In case of Bids made by provident funds/pension funds, subject to applicable laws, with minimum corpus of ₹ 2,500 lakhs, a certified copy of a certificate from a chartered accountant certifying the corpus of the provident fund/pension fund was required to be attached to the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserved the right to reject any Bid without assigning any reason thereof.

BIDS UNDER POWER OF ATTORNEY

In case of Bids made pursuant to a power of attorney or by limited companies, corporate bodies, registered societies, Eligible FPIs, Mutual Funds, Systemically Important NBFCs, insurance companies, insurance funds set up by the army, navy or air force of the Union of India, insurance funds set up by the Department of Posts, India, or the National Investment Fund and provident funds with a minimum corpus of ₹ 2,500 lakhs (subject to applicable law) and pension funds with a minimum corpus of ₹ 2,500 lakhs, a certified copy of the power of attorney or the relevant resolution or authority, as the case may be, along with a certified copy of the memorandum of association and articles of association and/or bye laws must be lodged along with the Bid cum Application Form. Failing this, our Company, in consultation with the BRLM, reserved the right to accept or reject any Bid in whole or in part, in either case without assigning any reason therefor.

Our Company, in consultation with the BRLM, in their absolute discretion, reserved the right to relax the above condition of simultaneous lodging of the power of attorney along with the Bid cum Application Form subject to the terms and conditions that our Company, in consultation with the BRLM may deem fit.

ISSUANCE OF A CONFIRMATION NOTE ("CAN") AND ALLOTMENT IN THE ISSUE:

1. Upon approval of the basis of allotment by the Designated Stock Exchange, the BRLM or Registrar to the Issue shall send to the SCSBs a list of their Bidders who have been allocated Equity Shares in the Issue.
2. The Registrar will then dispatch a CAN to their Bidders who have been allocated Equity Shares in the Issue. The dispatch of a CAN shall be deemed a valid, binding and irrevocable contract for the Bidder.

Issue Procedure for Application Supported by Blocked Account (ASBA) Bidders

In accordance with the SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 all the Bidders had to compulsorily apply through the ASBA Process. Our Company and the Book Running Lead Manager are not liable for any amendments, modifications, or changes in applicable laws or regulations, which may occur after the date of this Prospectus. ASBA Bidders were advised to make their independent investigations and to ensure that the ASBA Bid Cum Application Form is correctly filled up, as described in this section.

The lists of banks that have been notified by SEBI to act as SCSB (Self Certified Syndicate Banks) for the ASBA Process are provided on <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognised=yes>. For details on designated branches of SCSB collecting the Bid Cum Application Form, please refer the above-mentioned SEBI link.

Terms of payment

The entire Issue price of ₹ 90 per share was payable on application. In case of allotment of lesser number of Equity Shares than the number applied, the Registrar instructed the SCSBs to unblock the excess amount paid on Application to the Bidders.

SCSBs will transfer the amount as per the instruction of the Registrar to the Public Issue Account, the balance amount after transfer will be unblocked by the SCSBs.

The Bidders should note that the arrangement with Bankers to the Issue or the Registrar is not prescribed by SEBI and has been established as an arrangement between our Company, Banker to the Issue and the Registrar to the Issue to facilitate collections from the Bidders.

Payment mechanism

The Bidders were required to specify the bank account number in their Bid Cum Application Form and the SCSBs blocked an amount equivalent to the Application Amount in the bank account specified in the Bid Cum Application Form. The SCSB kept the Application Amount in the relevant bank account blocked until withdrawal/ rejection of the Application or receipt of instructions from the Registrar to unblock the Application Amount. However, Non- Retail Bidders could neither withdraw nor lower the size of their applications at any stage. In the event of withdrawal or rejection of the Bid Cum Application Form or for unsuccessful Bid Cum Application Forms, the Registrar to the Issue gave instructions to the SCSBs to unblock the application money in the relevant bank account within one day of receipt of such instruction. The Application Amount remained blocked in the ASBA Account until finalization of the Basis of Allotment in the Issue and consequent transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of the Issue or until rejection of the Application by the ASBA Bidder, as the case may be.

Please note that, in terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors applying in a public Issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self-Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Retail Individual Investors applying in public Issue have to use UPI as a payment mechanism with Application Supported by Blocked Amount for making application.

14. The SCSBs was given one day after the Bid/ Issue Closing Date to send confirmation of Funds blocked (Final certificate) to the Registrar to the Issue.
15. The details uploaded in the online IPO system were considered as final and Allotment will be based on such details for applications.

Build of the Book

- a) Bids received from various Bidders through the Designated Intermediaries were electronically uploaded on the Bidding Platform of the Stock Exchange on a regular basis. The book gets built up at various price levels. This information was available with the BRLM at the end of the Bid/ Issue Period.
- b) Based on the aggregate demand and price for Bids registered on the Stock Exchange Platform, a graphical representation of consolidated demand and price as available on the websites of the Stock Exchange was made available at the Bidding centers during the Bid/ Issue Period.

Withdrawal of Bids

- a) RIIs could withdraw their Bids until Bid/ Issue Closing Date. In case a RII wished to withdraw the Bid during the Bid/Issue Period, the same could be done by submitting a request for the same to the concerned Designated Intermediary who could do the requisite, including unblocking of the funds by the SCSB in the ASBA Account.
- b) The Registrar to the Issue has instruction to the SCSB for unblocking the ASBA Account on the Designated Date. QIBs and NIIs could neither withdraw nor lower the size of their Bids at any stage.

Price Discovery and Allocation

- a) Based on the demand generated at various price levels, our Company in consultation with the BRLM, shall finalize the Issue Price.
- b) The SEBI ICDR Regulations, 2018 specify the allocation or Allotment that may be made to various categories of Bidders in an Issue depending on compliance with the eligibility conditions. Certain details pertaining to the percentage of Issue size available for allocation to each category is disclosed overleaf of the Bid cum Application Form and in the RHP. For details in relation to allocation, the Bidder may refer to the RHP and this Prospectus.
- c) Under-subscription in any category (except QIB Category) is allowed to be met with spillover from any other category or combination of categories at the discretion of the Issuer and in consultation with the BRLM and

the Designated Stock Exchange and in accordance with the SEBI ICDR Regulations. Unsubscribed portion in QIB Category is not available for subscription to other categories.

- d) In case of under subscription in the Issue, spill-over to the extent of such under-subscription may be permitted from the Reserved Portion to the Issue. For allocation in the event of an undersubscription applicable to the Issuer, Bidders may refer to the RHP and this Prospectus.
- e) In case if the Retail Individual Investor category is entitled to more than the allocated portion on proportionate basis, the category shall be allotted that higher percentage.

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue, it also excludes Bidding by Anchor Investors. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹ 24 per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Issuer, in consultation with the BRLM, may finalise the Issue Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

GENERAL INSTRUCTIONS

Do's:

1. Check if you are eligible to apply as per the terms of the Red Herring Prospectus and this Prospectus and under applicable law, rules, regulations, guidelines and approvals. All should submit their Bids through the ASBA process only;
2. Ensure that you have Bid within the Price Band;
3. Read all the instructions carefully and complete the Bid cum Application Form, as the case may be, in the prescribed form;

ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT

The allotment of Equity Shares to Bidders other than Retail Individual Investors may be on proportionate basis. No Retail Individual Investor will be allotted less than the minimum Bid Lot subject to availability of shares in Retail Individual Investor Category and the remaining available shares, if any will be allotted on a proportionate basis. The Issuer is required to receive a minimum subscription of 90% of the Issue. However, in case the Issue is in the nature of Issue for Sale only, then minimum subscription may not be applicable.

BASIS OF ALLOTMENT

a. For Retail Individual Bidders

Bids received from the Retail Individual Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all the successful Retail Individual Bidders will be made at the Issue Price.

The Issue size less Allotment to Non-Institutional and QIB Bidders shall be available for allotment to Retail Individual Bidders who have Bid in the Issue at a price that is equal to or greater than the Issue Price. If the

aggregate demand in this category is less than or equal to 19,84,000 Equity Shares at or above the Issue Price, full Allotment shall be made to the Retail Individual Bidders to the extent of their valid Bids.

If the aggregate demand in this category is greater than 19,84,000 Equity Shares at or above the Issue Price, the Allotment shall be made on a proportionate basis up to a minimum of 1600 Equity Shares and in multiples of 1600 Equity Shares thereafter. For the method of proportionate Basis of Allotment, refer below.

b. For Non-Institutional Bidders

Bids received from Non-Institutional Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all successful Non- Institutional Bidders will be made at the Issue Price.

The Issue size less Allotment to QIBs and Retail shall be available for allotment to Non- Institutional Bidders who have Bid in the Issue at a price that is equal to or greater than the Issue Price. If the aggregate demand in this category is less than or equal to 19,80,800 Equity Shares at or above the Issue Price, full allotment shall be made to Non-Institutional Bidders to the extent of their demand.

In case the aggregate demand in this category is greater than 19,80,800 Equity Shares at or above the Issue Price, Allotment shall be made on a proportionate basis up to a minimum of 1600 Equity Shares and in multiples of 1600 Equity Shares thereafter. For the method of proportionate Basis of Allotment refer below.

c. For QIBs

Bids received from QIBs Bidding in the QIB Category at or above the Issue Price may be grouped together to determine the total demand under this category. The QIB Category may be available for Allotment to QIBs who have Bid at a price that is equal to or greater than the Issue Price. Allotment may be undertaken in the following manner: Allotment shall be undertaken in the following manner:

- i. In the first instance, allocation to Mutual Funds for 5.07% of the QIB Portion shall be determined as follows:
 - In the event that Bids by Mutual Fund exceeds 5.07% of the QIB Portion, allocation to Mutual Funds shall be done on a proportionate basis for 5.07% of the QIB Portion.
 - In the event that the aggregate demand from Mutual Funds is less than 5.07% of the QIB Portion then all Mutual Funds shall get full Allotment to the extent of valid Bids received above the Issue Price.
 - Equity Shares remaining unsubscribed, if any, not allocated to Mutual Funds shall be available for Allotment to all QIB Bidders as set out in (b) below;
- ii. In the second instance, allotment to all QIBs shall be determined as follows:
 - In the event of oversubscription in the QIB Portion, all QIB Bidders who have submitted Bids above the Issue Price shall be allotted Equity Shares on a proportionate basis, upto a minimum of 1600 Equity Shares and in multiples of 1600 Equity Shares thereafter for 5.07% of the QIB Portion.
 - Mutual Funds, who have received allocation as per (a) above, for less than the number of Equity Shares Bid for by them, are eligible to receive Equity Shares on a proportionate basis, upto a minimum of 1600 Equity Shares and in multiples of 1600 Equity Shares thereafter, along with other QIB Bidders.
 - Under-subscription below 5.07% of the QIB Portion, if any, from Mutual Funds, would be included for allocation to the remaining QIB Bidders on a proportionate basis. The aggregate Allotment to QIB Bidders shall not be more than 1600 Equity Shares.
- iii. Basis of Allotment for QIBs and NIIs in case of Over Subscribed Issue:

In the event of the Issue being Over-Subscribed, the Issuer may finalise the Basis of Allotment in consultation with the National Stock Exchange of India Limited Emerge (The Designated Stock Exchange). The allocation may be made in marketable lots on proportionate basis as set forth hereunder:

- a) The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the oversubscription ratio (number of Bidders in the category multiplied by number of Shares applied for).
- b) The number of Shares to be allocated to the successful Bidders will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Shares applied for into the inverse of the over subscription ratio).

- c) For Bids where the proportionate allotment works out to less than 1600 equity shares the allotment will be made as follows:
 - Each successful Bidder shall be allotted 1600 equity shares; and
 - The successful Bidder out of the total bidders for that category shall be determined by draw of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (b) above.
- d) If the proportionate allotment to a Bidder works out to a number that is not a multiple of 1600 equity shares, the Bidder would be allotted Shares by rounding off to the nearest multiple of 1600 equity shares subject to a minimum allotment of 1600 equity shares.
- e) If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the Bidders in that category, the balance available Shares or allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful Bidder in that category, the balance shares, if any, remaining after such adjustment will be added to the category comprising Bidder applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of 1600 Equity Shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the Issue specified under the Capital Structure mentioned in this Prospectus.

Retail Individual Investor means an investor who applies for shares of value of not more than ₹ 2,00,000/. Investors may note that in case of over subscription, allotment shall be on proportionate basis and will be finalized in consultation with National Stock Exchange of India Limited.

The Executive Director / Managing Director of National Stock Exchange of India Limited – the Designated Stock Exchange in addition to Book Running Lead Manager and Registrar to the Public Issue shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations.

Flow of Events from the closure of Bidding period (T DAY) Till Allotment:

- On T Day, RTA to validate the electronic bid details with the depository records and also reconcile the final certificates received from the Sponsor Bank for UPI process and the SCSBs for ASBA process with the electronic bid details
- RTA identifies cases with mismatch of account number as per bid file / FC and as per applicant's bank account linked to depository demat account and seek clarification from SCSB to identify the applications with third party account for rejection.
- Third party confirmation of applications to be completed by SCSBs on T+1 day.
- RTA prepares the list of final rejections and circulate the rejections list with BRLM/ Company for their review/ comments.
- Post rejection, the RTA submits the basis of allotment with the Designated Stock Exchange (DSE).
- The DSE, post verification approves the basis and generates drawal of lots wherever applicable, through a random number generation software.
- The RTA uploads the drawal numbers in their system and generates the final list of allottees as per process mentioned below.

Process for generating list of Allottees:

- Instruction is given by RTA in their Software System to reverse category wise all the application numbers in the ascending order and generate the bucket /batch as per the allotment ratio. For example, if the application number is 78654321 then system reverses it to 12345687 and if the ratio of allottees to applicants in a category is 2:7 then the system will create lots of 7. If the drawal of lots provided by Designated Stock Exchange (DSE) is 3 and 5 then the system will pick every 3rd and 5th application in each of the lot of the category and these applications will be allotted the shares in that category.
- In categories where there is proportionate allotment, the Registrar will prepare the proportionate working based on the oversubscription times.
- In categories where there is undersubscription, the Registrar will do full allotment for all valid applications.
- On the basis of the above, the RTA will work out the allottees, partial allottees and non- allottees, prepare the fund transfer letters and advice the SCSBs to debit or unblock the respective accounts.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and Foreign Exchange Management Act, 1999 (“**FEMA**”). While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The government bodies responsible for granting foreign investment approvals are the Reserve Bank of India (“**RBI**”) and Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (“**DIPP**”).

The Government of India, from time to time, has made policy pronouncements on Foreign Direct Investment (“**FDI**”) through press notes and press releases. The Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (“**DIPP**”), has issued consolidated FDI Policy Circular of 2017 (“**FDI Policy 2017**”), which with effect from August 28, 2017, consolidates and supersedes all previous press notes, press releases and clarifications on FDI Policy issued by the DIPP that were in force. The Government proposes to update the consolidated circular on FDI policy once every year and therefore, FDI Policy 2017 will be valid until the DIPP issues an updated circular. The RBI also issues Master Circular on Foreign Investment in India every year. Presently, FDI in India is being governed by Master Circular on Foreign Investment dated July 01, 2015 as updated from time to time by RBI. In terms of the Master Circular, an Indian company may issue fresh shares to people resident outside India (who is eligible to make investments in India, for which eligibility criteria are as prescribed). Such fresh issue of shares shall be subject to *inter-alia*, the pricing guidelines prescribed under the Master Circular. The Indian company making such fresh issue of shares would be subject to the reporting requirements, *inter-alia* with respect to consideration for issue of shares and also subject to making certain filings including filing of Form FC-GPR.

Under the current FDI Policy of 2017, foreign direct investment in micro and small enterprises is subject to sectoral caps, entry routes and other sectoral regulations. At present 100 % foreign direct investment through automatic route is permitted in the sector in which our Company operates. Therefore applicable foreign investment up to 100% is permitted in our company under automatic route.

In case of investment in sectors through Government Route approval from competent authority as mentioned in Chapter 4 of the FDI Policy 2017 has to be obtained by the Company. The transfer of shares between an Indian resident to a non-resident does not require the prior approval of the RBI, subject to fulfilment of certain conditions as specified by DIPP/RBI, from time to time. Such conditions include: (i) where the transfer of shares requires the prior approval of the Government as per the extant FDI policy provided that: a) the requisite approval of the Government has been obtained; and b) the transfer of shares adheres with the pricing guidelines and documentation requirements as specified by the Reserve Bank of India from time to time.; (ii) where the transfer of shares attract SEBI (SAST) Regulations subject to the adherence with the pricing guidelines and documentation requirements as specified by reserve Bank of India from time to time.; (iii) where the transfer of shares does not meet the pricing guidelines under the FEMA, 1999 provided that: a) The resultant FDI is in compliance with the extant FDI policy and FEMA regulations in terms of sectoral caps, conditionalities (such as minimum capitalization, etc.), reporting requirements, documentation etc.; b) The pricing for the transaction is compliant with the specific/explicit, extant and relevant SEBI regulations/guidelines (such as IPO, Book building, block deals, delisting, exit, open offer/substantial acquisition/SEBI SAST); and Chartered Accountants Certificate to the effect that compliance with the relevant SEBI regulations/guidelines as indicated above is attached to the form FC-TRS to be filed with the AD bank and iv) where the investee company is in the financial sector provided that: a) Any ‘fit and proper/due diligence’ requirements as regards the non-resident investor as stipulated by the respective financial sector regulator, from time to time, have been complied with; and b) The FDI policy and FEMA regulations in terms of sectoral caps, conditionalities (such as minimum capitalization, pricing, etc.), reporting requirements, documentation etc., are complied with. As per the existing policy of the Government of India, OCBs cannot participate in this Issue and in accordance with the extant FDI guidelines on sectoral caps, pricing guidelines etc. as amended by Reserve bank of India, from time to time. Investors are advised to confirm their eligibility under the relevant laws before investing and / or subsequent purchase or sale transaction in the Equity Shares of Our Company. Investors will not offer, sell, pledge or transfer the Equity Shares of our Company to any person who is not eligible under applicable laws, rules, regulations, guidelines. Our Company, the Underwriters and their respective directors, officers, agents, affiliates and representatives, as applicable, accept no responsibility or liability for advising any investor on whether such investor is eligible to acquire Equity Shares of our Company.

Investment conditions/restrictions for overseas entities

Under the current FDI Policy 2017, the maximum amount of Investment (sectoral cap) by foreign investor in an issuing entity is composite unless it is explicitly provided otherwise including all types of foreign investments, direct and indirect, regardless of whether it has been made for FDI, , FPI, NRI/OCI, LLPs, FVCI, Investment Vehicles and DRs under Schedule 1, 2, , 3, 6, 7, 8, 9, and 11 of FEMA (Transfer or Issue of Security by Persons Resident outside India)

Regulations, 2017. Any equity holding by a person resident outside India resulting from conversion of any debt instrument under any arrangement shall be reckoned as foreign investment under the composite cap. Portfolio Investment upto aggregate foreign investment level of 49% or sectoral/statutory cap, whichever is lower, will not be subject to either Government approval or compliance of sectoral conditions, if such investment does not result in transfer of ownership and/or control of Indian entities from resident Indian citizens to non-resident entities. Other foreign investments will be subject to conditions of Government approval and compliance of sectoral conditions as per FDI Policy. The total foreign investment, direct and indirect, in the issuing entity will not exceed the sectoral/statutory cap.

i. Investment by FPIs under Portfolio Investment Scheme (PIS):

With regards to purchase/sale of capital instruments of an Indian company by an FPI under PIS the total holding by each FPI or an investor group as referred in SEBI (FPI) Regulations, 2014 shall not exceed 10 % of the total paid-up equity capital on a fully diluted basis or less than 10% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all FPIs put together shall not exceed 24 % of paid-up equity capital on fully diluted basis or paid-up value of each series of debentures or preference shares or share warrants. The said limit of 10 percent and 24 percent will be called the individual and aggregate limit, respectively. However, this limit of 24 % may be increased up to sectoral cap/statutory ceiling, as applicable, by the Indian company concerned by passing a resolution by its Board of Directors followed by passing of a special resolution to that effect by its general body.

ii. Investment by NRI or OCI on repatriation basis:

The purchase/sale of equity shares, debentures, preference shares and share warrants issued by an Indian company (hereinafter referred to as “Capital Instruments”) of a listed Indian company on a recognised stock exchange in India by Non-Resident Indian (NRI) or Overseas Citizen of India (OCI) on repatriation basis is allowed subject to certain conditions under Schedule 3 of the FEMA (Transfer or Issue of security by a person resident outside India) Regulations, 2017 i.e.:

- The total holding by any individual NRI or OCI shall not exceed 5 percent of the total paid-up equity capital on a fully diluted basis or should not exceed 5 percent of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10 percent of the total paid-up equity capital on a fully diluted basis or shall not exceed 10 percent of the paid-up value of each series of debentures or preference 373 shares or share warrants; provided that the aggregate ceiling of 10 percent may be raised to 24 percent if a special resolution to that effect is passed by the general body of the Indian company.

iii. Investment by NRI or OCI on non-repatriation basis:

As per current FDI Policy 2017, schedule 4 of FEMA (Transfer or Issue of Security by Persons Resident outside India) Regulations – Purchase/ sale of Capital Instruments or convertible notes or units or contribution to the capital of an LLP by a NRI or OCI on non-repatriation basis – will be deemed to be domestic investment at par with the investment made by residents. This is further subject to remittance channel restrictions. The Equity Shares have not been and will not be registered under the U.S. Securities Act of 1933, as amended (“US Securities Act”) or any other state securities laws in the United States of America and may not be sold or offered within the United States of America, or to, or for the account or benefit of “US Persons” as defined in Regulation S of the U.S. Securities Act, except pursuant to exemption from, or in a transaction not subject to, the registration requirements of US Securities Act and applicable state securities laws. Accordingly, the equity shares are being offered and sold only outside the United States of America in an offshore transaction in reliance upon Regulation S under the US Securities Act and the applicable laws of the jurisdiction where those offers and sale occur.

And such lien shall extend to all dividends and bonuses from time to time declared in respect of such shares debentures. Unless otherwise agreed the registration of a transfer of shares debentures shall operate as a waiver of the Company's lien if any on such shares debentures. The Directors may at any time declare any shares debentures wholly or in part to be exempt from the provisions of this clause.

- 10) The company may sell in such manner as the Board thinks fit any shares on which the company has a lien. Provided that no sale shall be made unless a sum in respect of which the lien exists is presently payable or b until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently Payable has been given to the registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency.
- 11) For the purpose of enforcing such lien the Directors may sell the shares subject thereto in such manner as they shall think fit but no sale shall be made until such period as aforesaid shall have arrived and until notice in writing of the intention to sell shall have been served on such member or the person (if any) entitled by transmission to the shares and default shall have been made by him in payment fulfilment of discharge of such debts liabilities or engagements for seven days after such notice. To give effect to any such sale the Board may authorize some person to transfer the shares sold to the purchaser thereof and purchaser shall be registered as the holder of the shares comprised in any such transfer. Upon any such sale as the Certificates in respect of the shares sold shall stand cancelled and become null and void and of no effect and the Directors shall be entitled to issue a new Certificate or Certificates in lieu thereof to the purchaser or purchasers concerned.
- 12) The proceeds of the sale shall be received by the company and applied in payment of such part of the amount in respect of which the lien exists as is presently payable. The residue if any shall subject to a like lien for sums not presently payable as existed upon the shares before the sale be paid to the person entitled to the shares at the date of the sale.

Calls on Shares

- 13) i) The Board may from time to time subject to the terms on which any shares may have been issued and subject to the conditions of allotment by a resolution passed at a meeting of the Board and not by a circular resolution make such calls as it thinks fit upon the Members in respect of all the moneys unpaid on the shares held by them respectively and each Member shall pay the amount of every call so made on him to the persons and at the time and places appointed by the Board.

ii) A call may be revoked or postponed at the discretion of the Board.

iii) A call may be made payable by installments. Fifteen days' notice in writing of any call shall be given by the Company specifying the time and place of payment and the person or persons to whom such call shall be paid.
- 14) A call shall be deemed to have been made at the time when the resolution of the Board of Directors authorising such call was passed and may be made payable by the members whose names appear on the Register of Members on such date or at the discretion of the Directors on such subsequent date as may be fixed by Directors.
- 15) Whenever any calls for further share capital are made on shares such calls shall be made on uniform basis on all shares falling under the same class. For the purposes of this Article shares of the same nominal value of which different amounts have been paid up shall not be deemed to fall under the same class. The Board may from time to time at its discretion extend the time fixed for the payment of any

call and may extend such time as to all or any of the members who on account of the residence at a distance or other cause which the Board may deem fairly entitled to such extension but no member shall be entitled to such extension save as a matter of grace and favour.

- 16) If any Member fails to pay any call due from him on the day appointed for payment thereof or any such extension thereof as aforesaid he shall be liable to pay interest on the same from the day appointed for the payment thereof to the time of actual payment at such rate as shall from time to time be fixed by the Board not exceeding 21 per annum but nothing in this Article shall render it obligatory for the Board to demand or recover any interest from any such member. If by the terms of issue of any share or otherwise any amount is made payable at any fixed time or by installments at fixed time (whether on account of the amount of the share or byway of premium) every such amount or installment shall be payable as if it were a call duly made by the Directors and of which due notice has been given and all the provisions herein contained in respect of calls shall apply to such amount or instalment accordingly.
- 17) On the trial or hearing of any action or suit brought by the Company against any Member or his representatives for the recovery of any money claimed to be due to the Company in respect of his shares if shall be sufficient to prove that the name of the Member in respect of whose shares the money is sought to be recovered appears entered on the Register of Members as the holder at or subsequent to the date at which the money is sought to be recovered is alleged to have become due on the share in respect of which such money is sought to be recovered in the Minute Books and that notice of such call was duly given to the Member or his representatives used in pursuance of these Articles and that it shall not be necessary to prove the appointment of the Directors who made such call nor that a quorum of Directors was present at the Board at which any call was made was duly convened or constituted nor any other matters whatsoever but the proof of the matters aforesaid shall be conclusive evidence of the debt. Neither a judgment nor a decree in favour of the Company for calls or other moneys due in respect of any shares nor any part payment or satisfaction thereunder nor the receipt by the Company of a portion of any money which shall from time to time be due from any Member of the Company in respect of his shares either by way of principal or interest nor any indulgence granted by the Company in respect of the payment of any such money shall preclude the Company from thereafter proceeding to enforce forfeiture of such shares as hereinafter provided.
- 18) (i) (a) The Board may if it thinks fit receive from any Member willing to advance the same all or any part of the amounts of his respective shares beyond the sums actually called up and upon the moneys so paid in advance or upon so much thereof from time to time and at any time thereafter as exceeds the amount of the calls then made upon and due in respect of the shares on account of which such advances are made the Board may pay or allow interest at such rate as the member paying the sum in advance and the Board agree upon. The Board may agree to repay at any time any amount so advanced or may at any time repay the same upon giving to the Member three months' notice in writing provided that moneys paid in advance of calls on shares may carry interest but shall not confer a right to dividend (b) or to participate in profits.

(ii) No Member paying any such sum in advance shall be entitled to voting rights in respect of the moneys so paid by him until the same would but for such payment become presently payable. The provisions of this Article shall mutatis mutandis apply to calls on debentures issued by the Company.

Transfer of Shares

- 19) (i) The instrument of transfer of any share in or debenture of the Company shall be executed by or on behalf of both the transferor and transferee.

(ii) The transferor shall be deemed to remain a holder of the share or debenture until the name of the transferee is entered in the Register of Members or Register of Debenture holders in respect thereof.

The instrument of transfer of any share or debenture shall be in writing and all the provisions of Section 56 and statutory modification thereof including other applicable provisions of the Act shall be duly complied with in respect of all transfers of shares or debenture and registration thereof. The instrument of transfer shall be in a common form approved by the Exchange. The Company shall not register a transfer in the Company other than the transfer between persons both of whose names are entered as holders of beneficial interest in the records of a depository unless a proper instrument of transfer duly stamped and executed by or on behalf of the transferor and by or on behalf of the transferee and specifying the name address and occupation if any of the transferee has been delivered to the Company along with the certificate relating to the shares or if no such share certificate is in existence along with the letter of allotment of the shares Provided that where on an application in writing made to the Company by the transferee and bearing the stamp required for an instrument of transfer it is proved to the satisfaction of the Board of Directors that the instrument of transfer signed by or on behalf of the transferor and by or on behalf of the transferee has been lost the Company may register the transfer on such terms as to indemnity as the Board may think fit provided further that nothing in this Article shall prejudice any power of the Company to register as shareholder any person to whom the right to any shares in the Company has been transmitted by operation of law.

- 20) Subject to the provisions of Section 58 of the Act and Section 22A of the Securities Contracts (Regulation) Act 1956 the Directors may decline to register(a)any transfer of shares on which the company has a lien. That registration of transfer shall however not be refused on the ground of the transferor being either alone or jointly with any other person or persons indebted to the Company on any account whatsoever.
- 21) If the Company refuses to register the transfer of any share or transmission of any right there in the Company shall within one month from the date on which the instrument of transfer or intimation of transmission was lodged with the Company send notice of refusal to the transferee and transferor or to the person giving intimation of the transmission as the case may be and there upon the provisions of Section 56 of the Act or any statutory modification thereof for the time being in force shall apply. No fee shall be charged for registration of transfer transmission Probate Succession Certificate and letter of administration Certificate of Death or Marriage Power of Attorney or similar other document with the Company.
- 22) The Board of Directors shall have power on giving not less than seven days pervious notice in accordance with section 91 and rules made thereunder close the Register of Members and or the Register of debentures holders and or other security holders at such time or times and for such period or periods not exceeding thirty days at a time and not exceeding in the aggregate forty five days at a time and not exceeding in the aggregate forty five days in each year as it may seem expedient to the Board. The instrument of transfer shall after registration be retained by the Company and shall remain in its custody. All instruments of transfer which the Directors may decline to register shall on demand be returned to the persons depositing the same. The Directors may cause to be destroyed all the transfer deeds with the Company after such period as they may determine. Where an application of transfer relates to partly paid shares the transfer shall not be registered unless the Company gives notice of the application to the transferee and the transferee makes no objection to the transfer within two weeks from the receipt of the notice. For this purpose the notice to the transferee shall be deemed to have been duly given if it is dispatched by prepaid registered post speed post courier to the transferee at the address given in the instrument of transfer and shall be deemed to have been duly delivered at the time at which it would have been delivered in the ordinary course of post.
 - i) On the death of a Member the survivor or survivors where the Member was a joint holder and his nominee or nominees or legal representatives where he was a sole holder shall be the only person recognized by the Company as having any title to his interest in the shares.

- ii) Before recognising any executor or administrator or legal representative the Board may require him to obtain a Grant of Probate or Letters Administration or other legal representation as the case may be from some competent court in India. Provided nevertheless that in any case where the Board in its absolute discretion thinks fit it shall be lawful for the Board to dispense with the production of Probate or letter of Administration or such other legal representation upon such terms as to indemnity or otherwise as the Board in its absolute discretion may consider adequate(iii) Nothing in clause (i) above shall release the estate of the deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons. The Executors or Administrators of a deceased Member or holders of a Succession Certificate or the Legal Representatives in respect of the Shares of a deceased Member (not being one of two or more joint holders) shall be the only persons recognized by the Company as having any title to the Shares registered in the name of such Members and the Company shall not be bound to recognize such Executors or Administrators or holders of Succession Certificate or the Legal Representative unless such Executors or Administrators or Legal Representative shall have first obtained Probate or Letters of Administration or Succession Certificate as the case may be from a duly constituted Court in the Union of India provided that in any case where the Board of Directors in its absolute discretion thinks fit the Board upon such terms as to indemnity or otherwise as the Directors may deem proper dispense with production of Probate or Letters of Administration or Succession Certificate and register Shares standing in the name of a deceased Member as a Member. However, provisions of this Article are subject to Sections 72 of the Companies Act. Where in case of partly paid Shares an application for registration is made by the transferor the Company shall give notice of the application to the transferee in accordance with the provisions of Section 56 of the Act. The Company shall incur no liability or responsibility whatsoever in consequence of its registering or giving effect to any transfer of shares made or purporting to be made by any apparent legal owner thereof (as shown or appearing in the Register or Members) to the prejudice of Persons having or claiming any equitable right title or interest to or in the same shares notwithstanding that the Company may have had notice of such equitable right title or interest or notice prohibiting registration of such transfer and may have entered such notice or referred thereto in any book of the Company and the Company shall not be bound or require to regard or attend or give effect to any notice which may be given to them of any equitable right title or interest or be under any liability whatsoever for refusing or neglecting so to do though it may have been entered or referred to in some book of the Company but the Company shall nevertheless be at liberty to regard and attend to any such notice and give effect thereto if the Directors shall so think fit. In the case of any share registered in any register maintained outside India the instrument of transfer shall be in a form recognized by the law of the place where the register is maintained but subject thereto shall be as near to the form prescribed in Form no. SH-4 hereof as circumstances permit. No transfer shall be made to any minor insolvent or person of unsound mind.
