RISKS IN RELATION TO THE FIRST ISSUE

This being the first Public Offer of our Company, there has been no formal market for the Equity Shares. The face value of the Equity shares is ₹ 10 each. The Floor Price, Cap Price and Offer Price is to be determined by our Company in consultation with the Book Running Lead Manager, on the basis of the assessment of market demand for the Equity Shares by way of the Book Building Process, as stated in the "Basis for Offer Price" beginning on page 93 of this Prospectus and should not be taken to be indicative of the market price of the Equity Shares after the Equity Shares are listed. No assurance can be given regarding an active or sustained trading in the Equity Shares nor regarding the price at which the Equity Shares will be traded after listing.

GENERAL RISK

Investments in Equity and Equity-related securities involve a degree of risk and investors should not invest any funds in this Offer unless they can afford to take the risk of losing their entire investment. Investors are advised to read the risk factors carefully before taking an investment decision in the Offer. For taking an investment decision, investors must rely on their own examination of our Company and the Offer including the risks involved. The Equity Shares issued in the Offer have not been recommended or approved by the Securities and Exchange Board of India ("SEBI"), nor does SEBI guarantee the accuracy or adequacy of the Prospectus. Specific attention of the investors is invited of the section titled "Risk Factors" beginning on Page No. 28 of this Prospectus.

ISSUER'S ABSOLUTE RESPONSIBILITY

Our Company, having made all reasonable inquiries, accepts responsibility for and confirms that this Prospectus contains all information with regard to our Company and this Offer, which is material in the context of this Offer, that the information contained in this Prospectus is true and correct in all material aspects and is not misleading in any material respect, that the opinions and intentions expressed herein are honestly held and that there are no other facts, the omission of which makes this Prospectus as a whole or any of such information or the expression of any such opinions or intentions, misleading in any material respect.

LISTING

The Equity Shares offered through this Prospectus are proposed to be listed on the EMERGE Platform of National Stock Exchange of India Limited ("NSE") in terms of the Chapter IX of the SEBI (ICDR) Regulations, 2018 as amended from time to time. Our Company has received an 'in-principle' approval letter dated February 28, 2025 from NSE for using its name in this offer document for listing our shares on the EMERGE Platform of the NSE. For the purpose of this Offer, the Designated Stock Exchange will be National Stock Exchange of India Limited ("NSE").

CERTAIN CONVENTIONS, USE OF FINANCIAL INFORMATION AND MARKET DATA AND CURRENCY OF PRESENTATION

Certain Conventions

All references to “India” contained in this Prospectus are to the Republic of India and its territories and possessions and all references herein to the “Government”, “Indian Government”, “GoI”, Central Government” or the “State Government” are to the Government of India, central or state, as applicable.

Unless otherwise specified, any time mentioned in this Prospectus is in Indian Standard Time (“IST”). Unless indicated otherwise, all references to a year in this Prospectus are to a calendar year.

Unless stated otherwise, all references to page numbers in this Prospectus are to the page numbers of this Prospectus.

Financial Data

Unless stated otherwise or the context otherwise requires, the financial information and financial ratios in this Prospectus has been derived from our Restated Financial Information. For further information, please see the section titled “**Financial Information**” on Page No. 190 of this Prospectus.

Our Company’s financial year commences on April 1 and ends on March 31 of the next year. Accordingly, all references to a particular financial year, unless stated otherwise, are to the twelve (12) month period ended on March 31 of that year.

The Restated Financial Statements of our Company for the nine months period ended December 31, 2024 and for the Financial Years ended March 2024, 2023 and 2022 which comprise restated summary statement of assets and liabilities, the restated summary statement of profit and loss, the restated summary statement of cash flow and restated summary statement of changes in equity together with the annexures and notes thereto and the examination report thereon, as compiled from the Indian GAAP financial statements for respective period/year and in accordance with the requirements provided under the provisions of the Companies Act, SEBI ICDR Regulations and the Guidance Note on “*Reports in Company Prospectuses (Revised 2019)*” issued by ICAI.

There are significant differences between Ind AS, Indian GAAP, U.S. GAAP and IFRS. Our Company does not provide reconciliation of its financial information to IFRS or U.S. GAAP. Our Company has not attempted to explain those differences or quantify their impact on the financial data included in this Prospectus and it is urged that you consult your own advisors regarding such differences and their impact on our financial data. Accordingly, the degree to which the financial information included in this Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting policies and practices, the Companies Act, Ind AS, the Indian GAAP and the SEBI ICDR Regulations. Any reliance by persons not familiar with Indian accounting policies and practices on the financial disclosures presented in this Prospectus should, accordingly, be limited.

Unless the context otherwise indicates, any percentage amounts, as set forth in “**Risk Factors**”, “**Our Business**” and “**Management’s Discussion and Analysis of Financial Position and Results of Operations**” on Page Nos. 28, 113 and 204 respectively, of this Prospectus, and elsewhere in this Prospectus have been calculated on the basis of the Restated Financial Statements of our Company, prepared in accordance with GAAP, and the Companies Act and restated in accordance with the SEBI ICDR Regulations.

In this Prospectus, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off. All figures in decimals have been rounded off to the second decimal and all the percentage figures have been rounded off to two decimal places including percentage figures in “**Risk Factors**”, “**Industry Overview**” and “**Our Business**” on Page Nos. 28, 104 and 113 respectively, this Prospectus.

Currency and Units of Presentation

All references to:

- “Rupees” or “₹” or “INR” or “Rs.” are to Indian Rupee, the official currency of the Republic of India; and
- “USD” or “US\$” or “\$” are to United States Dollar, the official currency of the United States of America.

Our Company has presented all numerical information in this Prospectus in “lacs” units or in whole numbers where the numbers have been too small to represent in lacs. One lac represents 1,00,000 and one million represents 10,00,000.

Exchange rates

This Prospectus contains conversions of certain other currency amounts into Indian Rupees that have been presented solely to comply with the SEBI ICDR Regulations. These conversions should not be construed as a representation that these currency amounts could have been, or can be converted into Indian Rupees, at any particular rate or at all.

The following table sets forth, for the periods indicated, information with respect to the exchange rate between the Indian Rupee and other foreign currencies:

Currency	For the period ended on December 31, 2024	Exchange rate as on		
		As on March 31, 2024 (in Rs.)	March 31, 2023 (in Rs.)	March 31, 2022 (in Rs.)

Industry and Market Data

Unless stated otherwise, the industry and market data and forecasts used throughout this Prospectus has been obtained from industry sources as well as Government Publications. Industry sources as well as Government Publications generally state that the information contained in those publications has been obtained from sources believed to be reliable but that their accuracy and completeness and underlying assumptions are not guaranteed and their reliability cannot be assured.

The extent to which the market and industry data used in this Prospectus is meaningful depends on the reader's familiarity with and understanding of the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which the business of our Company is conducted, and methodologies and assumptions may vary widely among different industry sources. Accordingly, investment decisions should not be based solely on such information.

In accordance with the SEBI ICDR Regulations, "Basis for Issue Price" on Page No. 93 of this Prospectus includes information relating to our peer group entities. Such information has been derived from publicly available sources, and neither we, nor the BRLM have independently verified such information. Such data involves risks, uncertainties and numerous assumptions and is subject to change based on various factors, including those discussed in "Risk Factors" on Page No. 28 of this Prospectus.

FORWARD - LOOKING STATEMENTS

This Prospectus contains certain “forward-looking statements”. These forward-looking statements generally can be identified by words or phrases such as “aim”, “anticipate”, “believe”, “expect”, “estimate”, “intend”, “objective”, “plan”, “propose”, “project”, “will”, “will continue”, “will pursue” or other words or phrases of similar import. Similarly, statements that describe our strategies, objectives, plans or goals are also forward-looking statements. All forward-looking statements are subject to risks, uncertainties, expectations and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. These forward-looking statements, whether made by us or a third party, are based on our current plans, estimates and expectations and actual results may differ materially from those suggested by such forward-looking statements.

Actual results may differ materially from those suggested by forward-looking statements due to risks or uncertainties associated with expectations relating to and including, regulatory changes pertaining to the industries in India in which we operate and our ability to respond to them, our ability to successfully implement our strategy, our growth and expansion, technological changes, our exposure to market risks, general economic and political conditions in India which have an impact on its business activities or investments, the monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in domestic laws, regulations and taxes and changes in competition in the industries in which we operate.

Certain important factors that could cause actual results to differ materially from our Company’s expectations include, but are not limited to, the following:

- Our business is working capital intensive. If we experience insufficient cash flows to meet required payments on our working capital requirements, there may be an adverse effect on the results of our operations.
- Our business is capital intensive in nature. If we are unable to raise additional funds whenever required, or on terms acceptable to us, we may be required to scale down or abandon our expansion & growth plans and/or reduce capital expenditures and the size of our operations, any of which could materially and adversely affect our business, financial position and results of operations.
- We have had negative cash flows from operating, investing and financing activities in some of the recent years.
- Our projects require deployment of labour and depend on availability of labour. In case of unavailability of such labour, our business operations could be affected.

For further discussion of factors that could cause the actual results to differ from our estimates and expectations, see “*Risk Factors*”, “*Our Business*” and “*Management’s Discussion and Analysis of Financial Position and Results of Operations*” beginning on Page Nos. 28, 113 and 204, respectively, of this Prospectus. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual gains or losses could materially differ from those that have been estimated.

We cannot assure investors that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements as a guarantee of future performance.

Forward-looking statements reflect current views as on the date of this Prospectus and are not a guarantee of future performance. These statements are based on our management’s beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect. Neither our Company, our Directors, the Promoters, the Syndicate nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition.

In accordance with the SEBI ICDR Regulations, our Company, the Promoters and the Book Running Lead Managers will ensure that the Bidders in India are informed of material developments until the time of the grant of listing and trading permission by the Stock Exchange for the Issue.

SECTION III – RISK FACTORS

An investment in the Equity Shares involves a high degree of risk. You should carefully consider all the information in this Prospectus, including the risks and uncertainties described below, before making an investment in the Equity Shares. In making an investment decision, prospective investors must rely on their own examination of us and the terms of the Issue including the merits and risks involved. The risks described below are not the only ones relevant to us, our Equity Shares, the industry or the segment in which we operate. Additional risks and uncertainties, not presently known to us or that we currently deem immaterial may arise or may become material in the future and may also impair our business, results of operations and financial condition. If any of the following risks, or other risks that are not currently known or are now deemed immaterial, actually occur, our business, results of operations, cash flows and financial condition could be adversely affected, the trading price of our Equity Shares could decline, and as prospective investors, you may lose all or part of your investment. You should consult your tax, financial and legal advisors about particular consequences to you of an investment in this Issue. The financial and other related implications of the risk factors, wherever quantifiable, have been disclosed in the risk factors mentioned below. However, there are certain risk factors where the financial impact is not quantifiable and, therefore, cannot be disclosed in such risk factors.

To obtain a complete understanding, you should read this section in conjunction with the sections “Industry Overview”, “Our Business” and “Management’s Discussion and Analysis of Financial Position and Results of Operations” on pages 104, 113 and 190 of this Prospectus, respectively. The industry-related information disclosed in this section that is not otherwise publicly available is derived from industry sources as well as Government Publications. Industry sources as well as Government Publications generally state that the information contained in those publications has been obtained from sources believed to be reliable but that their accuracy and completeness and underlying assumptions are not guaranteed and their reliability cannot be assured.

This Prospectus also contains forward-looking statements that involve risks, assumptions, estimates and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and, in the section titled “Forward-Looking Statements” on page 21 of this Prospectus.

Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial or other implications of any of the risks described in this section. Unless the context requires otherwise, the financial information of our Company has been derived from the Restated Financial Information.

Materiality:

The Risk Factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality of Risk Factors:

- *Some events may not be material individually but may be found material collectively;*
- *Some events may have material impact qualitatively instead of quantitatively; and*

Some events may not be material at present but may have a material impact in future.

Classification of Risk Factors

The financial and other related implications of risks concerned, whether quantifiable have been disclosed in the risk factors mentioned below. However, there are risk factors where the impact may not be quantifiable and hence, the same has not been disclosed in such risk factors. The numbering of the risk factors has been done to facilitate ease of reading and reference and does not in any manner indicate the importance of one risk over another.

In this Prospectus, any discrepancies in any table between total and sums of the amount listed are due to rounding off.

In this section, unless the context requires otherwise, any reference to “we”, “us” or “our” refers to Suntech Infra Solutions Limited.

The risk factors are classified as under for the sake of better clarity and increased understanding.

INTERNAL RISK FACTORS

1. Our business is working capital intensive. If we experience insufficient cash flows to meet required payments on our working capital requirements, there may be an adverse effect on the results of our operations.

Typically, projects in the infrastructure sector which we undertake are working capital intensive in nature and involve long implementation periods. Our company's working capital requirement is driven by essential upfront and ongoing costs. Initial site setup, including offices, safety facilities, storage, and equipment, represents about 10-15% of total project cost, requiring immediate cash outflow. We also maintain a one-month stock of raw materials and consumables to avoid disruptions, necessitating continual inventory investment. Initial purchases of long-term assets like tools and site infrastructure further demand significant upfront funds. Additionally, a 15-30 day site gestation period requires working capital to support initial operations before full functionality is achieved. With monthly invoicing and typical client payments received 45-50 days post-certification, approximately three months of working capital is essential to sustain site activities until payments commence. These factors together necessitate external funds to support early cash flow needs and ensure uninterrupted progress.

For nine months period ended on December 31, 2024, our company's net working capital consisted of ₹ 4,381.63 and as on March 31, 2024, our Company's net working capital consisted of ₹ 2,008.03 Lakhs, Further, as on March 31, 2023, our Company's net working capital consisted of ₹ (471.79) Lakhs as against ₹ 1,046.15 lakhs as on March 31, 2022. Our trade receivable-to-sales (revenue from operations) ratios for the financial years ending March 31, 2024, March 31, 2023, and March 31, 2022, were 38.83%, 37.07%, and 41.93%, respectively. As on the date of this Prospectus, we meet our working capital requirements in the ordinary course of its business from capital, internal accruals, unsecured loans, working capital loans, from the Banks etc. This requires us to obtain financing through various means. For nine months period ended on December 31, 2024 our total borrowings stood at ₹ 7,993.29 and As on March 31, 2024, our total borrowings stood at ₹ 5,638.33 lakhs. We may incur additional indebtedness in the future. Additional debt financing could increase our interest costs and require us to comply with additional restrictive covenants in our financing agreements. Additional equity financing could dilute our earnings per Equity Share and investors interest in the Company and could adversely impact our Equity Share price.

Furthermore, the objects of the Issue include funding working capital requirements of our Company. For more information in relation to such management estimates and assumptions, please see "Objects of the Issue" on page 77. Our working capital requirements may be affected due to factors beyond our control including force majeure conditions, delay or default of payment by our clients, non-availability of funding from banks or financial institutions. Accordingly, such working capital requirements may not be indicative of the actual requirements of our Company in the future and investors are advised to not place undue reliance on such estimates of future working capital requirements.

In the last three (3) financial years, our Company has been able to raise funding from bank as and when the need has arisen and has never delayed and defaulted its financial commitments. However, any failure to service our indebtedness, perform any condition or covenant or comply with the restrictive covenants could lead to a termination of one or more of our credits which may adversely affect our ability to conduct our business and have a material adverse effect on our financial condition and results of operations. We cannot assure you that we will be able to raise additional financing on acceptable terms in a timely manner or at all. Our failure to renew arrangements for existing funding or to obtain additional financing on acceptable terms and in a timely manner could adversely impact our planned capital expenditure, our business, results of operations and financial condition.

Though the Company has not faced any such challenges in the past, consequently, there could be situations where the total funds available may not be sufficient to fulfil our commitments, and hence we may need to incur additional indebtedness in the future or utilize internal accruals to satisfy our working capital needs.

The working capital requirement for nine months period ended on December 31, 2024 and for the FY 2022, 2023 and 2024 has been met with an increase in the borrowings and internal cash accruals of the Company as follows.

2. ***Our business is capital intensive in nature. If we are unable to raise additional funds whenever required, or on terms acceptable to us, we may be required to scale down or abandon our expansion & growth plans and/or reduce capital expenditures and the size of our operations, any of which could materially and adversely affect our business, financial position and results of operations.***

We require significant amount of capital for purchasing the construction equipment such as Piling Rigs, Crawler Crane, Transit Mixer, Hydra Crane, Excavator, JCB, Rig, Diesel Generators etc. and the failure to obtain additional financing on terms commercially acceptable to us may adversely affect our ability to grow our business and increase/maintain our future profitability. For nine months period ended on December 31, 2024 and as of March 31, 2024, 2023 and 2022 our net fixed assets were ₹ 6,827.01 ₹ 6230.39 lakhs, ₹ 5630.57 lakhs, and ₹ 3989.02 lakhs respectively. For details of fixed assets please refer ***Annexure 13 in the section titled “Financial Information of the Company -Restated Financial Statements*** on page 190 of this Prospectus”. Our ability to obtain such financing on acceptable terms is dependent on numerous factors, including general economic and capital market conditions, credit availability from banks, investor confidence, levels of our existing indebtedness, future financial condition, results of operations and cash flows and other factors beyond our control. There can be no assurance that we will be able to raise additional financing on favorable terms in a timely manner or at all. If we are unable to raise additional funds whenever required, or on terms favorable/acceptable to us, we may be required to scale down or abandon our expansion & growth plans and/or reduce capital expenditures and the size of our operations, any of which could materially and adversely affect our business, financial position and results of operations. However there were no instances in the past where they were unable to raise additional funds whenever required.

Our capital expenditure requirements and growth strategy require continued access to significant amounts of capital on acceptable terms, as our continuous cash flows are the source for purchase of new equipment, which is directly responsible for our business growth. We cannot assure you that market conditions and other factors will permit financing through debt or equity, on terms acceptable to us or at all. We strive to maintain strong relationships with banks to increase our financing flexibility. However, we cannot assure you that our relationships with lenders will not change or that lenders will continue lending practices we are familiar with. Our lenders may implement new credit policies, adopt new pre-qualification criteria or procedures, raise interest rates or add restrictive covenants in loan agreements, some or all of which may significantly increase our financing costs, or prevent us from obtaining financings totally. As a result, our revenue growth may reduce, and our business, financial condition and results of operations may be materially and adversely affected. All of these factors may result in an increase in the amount of our borrowings and the continued increase in capital requirements may have an adverse effect on our financial condition and results of operations.

3. ***Our Registered Office and Yard from where we operate is not owned by us.***

Our Registered Office premise situated at Unit No. 604-605-606, 6th Floor, NDM-2, Plot No. D-L,2,3, Netaji Subhash Place, Pitam Pura, Delhi-110034 is not owned by us, it is taken on lease basis from our Promoter and Non-Executive Director of the company, Mrs Shikha Gupta. Our Yard facility situated at Khasra No. 49/12 (1-13), 9(4-5), Ground Floor, Main Road Village Alipur, Near Gas Godown, Delhi- 110036 is not owned by us, it is taken on lease basis from our Promoter and Managing Director of the company, Mr. Gaurav Gupta. We cannot assure you that we will be able to continue the above arrangement on commercially acceptable/favourable terms in future. If we are required to vacate the current premises, we would be required to make alternative arrangements for new office and other infrastructure, and we cannot assure that the new arrangements will be on commercially acceptable/favourable terms. If we are required to relocate our business operations during this period, we may suffer a disruption in our operations or have to pay higher charges, which could have an adverse effect on our business, prospects, results of operations and financial condition.

4. ***We require certain approvals and licenses in the ordinary course of business and are required to comply with certain rules and regulations to operate our business, any failure to obtain, retain and renew such approvals and licences or comply with such rules and regulations may adversely affect our operations.***

We require several statutory and regulatory permits, licenses and approvals to operate our business, some of which are either received or applied for. Many of these approvals are subject to periodical renewal. Any failure to renew the approvals that may expire, or to apply for the required approvals, licences, registrations or permits, or any suspension or revocation of any of the

approvals, licences, registrations and permits that have been or may be issued to us, could result in delaying the operations of our business, which may adversely affect our business, financial condition, results of operations and prospects. Further, our Company are yet to obtain Professional Tax Enrolment Certificate and Professional Tax Registration Certificate for Bihar due to technical difficulties on the website of Professional Tax for Bihar. If we are unable to obtain the said Professional Tax Enrolment Certificate and Professional Tax Registration Certificate, the officer in default may be liable to simple imprisonment for three months or fine which may extend to five thousand rupees or both.

Additionally, some of our permits, licenses and approvals are subject to several conditions and we cannot provide any assurance that we will be able to continuously meet such conditions or be able to prove compliance with such conditions to the statutory authorities, which may lead to the cancellation, revocation or suspension of relevant permits, licenses or approvals which may result in the interruption of our operations and may have a material adverse effect on our business, financial condition, cash flows and results of operations. If we fail to comply with all applicable regulations or if the regulations governing our business or their implementation change, we may incur increased costs, be subject to penalties or suffer a disruption in our business activities, any of which could adversely affect our results of operations. For further details, see “**Key Industry Regulations and Policies**” and “**Government and Other Statutory Approvals**” for permits/licenses required for the business on pages 140 and 201 respectively.

5. Majority portion of our sales is generated from our Civil foundation work.

A significant portion of our revenue is generated from our civil foundation work for nine months period ended on December 31, 2024 and for FY 2024, FY 2023, and FY 2022. This high dependence on our civil foundation segment means that any decrease in demand for these services, pricing pressures, or shifts in market conditions could substantially impact our operational results.

Moreover, external factors such as supply chain disruptions, regulatory changes, technological advancements could further affect the performance of this segment. Our reliance on these critical areas exposes us to market fluctuations, which may constrain our overall financial stability and growth potential. Therefore, it is essential to monitor these dynamics closely to mitigate risks and adapt our strategies accordingly. Given below is our segment wise revenue bifurcation for the past three fiscal years as per our restated financial statements :-

^ Rounded off to closest decimal.

There can be no assurance that litigations involving our Company and our Promoters will be decided in favour of our Company and our Promoters and consequently it may divert the attention of our management and Promoters and consume our corporate resources and we may incur significant expenses in such proceedings and we may have to make provisions in our financial statements, which could increase our expenses and liabilities. If such claims are determined against our Company and our Promoters, there could be a material adverse effect on our reputation, business, financial condition and results of operations, which could adversely affect the trading price of our Equity Shares.

Furthermore, we may not be able to quantify all the claims in which we are involved. Failure to successfully defend these or other claims or if our current provisions prove to be inadequate, our business and results of operations could be adversely affected. Even if we are successful in defending such cases, we will be subjected to legal and other costs relating to defending such litigation, and such costs could be substantial. In addition, we cannot assure that similar proceedings will not be initiated in the future. This could adversely affect our business, cash flows, financial condition, and results of operation. For further details, pertaining to material pending outstanding litigations involving our Company and our Promoters, see “**Outstanding Litigations and Material Developments**” on page 217.

7. **We may be unable to sufficiently obtain, maintain, protect, or enforce our intellectual property and other proprietary rights.**

As on date of this Prospectus, Our Company has made application dated August 06, 2024 for its logo , under class 37 of the Trade Mark Act, 1999 which is currently pending as on date. There can be no assurance that we will be able to successfully obtain registration against the application for the logo of the Company, which may affect our ability to use such trade marks in the future. If we are unable to renew or register our trademarks for various reasons including our inability to remove objections to any trademark application, or if any of our unregistered trademark are registered in favour of or used by a third party in India or abroad, we may not be able to claim registered ownership of such trademark and consequently, we may not be able to seek remedies for infringement of those trademarks by third parties other than relief against passing off by other entities, causing damage to our business prospects, reputation and goodwill in India and abroad. Apart from this, any failure to register or renew registration of our registered trademark may affect our right to use such trademark in future.

Further, our efforts to protect our intellectual property in India and abroad may not be adequate and any third-party claim on any of our unprotected intellectual property may lead to erosion of our business value and our reputation, which could adversely affect our operations. Third parties may also infringe or copy our registered brand name in India and abroad which has been registered by us in India. We may not be able to detect any unauthorized use or take appropriate and timely steps to enforce or protect our trademarks in India and abroad.

Further, if do not maintain our brand name and identity, which we believe is one of the factors that differentiates us from our competitors, we may not be able to maintain our competitive edge in India and abroad. If we are unable to compete successfully, we could lose our customers, which would negatively affect our financial performance and profitability. Moreover, our ability to protect, enforce or utilize our brand name is subject to risks, including general litigation risks. Furthermore, we cannot assure you that such brand name will not be adversely affected in the future by actions that are beyond our control, including customer

complaints or adverse publicity from any other source in India and abroad. Any damage to our brand name, if not immediately and sufficiently remedied, could have an adverse effect on our business and competitive position in India and abroad.

For further details see “**Our Business - Intellectual Properties**” and “**Government and Other Statutory Approvals**” on pages 113 and 226, respectively.

8. We have had negative cash flows from operating, investing and financing activities in the past in some of the recent years.

As per our Restated Financial Statements, our cash flows operating, investing and financing activities were negative in the recent Fiscals as set out below:

(₹ in lakhs)

Particulars	For nine months period ended on December 31, 2024	March 31, 2024	March 31, 2023	March 31, 2022
Net Cash Flow from/ (used in) Operating Activities	63.98	(248.40)	2,941.55	281.65
Net cash generated from/(used in) investing activities	(1,593.15)	(1,827.38)	(2,561.24)	(1,146.56)
Net Cash Flow from/ (used in) Financing Activities	1,931.39	2,216.12	(346.44)	417.77

Any negative cash flow in future could adversely affect our operations and financial conditions and the trading price of our Equity Shares. For further details, see “*Financial Information*” on page 190.

9. We have been unable to trace certain regulatory form filed with the Registrar of Companies, as well as share transfer forms in the Company's records.

Our Company has encountered issues in tracing certain records filed with the Registrar of Companies (RoC). Specifically, the appointment of Ms. Shikha Gupta and Ms. Sneha Lata Gupta as Directors on February 28, 2019, during an Extra-Ordinary General Meeting (EGM), lacks the corresponding Form DIR-12 for their appointment. However, their appointment is confirmed through Form MGT-14, which reflects the passing of a Special Resolution for their appointment.

Additionally, we are unable to locate the share transfer forms related to share transfers conducted between 2012 and 2013 in the Company's records.

We cannot assure you that no regulatory action will be initiated against us in the future and that no penalties will be imposed on us on account of these lapses.

10. There have been Instances of discrepancies in regulatory filings with the Registrar of Companies and Delay in Fulfilling Corporate Social Responsibility (CSR) Obligations

There have been instances where our Company has inadvertently filed incorrect forms with the Registrar of Companies (RoC). For example, in the allotment of securities on March 31, 2012, the Company filed Form 2, which incorrectly reflected the allotment of 48,150 equity shares instead of the actual allotment of 62,650 equity shares. Additionally, the name of one of the allottees, ‘Roshan Kumar & Sons,’ was not included in the list of allottees attached to the Form 2 filed with the RoC, although it is correctly reflected in the financial statements filed in Form 23AC and in the statutory registers. However, on November 12, 2024, our Company has filed revised PAS 3 (earlier Form 2 – as per Companies Act, 1956) with the Registrar of Companies with additional fees of Rs. 7200.

Furthermore, for the financial year 2022-23, our Company was required to undertake Corporate Social Responsibility (CSR) activities. However, as of March 31, 2024, this obligation had not been fulfilled. It is important to note that the Company has now completed its CSR obligations as of the date of filing this Prospectus.

We cannot assure you that no regulatory action will be initiated against us in the future and that no penalties will be imposed on us on account of these lapses.

11. We have projects in diverse geographical regions which may expose us to various challenges.

In the last years, we have successfully completed many Projects across the states of Delhi, Bihar, Haryana and Rajasthan. The execution of Projects in these diverse geographies may be challenging on account of our lack of familiarity with the social, political, economic and cultural conditions of these regions, language barriers, difficulties in staffing and managing operations

and our reputation in such regions. We may also encounter additional unanticipated risks and significant competition in these diverse geographical areas with different projects which may adversely affect our business, operations, and financial condition.

Furthermore, a concentration of projects in these states increases our exposure to any adverse developments in these regions, such as economic downturns, political instability, regulatory changes, or natural disasters, which could impair the normal functioning of our operations and have a material impact on our business and financial position. However, we have not faced any material instances of such events affecting our operations in the past three years.

The state wise revenue bifurcation is given below:-

(₹ in lakhs)

Name of state	For nine months period ended December 31, 2024		For the Year ended March 31					
			2024		2023		2022	
	Amount	%	Amount	%	Amount	%	Amount	%
Delhi	5,999.12	64.72%	2337.12	24.60%	1183.80	13.73%	2241.79	31.28%
Bihar	1,337.42	13.13%	5338.23	55.73%	5477.81	64.00%	409.78	5.72%

12. Our Order Book may not be representative of our future results and our actual income may be less than the estimates reflected in our Order Book, which could affect our results of operations.

Our Order Book as on a particular date consists of contract value of unexecuted or uncompleted portions of our ongoing projects, i.e., the total contract value of ongoing projects as reduced by the value of projects billed till May 31, 2025. As on May 31, 2025 our Company had an Order Book of ₹ 8,322.57 lakhs, and comprised detail of projects in order book. As of May 31, 2025, under the civil construction vertical we have 08 unexecuted or uncompleted projects worth approximately 15,496 Lakhs. As of May 31, 2025 under the Construction Equipment Renting vertical we have order book of approximately 476.55 Lakhs. For further details on our Order Book, see “Our Business – Order Book” on page 100 of this Prospectus. We may not be able to achieve our expected margins or may even suffer losses on one or more of these contracts or we may not be able to realise the revenues which we anticipated in such projects. In addition, there can be no assurance that we will be awarded the projects that we currently expect or that we will be able to execute agreements for these anticipated projects on terms that are favourable to us.

We may encounter problems executing the projects as ordered or executing it on a timely basis. Moreover, factors beyond our control or the control of our clients may postpone a project or cause its cancellation, including delays or failure to obtain necessary permits, authorizations, permissions, right-of-way, and other types of difficulties or obstructions. Due to the possibility of cancellations or changes in scope and schedule of projects, resulting from our clients’ discretion or problems we encounter in project execution or reasons outside our control or the control of our clients, we cannot predict with certainty when, if or to what extent, a project forming part of our Order Book will be performed and this could reduce the income and profits we ultimately earn from the contracts. Delays in the completion of a project can lead to clients delaying or refusing to pay the amount, in part or full, that we expect to be paid in respect of such project. Even relatively short delays or surmountable difficulties in the execution of a project could result in our failure to receive, on a timely basis or at all, all payments otherwise due to us on a project. These payments often represent an important portion of the margin we expect to earn on a project. In addition, even where a project proceeds as scheduled, it is possible that the contracting parties may default or otherwise fail to pay amounts owed. Any delay, reduction in scope, cancellation, execution difficulty, payment postponement or payment default in regard to our Order Book projects or any other uncompleted projects, or disputes with clients in respect of any of the foregoing, could materially harm our cash flow position, revenues and earnings.

For some of the contracts in our Order Book, our clients are obliged to perform or take certain actions, such as acquiring land, securing the right of way, clearing forests, securing required licenses, authorizations or permits, making advance payments, approving designs, approving supply chain vendors and shifting existing utilities. If a client does not perform such actions in a timely manner, and the possibility of such failure is not provided for in the contract, our projects could be delayed, modified or cancelled. Accordingly, the realization of our Order Book and the effect on our results of operations may vary significantly from reporting period to reporting period depending on the nature of such contracts, actual performance of such contracts, as

well as the stage of completion of such contracts as of the relevant reporting date as it is impacted by applicable accounting principles affecting revenue and cost recognition. Furthermore, there are various risks associated with the execution of large - scale projects as larger contracts may represent a larger part of our portfolio, increasing the potential volatility of our results and exposure to individual contract risks. Managing large-scale projects may also increase the potential relative size of cost overruns and negatively affect our operating margins. We believe that our contract portfolio will continue to be relatively concentrated and if we do not achieve our expected margins or suffer losses on one or more of these large contracts, this could have a material adverse effect on our results of operations and financial condition. However, we have not faced any material instances of such events affecting our operations in the past three years.

13. *An inability to comply with repayment and other covenants in the financing agreements or otherwise meet our debt servicing obligations could affect our business, financial condition, cash flows and credit rating.*

Our Company has entered into agreements in relation to financing arrangements with certain banks for working capital facilities, term loans and bank guarantees. For nine months ended on December 31, 2024, we had total outstanding borrowings of ₹ 7993.29 lakhs. The agreements with respect to our borrowings contain restrictive covenants, including, but not limited to, requirements that we obtain consent from the lenders prior to undertaking certain matters including, among others, effecting a merger, amalgamation or scheme of arrangement, change in capital structure of our Company subject to the threshold prescribed for the shareholding of certain shareholders of our Company and effecting change in the constitutional documents or management of our Company. Further to meet the said requirements our Company has taken consent from all the lenders for the proposed IPO as required in the agreements. For further details, see “Financial Indebtedness” beginning on page 174. For nine months ended on December 31, 2024, our total secured borrowings amounted to ₹ 7253.77lakhs, comprising of 90.74% of our total indebtedness. Under the terms of our secured borrowings, we are required to create a charge by way of hypothecation on the assets of our Company, together with cash in hand and bank accounts. As these assets are hypothecated in favour of lenders, our rights in respect of transferring or disposing of these assets are restricted. Many of our financing agreements also include various conditions and covenants that require us to obtain lender consents prior to carrying out certain activities or entering into certain transactions. Typically, restrictive covenants under our financing documents relate to obtaining prior consent of the lender for, among others, change in the capital structure, availing additional borrowings, change in ownership or management control, changes in shareholding pattern and management set-up including its constitution and composition, amalgamation, demerger, merger, acquisition, corporate or debt restructuring or similar action. If we fail to meet our debt service obligations or covenants (or do not receive approvals from our lenders to undertake certain transactions) under the financing agreements, the relevant lenders could declare us to be in default of our agreements, accelerate the maturity of our obligations, enforce security, take possession of the assets. As a result, we may be forced to sell some or all of our assets if we do not have sufficient cash or credit facilities to make these repayments.

14. *Our inability to collect receivables and defaults in payment from our customers could result in the reduction of our profits and affect our cash flows.*

The majority of our sales are to customers on a purchase order basis, with standard payment terms. However, for our domestic orders, we typically rely on our monitoring of the ability of our customers to pay under open credit arrangements. While we limit the credit, we extend to what we believe is reasonable based on an evaluation of each customer’s financial condition and payment history, we may still experience losses in the event our customers are unable to pay. As a result, while we maintain what we believe to be a reasonable allowance for doubtful receivables for potential credit losses based upon our historical trends and other available information, there is a risk that our estimates may not be accurate. The table below sets forth our trade receivables and receivable turnover days as of the dates stated:

Particulars	For nine months period ended on December 31, 2024	As of March 31, 2024	As of March 31, 2023	As of March 31, 2022
Trade receivables (in ₹ Lakhs)	3,629.09	4,008.08	3,176.07	2,783.23
Trade receivables days (in days)	117	138	127	134

If we are unable to collect customer receivables or if the provisions for doubtful receivables are inadequate, it could have a material adverse effect on our business, financial condition, and results of operations.

15. *We derive a significant portion of our revenues from our top 10 clients. The loss of any significant clients may have an adverse effect on our business, financial condition, results of operations, and prospect.*

Our top ten customers contributed 94.52%, 81.45%, 84.35% and 84.43% of our revenue from operations for nine months period ended on December 31, 2024 and for the financial year / period ended on March 31, 2024, 2023, and 2022, respectively. Our business heavily relies on our customer base, and the potential loss of any of our customers could have a negative impact

on our sales and, consequently, our overall business and financial performance. If we were to lose one or more of our significant or key customers or experience a reduction in the volume of business they provide, it could result in adverse consequences for our business, financial health, and cash flow. We cannot guarantee that we will be able to maintain the same levels of business as we have historically or secure long-term contracts with our major customers on mutually beneficial terms. Additionally, reducing our dependence on a few key customers may pose challenges in the future. Furthermore, factors such as a decline in our product or service quality, increased competition, or shifts in market demand could jeopardize our ability to retain these valuable customers. There is no assurance that we will continue to generate the same amount of business, or any business at all, from these customers, and any loss of their business could significantly impact our revenue and overall financial performance. While our customer mix and revenue streams may naturally evolve with the addition of new clients in the ordinary course of operations, we maintain confidence in our ability to sustain existing business relationships and attract new customers. Nonetheless, it's essential to acknowledge that the continuity of long-term customer relationships and the timely acquisition of new clients are not guaranteed, and uncertainties exist in this regard.

Our long-term relationships with the customers are indicative of our quality consciousness and timely execution. While adding new customers in turnkey pile foundation contracts and Civil Construction for Bridge and Industrial Building etc. contracts, the company poses certain challenges for which Company has developed strong marketing team. Furthermore our company has not faced any loss of business from top 10 customer in last one decade.

16. For supply of construction materials, we rely on suppliers. Inadequate or interrupted supply or sub-standard quality of construction materials could affect our reputation, business and results of operations.

Our top ten suppliers contributed 43.67%, 65%, 60% and 18% of our total purchase for nine months period ended on December 31, 2024 and for the financial year / period ended on March 31, 2024, 2023, and 2022, respectively based on restated financial statement. We cannot assure that we will be able to get the same quantum and quality of supplies, or any supplies at all, and the loss of supplies from one or more of them may adversely affect our purchases of stock and ultimately our revenue and results of operations. However, the composition and amount of purchase from these suppliers might change as we continue seeking new suppliers for our product for better quality and price in the normal course of business. Though we believe that we will not face substantial challenges in maintaining our business relationship with them or finding new suppliers, there can be no assurance that we will be able to maintain long term relationships with such suppliers or find new suppliers in time.

We hereby confirm that our company does not engage in long-term contractual agreements with suppliers. Rather, we procure construction materials from the market on an as-needed basis through the issuance of purchase orders. This practice allows us the flexibility to source materials in accordance with project requirements.

17. We do not have long-term firm commitment agreements with our customers. If our customers choose not to source their requirements from us, our business and results of operations may be adversely affected.

We do not have long-term firm commitment agreements with our customers in the civil foundation and construction sector. As a result, if our customers decide to source their requirements from alternative providers, our business and operational results could be adversely affected. This lack of long-term guaranteed contracts increases our vulnerability to fluctuations in customer loyalty and market competition, potentially impacting our revenue stability and growth prospects. It is crucial to enhance customer relationships and explore strategies to secure long-term commitments to mitigate this risk.

18. The Objects of the Issue for which funds are being raised, are based on our management estimates and any bank or financial institution or any independent agency has not appraised the same. The deployment of funds in the project is entirely at our discretion, based on the parameters as mentioned in the chapter titles "Objects of the Issue".

The fund requirement and deployment, as mentioned in the "Objects of the Offer" on page 81 of this Prospectus is based on the estimates of our management and has not been appraised by any bank or financial institution or any other independent agency. These fund requirements are based on our current business plan. We cannot assure that the current business plan will be implemented in its entirety or at all. In view of the highly competitive and dynamic nature of our business, we may have to revise our business plan from time to time and consequently these fund requirements. The deployment of the funds as stated under chapter Objects of the Issue is at the discretion of our Board of Directors and is not subject to monitoring by any external independent agency and the audit committee of the Company will monitor the deployment of funds and provide disclosure for the same as per applicable provisions. Further, we cannot assure that the actual costs or schedule of implementation as stated under chapter Objects of the Issue will not vary from the estimated costs or schedule of implementation. Any such variance may be on account of one or more factors, some of which may be beyond our control. Occurrence of any such event may delay our business plans and/or may have an adverse bearing on our expected revenues and earnings.

19. *Civil Construction projects are typically awarded to us on satisfaction of prescribed pre-qualification criteria and following a competitive bidding process. Our business and our financial condition may be adversely affected if new Civil construction projects are not awarded to us or if contracts awarded to us are prematurely terminated.*

Civil construction projects are typically awarded to us following a competitive bidding process and satisfaction of prescribed technical and financial pre-qualification criteria. While the track record, experience of project execution, service quality, technical expertise, reputation and sufficiency of financial resources are important considerations in awarding contracts, there can be no assurance that we would be able to meet such technical and financial qualification criteria, whether independently or together with other joint venture partners. Further, once prospective bidders satisfy the prequalification requirements of the tender, the project is usually awarded on the basis of price competitiveness of the bid. We generally incur costs in the preparation and submission of bids, which are one-time, non-reimbursable costs. We cannot assure you that we would bid where we have been pre-qualified to submit a bid, or that our bids, when submitted or if already submitted, would result in projects being awarded to us.

If we are not able to pre-qualify independently to bid for large construction and development projects, we partner and collaborate with third parties for joint bidding for such projects. We may face competition from other bidders in a similar position looking for acceptable joint venture partners for prequalification requirements. If we are unable to partner with other suitable companies or lack the credentials to be the partner-of-choice for other companies, we may lose the opportunity to bid for large civil construction projects, which could affect our growth plans. In cases of bids in a consortium, we may also not be able to secure bids due to negligence or disqualification of our joint venture partners, as these factors would be beyond our control. If a joint venture partner fails to perform its obligations satisfactorily, we may be required to incur additional expenditure to ensure the adequate performance and delivery of the contracted services or make payments on behalf of the joint venture partners, which could adversely affect the profitability of the contract.

Another factor which may impact the growth of our business is that our clients may terminate their construction agreements for reasons set forth in these agreements. If the client terminates any of our construction agreements, under the relevant agreement, it is generally required to compensate us for the amount, depending on the valuation of the unpaid works and the timing of the termination in relation to the payment milestones associated with the respective projects, unless the agreement is terminated pursuant to applicable law or our breach of the terms of the agreement is material. Such compensation process is likely to be time consuming and the amount paid to us may not be fully compensated to us. We cannot assure you that we would receive such amounts on a timely basis or in an amount equivalent to the value of our investment plus our lost profits. Such legal proceedings are extensive and time-taking and it cannot be assured that the outcome of such proceedings will be in our favour. These legal proceedings could divert management time and attention, consume our financial resources in defence or prosecution of such legal proceedings or cause delays in the construction, development or commencement of operations of our projects, or strain our relations with such clients. There can be no assurance that we will be successful in all, or any of such proceedings. We cannot assure you that such instances will not occur in future and any early termination of our contracts by our clients may adversely affect our business, results of operation and financial condition. We hereby confirm that, within the past three years, there have been no instances of premature termination of contracts involving our company.

20. *Fluctuations in raw material prices may expose us to risk and adversely impact our business operations.*

Our business in civil construction, particularly in foundation and piling works, relies heavily on the timely procurement and availability of essential raw materials, such as cement, steel, concrete, and aggregates. The prices of these materials are subject to volatility due to various external factors, including inflation, market demand and supply, government policies, transportation costs, and global economic conditions.

Significant increases in the prices of these raw materials could adversely impact our project costs, reducing our profit margins or even rendering certain projects economically unviable. While we aim to mitigate this risk through careful project planning and procurement strategies, we may not be able to pass on increased costs to our clients, particularly in fixed-price or long-term contracts. Prolonged or unexpected price fluctuations could therefore adversely impact our financial performance and overall profitability.

21. *Limited Regional Reach and Vulnerability to Weather Conditions*

Our company's operations are currently concentrated within specific geographic regions, which could limit our ability to capitalize on opportunities in other areas. Additionally, since a significant portion of our construction activities, particularly foundation work and piling, are conducted outdoors, they are highly dependent on favorable weather conditions. Adverse weather events may cause project delays, impacting timelines, increasing operational costs, and potentially affecting client relationships.

22. *We own Construction equipment, machinery and computer and accessories, resulting in fixed costs to our Company. Moreover, our Company is subject to operational risks on account of obsolescence, breakdown of our equipment and vehicles or failure to repair or maintain such equipment and machineries. Further, if we do not continually enhance our business with the most recent equipment and technology, our ability to maintain and expand our markets may be adversely affected.*

We own office equipment, plant and machinery, computer and accessories and vehicles which are used in our operations and resulting in increased fixed costs to our Company. For details, please refer *Annexure – 13 “Restated Financial Statements”* on page 190. The cost of maintaining and upkeep of such equipment in proper working condition constitutes a significant portion of our operating expenses.

Moreover, to maintain our capability to undertake projects, we may have to lease machines and equipment, built with the latest technologies and knowhow and keep them readily available for our construction activities through careful and comprehensive repairs and maintenance. We cannot assure you that we will be immune from the associated operational risks such as the obsolescence of our plants or equipment, theft of equipment accessories or major equipment breakdowns or failures to repair our major plants or equipment. These operational risks may result in project delays, cost overruns and even defaults under our construction contracts. The latest technologies used in newer models of construction equipment may improve productivity significantly, however they may render our older equipment obsolete. We hereby confirm that there are no such instances occurred in past three years where operational risks resulted in project delays, cost overruns and even defaults under our construction contracts.

Obsolescence, destruction, theft or breakdowns of our major plants or equipment may significantly increase our equipment purchase cost and the depreciation of our plants and equipment, as well as change the way our management estimates the useful life of our plants and equipment. In such cases, we may not be able to acquire new plants or equipment or repair the damaged plants or equipment in time or at all, particularly where our plants or equipment are not readily available from the market or requires services from original equipment manufacturers. We may experience significant price increases due to supply shortages, inflation, transportation difficulties or unavailability of bulk discounts. Such obsolescence, theft, breakdowns, repair or maintenance failures or price increases may not be adequately covered by the insurance policies availed by our company and may have an adverse effect on our business, cash flows, financial condition and results of operations. Although we have not faced any such instance of material nature in the last three (3) financial years, in the event we are unable to generate or maintain adequate revenues by successfully bidding for projects or recover payments from our clients in a timely manner or at all, we may not be able to keep our equipment and vehicles fully utilized and it could also have a material adverse effect on our financial condition and result of operations.

Further the technology, devices and equipment used in the construction industry may constantly evolve. Furthermore, as industry standards evolve, we may be required to enhance and develop our equipment, to comply with such standards. There is no assurance that we will be able to integrate and continually invest in such equipment and facilities or access to the latest technology on a timely basis, or that our prevailing systems may not be sufficiently robust to capture or adapt to the latest changes and updates. While we seek to mitigate against such risks by keeping abreast of and evaluating the latest equipment and technological advancements and upgrading our equipment, there is no assurance that we will be successful in doing so. Further, while there has been no material adverse impact on our operations, results of operations and financial conditions in the last three financial years due to any instance of our inability to enhance our business with the most recent technology and equipment, there is no assurance that such instances will not occur in the future. In the event that we cannot keep up to date with the current trends and needs of the construction industry, our facilities may lose their competitiveness and market share, which may adversely affect our revenue, and have a material adverse impact on our business, financial condition, results of operations and prospects.

Furthermore, our Company has an inhouse Repair and maintenance department to oversee the repair and maintenance function. Further there has been no major instances of such failures in past in equipment performance.

23. *We are unable to trace Educational Qualification Documents for Mr. Parveen Kumar Gupta*

We are unable to trace any documentary evidence of the educational qualifications of Mr. Parveen Kumar Gupta, our Promoter and Whole-time Director. The lack of documentation may affect investors' ability to assess Mr. Parveen Kumar Gupta's qualifications and the expertise he brings to the company. Although Mr. Gupta has contributed to the management and strategic direction of our business, the lack of formal verification of his educational background may raise concerns regarding his formal credentials, which could impact our reputation and investor confidence in our leadership team.

24. *We are required to furnish financial and performance bank guarantees and letter of credits as part of our business. Our inability to arrange such guarantees and/or letters of credit may adversely affect our cash flows and financial condition.*

We are typically required to provide financial and performance bank guarantees in favour of our clients, for the projects undertaken by us, to secure our financial/performance obligations under the respective contracts. As on December 31, 2024, we had issued bank guarantees (including letter of credit) amounting to ₹ 158.00 Lakhs, towards securing our financial / performance obligations under our ongoing projects. In past, our Company has been able to furnish bank guarantees and letter of credit as and when the need has arisen. However, we may be unable to obtain financial and performance bank guarantees and letter of credit required to commensurate with our business operations in future. If we are unable to provide sufficient collateral to secure the financial bank guarantees, performance bank guarantees or letters of credit to financial institutions, our ability to bid for new projects, execute existing projects or obtain adequate materials could be limited and it could have a material adverse effect on our business, results of operations and our financial condition. For further details, see “Annexure 34- Contingent Liabilities -Restated Financial Statement” on page 190.

25. *Our Promoters have provided guarantees for loans availed by us, and in the event the same is enforced against them, it could adversely affect our Promoters’ ability to manage the affairs of our Company.*

Our Promoters have given guarantees in relation to borrowings availed by our Company. In the event of default on such borrowings, these guarantees may be invoked by our lenders thereby adversely affecting our Promoters’ ability to manage the affairs of our Company and this, in turn, could adversely affect our business, prospects, financial condition and results of operations. Further, if any of these guarantees are revoked by our Promoters, our lenders may require alternate securities or guarantees and may seek early repayment or terminate such facilities. Any such event could adversely affect our financial condition and results of operations.

26. *In addition to normal remuneration, other benefits and reimbursement of expenses some of our Directors (Promoters) and Key Management Personnel are interested in our Company to the extent of their shareholding and dividend entitlement in our Company.*

In addition to receiving remuneration and expense reimbursements, our Promoters and Directors have other vested interests in the Company. They hold shares in the Company, representing their personal investments, and are entitled to dividends on the shares they own. Furthermore, our Promoter and Non-Executive Director, Mrs. Shikha Gupta, owns the Company’s registered office, which has been leased to the Company through a Lease Agreement. Similarly, our Promoter and Managing Director, Mr. Gaurav Gupta, owns the yard, which is also leased to the Company under a Lease Agreement. The Company pays lease rent for both properties, as detailed in the section “Immovable Property” in the chapter “Our Business” on page 113 of this Prospectus. For further details regarding the interests of our Promoters and Directors beyond their normal remuneration or reimbursement of expenses, please refer to the sections titled “Our Management – Interest of Directors” on page 171 and “Our Promoters and Promoter Group – Interests of Promoters” on page 184

27. *Reliance has been placed on declarations and affidavits furnished by one of our Director for details of their profiles included in this Prospectus.*

One of our Director, Mr. Parveen Kumar Gupta have been unable to trace copies of documents pertaining to his educational qualifications. Accordingly, reliance has been placed on affidavit furnished by him of educational qualifications in this Prospectus and we have not been able to independently verify these details. Therefore, we cannot assure you that the information relating to the educational background of Mr. Parveen Kumar Gupta included in the section ‘ Brief Biographies of our Directors’ under chapter titled “Our Management” beginning on page 171 of this Prospectus is complete, true and accurate.

28. *Our individual Promoters plays key role in our functioning and we heavily rely on their knowledge and experience in operating our business and therefore, it is critical for our business that our Promoter and Executive Directors remain associated with us. Our success also depends upon the services of our key managerial personnel and our ability to attract and retain key managerial personnel and our inability to attract them may affect our operations.*

We benefit from our relationship with our individual Promoters and our success depends upon the continuing services of our Promoters and executive Directors who have been responsible for the growth of our business and is closely involved in the overall strategy, direction and management of our business. Our Promoters and executive Directors have been actively involved in the day-to-day operations and management. Accordingly, our performance is heavily dependent upon the services of our Promoters and executive Directors. If our Promoters and executive directors are unable or unwilling to continue in their present position, we may not be able to replace them easily or at all. Further, we rely on the continued services and performance of our key executives and senior management for continued success and smooth functioning of the operations of the Company. If we lose the services of any of our key managerial personnel, it may take reasonable time to locate suitable or qualified replacements and may incur additional expenses to recruit and train new personnel, which could adversely affect our business operations and affect our ability to continue to manage and expand our business. Our Promoters and executive Directors, along with the key managerial personnel, have over the years-built relations with various customers and other persons who form part

of our stakeholders and are connected with us. The loss of their services could impair our ability to implement our strategy, and our business, financial condition, results of operations and prospects may be materially and adversely affected. However, we have encountered no such issues in the past, as majority of our promoters and both the Executive Directors have been with our company since its inception.

For further details of our Directors and Key Managerial Personnel, please refer to Chapter titled “Our Promoter”, “Our Management – Board of Directors” and “Our Management – Key Managerial Personnel” on page no. 184 and 171 respectively of this Prospectus.

29. *None of the Directors of the Company have experience of being a director of a public listed company except Mr. Varun Chugh.*

The Directors of the Company do not have the experience of having held directorship of public listed company except Mr. Varun Chugh. Accordingly, they have limited exposure to management of affairs of the listed company which inter-alia entails several compliance requirements and scrutiny of affairs by shareholders, regulators and the public at large that is associated with being a listed company. As a listed company, the company will require to adhere strict standards pertaining to accounting, corporate governance and reporting that it did not require as an unlisted company. The company will also be subject to the SEBI Listing Regulations, which will require it to file audited annual and unaudited quarterly reports with respect to its business and financial condition. If the company experiences any delays, we may fail to satisfy its reporting obligations and/or it may not be able to readily determine and accordingly report any changes in its results of operations as promptly as other listed companies.

Further, as a publicly listed company, the company will need to maintain and improve the effectiveness of our disclosure controls and procedures and internal control over financial reporting, including keeping adequate records of daily transactions. In order to maintain and improve the effectiveness of the company’s disclosure controls and procedures and internal control over financial reporting, significant resources and management attention will be required. As a result, the Board of Directors of the company may have to provide increased attention to such procedures and their attention may be diverted from our business concerns, which may adversely affect our business, prospects, results of operations and financial condition. In addition, we may need to hire additional legal and accounting staff with appropriate experience and technical accounting knowledge, but we cannot assure you that we will be able to do so in a timely and efficient manner.

30. *Our Promoter Group Entity i.e. Advance Infrastructure Corporation is also engaged in the line of business similar to our Company. We cannot assure that our Promoters will not favour the interests of such entities over our interest or that the said entities will not expand which may increase our competition and may adversely affect business operations and financial condition of our Company.*

Our Promoter Group Entity namely, Advance Infrastructure Corporation is also engaged in the similar line of business as of our Company. Further, we have not entered into any non-compete agreement with the said entity. We cannot assure that our Promoters who have common interest in said entity will not favour the interest of the said entity. As a result, conflicts of interests may arise in allocating business opportunities amongst our Company and our Promoter Group entity in circumstances where our respective interests diverge. In cases of conflict, our Promoters may favour other entities in which our Promoters have interests. There can be no assurance that our Promoters or our Promoter Group entity or members of the Promoter Group will not compete with our existing business or any future business that we may undertake or that their interests will not conflict with ours. Any such present and future conflicts could have a material adverse effect on our reputation, business, results of operations and financial condition which may adversely affect our profitability and results of operations.

31. *Our projects require deployment of labour and depend on availability of labour. In case of unavailability of such labour, our business operations could be affected.*

Our project operations require deployment and our ability to retain labour. In case such labour workforce is unavailable, or we are unable to identify and retain such labour our business could be adversely affected. We cannot guarantee that we may be able to continue with the same on favourable terms or at all. Any such failure may impact the operations, business process and profitability. Additionally, there have been amendments in the labour and Employment related laws, which may have a direct impact on our employee costs and consequently, on our margins. Further, latest amendments in labour laws in India may be led to increasing cost of compliance, wages, social security, Occupational Safety, Health and Working Conditions. We cannot assure you that we will continue to comply with all these labour related laws and that as we continue to grow our business in the future, our labour and employee costs coupled with operating compliances and expenses will not significantly increase. Our employees are not unionized currently. However, there is no assurance that our employees will not seek unionization in the future. In the event that employees at our project sites take any steps to unionize, it may become difficult for us to maintain flexible labour policies and may increase our costs and adversely affect our business.

Any strikes or lock-outs, work stoppages, slowdowns, shut downs, supply interruptions or costs or other factors beyond our control, may disrupt our operations and could negatively impact our financial performance or financial condition. Additionally, our inability to recruit employees, in particular skilled employees, and retain our current workforce could have a material adverse effect on our business, financial condition and profitability. There can be no assurance that we will not experience slowdowns or shutdowns in the manner described above, or in any other manner, in the future, for reasons which are beyond our control. Any slowdown or shutdown will adversely impact our results of operations, market share and financial condition.

Furthermore, there have been no instances of strikes or lock-outs, work stoppages, slowdowns, shut downs, supply interruptions or costs which may disrupt our operations and could negatively impact our financial performance or financial condition, during the past three years.

32. *Fraud, theft, employee negligence or similar incidents may adversely affect our results of operations and financial condition.*

Our company may face potential risks related to incidents of theft or damage to inventory. While we have not encountered such situations in the past, we acknowledge that there is a possibility of experiencing inventory losses due to various factors such as employee theft, vendor fraud, and general administrative errors. These incidents could have a negative impact on our results of operations and financial condition. During the execution of the contract and up to defect liability period we are generally fully liable to compensate all concerned for any loss, damage, or destruction of work, structure, property etc. including third party risk arising due to causes attributable to us.

Despite implementing security measures and internal controls, there is no guarantee that we will completely avoid instances of fraud, theft, employee negligence, or security lapses in the future. Any such occurrence could lead to significant financial losses and affect our overall business performance.

Furthermore, there have been no instances of Fraud, theft, employee negligence or similar incidents which may adversely affect our results of operations and financial condition, during the past three years.

Although we have insurance coverage against losses due to theft, fire, breakage, or damage caused by other casualties, the extent of coverage may not fully mitigate the financial impact of such incidents on our operations and financial condition. In some cases, the losses incurred may exceed the insurance coverage, resulting in additional financial strain for the company.

33. *Any non-compliance or delays in GST Return Filings may expose us to penalties from the regulators.*

As a Company, we are required to file GST returns with the respective authorities. However, there are certain inadvertent delays in relation to filling of GST returns in the past for which the Company have paid the penalties for nine months period ended on December 31, 2024 and for the FY 2023-24, 2022-23 and 2021-22 and taken the steps to improve the internal system for payment of GST to mitigate the technical difficulties. However, we cannot assure that we will not be subject to any legal proceeding or regulatory actions, including monetary penalties by statutory authorities on account of any inadvertent discrepancies in our GST filling in future, which may adversely affect our reputation and goodwill of the company. 34. We have in the past entered into related party transactions and may continue to do so in the future.

We have entered into and may in the course of our business continue to enter into transactions specified in the Restated Financial Information contained in the Prospectus with related parties that include our Promoters, Directors, promoter group entities and their relatives. For further details in relation to our related party transactions, see “*Related Party Transactions*” on page 171. While we believe that all such transactions have been conducted on an arm’s length basis and in the ordinary course of business and as per the Companies Act, 2013 and other applicable laws, there can be no assurance that we could not have achieved more favourable terms. Furthermore, it is likely that we may enter into related party transactions in the future. There can be no assurance that such transactions, individually or in the aggregate, will not have a material adverse effect on our financial condition and results of operations. Further, we hereby confirm that all related party transactions in the future shall be done in an arm length basis in compliance with Companies Act and other applicable laws.

35. Any non-compliance or delays in EPF and ESIC Return Filings may expose us to penalties from the regulators.

As a Company, we are required to file EPF and ESIC returns with the respective authorities. However, there are certain inadvertent delays in relation to filing of EPF and ESIC returns in the past for which the Company have paid the penalties for the nine months period ended on December 31, 2024 and for the FY 2023-24, 2022-23 and 2021-22 and taken the steps to improve the internal system for payment of EPF and ESIC to mitigate the technical difficulties. However, we cannot assure that we will not be subject to any legal proceeding or regulatory actions, including monetary penalties by statutory authorities on account of any inadvertent discrepancies in our EPF and ESIC filing in future, which may adversely affect our reputation and goodwill of the company. The following table depicts the delays in filing of EPF and ESIC returns by the Company :-

36. Our Company has taken short term unsecured loans that may be recalled by the lenders at any time.

Our Company has availed unsecured loans which may be called by their lenders at any time. As on March 31, 2023, the unsecured loan amounting to ₹ 417.14 lakhs were decreased to Rs 244.06 lakhs on March 31, 2024. Further for nine months period ended on December 31, 2024 the unsecured loan were ₹ 739.52. As a result, any such demand may affect our business, cash flows, financial condition and results of operations. In the event any of such unsecured lenders seek a repayment of any these loans, our company would need to find alternative sources of financing, which may not be available on commercially reasonable terms, or at all. If we are unable to arrange for any such financing arrangements, we may not have adequate working capital to undertake new projects or complete our ongoing projects. However, Company has managed to repay their loan on demand in the past from various means. Therefore, any such demand shall not adversely affect our business, financial condition and results of operations. For further details, see “Financial Indebtedness” on page no. 194 of this Prospectus.

37. If we are unable to manage attrition and attract and retain skilled professionals, it may adversely affect our business prospects, reputation and future financial performance.

Our business depends upon our ability to attract, develop, motivate, retain and effectively utilize skilled professionals. We believe that there is significant competition in our industry for such professionals who possess the technical skills and experience necessary to execute and manage infrastructure projects, and that such competition is likely to continue for the foreseeable future. We seek to hire and train a significant number of additional professionals each year in order to meet anticipated turnover and increased staffing needs. Our ability to execute existing projects and to win new contract awards depends, in large part, on our ability to hire and retain qualified personnel. The following table sets forth the attrition rates for our full-time employees for the periods indicated.

Particulars	2024	2023	2022
Employee Turnover Rate (%)	38.25	57.62	13.04

38. Our contingent liabilities as stated in our Restated Financial Statements could adversely affect our financial condition.

Below are the contingent liabilities, for nine months period ended on December 31, 2024 and for Fiscal 2024, 2023 and 2022, as disclosed in our Restated Financial Statements in accordance with applicable accounting standards:

(Amount Rs. In Lakhs)

Particulars	Period ended 31 December 2024	Year ended 31 March 2024	Year ended 31 March 2023	Year ended 31 March 2022
I. Contingent Liabilities				
(a) claims against the Company not acknowledged as debt	22.82	22.82	66.41	-
(b) guarantees excluding financial guarantees; and	-	-	-	-
(c) other money for which the Company is contingently liable	166.91	238.98	-	-
II. Commitments				
(a) estimated amount of contracts remaining to be executed on capital account and not provided for	-	-	-	-
(b) uncalled liability on shares and other investments partly paid	-	-	-	-
(c) other commitments	-	-	-	-

For further details of the contingent liabilities and commitments of our Company as on March 31, 2024, see **“Restated Financial Information”** on page 160 of this Prospectus. If a significant portion of these liabilities materialize, fully or partly, it could have an effect on our results of operations and financial condition. Further, there can be no assurance that we will not incur similar or increased levels of contingent liabilities in the future.

39. The average cost of acquisition of Equity Shares by our Promoters could be lower than the issue price.

Our Promoters’ average cost of acquisition of Equity Shares are as follows.

Name of Promoter	Number of Equity Shares Held	Average cost of acquisition (in Rs.)
Gaurav Gupta	1,20,64,476	0.49
Shikha Gupta	14,08,200	0.98
Parveen Kumar Gupta	Nil	Nil

40. Our insurance coverage may not be adequate to protect us against all potential losses to which we may be subject and this may have a material effect on our business and financial condition.

As on June 16, 2025, the total insurance coverage maintained by the Company was ₹ 16,107.60 Lacs.* While we maintain insurance coverage, in amounts which we believe are commercially appropriate, including related to our registered office, our movable property and employees, provide appropriate coverage in relation to fire, explosions, floods, inundations, earthquakes, landslides we may not have sufficient insurance coverage to cover all possible economic losses, including when the loss suffered is not easily quantifiable and in the event of severe damage to our business. Even if we have made a claim under an existing insurance policy, we may not be able to successfully assert our claim for any liability or loss under such insurance policy. Additionally, there may be various other risks and losses for which we are not insured either because such risks are uninsurable or not insurable on commercially acceptable terms. The occurrence of an event for which we are not adequately or sufficiently insured could have an effect on our business, results of operations, financial condition and cash flows. However, there have been no instances in the past wherein the company had suffered losses which was in excess of its insurance coverage.

In addition, in the future, we may not be able to maintain insurance of the types or at levels which we deem necessary or adequate or at rates which we consider reasonable. The occurrence of an event for which we are not adequately or sufficiently insured or the successful assertion of one or more large claims against us that exceed available insurance coverage, or changes in our insurance policies (including premium increases or the imposition of large deductible or co-insurance requirements), could have an effect on our business, results of operations, financial condition and cash flows.

**As certified by M/s GSRA & Associates vide their certificated dated June 16, 2025.*

41. *Our ability to pay any dividends will depend upon future earnings, financial condition, cash flows, working capital requirements and capital expenditures.*

We may retain all our future earnings, if any, for use in the operations and expansion of our business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deem relevant, including among others, our results of operations, financial condition, cash requirements, business prospects and any other financing arrangements. Accordingly, realization of a gain on shareholders investments may largely depend upon the appreciation of the price of our Equity Shares. There can be no assurance that our Equity Shares will appreciate in value. For details of our Dividend history refer to the Section “Dividend Policy” on page 188 of the Prospectus.

42. *The deployment of funds raised through this Offer shall not be subject to any Monitoring Agency and shall be purely dependent on the discretion of the management of our Company.*

As the issue size shall be less than ₹10,000 lacs, under Regulation 262 of the SEBI ICDR Regulations it is not required that a monitoring agency be appointed by our Company, for overseeing the deployment and utilization of funds raised through this Issue. Therefore, the deployment of the funds towards the Objects of this Issue is entirely at the discretion of our Board of Directors and is not subject to monitoring by external independent agency. Our Board of Directors along with the Audit Committee will monitor the utilization of Issue proceeds and shall have the flexibility in applying the proceeds of this Issue. However, the management of our Company shall not have the power to alter the objects of this Issue except with the approval of the Shareholders of the Company given by way of a special resolution in a general meeting, in the manner specified in Section 27 of the Companies Act, 2013. Additionally, the dissenting shareholders being those shareholders who have not agreed to the proposal to vary the objects of this Issue, our Promoters shall provide them with an opportunity to exit at such price, and in such manner and conditions as may be specified by the SEBI, in respect to the same. For further details, please refer to the chapter titled — “*Objects of the Issue*” on page 81 of the Prospectus.

43. *We operate within a regulatory framework governed by stringent labour laws which could potentially impact our operations.*

Our business segment heavily rely on labour, necessitating significant management involvement in labour relations, and thus expose us to the risk of industrial disputes. Any potential tightening or stricter enforcement of these laws may constrain our ability to adapt flexible human resource strategies, manage employee separations, or downsize, thereby adversely affecting our business, financial health, and operational stability. Additionally, we face the threat of strikes, lockouts, and other disruptions across all our sites.

Furthermore, we depend on third-party entities for various operational aspects, some of whom engage contract labourers as independent contractors. While we do not directly employ these labourers, we bear responsibility for their wages in case of default by the independent contractors. In the event of such defaults, we may be compelled to cover the wages of contract labourers, thereby increasing our operational costs and potentially impacting our financial performance. It's noteworthy that many of these independent contractors employ members of registered unions, both in India and other countries, adding a layer of complexity to our labour relations.

44. *Our operations are dependent on a significant number of contract labour and an inability to access adequate contract labour at reasonable costs at our project sites across India may adversely affect our business prospects and results of operations.*

Our operations are significantly dependent on access to a large pool of contract labour for our construction work and the execution of our projects. The number of contract labourers employed by us varies from time to time based on the nature and extent of work we are involved in, further on an average we employ 200-220 casual workers. Our dependence on such contract labour may result in significant risks for our operations, relating to the availability and skill of such contract labour, as well as contingencies affecting availability of such contract labour during peak periods in labour intensive sectors such as ours. There can be no assurance that we will have adequate access to skilled workmen at reasonable rates and in the areas in which we execute our projects. As a result, we may be required to incur additional costs to ensure timely execution of our projects. In addition, there may be local regulatory requirements relating to use of contract labour in specified areas and such regulations may restrict our ability to recruit contract labour for a project. However, we have not faced any material issues in the past concerning the availability, cost, or regulatory compliance of contract labour that would impact our project timelines or operations. Further, all contract labourers engaged in our projects are assured minimum wages that are fixed by the relevant State governments, and any increase in such minimum wages payable may adversely affect our results of operations.

- 45. Pursuant to Section 27 of the Companies Act 2013, any variation in the objects would require a special resolution of the Shareholders and our Promoters or controlling Shareholders will be required to provide an exit opportunity to the Shareholders of our Company who do not agree to such proposal to vary the objects, in such manner as may be prescribed in future by the SEBI.**

Accordingly, prospective investors in the Issue will need to rely upon our management's judgment with respect to the use of Net Proceeds. If we are unable to enter into arrangements for utilization of Net proceeds as expected and assumed by us in a timely manner or at all, we may not be able to derive the expected benefits from the proceeds of the Issue and our business and financial results may suffer.

- 46. The requirements of being a public listed company may strain our resources and impose additional requirements.**

With the increased scrutiny of the affairs of a public listed company by shareholders, regulators and the public at large, we will incur significant legal, accounting, corporate governance and other expenses that we were not required to incur in the past. We will also be subject to the provisions of the listing agreements signed with the Stock Exchange. In order to meet our financial control and disclosure obligations, significant resources and management supervision will be required. As a result, management's attention may be diverted from other business concerns, which could have an adverse effect on our business and operations.

There can be no assurance that we will be able to satisfy our reporting obligations. In addition, we will need to increase the strength of our management team and hire additional legal and accounting staff with appropriate public company experience and accounting knowledge and we cannot assure that we will be able to do so in a timely manner. Failure of our Company to meet the listing requirements of stock exchange, if any, could lead to imposition of penalties, including suspension of trading in shares of the Company.

- 47. Non-compliance with amendment in Safety, Health and Environmental laws and other applicable regulations, may adversely affect the Company's results of operations and its financial condition.**

Our company is in business of civil construction and renting of construction equipments. Due to nature of Business, the company is subject to various rules and regulations in relation to safety, health and environmental protection including Air Prevention and Control of Pollution Act, and Water Prevention and National Environmental Policy, 2006, Environment (Protection) Act, 1986 as amended ("EPA"), The Code on Wages, 2019, The Occupational Safety, Health and Working Conditions Code, 2020, The Industrial Relations Code, 2020, The Code on Social Security, 2020, Employees State Insurance Act, 1948, Contract Labour Act, Employees Provident Fund Act, Bonus Act etc. Further, the company is subjected to the jurisdiction and is governed by Indian Law, rules and regulations in relation to safety, health and environmental protection due to the nature of the business of the company. These safety, health and environmental protection laws and regulations inter alia impose controls on air and water discharge, employee exposure to hazardous substances and other aspects of the Company's operations and products. Failure to comply with any existing or future regulations applicable to the Company may result in levy of fines, penalties, commencement of judicial proceedings and/or third-party claims, and may adversely affect the results of operations and financial condition.

Furthermore, there have been no instances of Non-compliance with amendment in Safety, Health and Environmental laws and other applicable regulations, may adversely affect the Company's results of operations and its financial condition, during the past three years.

For further details regarding applicable laws to the company, please refer to the chapter titled "Key Industrial Regulations And Policies" beginning on page 159 of this Prospectus.

- 48. We have not commissioned an industry report for the disclosures made in the chapter titled "Industry Overview" and made disclosures on the basis of the data available from the online source.**

We have not commissioned an industry report for the disclosures which need to be made in the chapter titled "Industry Overview" beginning on page no. 49 of the Prospectus. We have made disclosures in the said chapter on the basis of the relevant industry related data available from sources such as the World Economic Outlook (April 2024), the IMF economic database, World Bank national accounts data, OECD national accounts, NSO, RBI, IBEF, <https://www.investindia.gov.in/sector/construction>, <https://www.mordorintelligence.com/industry-reports/india-construction-market>, https://www.ibef.org/download/1721277551/Infrastructure_May_2024.pdf. We cannot assure you that any assumptions made are correct or will not change and, accordingly, our position in the market may differ from that presented in the Prospectus. Although we believe that the data may be considered to be reliable, their accuracy, completeness and underlying assumptions are not guaranteed and their dependability cannot be assured. While we have taken reasonable care in the reproduction of the information, the information has not been prepared or independently verified by us or any of our respective

affiliates or advisors and, therefore, we make no representation or warranty, express or implied, as to the accuracy or completeness of such facts and statistics. Further, the industry data mentioned in the Prospectus or sources from which the data has been collected are not recommendations to invest in our Company. Accordingly, investors should read the industry related disclosure in the Prospectus in this context.

49. *The operations of the company are subject to risks of mishaps or accidents that could cause damage or loss to life and property and could also result in loss or slowdown in our business.*

Our business operations are subject to operating risks, including fatal accidents, mishaps failure of equipment, power supply, labour disputes, natural disasters or other force majeure conditions which are beyond our control. The occurrence of any of these factors could significantly affect our results of operations and financial condition. Long periods of business disruption could result in a loss of customers. Although we take precautions to minimize the risk of any significant operational problems at our operation sites, there can be no assurance that we will not face such disruptions in the future.

During the construction and maintenance period, we may be exposed to various risks which we may not be able to foresee or may not have adequate insurance coverage. Our insurance coverage may not be adequate to cover such loss or damage to life and property, and any consequential losses arising due to such events will affect our operations and financial condition. Further, in addition to the above, any such fatal accident or incident causing damage or loss to life and property, even if we are fully insured or held not to be liable, could negatively affect our reputation, thereby making it more difficult for us to conduct our business operations effectively, and could significantly affect our Order Book, availability of insurance coverage in the future and our results of operations.

Furthermore, there have been no instances where operations of the company have been affected due to risks of mishaps or accidents that could cause damage or loss to life and property and could also result in loss or slowdown in the business, during past three years.

50. *We will continue to be controlled by our Promoter and Promoter Group after the completion of the Issue, which will allow them to influence the outcome of matters submitted for approval of our shareholders.*

As on the date of this Prospectus, our Promoter and Promoter Group hold 94.17% of the issued and outstanding paid-up share capital of our Company. As a result, they will have the ability to influence matters requiring shareholders' approval, including the ability to appoint Directors to our Board and the right to approve significant actions at Board and at shareholders' meetings, including the issue of Equity Shares and dividend payments, business plans, mergers and acquisitions, any consolidation or joint venture arrangements, any amendment to our Memorandum of Association and Articles of Association, and any other business decisions. We cannot assure you that our Promoters and Promoter Group will not have conflicts of interest with other shareholders or with our Company. Any such conflict may adversely affect our ability to execute our business strategy or to operate our business.

For further details regarding our shareholding, please refer to chapter titled "*Capital Structure*" beginning on Page 66 of this Prospectus.

51. *Our inability to effectively implement our business and growth strategy may have an adverse effect on our operation and growth.*

The success of our business will largely depend on our ability to effectively implement our business and growth strategy. In the past we have generally been successful in execution of our business but there can be no assurance that we will be able to execute our strategy on time and within the estimated budget in the future. If we are unable to implement our business and growth strategy, this may have an adverse effect on our business, financial condition and results of operations.

52. *Failure or disruption of in IT and/or ERP systems of the company may adversely affect our business, financial condition, results of operations and prospects.*

We have implemented various information technology ("IT") and/or enterprise resource planning ("ERP") solutions to cover key areas of our operations, procurement, dispatch and accounting. These systems are potentially vulnerable to damage or interruption from a variety of sources, which could result in a material adverse effect on our operations. Disruption or failure of our IT systems could have a material adverse effect on our operations. A large-scale IT malfunction could disrupt our business or lead to disclosure of sensitive company information. Our ability to keep our business operating depends on the proper and efficient operation and functioning of various IT systems, which are susceptible to malfunctions and interruptions (including those due to equipment damage, power outages, computer viruses and a range of other hardware, software and network problems).

A significant or large-scale malfunction or interruption of one or more of our IT systems could adversely affect our ability to keep our operations running efficiently and affect product availability. In addition, it is possible that a malfunction of our data

system security measures could enable unauthorized persons to access sensitive business data, including information relating to our intellectual property or business strategy or those of our customers. Such malfunction or disruptions could cause economic losses for which we could be held liable. A failure of our information technology systems could also cause damage to our reputation which could harm our business. Any of these developments, alone or in combination, could have a material adverse effect on our business, financial condition and results of operations.

Further, unavailability of, or failure to retain, well trained employees capable of constantly servicing our IT and/or ERP systems may lead to inefficiency or disruption of IT system thereby adversely affecting our ability to operate efficiently. Any failure or disruption in the operation of these systems or the loss of data due to such failure or disruption (including due to human error or sabotage) may affect our ability to plan, track, record and analyse work in progress and sales, process financial information, meet business objectives based on IT initiatives such as product life cycle management, manage our creditors, debtors, manage payables and inventory or otherwise conduct our normal business operations, which may increase our costs and otherwise adversely affect our business, financial condition, results of operations and prospects.

Furthermore, there have been no instances where Failure or disruption of IT and/or ERP systems of the company may adversely affect our business, financial condition, results of operations and prospects, during past three years.

53. *The operation and growth of the company is dependent upon successfully implementation our business strategies.*

The success of our business depends substantially on our ability to implement our business strategies effectively, like expansion of our product range with a focus on value added products. We have successfully executed our business strategies in the past but there can be no guarantee that we can implement the same on time and within the estimated budget going forward, or that we will be able to meet the expectations of our targeted customers. Changes in regulations applicable to us may also make it difficult to implement our business strategies. Failure to implement our business strategies would have a material adverse effect on our business and the results of operations.

ISSUE RELATED RISK

54. *There is no guarantee that the Equity Shares issued pursuant to the Issue will be listed on the Emerge Platform of National Stock Exchange of India Limited in a timely manner, or at all.*

In accordance with Indian law and practice, permission for listing and trading of the Equity Shares issued pursuant to the offer will not be granted until after the Equity Shares have been issued and allotted. Approval for listing and trading will require all relevant documents authorizing the issuing of Equity Shares to be submitted. There could be a failure or delay in listing the Equity Shares on the Emerge Platform of National Stock Exchange of India Limited. Any failure or delay in obtaining the approval would restrict your ability to dispose of your Equity Shares.

55. *Any future issuance of Equity Shares may dilute your shareholdings, and sale of the Equity Shares by our major shareholders may adversely affect the trading price of our Equity Shares.*

Any future equity issuances by our Company may lead to the dilution of investors' shareholdings in our Company. In addition, any sale of substantial Equity Shares in the public market after the completion of this Issue, including by our major shareholders, or the perception that such sales could occur, could adversely affect the market price of the Equity Shares and could significantly impair our future ability to raise capital through offerings of the Equity Shares. We cannot predict what effect, if any, market sales of the Equity Shares held by the major shareholders of our Company or the availability of these Equity Shares for future sale will have on the market price of our Equity Shares.

56. *In the event there is any delay in the completion of the Offer, or delay in schedule of implementation, there would be a corresponding delay in the completion of the objects of this offer which would in turn affect our revenues and results of operations.*

The funds that we receive would be utilized for the objects of the offer as has been stated in the chapter titled "Objects of The Offer" on Page no. 81 of this Prospectus. The proposed schedule of implementation of the objects of the Offer is based on our management estimates. If the schedule of implementation is delayed for any other reason whatsoever, including any delay in the completion of the Issue, it may adversely affect our revenues and results of operations.

57. *There are restrictions on daily movements in the price of the Equity Shares, which may adversely affect a shareholder's ability to sell, or the price at which it can sell, Equity Shares at a particular point in time*

Following the Offer, we will be subject to a daily "Circuit Breaker" imposed by NSE, which does not allow transactions beyond specified increases or decreases in the price of the Equity Shares. This circuit breaker operates independently of the index-based, market-wide circuit breakers generally imposed by SEBI on Indian stock exchanges. The percentage limit on our circuit

breakers will be set by the stock exchange based on the historical volatility in the price and trading volume of the Equity Shares.

58. *Rights of shareholders under Indian laws may be more limited than under the laws of other jurisdictions.*

Indian legal principles related to corporate procedures, directors' fiduciary duties and liabilities may differ from those that would apply to a company in another jurisdiction. Investors may have more difficulty in asserting their rights as shareholders in an Indian company than as shareholder of a corporation in another jurisdiction. Shareholders' rights under Indian law may not be as extensive as shareholders' rights under the laws of other jurisdictions. Under the Companies Act, prior to issuance of any new equity shares, a public limited company incorporated under Indian law must offer its equity shareholders pre-emptive rights to subscribe to a proportionate number of equity shares to maintain existing ownership, unless such pre-emptive rights are waived by a special resolution by a three-fourths majority of the equity shareholders voting on such resolution. If you are a foreign investor and the law of the foreign jurisdiction that you are in does not permit the exercise of such pre-emptive rights without our filing an offering document or registration statement with the applicable authority in such foreign jurisdiction, you will be unable to exercise such pre-emptive rights, unless we make such a filing. If we elect not to file an offering document or a registration statement, the new securities may be issued to a custodian, who may sell the securities for your benefit. The value such custodian receives on the sale of any such securities and the related transaction costs cannot be predicted. To the extent that you are unable to exercise pre-emptive rights granted in respect of our Equity Shares, your proportional interest in our Company would decline.

59. *After this Issue, the price of the Equity Shares may be highly volatile, or an active trading market for the Equity Shares may not develop*

The price of the Equity Shares on the Stock Exchange may fluctuate as a result of the factors, including

- Volatility in the Indian and global capital market;
- Company's results of operations and financial performance;
- Performance of Company's competitors,
- Adverse media reports on Company or pertaining to our Industry;
- Changes in our estimates of performance or recommendations by financial analysts;
- Significant developments in India's economic and fiscal policies; and
- Significant developments in India's environmental regulations.

Current valuations may not be sustainable in the future and may also not be reflective of future valuations for our industry and our Company. There has been no public market for the Equity Shares and the prices of the Equity Shares may fluctuate after this Issue. There can be no assurance that an active trading market for the Equity Shares will develop or be sustained after this Issue or that the price at which the Equity Shares are initially traded will correspond to the price at which the Equity Shares will trade in the market subsequent to this Issue.

60. *The Issue price of our Equity Shares may not be indicative of the market price of our Equity Shares after the Issue and the market price of our Equity Shares may decline below the issue price and you may not be able to Sell your Equity Shares at or above the Issue Price*

The Issue Price of our Equity Shares has been determined by book building method. This price is based on numerous factors (For further information, please refer chapter titled "*Basis for Offer Price*" beginning on page 93 of this Prospectus) and may not be indicative of the market price of our Equity Shares after the Issue. The market price of our Equity Shares could be subject to significant fluctuations after the Issue, and may decline below the Issue Price. We cannot assure you that you will be able to sell your Equity Shares at or above the Issue Price. Among the factors that could affect our share price include without limitation. The following:

- Half yearly variations in the rate of growth of our financial indicators, such as earnings per share, net income and revenues;
- Changes in revenue or earnings estimates or publication of research reports by analysts;
- Speculation in the press or investment community;
- General market conditions; and
- Domestic and international economic, legal and regulatory factors unrelated to our performance.

61. *QIBs and Non-Institutional Investors are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid and Retail Individual Investors are not permitted to withdraw their Bids after Bid/Offer Closing Date*

Pursuant to the SEBI ICDR Regulations, QIBs and Non-Institutional Investors are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid. Retail Individual Investors can revise or withdraw their Bids during the Bid/Offer Period. While our Company is required to complete Allotment pursuant to the Issue within such period as may be prescribed under applicable law, events affecting the Bidders' decision to invest in the Equity Shares, including adverse changes in international or national monetary policy, financial, political or economic conditions, our business, results of operation or financial condition may arise between the date of submission of the Bid and Allotment. Our Company may complete the Allotment of the Equity Shares even if such events occur, and such events limit the Bidders' ability to sell the Equity Shares Allotted pursuant to the Issue or cause the trading price of the Equity Shares to decline on listing.

62. *Rights of shareholders under Indian laws may be more limited than under the laws of other jurisdictions.*

Indian legal principles related to corporate procedures, directors' fiduciary duties and liabilities, and shareholders' rights may differ from those that would apply to a company in another jurisdiction. Shareholders' rights including in relation to class actions, under Indian law may not be as extensive as shareholders' rights under the laws of other countries or jurisdictions. Investors may have more difficulty in asserting their rights as shareholder in an Indian company than as shareholder of a corporation in another jurisdiction.

63. *We will not receive any proceeds from the offer for sale. The Selling Shareholder will receive the entire proceeds from the offer for sale.*

The Selling Shareholder will receive the proceeds from the Offer for Sale. The Offer consists of a Fresh Issue and an Offer for Sale. The Selling Shareholder shall be entitled to the proceeds from the Offer for Sale (net of its portion of the Offer-related expenses) and our Company will not receive any proceeds from the Offer for Sale.

64. *You may be subject to Indian taxes arising out of capital gains on the sale of the Equity Shares*

Under current Indian tax laws, capital gains arising from the sale of equity shares within 12 months in an Indian company are classified as short-term capital gains and generally taxable. Any gain realized on the sale of listed equity shares on a stock exchange that are held for more than 12 months is considered as long-term capital gains and is taxable at 10%, in excess of Rs.1,00,000. Any long-term gain realized on the sale of equity shares, which are sold other than on a recognized stock exchange and on which no STT has been paid, is also subject to tax in India. Capital gains arising from the sale of equity shares are exempt from taxation in India where an exemption from taxation in India is provided under a treaty between India and the country of which the seller is resident. Generally, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable to pay tax in India as well as in their own jurisdiction on a gain on the sale of equity shares.

EXTERNAL RISK FACTOR

65. *Natural calamities and force majeure events may have an adverse impact on our business.*

The occurrence of natural disasters, including cyclones, storms, floods, earthquakes, tsunamis, tornadoes, fires, explosions, pandemic disease and man-made disasters, including acts of terrorism and military actions, could adversely affect our results of operations, cash flows or financial condition. Terrorist attacks and other acts of violence or war in India or globally may adversely affect the Indian securities markets. In addition, any deterioration in international relations, especially between India and its neighbouring countries, may result in investor concern regarding regional stability which could adversely affect the price of the Equity Shares. In addition, India has witnessed local civil disturbances in recent years and it is possible that future civil unrest as well as other adverse social, economic or political events in India could have an adverse effect on our business. Such incidents could also create a greater perception that investment in Indian companies involves a higher degree of risk and could have an adverse effect on our business and the market price of the Equity Shares.

66. *The continuing effect of the COVID-19 pandemic on our business, results of operations and financial condition is highly uncertain and cannot be predicted.*

The outbreak, or threatened outbreak, of any severe communicable disease (particularly COVID-19) could adversely affect the overall business sentiment and environment, particularly if such outbreak is inadequately controlled. The outbreak of COVID-19 has resulted in authorities implementing several measures such as travel bans and restrictions, quarantines and lockdowns. These measures have impacted and may further impact our workforce and operations, the operations of our consumers. In case there is a rapid increase in severe cases of infections leading to deaths, where the measures taken by governments are not successful or are any bans imposed by the government in this regard are lifted prematurely, may cause significant economic disruption in India and in the rest of the world. If any of our employees were suspected of contracting COVID-19 or any other

epidemic disease, this could require us to quarantine some or all of these employees or disinfect the facilities. In addition, our revenue and profitability could be impacted to the extent that a natural disaster, health epidemic or other outbreak harms the Indian and global economy in general. The outbreak has significantly increased economic uncertainty. It is likely that the current outbreak or continued spread of COVID-19 will cause an economic slowdown and it is possible that it could cause a global recession.

67. *The Indian tax regime is currently undergoing substantial changes which could adversely affect our business.*

The goods and service tax (“GST”) that has been implemented with effect from July 1, 2017 combines taxes and levies by the GoI and state governments into a unified rate structure, and replaces indirect taxes on goods and services such as central excise duty, service tax, customs duty, central sales tax, state VAT, cess and surcharge and excise that were being collected by the GoI and state governments.

As regards the General Anti-Avoidance Rules (“GAAR”), The general anti avoidance rules (“GAAR”) provisions have been made effective from assessment year 2018-19 onwards, i.e.; financial Year 2017-18. The GAAR provisions intend to declare an arrangement as an “impermissible avoidance arrangement”, if the main purpose or one of the main purposes of such arrangement is to obtain a tax benefit, and satisfies at least one of the following tests (i) creates rights, or obligations, which are not ordinarily created between persons dealing at arm’s length; (ii) results, directly or indirectly, in misuse, or abuse, of the provisions of the Income Tax Act, 1961; (iii) lacks commercial substance or is deemed to lack commercial substance, in whole or in part; or (iv) is entered into, or carried out, by means, or in a manner, that is not ordinarily engaged for bona fide purposes. If GAAR provisions are invoked, the tax authorities will have wider powers, including denial of tax benefit or a benefit under a tax treaty. In the absence of any precedents on the subject, the application of these provisions is uncertain. As the taxation regime in India is undergoing a significant overhaul, its consequent effects on economy cannot be determined at present and there can be no assurance that such effects would not adversely affect our business, future financial performance and the trading price of the Equity Shares.

68. *We cannot guarantee the accuracy or completeness of facts and other statistics with respect to India, the Indian economy and industry in which we operate contained in the Prospectus.*

While facts and other statistics in the Prospectus relating to India, the Indian economy and the industry in which we operate has been based on various web site data and IBEF that we believe are reliable, we cannot guarantee the quality or reliability of such materials. While we have taken reasonable care in the reproduction of such information, industry facts and other statistics have not been prepared or independently verified by us or any of our respective affiliates or advisors and, therefore we make no representation as to their accuracy or completeness. These facts and other statistics include the facts and statistics included in the chapter titled “Industry Overview” beginning on page 104 of this Prospectus. Due to possibly flawed or ineffective data collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced elsewhere and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy, as the case may be, elsewhere.

69. *Our ability to raise foreign capital may be constrained by Indian law*

As an Indian company, we are subject to exchange controls that regulate borrowing in foreign currencies. Regulatory restrictions may limit our financing sources for our projects under development and hence could constrain our ability to obtain financings on competitive terms and refinance existing indebtedness. In addition, we cannot assure you that an adverse effect on our ability to raise foreign capital, which in turn may affect our business, prospects, financial condition and results of operation.

70. *Holders of Equity Shares may be restricted in their ability to exercise pre-emptive rights under Indian law and thereby suffer future dilution of their ownership position.*

A public limited company incorporated in India must offer its equity shareholders pre-emptive rights to subscribe to a proportionate number of equity shares to maintain their existing ownership, prior to issuance of any new equity shares, unless the pre-emptive rights have been waived by the adoption of a special resolution by a three-fourths majority of the equity shareholders voting on such resolution.

If you are a foreign investor and the law of the foreign jurisdiction that you are in does not permit the exercise of such pre-emptive rights without our filing an offering document or registration statement with the applicable authority in such foreign jurisdiction, you will be unable to exercise such pre-emptive rights, unless we make such a filing. If we elect not to file a registration statement, the new securities may be issued to a custodian, who may sell the securities for your benefit. The value such custodian receives on the sale of any such securities and the related transaction costs cannot be predicted. To the extent

that you are unable to exercise pre-emptive rights granted in respect of our Equity Shares, your proportional interests in our Company would be diluted.

71. *Our business is substantially affected by prevailing economic, political and other prevailing conditions in India.*

Our Company is incorporated in India, and the majority of our assets are located in India. As a result, we are highly dependent on prevailing economic conditions in India and our results of operations are significantly affected by factors influencing the Indian economy. Factors that may adversely affect the Indian economy, and hence our results of operations, may include:

- the macroeconomic climate, including any increase in Indian interest rates or inflation;
- any exchange rate fluctuations, the imposition of currency controls and restrictions on the right to convert or repatriate currency or export assets;
- Any scarcity of credit or other financing in India, resulting in an adverse impact on economic conditions in India and scarcity of financing for our expansions;
- Prevailing income conditions among Indian consumers and Indian corporations;
- volatility in, and actual or perceived trends in trading activity on, India's principal stock exchanges;
- changes in India's tax, trade, fiscal or monetary policies;
- political instability, terrorism or military conflict in India or in countries in the region or globally, including in India's various neighbouring countries;
- occurrence of natural or man-made disasters;
- prevailing regional or global economic conditions, including in India's principal export markets;
- other significant regulatory or economic developments in or affecting India or its ER&D sector; international business practices that may conflict with other customs or legal requirements to which we are subject, including anti-bribery and anti-corruption laws.

72. *Any downgrading of India's debt rating by an independent agency may harm our ability to raise financing.*

Any adverse revisions to India's credit ratings international debt by international rating agencies may adversely affect our ability to raise additional overseas financing and the interest rates and other commercial terms at which such additional financing is available. This could have an adverse effect on our ability to fund our growth on favourable terms or at all, and consequently adversely affect our business and financial performance and the price of our Equity Shares.

73. *We are subject to risks arising from interest rate fluctuations, which could adversely impact our business, financial condition and operating results.*

Changes in interest rates could significantly affect our financial condition and results of operations. If the interest rates for future borrowings increase significantly, our cost of servicing such debt will increase. This may negatively impact our results of operations, planned capital expenditures and cash flows.

74. *Foreign investors are subject to foreign investment restrictions under Indian law that limits our ability to attract foreign investors, which may adversely impact the market price of the Equity Shares.*

Under the foreign exchange regulations currently in force in India, transfer of shares between non- residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/ tax clearance certificate from the income tax authority. There can be no assurance that any approval required from the RBI or any other government agency can be obtained on any particular terms or at all.

The SEBI ICDR Regulations have permitted the Offer of securities to the public through the Book Building Process, wherein allocation to the public shall be made as per Regulation 253 of the SEBI ICDR Regulations.

The Offer is being made through the Book Building Process wherein 50% of the Net Offer shall be available for allocation on a proportionate basis to QIBs, provided that our Company may in consultation with the BRLM allocate upto 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI (ICDR) Regulations (the "Anchor Investor Portion"), out of which one third shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Offer Price. 5% of the QIB Portion shall be available for allocation on a proportionate basis to Mutual Funds only, and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIB Bidders, including Mutual Funds, subject to valid Bids being received at or above the Offer Price.

Further, not less than 15% of the Net Offer shall be available for allocation on a proportionate basis to Non-Institutional Bidders and not less than 35 % of the Net Offer shall be available for allocation to Retail Individual Bidders, in accordance with the SEBI Regulations, subject to valid Bids being received at or above the Offer Price.

All potential Bidders may participate in the Offer through an ASBA process by providing details of their respective bank account which will be blocked by the SCSBs. All Bidders are mandatorily required to utilize the ASBA process to participate in the Offer. Under-subscription if any, in any category, except in the QIB Category, would be allowed to be met with spill over from any other category or a combination of categories at the discretion of our Company in consultation with the BRLM and the Designated Stock Exchange.

All Bidders, other than Anchor Investors are mandatorily required to use the ASBA process by providing the details of their respective ASBA Account in which the corresponding Bid Amount will be blocked by the SCSBs or, in the case of UPI Bidders, by using the UPI Mechanism. Anchor Investors are not permitted to participate in the Offer through the ASBA process.

In accordance with the SEBI ICDR Regulations, QIB and Non-Institutional Bidders are not allowed to withdraw or lower the size of their Bids (in terms of the quantity of the Equity Shares or the Bid Amount) at any stage. Anchor Investors are not allowed to revise and withdraw their Bids after the Anchor Investor Bidding Date. Retail Individual Bidders can revise their Bids during the Bid/Offer Period and withdraw their Bids until the Bid/Offer Closing Date.

Subject to valid Bids being received at or above the Offer Price, allocation to all categories in the Net Offer, shall be made on a proportionate basis, except for Retail Portion where allotment to each Retail Individual Bidders shall not be less than the minimum bid lot, subject to availability of Equity Shares in Retail Portion, and the remaining available Equity Shares, if any, shall be allotted on a proportionate basis. Under – subscription, if any, in any category, would be allowed to be met with spill – over from any other category or a combination of categories at the discretion of our Company in consultation with the Book Running Lead Manager and the Stock Exchange. However, under – subscription, if any, in the QIB Portion will not be allowed to be met with spill over from other categories or a combination of categories.

In terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Offer of Capital and Disclosure Requirements) Regulations, 2018, all the investors applying in a public Offer shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Retail Individual Investors applying in public Offer may use either Application Supported by Blocked Amount (ASBA) facility for making application or also can use UPI as a payment mechanism with Application Supported by Blocked Amount for making application. For details in this regards, specific attention is invited to the chapter titled “Offer Procedure” beginning on page 251 of the Prospectus.

The process of Book Building under the SEBI ICDR Regulations is subject to change from time to time and the investors are advised to make their own judgment about investment through this process prior to making a Bid or application in the Offer.

For further details on the method and procedure for Bidding, please see section entitled “Offer Procedure” on page 251 of this Prospectus.

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Offer. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹ 24 per share, Offer size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below how the demand for the Equity Shares of the issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the issuer is able to Offer the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Company in consultation with the BRLM, may finalise the Offer Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Offer Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

Steps to be taken by the Bidders for Bidding:

- Check eligibility for making a Bid (see section titled “Offer Procedure” on page 251 of this Prospectus);
- Ensure that you have a demat account and the demat account details are correctly mentioned in the Bid cum Application Form;
- Ensure correctness of your PAN, DP ID and Client ID mentioned in the Bid cum Application Form. Based on these parameters, the Registrar to the Issue will obtain the Demographic Details of the Bidders from the Depositories.
- Except for Bids on behalf of the Central or State Government officials, residents of Sikkim and the officials appointed by the courts, who may be exempt from specifying their PAN for transacting in the securities market, for Bids of all values ensure that you have mentioned your PAN allotted under the Income Tax Act in the Bid cum Application Form. The exemption for Central or State Governments and officials appointed by the courts and for investors residing in Sikkim is subject to the Depository Participant’s verification of the veracity of such claims of the investors by collecting sufficient documentary evidence in support of their claims.

- Ensure that the Bid cum Application Form is duly completed as per instructions given in this Prospectus and in the Bid cum Application Form;

(IST) on the Bid/ Offer Closing Date. Any time mentioned in this Prospectus is IST. Bidders are cautioned that, in the event a large number of Bid Cum Application Forms are received on the Bid/Offer Closing Date, as is typically experienced in public Offer, some Bid Cum Application Forms may not get uploaded due to the lack of sufficient time. Such Bid Cum Application Forms that cannot be uploaded will not be considered for allocation under this Offer. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). Neither our Company nor the Book Running Lead Manager is liable for any failure in uploading the Bid Cum Application Forms due to faults in any software/hardware system or otherwise.

In accordance with SEBI (ICDR) Regulations, QIBs and Non-Institutional Bidders are not allowed to withdraw or lower the size of their application (in terms of the quantity of the Equity Shares or the Application amount) at any stage. Retail Individual Bidders can revise or withdraw their Bid Cum Application Forms prior to the Bid/Offer Closing Date. Allocation to Retail Individual Bidders, in this Offer will be on a proportionate basis.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid Cum Application Form, for a particular Bidder, the details as per the file received from Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Bid Cum Application Form, for a particular ASBA Bidder, the Registrar to the Issue shall ask the relevant SCSBs/ RTAs / DPs / stock brokers, as the case may be, for the rectified data.

WITHDRAWAL OF THE OFFER

Our Company in consultation with the BRLM, reserve the right not to proceed with the Offer at any time before the Bid/Offer Opening Date without assigning any reason thereof.

If our Company withdraw the Offer any time after the Offer Opening Date but before the allotment of Equity Shares, a public notice within 2 (two) working days of the Offer Closing Date, providing reasons for not proceeding with the Offer shall be issued by our Company. The notice of withdrawal will be issued in the same newspapers where the pre-issue advertisements have appeared and the Stock Exchange will also be informed promptly. The BRLM, through the Registrar to the Issue, will instruct the SCSBs to unblock the ASBA Accounts within 1 (one) working Day from the day of receipt of such instruction.

If our Company withdraw the Offer after the Bid/Offer Closing Date and subsequently decides to proceed with an offer of the Equity Shares, our Company will have to file a fresh Prospectus with the stock exchange where the Equity Shares may be proposed to be listed.

Notwithstanding the foregoing, the Offer is subject to obtaining (i) the final listing and trading approval of the Stock Exchange with respect to the Equity Shares issued through the Prospectus, which our Company will apply for only after Allotment;

DETAILS OF THE MARKET MAKING ARRANGEMENT FOR THIS OFFER

Our Company has entered into a Market Making Agreement dated June 14, 2025 with the following Market Maker for fulfilling the Market Making obligations under this Offer:

Name, address, telephone number and e-mail address of the Market Maker	Indicative Number of shares	Amount	% of the total Offer size
GIRIRAJ STOCK BROKING PRIVATE LIMITED Address: 4, Fairlie Place, HMP House, 4th Floor, Suite No- 421A, Kolkata700001, India Tel No.: 033- 40054519 / 9547473969 Email: girirajstock@yahoo.com Website: www.girirajstock.com Contact Person: Mr. Kuntal Latha SEBI Registration No: INZ000212638 Market Maker Registration No.: 90318	Upto 2,59,200	222.91	5.02%

In accordance with Regulation 261 of the SEBI ICDR Regulations, we have entered into an agreement with the Lead Manager and the Market Maker (duly registered with National Stock Exchange of India Limited to fulfil the obligations of Market Making) dated June 14, 2025 to ensure compulsory Market Making for a minimum period of three years from the date of listing of equity shares offered in this Offer.

Giriraj Stock Broking Private Limited, registered with EMERGE Platform of National Stock Exchange of India Limited will act as the Market Maker and has agreed to receive or deliver of the specified securities in the market making process for a period of three years from the date of listing of our Equity Shares or for a period as may be notified by any amendment to SEBI ICDR Regulations.

The Market Maker shall fulfil the applicable obligations and conditions as specified in the SEBI ICDR Regulations, as amended from time to time and the circulars issued by National Stock Exchange of India Limited and SEBI in this matter from time to time.

Following is a summary of the key details pertaining to the Market Making Arrangement:

1. The Market Maker shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the Stock Exchange. Further, the Market Maker shall inform the Stock Exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker.
2. The minimum depth of the quote shall be ₹ 1,00,000. However, the Investors with holdings of value less than ₹ 1,00,000 shall be allowed to offer their holding to the Market Maker in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
3. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker, for the quotes given by him.
4. After a period of three (3) months from the market making period, the market maker would be exempted to provide quote if the Shares of market maker in our Company reaches to 25% of Offer Size (Including the Upto 2,59,200 Equity Shares ought to be allotted under this Offer). Any Equity Shares allotted to Market Maker under this Offer over and above 2,59,200 Equity Shares would not be taken in to consideration of computing the threshold of 25% of Offer Size. As soon as the Shares of market maker in our Company reduce to 24% of Offer Size, the market maker will resume providing 2-way quotes.
5. There shall be no exemption/threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, National Stock Exchange of India Limited may intimate the same to SEBI after due verification.
6. There would not be more than five Market Maker for the Company's Equity Shares at any point of time and the Market Maker may compete with other Market Maker for better quotes to the investors.
7. On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction. In case equilibrium price is not discovered the price band in the normal trading session shall be based on Offer price.
8. The Market Maker may also be present in the opening call auction, but there is no obligation on him to do so.
9. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily / fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.
10. The Market Maker shall have the right to terminate said arrangement by giving one month notice or on mutually acceptable terms to the Lead Managers, who shall then be responsible to appoint a replacement Market Maker.

In case of termination of the above-mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the Lead Manager to arrange for another Market Maker(s) in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of Regulation 261 of the SEBI (ICDR) Regulations. Further the Company and the Lead Manager reserve the right to appoint other Market Maker(s) either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed 5 (five) or as specified by the relevant laws and regulations applicable at that particular point of time.

11. **Risk containment measures and monitoring for Market Maker:** EMERGE Platform of National Stock Exchange of India Limited will have all margins which are applicable on the National Stock Exchange of India Limited Main Board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. National Stock Exchange of India Limited can impose any other margins as deemed necessary from time-to-time.
12. **Punitive Action in case of default by Market Maker:** EMERGE Platform of National Stock Exchange of India Limited will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and / or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (offering two way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.
13. The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines / suspension for any type of misconduct / manipulation / other irregularities by the Market Maker from time to time.
14. **Price Band and Spreads:** SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for Offer size up to ₹ 250 crores, the applicable price bands for the first day shall be:
 - a. In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.
 - b. In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the Offer

price.

15. Additionally, the securities of the Company will be placed in SPOS and would remain in Trade for Trade settlement for first 10 days from commencement of trading. The following spread will be applicable on the SME platform.

S. No.	Market Price Slab (in Rs.)	Proposed Spread (in % to sale price)
1.	Up to 50	9
2.	50 to 75	8
3.	75 to 100	6
4.	Above 100	5

All the above mentioned conditions and systems regarding the Market Making Arrangement are subject to change based on changes or additional regulations and guidelines from SEBI and Stock Exchange from time to time.

16. Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for market makers during market making process has been made applicable, based on the Offer size and as follows:

Offer Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the Offer size)	Re-Entry threshold for buy quote (including mandatory initial inventory of 5% of the Offer size)
Upto ₹20 Crore	25%	24%
₹20 Crore to ₹50 Crore	20%	19%
₹50 Crore to ₹80 Crore	15%	14%
Above ₹80 Crore	12%	11%

The Market Making arrangement, trading and other related aspects including all those specified above shall be subject to the applicable provisions of law and / or norms issued by SEBI / National Stock Exchange of India Limited from time to time.

In terms of Regulation 241 of the SEBI (ICDR) Regulations, 2018, our Company confirms that certificates of Equity Shares which are subject to lock in shall contain the inscription "Non-Transferable" and specify the lock-in period and in case such equity shares are dematerialized, the Company shall ensure that the lock in is recorded by the Depository.

19. Details of Promoters Contribution Locked-in for One Year:

In terms of Regulation 238(b) and 239 of the SEBI (ICDR) Regulations, 2018, in addition to the Minimum Promoters contribution which is locked in for three years, as specified above, the entire pre-Offer equity share capital shall be locked in for a period of one year from the date of allotment of Equity Shares in this Offer.

In terms of Regulation 241 of the SEBI (ICDR) Regulations, 2018, the Equity Shares which are subject to lock-in shall carry inscription 'non-transferable' along with the Ratio of specified non-transferable period mentioned in the face of the security

certificate. The shares which are in dematerialized form, if any, shall be locked-in by the respective depositories. The details of lock-in of the Equity Shares shall also be provided to the Designated Stock Exchange before the listing of the Equity Shares.

20. Transferability of Locked-In Equity Shares:

In terms of Regulation 243 of the SEBI (ICDR) Regulations, 2018 and subject to provisions of Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 as applicable:

- The Equity Shares held by our Promoter and locked in as per Regulation 238 of the SEBI (ICDR) Regulations, 2018 may be transferred to other Promoters or any person of the Promoter's Group or to a new promoter(s) or persons in control of our Company, subject to continuation of lock-in for the remaining period with transferee and such transferee shall not be eligible to transfer them till the lock-in period stipulated has expired.
- The equity shares held by persons other than promoters and locked in as per Regulation 239 of the SEBI (ICDR) Regulations, 2018 may be transferred to any other person (including Promoter and Promoters' Group) holding the equity shares which are locked-in along with the equity shares proposed to be transferred, subject to continuation of lock-in for the remaining period with transferee and such transferee shall not be eligible to transfer them till the lock-in period stipulated has expired.

21. Other requirements in respect of lock-in

Pursuant to Regulation 242 of the SEBI (ICDR) Regulations, Equity Shares held by the Promoters and locked-in, as mentioned above, may be pledged as collateral security for a loan with a scheduled commercial bank or a public financial institution or Systemically Important Non-Banking Financial Company or a deposit accepting housing finance company, subject to the following:

- a) With respect to the Equity Shares locked-in as Promoter's Contribution for three years from the date of Allotment, such pledge of the Equity Shares must be one of the terms of the sanction of the loan.
- b) With respect to the Equity Shares locked-in for one year from the date of Allotment, such pledge of the Equity Shares must be one of the terms of the sanction of the loan.

However, the relevant lock-in period shall continue post the invocation of the pledge referenced above, and the relevant transferee shall not be eligible to transfer to the Equity Shares till the relevant lock-in period has expired in terms of the SEBI (ICDR) Regulations.

In terms of Regulation 243 of the SEBI (ICDR) Regulations, 2018, Equity Shares held by our Promoter and locked-in, may be transferred to any member of our Promoter Group or a new promoter, subject to continuation of lock-in applicable with the transferee for the remaining period and compliance with provisions of the SEBI (Substantial Acquisition of shares and Takeovers) Regulations, 2011.

In terms of Regulation 242(a) of the SEBI (ICDR) Regulations, the locked-in Equity Shares held by our Promoter can be pledged only with any scheduled commercial banks or public financial institutions or a systemically important non-banking finance company or a housing finance company as collateral security for loans granted by such banks or financial institutions, provided that such loans have been granted for the purpose of financing one or more of the objects of the Offer and pledge of the Equity Shares is a term of sanction of such loans.

22. Neither we, nor our Promoters, Promoter Group, Directors and the BRLM to this Offer have entered into any Buyback and/ or standby arrangements and/ or similar arrangements for the purchase of the Equity Shares being offered through the Offer from any person.
23. All the Equity Shares held by our Promoter were fully paid-up on the respective dates of allotment or acquisition of such Equity Shares.

Consequently, the actual allotment may go up by a maximum of 10% of the Offer, as a result of which, the post-offer paid up capital after the Offer would also increase by the excess amount of allotment so made. In such an event, the Equity Shares held by the Promoter and subject to 3 year lock- in shall be suitably increased; so as to ensure that 20% of the post offer paid-up capital is locked in.
32. In case of over-subscription in all categories the allocation in the offer shall be as per the requirements of Regulation 253 of SEBI (ICDR) Regulations, 2018 and its amendments from time to time. Allocation to all categories shall be made on a proportionate basis subject to valid applications received at or above the Offer Price.
- Under-subscription, if any, in the QIB Portion would not be allowed to be met with spill-over from other categories or a combination of categories. Subject to valid Bids being received at or above the Offer Price, undersubscription, if any, in any category, except in the QIB Portion, would be allowed to be met with spill-over from any other category or combination of categories of Bidders at the discretion of our Company in consultation with the BRLM and Designated Stock Exchange i.e. National Stock Exchange of India Limited. Such inter-se spill over, if any, would be effected in accordance with applicable laws, rules, regulations and guidelines.
33. At any given point of time, there shall be only one denomination of the Equity Shares, unless otherwise permitted by law. Our Company will comply with such disclosure and accounting norms as may be specified by SEBI from time to time.
34. There are no Equity Shares against which depository receipts have been issued.
35. As per RBI regulations, OCBs are not allowed to participate in this Offer.
36. Our Promoter and the members of our Promoter Group will not participate in the Offer.
37. This Offer is being made through Book Building Method.
38. All Equity Shares held by our Promoters and Promoter Group are in Dematerialised Form. Hence Pre- Offer paid up capital of our Company is 100% Dematerialised.
39. No person connected with the Offer, including, but not limited to, our Company, the members of the Syndicate, or our Directors, shall offer any incentive, whether direct or indirect, in any manner, whether in cash or kind or services or otherwise to any Bidder for making a Bid, except for fees or commission for services rendered in relation to the Offer.
40. As on the date of this Prospectus, the BRLM and their respective associates (as defined under the Securities and Exchange Board of India (Merchant Bankers) Regulations, 1992) do not hold any Equity Shares of our Company. The BRLM and their affiliates may engage in the transactions with and perform services for our Company in the ordinary course of business or may in the future engage in commercial banking and investment banking transactions with our Company for which they may in the future receive customary compensation.

MEANS OF FINANCE

The deployment of funds indicated above is based on management estimates, current circumstances of our business and prevailing market conditions, all of which are subject to change. The deployment of funds described herein has not been appraised by any bank or financial institution or any other independent agency. We may have to revise our funding requirements and deployment from time to time on account of various factors, such as financial and market conditions, competition, business and strategy and interest/exchange rate fluctuations and other external factors, which may not be within the control of our management. In the event that estimated utilization out of the Net Proceeds in a Fiscal Year is not completely met, the same shall be utilized in the next Fiscal Year. This may entail rescheduling the proposed utilisation of the Net Proceeds and changing the allocation of funds from its planned allocation at the discretion of our management, subject to compliance with applicable law.

Our Company proposes to deploy the entire Net Proceeds towards the aforementioned Objects in the financial year 2025-2026 and Fiscal 2026-2027. In the event that the estimated utilization of the Net Proceeds in scheduled fiscal years is not completely met, due to the reasons stated above, the same shall be utilized in the next fiscal year, as may be determined by the Board, in accordance with applicable laws. If the actual utilization towards any of the Objects is lower than the proposed deployment, such balance will be used towards general corporate purposes, to the extent that the total amount to be utilized towards general corporate purposes is within the permissible limits in accordance with the SEBI ICDR Regulations. Further, in case of variations in the actual utilization of funds earmarked for the purposes set forth above, increased fund requirements for a particular purpose may be financed by surplus funds, if any, available in respect of the other purposes for which funds are being raised in the Issue, subject to compliance with applicable laws.

The fund requirements set out for the aforesaid Objects are proposed to be met entirely from the Net Proceeds, internal accruals, and existing debt financing. Accordingly, we confirm that there is no requirement for us to make firm arrangements of finance through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised through the Net Proceeds and existing identifiable internal accruals.

For further details on the risks involved in our proposed fund utilization as well as executing our business strategies, please refer the section titled “*Risk Factors*” on page 28 of this Prospectus.

DETAILS OF THE OBJECTS OF THE OFFER

1. Funding working capital requirements:

We fund a majority of our working capital requirements in the ordinary course of business from various banks, unsecured loan and internal accruals. Our Company requires additional working capital for funding its incremental working capital requirements and unlocking the internal accruals deployed in working capital. The funding of the incremental working capital requirements will lead to a consequent increase in our profitability, ability to utilize internal accruals for growth opportunities and achieving the proposed targets as per our business plan.

Basis of estimation of incremental working capital requirement:

Our Company proposes to utilize ₹ 718.50 lakhs and ₹ 502.50 lakhs of the total ₹ 1221.00 lakhs of Net Proceeds in financial year ended March 31, 2026 and March 31, 2027 requirements. The balance portion of our Company's working capital requirement shall be met from the working capital facilities availed and internal accruals.

The incremental and proposed working capital requirements, as approved by the Board pursuant to a resolution dated June 16, 2025 and key assumptions with respect to the determination of the same are mentioned below. Our Company's composition of working capital for nine months period ended on December 31, 2024 and as at March 31, 2024, March 31, 2023 and March 31, 2022 on the basis of restated financial statements and expected working capital requirements for Fiscal 2026 and Fiscal 2027 are as set out in the table below:

Justification for “Holding Period” levels

The table below sets forth the key justifications for holding levels:

Sr. No.	Particulars	Details
Current Assets		
1.	Trade receivables	<p>The trade receivable days reduced from 134 days in FY 2021-22 to 127 days in FY 2022-23, mainly due to improved collections and smoother client coordination after the disruptions caused by the pandemic had settled. This reflects better operational efficiency and more consistent payment patterns from customers. However, in FY 2023-24, receivable days increased to 138, which was due to the onboarding of new clients and execution of larger, milestone-based projects. These types of projects often involve longer credit periods as payments are linked to specific stages and require more time for approvals and reconciliations.</p> <p>By the period ended December 2024, trade receivable days came down significantly to 117 days, owing to focused follow-up efforts, automation of invoicing processes, and clearance of several past dues. Also, the management have written off few outstanding debtors from whom amount would not realise and therefore Trade Receivable days have further reduced. Further, by FY 2024-25, receivable days dropped to 104 days, showing strong improvement in cash flows. This was driven by selecting clients with more streamlined payment cycles, better documentation practices, and timely reconciliations.</p> <p>In FY 2025-26, receivable days is estimated to increased upto 107 days, mainly due to a expansion and onboarding of few large clients with longer internal processes for releasing payments. Also, since the company has started services of EPC projects, the average value of contracts have increased leading to longer recovery cycles. In FY 2026-27, the receivable days is estimated to rise to 113 days, as the company plans to expanded into new regions and take on more complex projects. These projects typically require more time for billing, service validation, and client-side formalities, which is common in the industry for such types of contracts.</p>
2.	Inventories	<p>The company began supplying materials as part of its services starting FY 2024-25. Accordingly, there was no inventory holding reported in FY 2021-22, FY 2022-23, or</p>

		<p>FY 2023–24. Prior to FY 2024–25, the company’s operations were limited to service-only contracts without major material involvement, and therefore inventory holding period was not applicable.</p> <p>As of the period ended December 31, 2024, inventory days stood at 38 days. This balance comprised both raw materials procured and Work-in-Progress (WIP) for ongoing material-inclusive projects. The buildup reflects early-stage operational ramp-up as the company transitioned into executing contracts involving material supply responsibilities.</p> <p>In FY 2024–25, inventory days reduced to 28 days, driven by improved project planning and better coordination of procurement with execution schedules. Many of the ongoing projects as shown in period ended December’24 was billed before March’25 on milestone based approach. The company adopted more efficient procurement cycles and leaner inventory practices while ensuring project timelines were not impacted.</p> <p>However, in FY 2025–26, inventory days increased to 53 days, and are projected to remain at the same level in FY 2026–27. This rise is due to the onboarding of multiple large-scale, long-duration projects that require significant advance stocking of both materials and partially completed works (WIP). The company also plans to strategically hold buffer inventory to safeguard against supply disruptions and to maintain uninterrupted execution flow.</p>
Current liabilities		
1.	Trade payables	<p>The trade payables days decreased from 102 days in FY 2021–22 to 86 days in FY 2023–24, indicating a steady improvement in payment discipline and stronger alignment with supplier terms. This reflects the company’s focus on strengthening supplier relationships and maintaining operational continuity by ensuring timely payments.</p> <p>As of the period ended December 2024, trade payables days reduced further to 69 days. This notable decline was</p>

		<p>supported by the company's strategy to capitalise on early payment discounts offered by vendors, which encouraged advance settlements. This is also reflected in the financials through a higher amount of vendor advances, as the company leveraged available liquidity to reduce overall procurement costs while also securing priority deliveries from key suppliers. Also, the company has written back few balances of trade payables to whom we are not obliged to pay and therefore, the holding days have reduced further.</p> <p>In FY 2024-25, trade payables days increased to 81 days, largely due to the addition of new vendors as a result of additional projects onboarded during the year and temporary renegotiation of credit terms during a period of business expansion. Despite this increase, the company maintained strong supplier confidence through consistent communication and payment planning.</p> <p>The marginal drop is estimated at 78 days in FY 2025-26 indicates a stabilisation of vendor terms post-expansion, with the company maintaining a balanced approach between working capital efficiency and supplier credit flexibility. By FY 2026-27, trade payable days are projected to improve further to 68 days, in line with the company's continued focus on availing early payment benefits and improving procurement planning.</p>

Changes in Working Capital Movement

➤ **FY 2022 to FY 2023**

• **Trade Receivables**

Trade receivables increased to ₹3,176.07 lakhs, mainly due to revenue growth. However, trade receivable days improved from 134 days in FY 2022 to 127 days in FY 2023, signifying faster collections. The improvement was driven by post-COVID business normalization, better client payment cycles, and proactive collections.

• **Trade Payables**

Trade payable days reduced from 102 days in FY 2022 to 92 days in FY 2023, reflecting stronger supplier relationships and better-negotiated procurement terms. This led to cost savings through early payment discounts and ensured uninterrupted material supply.

• **Other Current Liabilities**

Certain asset purchases in FY 2023 were initially categorized under “Other Current Liabilities” as Capital creditors due to pending loan disbursements. These were later converted into long-term loans in FY 2024 as the loans were disbursed.

The working capital requirement declined significantly from ₹1,046.15 lakhs in FY 2022 to ₹(471.79) lakhs in FY 2023 due to an increase in current liabilities to ₹3,977.03 lakhs, particularly “Capital creditors - Other Current Liabilities” rising by ₹2,029.65 lakhs. This increase was due to vendor payments for construction equipment (fixed assets), which were later financed via loans in FY 2024.

➤ **FY 2023 to FY 2024**

• **Trade Receivables**

Trade receivables increased to ₹4,008.08 lakhs due to business expansion and the acquisition of high-value projects. However, TR days increased back to 138 days due to extended credit terms offered to clients. This was necessary to align with milestone-based payments and attract new clients, especially in long-duration projects (6-12 months).

The total outstanding amount for the top 10 debtors saw a notable increase from ₹2,036.16 lakhs in FY 2023 to ₹2,683.66 lakhs in FY 2024, marking a 31.78% rise. This increase was influenced by higher business volumes, extended project timelines, and changes in credit terms. The composition of outstanding amounts by credit period also shifted, with the number of debtors under the 45-day credit period increasing from six in FY 2023 to seven in FY 2024. As a result, the outstanding amount for this category rose from ₹878.91 lakhs to ₹1,408.03 lakhs.

While five customers remained consistent across both years, their outstanding balances increased from ₹1,333.08 lakhs in FY 2023 to ₹1,446.84 lakhs in FY 2024, reflecting an 8.54% rise. This is due to an increase in transaction values and longer project execution timelines. Additionally, the introduction of five new customers in FY 2024 added ₹1,236.82 lakhs to the total outstanding amount, showcasing the company’s expansion into new client segments.

Changes in credit terms also played a role in the rise in trade receivables. The number of debtors under the 30-day credit period reduced from two to one, while some clients transitioned to 45-day terms. This shift in payment structures contributed to the overall increase in trade receivables.

• **Advance Payments to Vendors**

To secure better pricing and ensure supply stability, the company moved towards advance payments, leading to:

- Direct procurement from manufacturers, eliminating intermediary costs.
- Bulk purchase discounts of 2%-10%, resulting in long-term savings.
- Improved inventory planning with scheduled deliveries.

• **Trade Payables**

Trade payable days further reduced from 92 days in FY 2023 to 86 days in FY 2024. This resulted from negotiated supplier discounts, upfront payments for key materials, and better payment discipline. A lower credit period means higher upfront cash outflows but enables procurement cost savings.

The total outstanding amount for the top 10 creditors declined from ₹642.39 lakhs in FY 2023 to ₹585.76 lakhs in FY 2024, reflecting a decrease of 8.81%. A notable shift in credit period distribution was observed, with outstanding amounts under the 60-day term

reducing from ₹393.53 lakhs to ₹211.46 lakhs, while the 90-day term increased from ₹248.86 lakhs to ₹374.30 lakhs. Additionally, a new 45-day credit period emerged in FY 2024, accounting for ₹100.46 lakhs. The number of creditors in the 60-day category declined from 5 to 4, while the 90-day category remained steady at 5 creditors, and one vendor operated under the 45-day term in FY 2024.

Among the top 10 creditors, 4 vendors remained consistent across both years, with their total outstanding amount decreasing from ₹321.21 lakhs in FY 2023 to ₹248.29 lakhs in FY 2024, indicating faster settlements or adjusted payment terms. On the other hand, six new vendors were introduced, contributing ₹337.47 lakhs in FY 2024, reflecting a continued diversification of supplier relationships. The total trade payables remained stable, increasing marginally from ₹1,287.81 lakh in 2023 to ₹1,299.06 lakh in 2024 despite increase in total revenue by 11.58% reflecting company's strategy to maintain the trade payable levels despite increase in operations.

• Other Current Liabilities

Capital creditors declined from ₹2,029.65 lakhs in FY 2023 to ₹340.82 lakhs in FY 2024, as loan disbursements pertaining to previous years were completed. The remaining balance represents new asset purchases in FY 2024 awaiting loan processing.

Working capital requirements increased from ₹204.88 lakhs in FY 2023 to ₹ 2008.02 lakhs in FY 2024, primarily due to:

1. An increase in trade receivables by ₹832.01 lakhs, stemming from extended credit terms to key customers.
2. Increase in short term loans and advances due to increase in advance payment to customer to secure better terms.
3. A reduction in current liabilities from ₹3,977.03 lakhs to ₹2,439.66 lakhs, as major capital creditors of ₹1,565.86 lakhs transitioned into long-term loans and few were set off by returning the underlying asset.

GLOBAL ECONOMY

Macroeconomic Environment

Global growth is projected at 3.3 percent both in 2025 and 2026, below the historical (2000–19) average of 3.7 percent. The forecast for 2025 is broadly unchanged from that in the October 2024 World Economic Outlook (WEO), primarily on account of an upward revision in the United States offsetting downward revisions in other major economies. Global headline inflation is expected to decline to 4.2 percent in 2025 and to 3.5 percent in 2026, converging back to target earlier in advanced economies than in emerging market and developing economies. Medium-term risks to the baseline are tilted to the downside, while the near-term outlook is characterized by divergent risks. Upside risks could lift already-robust growth in the United States in the short run, whereas risks in other countries are on the downside amid elevated policy uncertainty. Policy-generated disruptions to the ongoing disinflation process could interrupt the pivot to easing monetary policy, with implications for fiscal sustainability and financial stability. Managing these risks requires a keen policy focus on balancing trade-offs between inflation and real activity, rebuilding buffers, and lifting medium-term growth prospects through stepped-up structural reforms as well as stronger multilateral rules and cooperation.

GROWTH PROJECTIONS

(Source: <https://www.imf.org/en/Publications/WEO/Issues/2025/01/17/world-economic-outlook-update-january-2025>)

In the Euro area, growth is expected to pick up but at a more gradual pace than anticipated in October, 2024, with geopolitical tensions continuing to weigh on sentiment. Weaker-than-expected momentum at the end of 2024, especially in manufacturing, and heightened political and policy uncertainty explain a downward revision of 0.2% point to 1.0% in 2025. In 2026, growth is set to 1.4%, helped by stronger domestic demand, as financial conditions loosen, confidence improves, and uncertainty recedes somewhat.

In other Advanced Economies, two offsetting forces keep growth forecasts relatively stable. On the one hand, recovering real incomes are expected to support the cyclical recovery in consumption. On the other hand, trade headwinds-including the sharp uptick in trade policy uncertainty are expected to keep investment subdued.

In Emerging Market and Developing Economies, growth performance in 2025 and 2026 is expected to broadly match that in 2024. With respect to the projection in October, growth in 2025 for China is marginally revised upward by 0.1% point to 4.6%. This revision reflects carryover from 2024 and the fiscal package announced in November largely offsetting the negative effect on investment from heightened trade policy uncertainty property market drag. In 2026, growth is projected mostly to remain stable at 4.5%, as the effects of trade policy uncertainty dissipate and the retirement age increase slows down the decline in the labor supply. In India, growth is projected to be solid at 6.5% in 2025 and 2026, as projected in October and in line with potential.

WORLD ECONOMIC OUTLOOK

Where inflation is proving more sticky, central banks are moving more cautiously in the easing cycle while keeping a close eye on activity and labour market indicators as well as exchange rate movements. A few central banks are raising rates, marking a point of divergence in monetary policy.

Global financial conditions remain largely accommodative, again with some differentiation across jurisdictions.

Equities in advanced economies have rallied on expectations of more business-friendly policies in the United States. In emerging market and developing economies, equity valuations have been more subdued, and a broad-based strengthening of the US dollar, driven primarily by expectations of new tariffs and higher interest rates in the United States, has kept financial conditions tighter.

Economic policy uncertainty has increased sharply, especially on the trade and fiscal fronts, with some differentiation across countries. Expectations of policy shifts under newly elected governments in 2024 have shaped financial market pricing in recent months. Bouts of political instability in some Asian and European countries have rattled markets and injected additional uncertainty regarding stalled progress on fiscal and structural policies. Geopolitical tensions, including those in the Middle East, and global trade frictions remain elevated.

In the Middle East and Central Asia, growth is projected to pick up, but less than expected in October. This mainly reflects a 1.3%-point downward revision to 2025 growth in Saudi Arabia, mostly driven by the extension of OPEC+ production cuts. In Latin America and Caribbean, overall growth is projected to accelerate slightly in 2025 to 2.5%, despite an expected slowdown in the largest economies of the region. Growth in sub-Saharan Africa is expected to pick up in 2025, while it is forecast to slow down in emerging and developing Europe.

GDP at Current Prices, Global, 2018-2028F

(Source: World Economic Outlook-October 2024)

Conversely, Advanced Economies are anticipated to record a comparatively more modest CAGR of 4.0%. Nevertheless, this marks an improvement from past figures, driven by positive employment prospects in the United States and rising consumption trends in Europe. This optimistic long-term economic outlook is poised to stimulate global investments and bolster demand in vital sectors, such as healthcare.

INDIA MACROECONOMIC OVERVIEW

India's GDP was at US\$ 3,732b In CY23 and is estimated to reach US\$ 5,944b in CY28, growing at a CAGR of 9.8% from CY23 To CY28

India is the fifth largest economy in CY23 and is expected to be the third largest by CY30. India's GDP (at current prices) grew from US\$ 2,651B to US\$ 3,732B between CY17 and CY23. The increase can be attributed to the robust reforms like GST, corporate tax revision, revised FDI limit, and growth across sectors. The real GDP growth is expected to reach 5.9% Y-o-Y growth in CY23, and eventually stabilize and maintain a growth rate of 6% till CY28.

Over the next 10-15 years, India is anticipated to be among the top economies of the world on the back of rising demand, robust growth in various manufacturing and infrastructure sectors, and an increase in private consumption. India's manufacturing sector is on a robust growth trajectory, with output surging to its highest levels in nearly three years, with the Manufacturing Purchasing Managers' Index reaching an impressive 58.6 in August CY23. Key economic indicators such as steel production, cement production, and vehicle sales continue to show strong growth, indicating positive momentum in the manufacturing sector.

According to the McKinsey Global Institute, India needs to boost its rate of employment growth and create 90 million non-farm jobs between 2023 to 2030 in order to increase productivity and economic growth. The net employment rate needs to grow by 1.5% per annum from 2023 to 2030 to achieve 8-8.5% GDP growth between same time periods. India's Current Account Deficit (CAD) narrowed to 0.7% of GDP in FY24. The CAD stood at Rs. 96,790 crore (US\$ 11.2 billion) for Q2 of FY25 from Rs. 97,655 crore (US\$ 11.3 billion) in Q2 of FY24 or 1.3% of GDP. This was largely due to decrease in merchandise trade deficit.

Exports fared remarkably well during the pandemic and aided recovery when all other growth engines were losing steam in terms of their contribution to GDP. Going forward, the contribution of merchandise exports may waver as several of India's trade partners witness an economic slowdown. According to Minister of Commerce and Industry, Consumer Affairs, Food and Public Distribution and Textiles Mr. Piyush Goyal, Indian exports are expected to reach US\$ 1 trillion by 2030.

India's economy in 2025 is poised for substantial growth, supported by strategic policy reforms, strong domestic demand, and increasing foreign investment. The Union Budget 2025-26, presented by Finance Minister Nirmala Sitharaman, introduced significant reforms, including a new Income Tax Bill aimed at simplifying compliance and providing relief to middle-class taxpayers. Additionally, the budget focused on boosting manufacturing, consumption, and the startup ecosystem, with enhanced credit access for MSMEs and incentives for innovation.

Economic growth projections remain optimistic, with the International Monetary Fund (IMF) forecasting a 6.5% GDP growth rate for both 2025 and 2026, while the United Nations expects a 6.6% expansion. Deloitte estimates growth between 6.5% and 6.8%, driven by rising domestic demand and increased government spending. Meanwhile, India's retail inflation eased to a five-month low of 4.31% in January 2025, primarily due to declining food prices, potentially allowing the Reserve Bank of India (RBI) to implement rate cuts to further stimulate the economy.

Corporate performance in the December quarter showed mixed results. A sample of 3,400 companies reported an aggregate revenue increase of 6.9%, while net profit grew by 12.6% year-on-year. Sectors such as banking, finance, IT, healthcare, and real estate witnessed positive earnings growth, whereas the automobile, cement, consumer goods, and oil and gas industries experienced declines.

India is also taking significant steps in energy and international trade. The government is pushing for nuclear energy expansion by amending liability laws to attract private and foreign investment, with long-term plans to scale up nuclear power production. On the global stage, Prime Minister Narendra Modi recently met with U.S. President Donald Trump to discuss strengthening military and trade ties, including potential defense deals and efforts to double bilateral trade to \$500 billion by 2030.

Forex reserves as of the end of March 2024 were sufficient to cover 11 months of projected imports. The Survey underscores that the Indian Rupee has also been one of the least volatile currencies among its emerging market peers in FY24. India's external debt vulnerability indicators also continued to be benign. External debt as a ratio to GDP stood at a low level of 18.7 per cent as of end-March 2024. The ratio of foreign exchange reserves to total debt stood at 97.4 per cent as of March 2024 as per the Economic Survey 2023- 24. The Direct Benefit Transfer (DBT) scheme and Jan Dhan Yojana-Aadhaar-Mobile trinity have been boosters of fiscal efficiency and minimization of leakages, with ₹36.9 lakh crore having been transferred via DBT since its inception in 2013.

The Survey underscores that the Indian Rupee has also been one of the least volatile currencies among its emerging market peers in FY24. Road ahead for the Indian Economy

In the second quarter of FY24, the growth momentum of the first quarter was sustained, and High-Frequency Indicators (HFIs) performed well in July and August of 2023. India's comparatively strong position in the external sector reflects the country's positive outlook for economic growth and rising employment rates. India ranked 5th in foreign direct investment inflows among the developed and developing nations listed for the first quarter of 2022.

India's economic story during the first half of FY24 highlighted the unwavering support the government gave to its capital expenditure, which, in FY24, stood 37.4% higher than the same period last year. In the Union Budget of 2024-25, capital expenditure took lead by steeply increasing the capital expenditure outlay by 17.1 % to Rs. 11 lakh crore (US\$ 133.51 billion) over Rs. 9.48 lakh crore (US\$ 113.91 billion) in 2023-24. Stronger revenue generation because of improved tax compliance, increased profitability of the company, and increasing economic activity also contributed to rising capital spending levels.

The outlook for 2025 depends on how effectively India addresses its economic challenges.

Key priorities include:

- **Boosting Consumption:** Wage growth, employment initiatives, and targeted welfare programs are essential to reviving domestic demand.
- **Encouraging Private Investment:** Streamlined policies, reduced tariffs, and greater ease of doing business can attract both domestic and foreign investors.
- **Expanding Global Trade:** Lowering trade barriers and enhancing export competitiveness are crucial to capturing a larger share of global markets.
- **Sustaining Reforms:** Addressing inefficiencies in the informal sector, agriculture, and traditional industries will ensure more balanced growth.
- **Monetary Policy Adjustments:** While rate cuts may provide short-term relief, they must be complemented by structural measures to stimulate demand and investment.

Make in India

FOREX RESERVES(IN US \$ BILLION)

Indian government launched the 'Make in India' initiative in 2014 to boost local manufacturing and to make India a global manufacturing hub. The scheme involved focused investments to increase innovation and intellectual property, develop best-in-class manufacturing infrastructure and promote favorable policy initiatives. The scheme currently focuses on improving twenty-seven key sectors, fifteen of which are manufacturing sectors with tailored 'Action Plans'. The Department for Promotion of Industry & Internal Trade (DPIIT), which also manages 'Invest India' to facilitate foreign investments into the country, has chosen twenty-four sub-sectors (including automobile, chemicals, medical devices, auto-components, defence manufacturing, electronic systems etc.) to boost local manufacturing based on local competency, potential for import substitution, opportunities for export and potential for increased employment opportunities.

Atma Nirbhar Bharat Abhiyan

In the midst of the COVID-19 epidemic, the Government of India announced the Atma Nirbhar Bharat Abhiyan (or 'Self-reliant India') in May 2020. The campaign's principal goal was to recover from the economic impact of the pandemic and become self-sufficient on five key pillars: economy, technology-driven infrastructure, infrastructure, demand, and demographics. The Indian government unveiled a combined economic package worth INR 20 trillion (approximately 10% of India's GDP) to support a variety of projects aimed at benefiting enterprises, MSMEs, farmers, and the agriculture sector.

Reducing import dependence and promoting the growth of domestic manufacturing industry was one of the key emphases of the government in this scheme. Under Atma Nirbhar Bharat, the government also plans to introduce parameters for better quality of output to meet international standards so that Indian products can compete in the global market.

Production-Linked Incentive (PLI) scheme

India introduced the PLI scheme in 2020 to promote domestic production through subsidies and encourage exports while cutting down on cheap imports. The scheme is available across fourteen key manufacturing sectors including specialty steel, telecom, auto components, drone components etc. It is designed to provide incentives which are linked to investment and turnover size. The government sanctioned over INR 1.9 lakh crore to be periodically utilized for the scheme.

Ease of doing business

India ranks 63rd in the 'Ease of Doing Business' ranking by World Bank. This is a massive improvement over its position just a decade back, when it stood at 142nd rank in 2014. The improvement in ranking is driven by simplification of the business ecosystem through government initiatives such as 'Make in India', 'National Single Window System (NSWS)' etc. The government has been focusing on initiatives to empower India as an export destination and capitalizing on the opportunities arising out of global China plus one strategy. Thus, improving the overall ease of doing business in the country is a major milestone on the path towards manufacturing success.

INDIAN INFRASTRUCTURE INDUSTRY

India's high growth imperative in 2023 and beyond will significantly be driven by major strides in key sectors with infrastructure development being a critical force aiding the progress. Infrastructure is a key enabler in helping India become a US \$26 trillion economy. Investments in building and upgrading physical infrastructure, especially in synergy with the ease of doing business initiatives, remain pivotal to increase efficiency and costs. Prime Minister Mr. Narendra Modi also recently reiterated that infrastructure is a crucial pillar to ensure good governance across sectors.

The government's focus on building infrastructure of the future has been evident given the slew of initiatives launched recently. The US\$ 1.3 trillion national master plan for infrastructure, Gati Shakti, has been a forerunner to bring about systemic and effective reforms in the sector, and has already shown a significant headway. Infrastructure support to the nation's manufacturers also remains one of the top agendas as it will significantly transform goods and exports movement making freight delivery effective and economical. The "Smart Cities Mission" and "Housing for All" programmes have benefited from these initiatives. Saudi Arabia seeks to spend up to US\$ 100 billion in India in energy, petrochemicals, refinery, infrastructure, agriculture, minerals, and mining.

The infrastructure sector is a key driver of the Indian economy. The sector is highly responsible for propelling India's overall development and enjoys intense focus from the Government for initiating policies that would ensure the time-bound creation of world-class infrastructure in the country. The infrastructure sector includes power, bridges, dams, roads, and urban infrastructure development. In other words, the infrastructure sector acts as a catalyst for India's economic growth as it drives the growth of the allied sectors like townships, housing, built-up infrastructure, and construction development projects. To meet India's aim of reaching a US\$ 5 trillion economy by 2025, infrastructure development is the need of the hour. The government has launched the National Infrastructure Pipeline

(NIP) combined with other initiatives such as ‘Make in India’ and the production-linked incentives (PLI) scheme to augment the growth of the infrastructure sector. Historically, more than 80% of the country's infrastructure spending has gone toward funding for transportation, electricity, and water, and irrigation.

While these sectors still remain the key focus, the government has also started to focus on other sectors as India's environment and demographics are evolving. There is a compelling need for enhanced and improved delivery across the whole infrastructure spectrum, from housing provision to water and sanitation services to digital and transportation demands, which will assure economic growth, increase quality of life, and boost sectoral competitiveness.

Market Size of the Indian Infrastructure Industry

In Interim Budget 2024-25, capital investment outlay for infrastructure has been increased by 11.1% to Rs. 11.11 lakh crore (US\$ 133.86 billion), which would be 3.4 % of GDP. As per the Interim Budget 2023-24, a capital outlay of Rs. 2.55 lakh crore (US\$ 30.72 billion) has been made for the Railways, an increase of 5.8% over the previous year. Starting with 6,835 projects, the NIP project count now stands at 9,142 covering 34 sub-sectors, as per news reports. Under the initiative, 2476 projects are under the development phase with an estimated investment of US\$1.9 trillion. Nearly half of the under-development projects are in the transportation sector, and 3,906 are in the roads and bridges sub-sector.

During FY 2023-24, Total revenue of Indian Railways stands at US\$ 28.89 billion (Rs 2.40 Lakh Crore) as on 15th March. Last year on 15th March, total Revenue was US\$ 26.84 billion (Rs 2.23 Lakh Crore). India’s logistics market is estimated to be US\$ 317.26 billion in 2024 and is expected to reach US\$ 484.43 billion by 2029, growing at a CAGR of 8.8%. India intends to raise its ranking in the Logistics Performance Index to 25 and bring down the logistics cost from 14% to 8% of GDP, leading to a reduction of approximately 40%, within the next five years.

FDI in construction development (townships, housing, built-up infrastructure and construction development projects) and construction (infrastructure) activity sectors stood at US\$ 26.61 billion and US\$ 33.91 billion, respectively, between April 2000-March 2024. Indian logistics market is estimated to touch US\$ 320 billion by 2025. The overall infrastructure capex is estimated to grow at a CAGR of 11.4% over 2021-26 driven by spending on water supply, transport, and urban infrastructure. Investment in infrastructure contributed around 5% of the GDP in the tenth five-year plan as against 9% in the eleventh five-year plan. Further, US\$ 1 trillion investment in infrastructure was proposed by the India’s planning commission during the 12th five-year plan, with 40% of the funds coming from the private sector.

Factors driving the growth in the Indian Infrastructure industry

a) High budgetary allocation for infrastructure

In Interim Budget 2024-25, capital investment outlay for infrastructure has been increased by 11.1% to Rs.11.11 lakh crore (US\$ 133.86 billion), which would be 3.4% of GDP. Infrastructure Finance Secretariat is established to enhance opportunities for private investment in infrastructure that will assist all stakeholders for more private investment in infrastructure.

b) Increasing private sector involvement

The Indian government has introduced various formats in order to attract private investments, especially in roads and highways, airports, industrial parks and higher education and skill development sectors. Private Equity-Venture Capital firms invested US\$ 3.5 billion (across 71 deals) in Indian companies in May 2023.

c) Improvement in Logistics

India’s logistics market is estimated to be US\$ 317.26 billion in 2024 and is expected to reach US\$ 484.43 billion by 2029, growing at a CAGR of 8.8%. The Ministry of Commerce and Industry, states that the logistics sector accounts for 5% of India's GDP and provides jobs for nearly 2.2 crore Indians. India road logistics industry will grow at 3- 6% in FY25 as per ICRA.

d) Rising Foreign Direct Investment (FDI) in the sector

FDI in construction development (townships, housing, built-up infrastructure and construction development projects) and construction (infrastructure) activity sectors stood at US\$ 26.61 billion and US\$ 33.91 billion, respectively, between April 2000-March 2024. FDI rules have been significantly liberalized in India and can provide foreign investors with options aligned with their business goals.

Road ahead for the Indian Infrastructure Industry

With a 37% increase in the current fiscal year, capital expenditures (capex) are on the rise, which bolsters ongoing infrastructure development and fits with 2027 goals for India's economic growth to become a US\$ 5 trillion economy. In order to anticipate private

sector investment and to address employment and consumption in rural India, the budget places a strong emphasis on the development of roads, shipping, and railways.

India, it is estimated, needs to invest US\$ 840 billion over the next 15 years into urban infrastructure to meet the needs of its fast-growing population. This investment will only be rational as well as sustainable, if we additionally focus on long-term maintenance and strength of our buildings, bridges, ports, and airports.

India's Infrastructure forms an integral part of the country's economic ecosystem. There has been a significant shift in the industry that is leading to the development of world-class facilities across the country in the areas of roads, waterways, railways, airports, and ports, among others. The country-wide smart cities programmes have proven to be industry game-changers. Given its critical role in the growth of the nation, the infrastructure sector has experienced a tremendous boom because of India's necessity and desire for rapid development. The expansion has been aided by urbanisation and an increase in foreign investment in the sector.

The infrastructure sector has become the biggest focus area for the Government of India. India's GDP is expected to grow by 8% over the next three fiscal years, one of the quickest rates among major, developing economies, according to S&P Global Ratings. India and Japan have joined hands for infrastructure development in India's Northeast states and are also setting up an India-Japan Coordination Forum for development of Northeast to undertake strategic infrastructure projects for the region.

India being a developing nation is set to take full advantage of the opportunity for the expansion of the infrastructure sector, and it is reasonable to conclude that India's infrastructure has a bright future ahead of it.

INDIAN CONSTRUCTION INDUSTRY

The construction industry in India is expected to reach US\$1.4 trillion by 2025. By 2030, cities are expected to generate 70% of India's GDP (MGI, 2011). The construction industry market in India works across 250 sub-sectors with linkages across sectors. An estimated 600 million people are likely to be living in urban centres by 2030, creating a demand for 25 Mn additional mid-end and affordable units. Under NIP, India has an investment budget of \$1.4 Tn on infrastructure - 24% on renewable energy, 18% on roads & highways, 17% on urban infrastructure, and 12% on railways. Schemes such as the revolutionary Smart City Mission (target 100 cities) are expected to improve quality of life through modernized/ technology driven urban planning. 54 global innovative construction technologies identified under a Technology Sub-Mission of PMAY-U to start a new era in Indian construction technology sector. Over 3,900 cities have certified as ODF+ and 1,429 cities as ODF++ under SBM-U. 35 Multimodal Logistics Parks (MMLPs) to be developed at a total capital cost of \$ 6.1 Bn, will cater to 50% of the freight movement. Since 2014, over INR 18 Lakh Cr has been invested in urban transformation.

As part of the Sagarmala Program, more than 610 projects with a total cost of USD 10.5 million will be carried out between 2015 and 2035. These projects will focus on modernizing and building new ports, improving port connectivity, boosting port-linked industrialization, and building up coastal communities. Bharatmala Pariyojana is a new highway umbrella program that focuses on improving the efficiency of freight and passenger movement across the country by bridging critical infrastructure gaps with effective interventions such as the development of Economic Corridors, Inter Corridors and Feeder Routes, National Corridor Efficiency Improvement, Border and International Connectivity Roads, Coastal and Port Connectivity Roads, and Green-field expressways. In 2022-2023, the PM Gati Shakti Master Plan for Expressways will be implemented, allowing for faster transit. The National Highway network would be expanded by 25,000 kilometers in 2022-2023, at a cost of INR 20,000 crores. In 2022, India's road sector experienced enormous growth as additional stretches of national highways were constructed, as well as the approval and completion of several projects and fundraises, making it a better year than the previous one. an integrated multi-modal national network of transportation and logistics, connectivity with isolated and difficult terrains; and decongestion of key sites on the road network. The government approved the development of 21 greenfield airports in the country in January 2022. The country's largest airport will be built in Uttar Pradesh's Gautam Buddha Nagar area. The Ministry of Civil Aviation intends to build 21 additional airports across India in the next few years. In the next four to five years, the Airports Authority of India (AAI) plans to create new airports as well as expand and upgrade many existing airports at a cost of USD 338 million. This comprises the expansion and alteration of existing terminals, the construction of new terminals, the expansion or strengthening of existing runways, technical blocks, aprons, and the control towers of the Airport Navigation Services. In addition, by 2025, three PPP (Public-Private Partnership) airports in Delhi, Bengaluru, and Hyderabad will have invested INR 30,000 crore in expansion plans.

Our company has machines that include cranes up to 150T capacity, with a good mix of Crawlers and All-Terrain Cranes, Rubber Tyre Gantry Cranes for Steel Handling, Hydraulic Piling Rigs ranging from 155kN to 285kN, Vibro Hammers, Impact Hammers, Shot Crete, Boomers, etc and Concrete Equipment like Batching Plants and Mobile Boom Placers of up to 42 meters.

Over the years, we have been evolved and grown exponentially into an initiative with a progressive outlook and a professional approach. We strive to provide innovative, integrated and satisfactory customized solutions to our clients as per their specific needs. we are positioned as a highly professional, reliable and safe, prompt & quality service provider in infrastructure service arena.

OUR BUSINESS MODEL

We derive our revenue from 2 major business verticals:

➤ **Civil Construction**

Our company works as contractor as well as sub-contractor for various corporates in the state of Delhi, Bihar, Gujarat, Orissa, Rajasthan etc. Our portfolio spans a diverse range of projects, from site preparation to the construction of intricate structural frameworks, showcasing our expertise in delivering comprehensive solutions for various infrastructure needs.

• **Turnkey Pile Foundation Contracts**

Piling is a basic pre-requisite for any construction project-be it buildings, bridges, Manufacturing Units, Process Plants, Civil Structures, antenna towers and even small bungalows or villas. Our company provides piling of different types such as Bored or driven cast-in-situ pile, Precast spun pile, Sheet pile, Micro piling, Compaction pile (Stone/ Sand Column). Our company provides services in building the base or foundation of the project and provides the necessary support needed for the structure to be built. Our company excels in providing comprehensive Turnkey Pile Foundation Contracts, offering

a seamless solution from inception to completion. By taking full responsibility for the procurement, and construction phases, we ensure that each project is executed with precision and efficiency.

- Civil Construction of Bridge and Industrial Building, etc

Our company undertake the work of design, construction, and management of bridge projects, ensuring structural integrity, safety, and longevity. Our company combine technical expertise with meticulous planning to deliver projects that are not only structurally sound and safe but also functionally efficient. Further for construction of industrial buildings, our company understands the specific requirements of various industries, from manufacturing to warehousing, allowing us to create customized solutions that fully meet operational needs while fostering productivity and efficiency.

➤ Construction Equipment Renting

We provide a complete range of earth moving machines and construction equipment on rent for all types of infrastructure and construction work like excavation, piling, road construction and prestressed rock anchoring. We have machines built by international brands like BAUER Engineering, MAIT India, SANY Heavy industry, XCMG and more. Our business of renting of road construction equipment is executed in time-based pricing model. The time based pricing model allows customers to pay for the equipment based on how much they use it or the time duration they utilize it for, which is primarily a fixed fee. This model is common where our equipment is rented to contractors or developers in the infrastructure industry and in road construction activity.

Our scope of work as a service provide includes deployment of road construction equipment along with ancillary equipment of required quality and capacity with suitable manpower for operation and maintenance of the same. Our scope further includes mobilization and demobilization of such equipment from client location.

ORDER BOOK

Our Order Book as on a particular date consists of contract value of unexecuted or uncompleted portions of our ongoing projects, i.e., the total contract value of ongoing projects as reduced by the value of projects billed till May 31, 2025. As of May 31, 2025, under the civil construction vertical we have 08 unexecuted or uncompleted projects worth approximately ` 15,496 Lakhs. As of May 31, 2025 under the Construction Equipment Renting vertical we have order book of approximately 476.55 Lakhs.

OUR COMPETITIVE STRENGTH

1. Established track record for timely execution

We have a track record of effectively utilizing our management bandwidth, skills, and internal systems to execute projects that span several years for completion. Our company has proven its execution capabilities in managing significant Civil Contract, such as construction of ATC Tower, Versace Tower and Pachpadara Refinery etc. Typically, the average period for the execution of Turnkey Pile Foundation Contracts ranges between 06 to 07 months and for Civil Construction For Bridge and Industrial Building, etc. ranges between 12 to 17 months.

A project's timely or early completion results in technical competency, which is advantageous when a company is being evaluated technically before being awarded the contract. We focus on minimising the amount of time spent on each project activity, from project planning and execution to equipment planning and acquisition. Our focus is to leverage our designing and execution capabilities to complete projects in a timely manner.

We believe we have skilled manpower and management, good organisational processes, professional approach to risk and its containment all of which translates into our ability to manage multiple, large and complex projects. Our Company is therefore well placed in this contracting environment and expects to be the choice of discerning clients. We believe this gives us the competitive edge to realise better margins when compared to other construction companies which are yet to evolve these attributes.

Further we have been undertaking construction activities in India for more than a decade and we believe, we have a reputation for efficient planning and on-time execution of projects. We believe that our track record in successful and timely implementation of projects gives us a competitive advantage. Further this also enables us to better position ourselves to deal with implementation and construction risks on complex, large projects.

2. Our Order Book

In our industry, an order book is considered one of the key indicators of future performance as it represents a portion of anticipated future revenue. Our strategy is not focused solely on order book addition but, rather, on adding quality projects with potentially higher margins and/or prestigious projects that help enhance our growing reputation. By diversifying our skill set and order book across different sectors, we are able to pursue a broader range of project tenders and consequently, optimize our business volume and profit margins. As of May 31, 2025, under the civil construction vertical we have 08 unexecuted or uncompleted projects worth approximately 15,496 Lakhs. As of May 31, 2025 under the Construction Equipment Renting vertical we have order book of approximately 476.55 Lakhs.

3. We own a fleet of construction equipment

Our range of solutions include renting of construction equipment. Our experience and core competencies in the construction industry has helped us to successfully deliver quality and reliable solutions. The large portfolio of equipment enables us to correctly take orders with project specifications and provide quality services in a timely and cost-effective manner. We identify the target customers within the construction industry, which includes infrastructure or construction companies, contractors, developers etc and highlight factors such as cost-effectiveness, innovative technologies, sustainability, or efficiency gains.

4. Experienced Promoter and management team

Our promoter has more than 15 years of experience in construction Industry. Our Promoter lead the company with his vision. Our management team includes young and experience professionals. The strength and entrepreneurial vision of our Promoter and management have been instrumental in driving steady growth of our company and implementing our strategies. We believe that a motivated and experienced employee base is essential for maintaining a competitive advantage. Our motivated team of management and key managerial personnel complement each other to enable us to deliver high levels of client satisfaction.

5. **Long-standing relationships with our customers**

Over the years, we have established strong relationships with customers across various industries, with a significant presence in Power, Oil & Gas, Steel, Cement, and Renewable Energy sectors. Our dedicated service teams, focus on operational excellence, and commitment to high-quality standards and employee safety have enabled us to retain existing clients while attracting new ones. Additionally, our long-standing partnerships provide us with key competitive advantages, such as revenue visibility, industry goodwill, and a deep understanding of our clients' needs, reflecting the consistent quality of our services. The table below represents our association with our customers:-

Number of years of association	No. of Customers
More than 10 years	2
More than 05 years	20

6. **Optimal Utilization of Resources**

Our company constantly endeavours to improve our execution process, capabilities, skill up gradation of employees, modernization of plant and machineries to optimize the utilization of resources. We regularly analyse our material procurement policy and project execution process to de-bottle neck the grey areas and take corrective measures for smooth and efficient working thereby putting resources to optimal use.

7. **Pricing and Payment Structure**

The pricing of our services is established based on several critical factors, including the type of construction, project scope and scale, design and engineering complexity, estimated duration for project completion, and the specific type of equipment required.

Prices are determined through direct negotiations with clients, ensuring a tailored approach that meets individual project needs. Our services are typically provided on credit, with the provision for an advance payment of up to 10% against the Advance Bank Guarantee (ABG).

We maintain a systematic account of receivables from clients, facilitating effective cash flow management. Clients are generally required to settle their accounts on a periodic basis, ensuring mutual accountability and transparency in financial transactions.

This structured approach not only enhances our competitive edge in the market but also fosters strong client relationships and promotes ongoing collaboration.

BUSINESS STRATEGY

Our strategy is to build upon our competitive strengths and business opportunities to become a leading construction and infrastructure company in India. We intend to diversify into the construction of all infrastructure facilities in areas other than those where we are currently executing our projects. Towards achieving these objectives, we are working on the following strategies:

1. Continue to enhance our project execution capabilities

We remain committed to enhancing our project execution capabilities to achieve higher client satisfaction and improved operating margins. To support this, we have invested in construction equipment, project management systems, and prioritized workforce development through continuous training in construction techniques and safety protocols. Key steps we have implemented include preparing detailed micro resource mobilization plans and quantity liquidation plans to ensure optimal resource allocation and timely

project completion. We adhere to safety protocols, conduct daily tool box talks, and run a Safety Award Program to improve safety and site performance.

Additionally, we use Total Station machines and Boom Placer machines to improve accuracy, reduce labor, and save time. Our dedicated site coordinators and regular team training programs ensure continuous improvement in workforce skills and seamless project execution. These initiatives, backed by our equipment and project management tools, ensure the successful delivery of projects while maximizing operating margins.

2. Increasing the scope of work for each order and associating ourselves with larger projects.

Our strategy is to expand the scope of work for each order and associate ourselves with larger, technically complex projects within the infrastructure and civil construction sectors. To achieve this, we focus on enhancing our capabilities in managing large-scale projects by investing in construction equipment, strengthening our project management teams, and improving internal systems to ensure smooth coordination and timely delivery. Additionally, we proactively approach prospective clients, showcasing our expertise through detailed work programs, including:

- A comprehensive work schedule tailored to project requirements
- A precise quantity liquidation plan to monitor timely completion
- An equipment mobilization plan to ensure efficient execution
- Clear staff mobilization strategies for aligning with project milestones
- A labor histogram to represent resource needs over time

These efforts establish our operational readiness and technical competence, significantly boosting client confidence and securing piling contracts. Furthermore, we focus on performance-driven scope expansion, leveraging our successful execution of piling packages to discuss extending our involvement in sub-structure and super-structure works. We also strategically explore opportunities with nearby prospective clients to optimize indirect costs and streamline management oversight, ensuring cost efficiency.

Through these initiatives, we aim to contribute significantly to the development of robust infrastructure while fostering long-term relationships with clients and stakeholders.

3. Undertaking projects in a variety of sectors

Our extensive experience across multiple sectors has significantly enhanced our technical know-how, capabilities, and the range of our service offerings. This diverse exposure has not only broadened our expertise but also allowed us to de-risk our business model by minimizing dependency on any single sector.

The sectors we currently operate in include Housing and Realty, Road and Infrastructure, Industrial Projects, Temple Structures, Oil & Refinery, Metro Projects. This strategic diversification ensures broader business horizons, mitigates sector-specific risks, and strengthens our market position. To effectively manage multi-sector projects, we have strengthened our project management teams and enhanced our technical resources, allowing us to handle the complexities of various industries efficiently. By focusing on these strategic areas, we aim to optimize our operations, improve margins, and reduce risk. This approach will enable us to harness our strengths, adapt to market demands, and continue our trajectory of growth and innovation.

4. Remain focused on timely execution of projects and maintain the quality standards.

As part of our growth strategy in the civil construction industry, we are committed to the timely execution of projects while maintaining the high quality standards. To achieve this, we adhere to ISO 9001:2015, ISO 14001:2015, and ISO 45001:2018 certifications, ensuring compliance with international quality, environmental, and safety standards. Our approach includes regular quality control checks, continuous workforce training, and safety protocols. We also optimize resource deployment through micro resource mobilization plans and labour histograms, while monitoring progress through Quantity Liquidation Plans and weekly audits. To ensure operational reliability, we maintain daily equipment checklists and proactive maintenance reports. Our Minimum Inventory System supports the

availability of materials without overstocking, and dedicated Resource Managers/Coordinators oversee smooth site operations. Through these measures, we ensure timely project delivery, uphold quality, and build long-term client trust, positioning us for continued business growth. In past three financial years we have completed 42 projects out of 46 projects

5. Execute the projects with the available resources to give the maximum operating margins.

We intend to continue executing projects with the available resources to maximize operating margins. To achieve this, we have implemented concrete cost-control measures, such as optimizing resource utilization and negotiating better terms with suppliers. By using in-house equipment, such as piling rigs and cranes, we achieve cost savings of 6-7% and productivity improvements of 7-8%, ensuring the timely completion of projects. We optimize material usage with techniques like precise Bar Bending Schedules (BBS), reducing steel wastage to approximately 1%, compared to the industry standard of 3-5%, and implement RMC pouring plans to minimize concrete wastage.

Additionally, we focus on controlling overhead costs through streamlined processes and regular performance reviews. Systems like the Minimum Inventory System (MIS) ensure optimal resource utilization, while also managing overheads and enhancing project quality. To further increase margins, we are pursuing larger and more technically complex turnkey and design-build projects and ensuring the timely completion of contracts awarded to us. These steps will enable us to enhance operating margins while maintaining project quality and efficiency.

6. Develop and maintain strong relationships with our clients

Our services are significantly dependent on winning construction projects undertaken by large government agencies and companies, as well as infrastructure projects funded by governments. Over the years, we have established strong relationships with customers across various industries, with a significant presence in Power, Oil & Gas, Steel, Cement, and Renewable Energy sectors. Our dedicated service teams, focus on operational excellence, and commitment to high-quality standards and employee safety have enabled us to retain existing clients while attracting new ones. Additionally, our long-standing partnerships provide us with key competitive advantages, such as revenue visibility, industry goodwill, and a deep understanding of our clients' needs, reflecting the consistent quality of our services. The table below represents our association with our customers:-

Number of years of association	No. of Customers
More than 10 years	2
More than 05 years	20

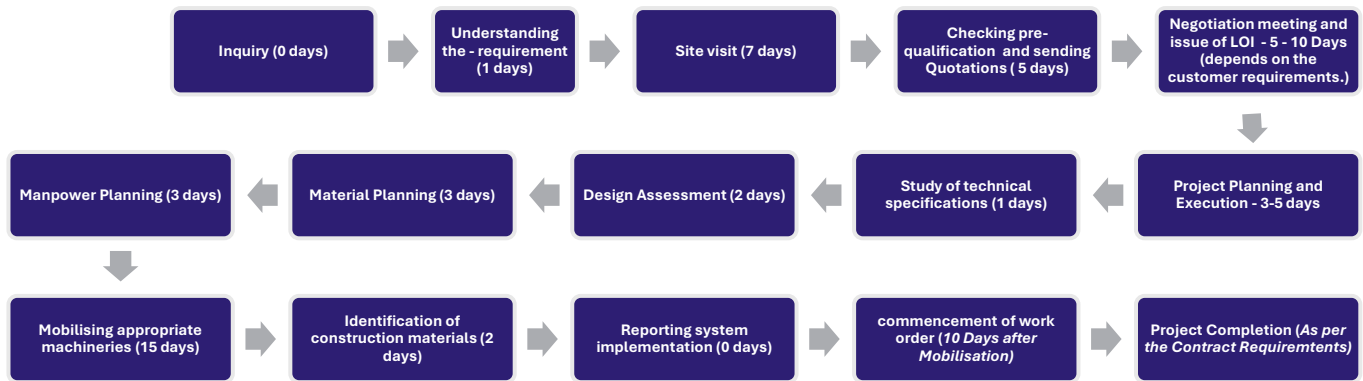

We will continue to focus on nurturing these relationships with both clients and vendors to expand our opportunities and drive long-term growth.

7. Infrastructure Projects

Our core business activity is the execution of infrastructure projects, having completed our first piling project in 2009. With the tremendous growth in infrastructure development in India, particularly in recent years, we have strategically positioned ourselves to capitalize on the surge in construction industry activities. We have expanded our capabilities by investing in specialized construction equipment to handle a wide range of infrastructure projects. Additionally, we have built a skilled workforce with expertise in engineering and construction, ensuring we can deliver high-quality services across diverse project types. Our focus on adherence to industry standards has allowed us to strengthen our reputation in the infrastructure sector, positioning us for continued growth as this segment remains a key business driver.

BUSINESS PROCESS

The Process flow of our business operations in **Civil Construction on one-to-one negotiation basis** is described below:

- ***Inquiry***

Our company receives inquiry from potential client for the project. Clients reach out to us via phone, email, or through a formal request for proposal (RFP). Further we gather initial details such as project type, location, scale, and specific requirements. This documentation is crucial for understanding client expectations. We conduct initial assessment by evaluating the inquiry to determine if it aligns with the company's capabilities and expertise.

- ***Understand the Requirement***

Once an inquiry is established, the next step is to Understand the Requirement. This involves a deeper engagement with the client to clarify project objectives. Scheduling meetings with the client to discuss their vision, goals, and any unique challenges they foresee. Assess the project's feasibility considering factors like budget constraints, regulatory requirements, and environmental impacts. Create a detailed requirements document that outlines the scope, specifications, timelines, and any special considerations.

- ***Site Visit***

After the requirements are understood, conducting a site visit for assessing the actual conditions that will affect the project. We visit the location to observe existing structures, topography, and utilities also collect essential data such as soil conditions, access points, and nearby infrastructures that may influence construction.

- ***Checking pre-qualification and sending Quotations***

For the project our client specifies certain pre-qualification criteria which we are suppose to satisfy. Once pre-qualification criteria is satisfied we send quotations by creating a detailed cost estimate based on the requirements and site conditions. This includes a breakdown of costs for materials, labour, overhead, and contingencies.

- ***Negotiation Meeting and Issue of LOI***

Once our client receives the quotation, a Negotiation Meeting is scheduled to discuss terms and conditions. Presenting the quotation to the client, explaining each component and addressing any concerns they might have also negotiation on pricing, timelines, and scope. Once negotiations are complete, the next step is the Issue of Letter of Intent (LOI), which serves as a preliminary agreement to commence work.

- ***Project execution / pre-construction activities***

Once, the agreement is signed and the contract is awarded. we commence our pre-construction activities such as Study of technical specifications, mobilizing manpower and equipment and construction of site infrastructure like site camps, temporary office, warehouse, workshops etc.

Based on the project requirements, we prepare a project-monitoring schedule to monitor the progress of the project execution against the milestones stipulated in the Order. Once the execution starts, the progress of work is continuously monitored and corrective measures are immediately implemented if required.

- ***Study of technical specifications***

We study technical specifications such as soil analysis to determine the bearing capacity and other soil properties. Further adherence to local building codes, standards, and regulations. Study on types of piles (bored, driven, etc.), installation methods, and load testing procedures.

- ***Design Assessment***

We study the design concept of the owners, along with copies of the relevant drawings and plans and make value engineering assessment, considering our scope of contract and the parameters. We discuss and assess the ways and means and the methodology to construct and the requirement of plant and equipment versus the design parameters. Detailed plans are worked out at this stage by us for commencing actual work.

- ***Material Planning***

Based upon the available drawings and time frame, we calculate the requirement of materials under three sub heads: company assets (new and available), basic materials (ordinary portland cement, steel, aggregates, stones, etc.) and consumables (shuttering, staging, plywood etc.). This consolidated requirement of materials along with tentative schedule is then forwarded to our procurement department for identification and negotiation with vendors. Materials are sourced or procured directly from manufacturers, their agents or from reputed sources, quality checked, warehoused at our go-downs or delivered to construction sites, as required. Dedicated site teams engaged in construction activities are supported by back end teams to ensure timely implementation of the project. The negotiation, are done with approved vendors on the material specifications that are provided to us as part of the construction contract. The materials department of our company is given an indicative price for materials to be purchased and the dates and time when they are required. We identify the requirements, delivery schedules and other details in respect of the materials and monitor its delivery, quality and safety. We ensure that optimum quantities of materials are kept as stock in order for efficient use of working capital.

- ***Manpower Planning***

Our company manages a combination of in-house teams, mobilizes resources through labour contractors to ensure smooth implementation of project irrespective of size, complexity or deadline. The requirement for personnel is determined on the basis of the scope of work, profitability and timelines for delivery of the project. We depute qualified senior personnel to head the project as 'Project Managers' from the head office. Further, there are site supervisors for supervising all processes, elaborate documentation and reporting, in-house checks, scheduled management visits and periodic reviews that ensure timely completion of the projects.

- ***Mobilising appropriate machineries***

Mobilizing machinery to a site in a turnkey contract involves several critical steps to ensure that the necessary equipment is delivered, set up, and operational in a timely and efficient manner. This process is crucial for maintaining the project schedule and ensuring that all construction activities proceed smoothly.

The key aspects include: Detailed planning of the transportation routes, considering the size and weight of the machinery, as well as any potential obstacles or restrictions along the way, Obtaining the necessary permits for transporting heavy machinery, especially if oversized loads are involved, Using cranes or other lifting equipment to unload and position the machinery on-site and Assembling any machinery components that were transported separately, following manufacturer specifications and safety guidelines etc.

- ***Identification of construction materials***

Identification of construction materials is a critical step in construction projects to ensure that the right materials are used, which can significantly impact the quality, durability, and safety of the final structure.

- ***Reporting system implementation***

Implementing a reporting system in construction work involves setting up standardized templates and tools for collecting real-time data on project progress, financials, quality, and safety.

- ***Commencement of work order***

The commencement of a work order in a construction project marks the official start of on-site activities, following the completion of all preparatory steps such as planning, design approval, and permitting. It involves mobilizing resources, including labor, materials, and machinery, to the site. This stage sets the groundwork for project execution, ensuring that all necessary elements are in place for a smooth and efficient construction process.

- ***Project Completion***

On completion of the project, the architect(s) of the projects provides us an architect certification. A copy of the same is also provided to the client. On receipt of the certification, a detailed handover list is made in accordance with the contract. We submit our final bill with all details, enclosures, etc. as per the terms of the contract once the work is completed. Finally, we clear the project site of all our materials, offices, machinery and equipment.

The Process flow of our business operations in **Civil Construction on Tender basis** is described below:

Project Cycle

We have set out below the flow chart explaining various steps involved in the life cycle of a project:

I. Pre-Bidding Stage:

Project Identification:

We enter into contracts primarily through a competitive bidding process. Our clients typically advertise potential projects on their websites and in leading national newspapers. Accordingly, our tender department does a regular review of the leading national newspapers and relevant websites to identify projects that could be potentially viable for us. After such projects are identified, the tender department seeks approval of the management to determine if the identified projects should be pursued. These discussions are based on various factors which include the geographic location of the project and the degree of complexity in executing the project in such location, our current and projected workload, the likelihood of additional work, the project cost and profitability estimates and our competitive advantage relative to other likely bidders. Thereafter, we submit bids for the projects that have been identified. Our Company has a dedicated tender department and are taking responsibility for bidding the projects.

Pre-qualification:

At this stage, the tender department evaluates our Company's credentials in light of the stipulated Technical & Financial eligibility criteria. While we endeavour to meet eligibility criteria for projects on our own, in the event we are unable to meet the required eligibility criteria, we partner with other like mind contractors who meets the required Technical eligibility criteria to strengthen our chances of qualifying Technically and winning the bid for the project. Notices inviting bids may either involve pre-qualification, for short listing of contractors, or a post qualification process. Pre-qualification applications generally requires to submit details about our organizational set-up, financial parameters (such as turnover, net worth and profit & loss history), employee information, machinery and equipment, details of available Technical Staff, portfolio of executed and ongoing projects and details in respect of litigations and arbitrations in which we are involved.

In selecting contractors for major projects, clients generally limit the issue of tender to contractors they have pre-qualified based on several criteria's, including experience, technical ability and performance, reputation for quality, safety record, financial strength, size of previous contracts in similar projects. However, price competitiveness still is a significant selection criterion. After we pre-qualify for a bid, we are required to submit a financial bid.

Tender Preparation and Submission of the bid:

In order to submit a financial bid, our Company conducts an in-depth study of the proposed project, which inter alia includes, (i) study of the technical and commercial conditions and requirements of the project; (ii) a site visit to determine the site conditions by studying the terrain and access to the site; (iii) local market survey to determine availability and prices of key material, labour, and specialist sub-contractors, as the need may arise; and (iv) analysis of the incidence or levies (if any) at or around the project site. Further, the tender department invites quotations from vendors, sub-contractors and specialist agencies for various items or activities in respect of the tender. After the information gathered from the local market survey, the tender department arrives at the cost of items in the Bill of Quantities ("BOQ"). This estimate is then marked-up to arrive at the bid price to the client. The basis of determination of the mark-up is based on overheads, expenditure and profitability benchmarks as per our policies.

Result:

Alternatively, the client may choose to invite bids through a post-qualification process. In Post Qualification Tenders, Bidders Eligibility Criteria for Technical & Financial as per the work requirements will be specified by the Authority in the Bid Documents and the same will be submitted by the bidder to the Authority along with Financial Bid. The Authority will open initially only Technical Bid and evaluate the submitted Technical Bids of all the contractors as per the requirements specified in the Tender Documents and will announce the list of Technically qualified Bidders who meets the stipulated criteria and will open the Financial Bids of the declared Technically qualified Bidders and will declare the L1 Bidder for award of work.

II. Post Bidding:

Signing of Agreement, Resource Planning, design and Procurement:

The issuance of a letter of acceptance or letter of intent by the client signifies that we have been awarded the contract. The project team immediately identifies and works with the procurement department to procure the key materials and services required to commence

execution of project. Based on the contract documents, a detailed schedule of activities is prepared. The technical and execution team prepares the works plans and estimates of materials, budgeted rates for material, services, equipment and manpower to be deployed at the project site and forward them further to the procurement department. The procurement department proceeds to procure the material, manpower and equipment for the project from both internal and external sources as per the schedule of the project. We begin the project by mobilizing manpower and equipment resources and the setting up of site offices, stores and other ancillary facilities. Further if the contract is only for pile foundation then we do equipment setup, after that Pile Boring, Cage Lowering, Concreting, Pile Load Testing.

Project Execution:

A detailed schedule of activities is prepared to ensure optimum project management at every stage of the project.

In piling project we set up and prepare the necessary equipment and machinery required for the execution of the pile foundation work. After equipment setup we undertake pile boring activities, which include drilling or excavation of the pile holes to the specified depth and dimensions as per the project requirements. After pile boring, we shall lower the reinforcement cages into the bored piles as per the design specifications and ensure proper alignment and positioning. After work planning, we carry out the concreting process for the piles, ensuring that the concrete is poured and compacted in accordance with the relevant technical standards and specifications. At last we perform pile load testing to verify the load-bearing capacity of the piles, in accordance with the agreed-upon testing procedures and standards.

We also execute Superstructure work after pile foundation, in which we develop and implement a detailed plan for the execution of the structural work, ensuring compliance with all relevant design and engineering specifications. We carry out the excavation of the piling area to the specified depth and dimensions as required for the foundation works. We further pour and level Plain Cement Concrete (PCC) in the foundation area as per the design and specifications. Further we perform the necessary chipping or preparation of the pile heads to achieve the required surface condition for the subsequent structural work. Once the surface is prepared we install steel reinforcement as per the structural drawings, ensuring that the reinforcement is properly positioned, secured, and aligned to the specifications also provide and install the necessary formwork (shuttering) to support the concrete pour for the structural elements, ensuring the formwork is of adequate strength and stability. Further we carry out the concreting of the superstructure elements, ensuring the correct mix, placement, compaction, and curing of concrete as per the applicable standards and design requirements.

Additionally, the senior management of our Company follow a hands-on approach with respect to project execution. Joint measurements with the client's representative are taken on a periodic basis and interim and final invoices are prepared and issued to the clients on the basis of such measurements. These invoices are sent to the client along with various certifications for release of payments. The billing department is also responsible for certifying the bills prepared by our vendors and sub-contractors for further processing.

III. Post Completion:

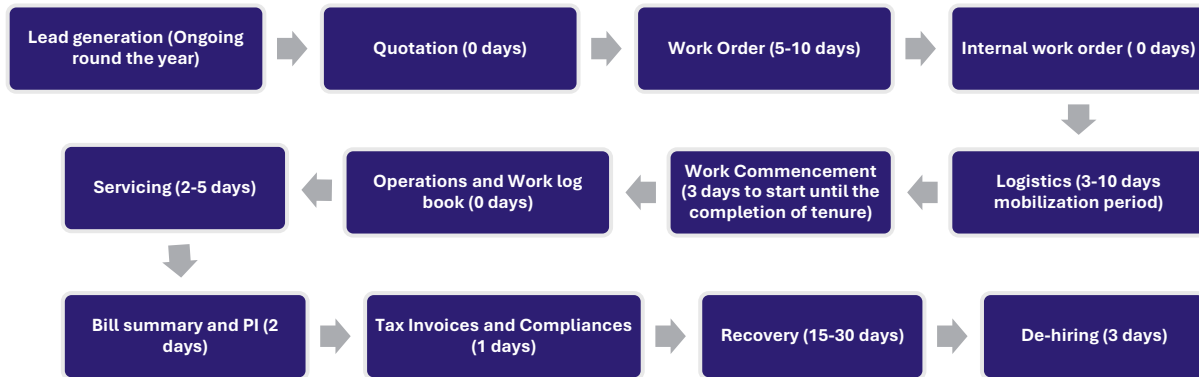

Project Completion, Completion certificate obtained:

Upon completion of a project, typically an independent engineer appointed for the project certifies the work completed and a completion certificate is issued by the client. Our completed projects also include those projects for which we have been issued provisional completion certificates by the relevant authority. Provisional completion certificates include projects where symbolic possession has been taken by the client and final bills are pending approval. Depending on the scope of work for a project, maintenance may be required to be carried out by us upon completion.

Operation and maintenance and Handing over:

We consider a project to be virtually complete when it is ready to be handed over to the client. We then jointly inspect the project with the client to begin the process of handing over the project to the client. Once satisfied, the client prepares a completion certificate, which signifies the commencement of the defects liability period or the maintenance period (i.e., the period during which we are contractually bound to rectify any defects arising out of construction). On completion of the defects liability period, we request the client to release any performance guarantees or retention monies that may be outstanding.

The Process flow of our business operations in **Construction Equipment Renting** is described below:

The brief explanation for the process is described below:

- Enquires reach the management and the sales team through word of mouth. All leads are tracked through Lead tracking sheet.
- After understanding the clients detailed requirement and availability of equipment under the free asset sheet, a reasonable quotation is shared with the client.
- The finalized fixed monthly rental and other service conditions such as breakdown, fooding, lodging, logistics and work period is documented and signed off.
- All work execution details finalized in the work order are shared separately with all working departments ensuring utmost work execution clarity.
- Transportation department coordinates the logistics until the allotted equipment reaches the clients site.
- Commencement of work is signed off with the client marking the start of rental charging period.
- Daily progress report (DPR) is maintained by the plant and machinery coordinators noting the work done and break down days.
- A Systematic process for scheduled maintenance is carried out on a time to basis for every single machine.
- After month end the billing team validates the DPR and creates Billing summary and sends proforma invoice to each client.
- The accounts department raises tax invoice after acceptance of proforma invoice from the client and fulfils all due compliances.
- The billing team follows up with the client for on time recovery of rental charge within the duo credit period.
- After work completion is signed off by client, the logistic team coordinates for equipment movement to the next hiring location.

A. Proven Track Record

We have established a track of consistent revenue growth and profitability. The table below sets forth some of key financial information and ratios for the Fiscals 2024, 2023 and 2022.

(in Lakhs)

Particulars	For nine months period ended on December 31, 2024	Financial Year 2024	Financial Year 2023	Financial Year 2022
Revenue from Operations	8,972.48	9559.45	8567.57	7167.08
EBITDA	2,957.12	2,722.29	1,999.43	1346.99
Profit After Tax	1,027.73	924.52	575.60	302.45

B. Good relationship with the clients

Over the years, we have established strong relationships with customers across various industries, with a significant presence in Power, Oil & Gas, Steel, Cement, and Renewable Energy sectors. Our dedicated service teams, focus on operational excellence, and commitment to high-quality standards and employee safety have enabled us to retain existing clients while attracting new ones. Additionally, our long-standing partnerships provide us with key competitive advantages, such as revenue visibility, industry goodwill, and a deep understanding of our clients' needs, reflecting the consistent quality of our services. The table below represents our association with our customers:-

Number of years of association	No. of Customers
More than 10 years	2
More than 05 years	20

C. Quality Assurance

Our Company is committed to upholding stringent quality and environmental standards. Holding ISO 9001:2015, ISO 14001:2015, and ISO 45001:2018, We are committed to provide quality work to our customers that meets the project standards and specifications for materials, workmanship and schedules while maintaining profitability and competitiveness. Our company has focused on growth through system improvement such as Implementation of MIS System, Implementation of Corporate Safety & Quality Policy, Implementing Zero Accident Policy, Software system for Pile Pour Card, Daily Site Progress Meeting, Daily Safety review meeting & Monthly Safety Award Scheme, Training Program.

D. Experienced Management

We are led by an experienced management team that we believe has the expertise and vision to manage and grow our business. Our Company's growth can be attributable to the entire management team, led by Mr. Gaurav Gupta, he is currently the Chairman of the Board, Managing Director and Promoter of our Company. His technical expertise and extensive experience of more than 15 years has helped the company scale new heights, at present, he is responsible for the overall management, day to day affairs and is the guiding force behind the strategic decisions of our Company. Comprising visionary leaders, seasoned professionals, and industry experts, our management team brings a wealth of knowledge and expertise to the table. Their combined years of experience span various sectors, including finance, operations, marketing, and technology, making them well-equipped to steer the company towards its strategic goals. Mr. Parveen Kumar Gupta has been associated with our Company since Incorporation as Promoter and Executive Director. He oversees our Company's business operations. Mrs. Shikha Gupta, Promoter and Non – Executive Director of our Company has been associated with our Company since 2019 and is responsible for managing human resources functions and plays a key role in supporting the organization's strategic objectives.

We also attribute our growth in part to our initiatives relating to the development of our human resources, by planning and executing recruitment, training and retention of our employee base. We believe that the knowledge and experience of our Promoters, along with senior and middle management provide us with a competitive advantage as we seek to expand. As of March 31, 2024, our work force consisted of approximately 462 full-time employees.

PLANT AND MACHINERIES

Details of equipment owned by our company used for construction of projects as at May 31, 2025 are as under;

Particulars	Functions and Features	Count of Item Name
Ace Crawler Crane	ACE Crawler Cranes are used on soft ground for erection and maintenance work. Crawler cranes swing the load through 360 degrees. The basic advantage of the crawler crane is that it is quick in operation on soft ground, compared to other class of cranes.	01
Ashok Leyland Transit Mixer	Transit mixers move concrete from the batching plant to the construction site. It has Features like Mid-NOx technology, Unique HC dozer, Improved cooling system, Heavy duty air compressor etc.	02
Escorts Hydra Crane F-15	Escorts Hydra Crane F-15 used in heavy loading work The F-15 has a 4-part boom, with the first three parts hydraulically powered and synchronized. The fourth part is power extended and manually pinned for safety.	02
Escorts Hydra Crane K-10	Escorts Hydra Crane K-10 is a hydraulic mobile pick-n-carry crane with a number of features, including: Telescopic boom: The crane has a two-part telescopic boom that can be hydraulically extended for more outreach and a higher lift. Chassis: The crane has an articulated chassis for a short turning radius and a long chassis for more reliability. Transmission: The crane has a heavy duty transmission designed specifically for crane applications etc.	01
Jakson Generator (125 Kva)	Generator convert mechanical or chemical energy into electrical energy. Jakson generators are designed to be quiet. Jakson generators have best-in-class fuel economy. Further they provide longer power backup	01
Jakson Generator (62.5 Kva)	Generator convert mechanical or chemical energy into electrical energy. Jakson generators are designed to be quiet. Jakson generators have best-in-class fuel economy. Further they provide longer power backup	01
JCB	JCB Backhoe Loader is extensively used in applications like plantation, construction of rural roads, fibre optics laying, truck unloading, and tractor trolley loading.	04
Kirloskar Generator	Kirloskar generators use a diesel engine. Kirloskar generators have a high-quality alternator. Kirloskar generators have overload protection and shutdown mechanisms.	01
Hydra Crane F-14 Ton	It is essential for lifting and moving heavy loads.	01
Kirloskar Hydra Crane F-15	The primary function of the Hydra Crane F-15 is to lift and hoist heavy materials and equipment. It is used for transporting materials from one location to another, such as moving construction materials, machinery, and other heavy items. The F-15 model typically has a lifting capacity of around 15 tons, making it suitable for handling substantial loads. The crane is equipped with a hydraulic lifting system, which provides smooth and efficient lifting operations. This system ensures better control and precision in lifting.	01
KYB Conmet Batching Plant Concrete	KYB Conmet batching plants are widely used in the construction industry for producing concrete in a controlled and efficient manner. These plants are designed to ensure consistent quality and performance of the concrete mix. The primary function of a batching plant is to mix various ingredients, including cement, aggregates, water, and admixtures, to produce concrete of a specified grade and quality. KYB Conmet batching plants are typically equipped with advanced automatic control systems. These systems allow for precise control of the batching process, mix design adjustments, and real-time monitoring.	01

MAIT Diaphragm Wall Kit	The primary function of the MAIT diaphragm wall kit is to facilitate the construction of diaphragm walls. These walls are used to support excavations, retain soil, and provide structural stability for deep foundations and underground structures. MAIT diaphragm wall kits are designed with a modular approach, making them adaptable to various project requirements. This allows for flexibility in construction methods and easy assembly on site.	01
MAIT HR-180	It is used in foundation piling operations to install deep foundation elements, including auger piles, casing piles, and continuous flight auger (CFA) piles. The rig can be used for soil investigation by drilling boreholes to collect soil samples and analyze soil properties, which is critical for designing foundations and assessing ground conditions.	01
Sany Crawler Crane	The primary function of a Sany crawler crane is to lift and move heavy loads, such as construction materials, machinery, and structural components. This capability is essential for tasks like erecting building frames, installing large equipment, and moving heavy materials on construction sites. Sany crawler cranes are known for their high lifting capacities, which can range from several tons to over 1,000 tons, depending on the model. This makes them suitable for lifting extremely heavy loads.	01
Sany Crawler Crane-45 Ton	The primary function of the Sany 45-ton crawler crane is to lift and move heavy loads such as construction materials, structural components, and machinery. It is well-suited for tasks like erecting steel structures, placing large precast concrete elements, and handling other substantial loads.	12
Sany Excavator 140 Tons	The primary function of the Sany 140-ton excavator is to perform heavy excavation tasks. This includes digging large volumes of soil, rock, and other materials, making it suitable for large-scale construction projects, mining operations, and infrastructure development.	05
Sany Excavator-120	The primary function of the Sany 120-ton excavator is to perform large-scale excavation tasks. It is used for digging large volumes of soil, rock, and other materials, making it suitable for major construction projects, mining operations, and large-scale earthmoving tasks.	02
Sany Rig SR 155 with Kelly Bar	The Sany SR 155 with Kelly Bar is designed for deep drilling applications, such as creating large-diameter bored piles, auger piles, and CFA (Continuous Flight Auger) piles. The Kelly Bar system provides the necessary torque and stability for these tasks. The Kelly Bar system enhances the stability of the rig during drilling operations and allows for precise control of the depth and alignment of the borehole.	08
Sany Rig SR 185	The Sany SR 185 is primarily used for deep drilling applications, including the installation of large-diameter bored piles, auger piles, and continuous flight auger (CFA) piles. This makes it suitable for supporting large structures like high-rise buildings, bridges, and industrial facilities.	09
Sany Rig SR 205	The Sany SR 205 is equipped for deep drilling tasks, including the installation of large-diameter bored piles, auger piles, and continuous flight auger (CFA) piles. It is ideal for projects requiring deep foundations.	01
Sany Rig SR 235	This rig is used to construct deep foundation elements crucial for supporting large structures like high-rise buildings, bridges, and industrial facilities, ensuring the stability and integrity of the foundation.	01

Schwing Stetter Batching Plant Concrete	The primary function of a Schwing Stetter batching plant is to produce concrete by combining various ingredients such as cement, aggregates (sand and gravel), water, and additives. The plant ensures the precise mixing of these components to achieve the desired concrete quality and consistency.	03
Schwing Stetter Crawler Crane-55 Ton	The primary function of the Schwing Stetter Crawler Crane-55 Ton is to lift and move heavy materials and equipment. It is ideal for handling tasks such as hoisting construction materials, machinery, and large components on construction sites.	01
SOILMEC Desender	The Desender is used for improving soil conditions by performing ground treatment techniques such as soil mixing, deep soil mixing, or other methods that enhance the strength and stability of the soil.	02
Tata Generator	Tata Generators are designed to offer high fuel efficiency, which helps in reducing operational costs and minimizing the environmental impact.	01
Tata Hitachi Generator	Generators are designed to offer high fuel efficiency, which helps in reducing operational costs and minimizing the environmental impact.	01
Tata Low Bed Trailer	The Tata Low Bed Trailer is a specialized type of trailer designed for transporting heavy and oversized loads. It's used in the transportation of large equipment, machinery, and construction materials	02
Tata Tipper & Hyvya	Tipper trucks are primarily used for transporting loose materials like sand, gravel, and construction debris. The Tata Hyvya series is used for light to medium-duty transport applications, often including urban and semi-urban logistics.	01
Tata/P&H Crawler Crane	Tata/P&H crawler cranes are heavy-duty construction machines designed for lifting and moving large and heavy loads.	06

PRODUCTS PORTFOLIO

Details of Equipments owned by our company which we provide on rental basis are as under:-

Particulars	Functions and Features	Count of Item Name
AMW Chasis of Concrete Pump	AMW (Asian Motor Works) offers a range of commercial vehicles, including chassis that can be adapted for various applications such as concrete pumps. The chassis of a concrete pump truck is a critical component, providing the foundational structure on which the concrete pumping equipment is mounted.	01
Ashok Leyland Chasis of Concrete Pump	Provides a strong and stable base to support the concrete pump and its related components, ensuring the pump operates safely and efficiently. Further it distributes the weight of the concrete pump and the load of the concrete evenly to prevent overloading and ensure balanced performance.	15
Bauer BG 28	The Bauer BG 28 is a highly versatile and robust drilling rig used primarily for deep foundation work, such as drilling and anchoring in construction and civil engineering projects.	01
OMS Vibro Hammer	OMS Vibro Hammers are specialized equipment used for driving and extracting piles in construction and civil engineering projects. These machines are designed to handle various types of piles and ground conditions,	02

	making them essential for foundation work, particularly in challenging soil and rock environments.	
PTC Vibro Hammer	PTC Vibro Hammers are used to drive piles into the ground, including steel, concrete, and composite piles, to create deep foundations for structures.	02
Putzmeister Concrete Pump	Putzmeister concrete pumps are used to transport concrete from the mixer to the desired location on the construction site. This is crucial for ensuring timely and efficient pouring of concrete.	11
Putzmeister Concrete Pump (42 Mtr.)	The 42-meter boom allows for significant vertical and horizontal reach, making it ideal for high-rise construction, commercial buildings, and large-scale projects. Ensures precise and efficient placement of concrete, reducing labor and improving the quality of the pour.	01
Sany Crawler Crane-150A	Capable of lifting heavy loads, making it ideal for tasks such as lifting large structural components, machinery, and equipment.	03
Sany Rig SR 285	It is used for drilling deep boreholes required for large foundations, such as piles and shafts, in various construction projects including high-rise buildings, bridges, and infrastructure.	02
Sany Shotcrete Machine	Sany Shotcrete Machines are used for the application of shotcrete (or sprayed concrete) in various construction and repair projects. Shotcrete is used for reinforcing structures, stabilizing slopes, and creating various architectural finishes.	02
Schwing Stetter Concrete Pump	It is used for to transport concrete from the mixer to the desired location on the construction site, ensuring timely and efficient delivery.	05
Starke Impact Hammer	It is used to drive piles into the ground to create deep foundations for buildings, bridges, and other structures.	01
Tata Chasis of Concrete Pump	The Tata chassis provides the structural foundation for concrete pumps, allowing them to transport and place concrete efficiently at various construction sites. It Facilitates the delivery of concrete to high-rise buildings, large foundations, and other hard-to-reach areas.	01
Zoomlion Crane	It efficiently lifts and moves heavy materials and equipment, such as structural components, machinery, and large construction materials.	01

COLLABORATIONS, ANY PERFORMANCE GUARANTEE OR ASSISTANCE IN MARKETING BY THE COLLABORATORS

Our Company has not entered into any collaboration, or performance guarantee or assistance for marketing with any Company.

MARKETING & DISTRIBUTION

Marketing is an important function of our organization. Our success lies in the strength of our relationship with our customers and suppliers who have been associated with our Company for a long period. The efficiency of the marketing and network is critical success factor of our Company. In order to maintain good relation with our customers, our Promoter and our marketing team regularly interacts with them and focuses on gaining an insight into the additional needs of our customers. Our prime consideration for customer selection is timely payments and consistency in hiring. Further, we participate in all the major exhibitions related to construction and infrastructure industries to promote our business.

END USERS

In carrying on our business as described in the section titled “Our Business” on page 113, our Company is regulated by the following legislations in India. The following description is a summary of the relevant regulations and policies as prescribed by the Government of India and other regulatory bodies that are applicable to our business. The information detailed in this chapter has been obtained from the various legislations, including rules and regulations promulgated by the regulatory bodies and the bye laws of the local authorities that are available in the public domain. The regulations and policies set out below may not be exhaustive and are only intended to provide general information to the investors and are neither designed nor intended to be a substitute for professional legal advice. For details of Government Approvals obtained by the Company in compliance with these regulations, see “Government and Other Statutory Approvals” on page 226.

Our business is governed by various central and state legislations that regulate the substantive and procedural aspects of our Company’s businesses. Our Company is required to obtain and regularly renew certain licenses/ registrations and/or permissions required statutorily under the provisions of various Central and State Government regulations, rules, bye-laws, acts and policies.

Given below is a brief description of the certain relevant legislations that are currently applicable to the business carried on by our Company:

A. Industry Related Laws

Building and Other Construction Workers (Regulation of Employment and Conditions of Service) Act, 1996

The central government has enacted the Building and Other Construction Workers (Regulation of Employment and Conditions of Service) Act, 1996 (the “BOCWA”) as a comprehensive central legislation governing construction workers. The BOCWA aims at regulating the employment and conditions of service of construction workers and to provide for their safety, health and welfare measures and for other related matters. The responsibility of providing for immediate assistance in case of accidents, old age pension, loans for construction of houses, premium for group insurance, financial assistance for education, to meet medical expenses, maternity benefits etc. to beneficiaries vests with the building and other construction workers welfare board. The Central Government has notified the Building and other Construction Workers (Regulation of Service and Conditions of Service) Central Rules, 1998 which deals with the health and safety measures that must be taken in relation to construction workers.

National Building Code, 2016

The National Building Code of India (“NBC”) contains administrative regulations, development control rules and general building requirements for regulating the building construction activities across the country. It serves as a Model Code for adoption by all agencies involved in building construction activities by the Public Works Departments, other government construction departments, local bodies or private construction agencies. The NBC mainly contains administrative provisions, development control rules and general building requirements; fire and life safety requirements; stipulations regarding building materials, structural design and construction (including safety); building and plumbing services; approach to sustainability; and asset and facility management.

Indian Contract Act 1872

The Indian Contract Act 1872 is a comprehensive guide that governs contracts and agreements in India. The act was passed to provide a legal framework for contract law and has been amended several times over the years to keep up with changing economic conditions. The Indian Contract Act of 1872 is a comprehensive legal framework that controls all commercial relationships in India. The act lays down the rules and regulations that need to be followed while entering into a contract and also provides remedies for breach of contract.

Companies Act 2013

The Companies Act 2013 is the law covering incorporations, dissolution and the running of companies in India. The Act came into force across India on 12th September 2013 and has a few amendments to the previous act of 1956. It has also introduced new concepts like a One Person Company.

B. Laws Relating to Employment

The various labour and employment related legislation that may apply to our operations, from the perspective of protecting the workers’ rights and specifying registration, reporting and other compliances, and the requirements that may apply to us as an employer, would include, among others, the following: (i) Contract Labour (Regulation and Abolition) Act, 1970; (ii) Relevant state specific shops and commercial establishment legislations; (iii) Employees’ Provident Funds and

Miscellaneous Provisions Act, 1952; (iv) Employees' State Insurance Act, 1948; (v) Minimum Wages Act, 1948; (vi) Payment of Bonus Act, 1965; (vii) Payment of Gratuity Act, 1972; (viii) Payment of Wages Act, 1936; (ix) Maternity Benefit Act, 1961; (x) Apprenticeship Act, 1961; (xi) Equal Remuneration Act, 1976; (xii) Employees' Compensation Act, 1923; and (xiii) Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 In order to rationalize and reform labour laws in India, the Government has enacted the following codes, which will be brought into force on a date to be notified by the Central Government:

Code on Wages, 2019

The Code on Wages regulates and amalgamates wage and bonus payments and subsumes four existing laws namely –the Payment of Wages Act, 1936, the Minimum Wages Act, 1948, the Payment of Bonus Act, 1965 and the Equal Remuneration Act, 1976. It regulates, inter alia, the minimum wages payable to employees, the manner of payment and calculation of wages and the payment of bonus to employee. The Central Government has notified certain provisions of the Code on Wages, mainly in relation to the constitution of the central advisory board.

The Occupational Safety, Health and Working Conditions Code, 2020

The Occupational Safety, Health and Working Conditions Code consolidates and amends the laws regulating the occupational safety and health and working conditions of the persons employed in an establishment. It replaces 13 old central labour laws including the Factories Act, 1948, Contract Labour (Regulation and Abolition) Act, 1970, the Building and Other Construction Workers (Regulation of Employment and Conditions of Service) Act, 1996 and the Inter-State Migrant Workmen (Regulation of Employment and Conditions of Service) Act, 1979.

The Code on Social Security, 2020

This Code received the assent of President of India on September 28, 2020, though the implementation of the same is yet to be notified. The Code aims to provide better social security benefits such as provident fund, insurance, and gratuity to workers. It extends the reach of the Employees' State Insurance Corporation and the Employees' Provident Fund Organization (which regulate benefits such as provident fund, insurance, pension, etc.) to the workers in the unorganized sector and the platform and gig workers. The Code further stipulates gratuity benefit for fixed term employees without any condition for a minimum service period as envisaged under the current regime. The Code subsumes nine (9) labour laws relating to social security, namely, the Employees' Compensation Act, 1923, the Employees' State Insurance Act, 1948, the Employees' Provident Funds and Miscellaneous Provisions Act, 1952, the Employment Exchanges (Compulsory Notification of Vacancies) Act, 1959, the Maternity Benefit Act, 1961, the Payment of Gratuity Act, 1972, the Cine-Workers Welfare Fund Act, 1981, the Building and Other Construction Workers' Welfare Cess Act, 1996 and the Unorganized Workers Social Security Act, 2008.

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 ("SHWW Act")

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 provides for the protection of women at workplace and prevention of sexual harassment at workplace. The Act also provides for a redressal mechanism to manage complaints in this regard. Sexual harassment includes one or more of the following acts or behaviour namely, physical contact and advances or a demand or request for sexual favours or making sexually colored remarks, showing pornography or any other unwelcome physical, verbal, or non-verbal conduct of sexual nature. The Act makes it mandatory for every employer of a workplace to constitute an Internal Complaints Committee which shall always be presided upon by a woman. It also provides for the manner and time period within which a complaint shall be made to the Internal Complaints Committee i.e., a written complaint is to be made within a period of 3 (three) months from the date of the last incident. If the establishment has less than 10 (ten) employees, then the complaints from employees of such establishments as also complaints made against the employer himself shall be received by the Local Complaints Committee. The penalty for non-compliance with any provision of the SHWW Act shall be punishable with a fine extending to Rs. 50,000/- (Rupees Fifty Thousand Only).

C. Environmental Laws

The Environment (Protection) Act, 1986 (the "EPA")

The EPA has been enacted with the objective of protecting and improving the environment and for matters connected therewith. As per the EPA, the Central Government has been given the power to take all such measures for the purpose of protecting and improving the quality of the environment and to prevent environmental pollution. Further, the Central Government has been given the power to give directions in writing to any person or officer or any authority for any of the

purposes of the EPA, including the power to direct the closure, prohibition or regulation of any industry, operation or process.

The Environmental Impact Assessment Notification, 2006 (the “Notification”)

As per the Notification, any construction of new projects or activities or the expansion or modernisation of existing projects or activities as listed in the Schedule attached to the notification entailing capacity addition with change in process and or technology can be undertaken only after the prior environmental clearance from the Central government or as the case may be, by the State Level Environment Impact Assessment Authority, duly constituted by the Central government under the provisions of the Environment (Protection) Act, 1986, in accordance with the procedure specified in the notification. The environmental clearance process for new projects comprises of four stages viz. screening, scoping, public consultation and appraisal. However, in 2016, MoEF issued a notification for integrating standard and objectively monitorable environmental conditions with building permissions for buildings of different sizes with rigorous monitoring mechanism for implementation of environmental concerns and obligations in building projects. This is in line with the objective of the Central government to streamline the permissions for buildings and construction sector so that affordable housing can be provided to weaker sections in urban area under the scheme ‘Housing for All by 2022’ and is proposing to remove the requirement of seeking a separate environment clearance from the MoEF for individual buildings having a total build up area between 5,000 square metre and 150,000 square metre, apart from adhering to the relevant bye-laws of the concerned State authorities.

The Water (Prevention and Control of Pollution) Act, 1974 (the “Water Act”) and Air (Prevention and Control of Pollution) Act, 1981 (“Air Act”)

The Water Act prohibits the use of any stream or well for the disposal of polluting matter, in violation of the standards set out by the concerned PCB. The Water Act also provides that the consent of the concerned PCB must be obtained prior to opening of any new outlets or discharges, which are likely to discharge sewage or effluent. Air (Prevention and Control of Pollution) Act, 1981 (the “Air Act”) The Air Act requires that any industry or institution emitting smoke or gases must apply in a prescribed form and obtain consent from the state PCB prior to commencing any activity. The state PCB is required to grant, or refuse, consent within four months of receipt of the application. The consent may contain conditions relating to specifications of pollution control equipment to be installed.

Municipal Solid Wastes (Management and Handling) Rules, 2000 (“Waste Management Rules, 2000”) as superseded by Solid Waste Management Rules, 2016 (“Waste Management Rules, 2016”)

The Waste Management Rules, 2000 applied to every municipal authority responsible for collection, segregation, storage, transportation, processing and disposal of municipal solid wastes. Any municipal solid waste generated in a city or a town was required to be managed and handled in accordance with the compliance criteria and the procedure laid down in Schedule II of the Waste Management Rules, 2000. The Waste Management Rules, 2000 made the persons or establishments generating municipal solid wastes responsible for ensuring delivery of wastes in accordance with the collection and segregation system as notified by the municipal authority. The Waste Management Rules, 2000 have been superseded by the Waste Management Rules, 2016 which stipulate various duties of waste generators which, inter alia, include segregation and storage of waste generated by them in the manner prescribed in the Waste Management Rules, 2016; separate storage of construction and demolition waste and payment of user fee for solid waste management as specified in the bye-laws of the local bodies.

D. Intellectual Property Laws

The Trademarks Act, 1999 (“Trademarks Act”)

Under the Trademarks Act, a trademark is a mark capable of being represented graphically and which is capable of distinguishing the goods or services of one person from those of others used in relation to goods and services to indicate a connection in the course of trade between the goods and some person having the right as proprietor to use the mark. Section 18 of the Trademarks Act requires that any person claiming to be the proprietor of a trademark used or proposed to be used by him, must apply for registration in writing to the registrar of trademarks. The right to use the mark can be exercised either by the registered proprietor or a registered user. The present term of registration of a trademark is 10 (ten) years, which may be renewed for similar periods on payment of a prescribed renewals.

E. Foreign Investment Regulations

The foreign investment in India is governed, among others, by the Foreign Exchange Management Act, 1999, the Foreign Exchange Management (Non-debt Instruments) Rules, 2019 ("FEMA Rules") and the consolidated FDI policy (effective from October 15, 2020) issued by the Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India (earlier known as the Department of Industrial Policy and Promotion ("FDI Policy")), each as amended. Further, the Reserve Bank of India has enacted the Foreign Exchange Management (Mode of Payment and Reporting of Non-Debt Instruments) Regulations, 2019 on October 17, 2019 which regulates mode of payment and remittance of sale proceeds, among others. The FDI Policy and the FEMA Rules prescribe inter alia the method of calculation of total foreign investment (i.e. direct foreign investment and indirect foreign investment) in an Indian company.

Foreign Trade (Development and Regulation) Act, 1992 ("FTDRA"), the Foreign Trade (Regulation) Rules, 1993 ("FTRR") and the Foreign Trade Policy 2015-2020 ("Foreign Trade Policy")

The FTDRA provides for the development and regulation of foreign trade by facilitating imports into, and augmenting exports from, India. The FTDRA empowers the Central Government to formulate and amend the foreign trade policy. The FTDRA prohibits any person from making an import or export except under an Importer-exporter Code Number ("IEC") granted by the director general or any other authorised person in accordance with the specified procedure. The IEC may be suspended or cancelled if the person who has been granted such IEC contravenes, amongst others, any of the provisions of the FTDRA, or any rules or orders made thereunder, or the foreign policy or any other law pertaining to central excise or customs or foreign exchange. The FTDRA also prescribes the imposition of penalties on any person violating its provisions. The FTRR prescribes the procedure to make an application for grant of a license to import or export goods in accordance with the foreign trade policy, the conditions of such license, and the grounds for refusal of a license. The FTDRA empowers the Central Government to, from time to time, formulate and announce the foreign trade policy. The Foreign Trade Policy came into effect in 2017 and requires all importers and exporters to obtain an IEC. Further, pursuant to the policy, the Director General of Foreign Trade may impose prohibitions or restrictions on the import or export of certain goods, for reasons including the protection of public morals, protection of human, animal or plant life or health, and the conservation of national resources. The Foreign Trade Policy also prescribes restrictions on imports or exports in relation to specific countries, organisations, groups, individuals or products. The Foreign Trade Policy also provides for various schemes, including the export promotions capital goods scheme and duty exemption/remission schemes. India's current Foreign Trade Policy (2015-20) (as extended until September 30, 2022 and thereafter, extended till March 31, 2023) envisages helping exporters leverage benefits of GST, closely monitoring export performances, increasing ease of trading across borders, increasing realization from India's agriculture-based exports and promoting exports from MSMEs and labour-intensive sectors.

Foreign Exchange Management Act, 1999 ("the FEMA") and Rules and Regulations thereunder

Export of goods and services outside India is governed by the provisions of the Foreign Exchange Management Act, 1999, read with the applicable regulations. The Foreign Exchange Management (Export of goods and services) Regulations, 2000 have been superseded by the Foreign Exchange Management (Export of Goods and Services) Regulations, 2015 ("Export of Goods and Services Regulations 2015") issued by the RBI on January 12, 2016 (last amended on June 23, 2017). The RBI has also issued a Master Circular on Export of Goods and Services. The export is governed by these Regulations which make various provisions such as declaration of exports, procedure of exports as well as exemptions.

4.B Significant Accounting Policies

a. Basis of Accounting

The restated summary statement of assets and liabilities of the Company as at 31 December 2024, 31 March 2024, 31 March 2023 and 31 March 2022 and the related restated summary statement of profits and loss and cash flows for the year/ period ended 31 December 2024, 31 March 2024, 31 March 2023 and 31 March 2022 (herein collectively referred to as ("Restated Summary Statements") have been compiled by the management from the audited Financial Statements of the Company for the year/ period ended on 31 December 2024, 31 March 2024, 31 March 2023 and 31 March 2022 approved by the Board of Directors of the Company. Restated Summary Statements have been prepared to comply in all material respects with the provisions of Part I of Chapter III of the Companies Act, 2013 (the "Act") read with Companies (Prospectus and Allotment of Securities) Rules, 2014, Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 ("ICDR Regulations") issued by SEBI and Guidance note on Reports in Companies Prospectuses (Revised 2019) ("Guidance Note"). Restated Summary Statements have been prepared specifically for inclusion in the offer document to be filed by the Company with the NSE in connection with its proposed SME IPO. The Company's management has recast the Financial Statements in the form required by Schedule III of the Companies Act, 2013 for the purpose of restated Summary Statements.

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013 and the relevant provisions of the Companies Act, 2013 ("the 2013 Act"), as applicable. The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

Accounting policies not specifically referred to otherwise are consistent and in consonance with generally accepted accounting principles in India.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has determined its operating cycle as twelve months for the purpose of current – non-current classification of assets and liabilities.

b. Use Of Estimates

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

c. Revenue Recognition

Revenue from Job Work & EPC business:

For EPC projects, the Company recognises revenue from engineering, procurement and construction contracts ('EPC') over the period of time, as performance obligations are satisfied over time due to continuous transfer of control to the customer. EPC contracts are generally accounted for as a single performance obligation as it involves complex integration of goods and services. Due to the nature of the work required to be performed on many of the performance obligations, the estimation of total revenue and cost at completion is complex, subject to many variables and requires significant judgment.

For services other than those involving goods, revenue is recognized, when services have been performed as per terms of contract and using percentage completion method, provided amount can be measured and there is no significant uncertainty as to collection.

Revenue from Machine Hiring business:

Revenues from Machine hiring charges are recognized upon rendering of services. The Company recognises revenue from Machine hiring with the transaction over time because the customer simultaneously receives and consumes the benefits provided to them and when performance obligations are satisfied.

d. Property, Plant and Equipment (Fixed Assets)

(i) Property, Plant & Equipment

All Property, Plant & Equipment are recorded at cost including taxes, duties, freight and other incidental expenses incurred in relation to their acquisition and bringing the asset to its intended use.

e. Depreciation

Depreciation on fixed assets is calculated on a Written - Down value method using the rates arrived at based on the useful lives estimated by the management, or those prescribed under the Schedule II to the Companies Act, 2013. Individual assets cost of which doesn't exceed Rs. 5,000/- each are depreciated in full in the year of purchase.

f. Foreign Currency Transactions

Income and expense in foreign currencies are converted at exchange rates prevailing on the date of the transaction. Any income or expense on account of exchange difference either on settlement or on translation at the balance sheet date is recognized in Profit & Loss Account in the year in which it arises.

ANNEXURE - 4
CORPORATE INFORMATION AND SIGNIFICANT ACCOUNTING POLICIES

g. Employees Benefits

Defined Contribution Plan

Contributions payable to the recognised provident fund, which is a defined contribution scheme, are charged to the statement of profit and loss.

Defined Benefit Plan

The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The plan provides for lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days salary payable for each completed year of service without any monetary limit. Vesting occurs upon completion of five years of service. Provision for gratuity has been made in the books as per actuarial valuation done as at the end of the year.

h. Borrowing Costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. All other borrowing costs are recognised in Statement of Profit and Loss in the period in which they are incurred.

i. Taxes on Income

Income taxes are accounted for in accordance with Accounting Standard (AS-22) – “Accounting for taxes on income”, notified under Companies (Accounting Standards) Rules, 2021. Income tax comprises of both current and deferred tax.

Current tax is measured on the basis of estimated taxable income and tax credits computed in accordance with the provisions of the Income Tax Act, 1961.

The tax effect of the timing differences that result between taxable income and accounting income and are capable of reversal in one or more subsequent periods are recorded as a deferred tax asset or deferred tax liability. They are measured using substantially enacted tax rates and tax regulations as of the Balance Sheet date.

Deferred tax assets arising mainly on account of brought forward losses and unabsorbed depreciation under tax laws, are recognized, only if there is virtual certainty of its realization, supported by convincing evidence. Deferred tax assets on account of other timing differences are recognized only to the extent there is a reasonable certainty of its realization.

j. Impairment of Assets

An asset is treated as impaired when the carrying cost of asset exceeds its recoverable value. Recoverable amount is the higher of an asset's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of the asset and from its disposal at the end of its useful life. Net selling price is the amount obtainable from sale of the asset in an arm's length transaction between knowledgeable, willing parties, less the costs of disposal. An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognised in prior accounting periods is reversed if there has been a change in the estimate of the recoverable value.

k. Provision, Contingent Liabilities and Contingent Assets

Provision involving substantial degree of estimation in measurement is recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities are not recognized but are disclosed in the notes. Contingent assets are neither recognized nor disclosed in the financial statements.

l. Cash and Bank balance

Cash and cash equivalents comprises Cash-in-hand, Current Accounts, Fixed Deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value. Other Bank Balances are short-term balance (with original maturity is more than three months but less than twelve months).

m. Segment Reporting

The accounting policies adopted for segment reporting are in line with the accounting policies of the Company. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. Inter-segment revenue is accounted on the basis of transactions which are primarily determined based on market / fair value factors. Revenue and expenses have been identified to segments on the basis of their relationship to the operating activities of the segment.

Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on reasonable basis have been included under “unallocated revenue / expenses / assets / liabilities”.

n. Earning per share

Basic earning per share is computed by dividing the profit/ (loss) after tax (including the post tax effect of extraordinary items, if any) by the weighted average number of equity share outstanding during the year. Diluted earning per share is computed by dividing the profit/ (loss) after tax (including the post tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

* Notes

1. Revenue from Operations: This represents the income generated by the Company from its core operating operation. This gives information regarding the scale of operations. Other Income is the income generated by the Company from its non core operations.
2. EBITDA means Earnings before interest, taxes, depreciation and amortization expense, which has been arrived at by obtaining the profit before tax/ (loss) for the year / period and adding back interest cost, depreciation, and amortization expense.
3. EBITDA margin is calculated as EBITDA as a percentage of Total Income.
4. Profit for the year/period represents the restated profits of the Company after deducting all expenses.
5. PAT Margin (%) is calculated as Profit for the year/period as a percentage of Revenue from Operations.

6. Net Worth is computed as Equity Share Capital plus Other Equity.

7. Return on Equity is calculated as Profit after tax, as restated, attributable to the owners of the Company for the year/ period divided by average equity. Average equity is calculated as average of opening and closing balance of total equity (Shareholders' funds) for the year.

8. Return on capital employed calculated as Earnings before interest (excluding lease liabilities and other borrowing cost) and taxes divided by capital employed as at the end of respective period/year. (Capital employed calculated as the aggregate value of total equity, total debt and deferred tax liability)

9. Debt- equity ratio is calculated by dividing total debt by total equity. Total debt represents long-term and short-term borrowings. Total equity is the sum of share capital and reserves & surplus.

Restated Summary Statements have been prepared to comply in all material respects with the provisions of Part I of Chapter III of the Companies Act, 2013 (the "Act") read with Companies (Prospectus and Allotment of Securities) Rules, 2014, Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 ("ICDR Regulations") issued by SEBI and Guidance note on Reports in Companies Prospectuses (Revised 2019) ("Guidance Note"). Restated Summary Statements have been prepared specifically for inclusion in the offer document to be filed by the Company with the NSE in connection with its proposed SME IPO. The Company's management has recast the Financial Statements in the form required by Schedule III of the Companies Act, 2013 for the purpose of restated Summary Statements.

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards specified under Section 133 of the Companies Act, 2013 and the relevant provisions of the Companies Act, 2013 ("the 2013 Act"), as applicable. The financial statements have been prepared on accrual basis under the historical cost convention. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year.

Accounting policies not specifically referred to otherwise are consistent and in consonance with generally accepted accounting principles in India.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has determined its operating cycle as twelve months for the purpose of current – non-current classification of assets and liabilities."

b) Use of Estimates

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialise.

c) Revenue Recognition

Revenue from Job Work & EPC business:

For EPC projects, the Company recognises revenue from engineering, procurement and construction contracts ('EPC') over the period of time, as performance obligations are satisfied over time due to continuous transfer of control to the customer. EPC contracts are generally accounted for as a single performance obligation as it involves complex integration of goods and services. Due to the nature of the work required to be performed on many of the performance obligations, the estimation of total revenue and cost at completion is complex, subject to many variables and requires significant judgment.

For services other than those involving goods, revenue is recognized, when services have been performed as per terms of contract and using percentage completion method, provided amount can be measured and there is no significant uncertainty as to collection.

Revenue from Machine Hiring business:

Revenues from Machine hiring charges are recognized upon rendering of services. The Company recognises revenue from Machine hiring with the transaction over time because the customer simultaneously receives and consumes the benefits provided to them and when performance obligations are satisfied.

d) PROPERTY, PLANT & EQUIPMENT AND INTANGIBLE ASSETS

(i) Property, Plant & Equipment

All Property, Plant & Equipment are recorded at cost including taxes, duties, freight and other incidental expenses incurred in relation to their acquisition and bringing the asset to its intended use.

e) DEPRECIATION / AMORTISATION

Depreciation on fixed assets is calculated on a Written - Down value method using the rates arrived at based on the useful lives estimated by the management, or those prescribed under the Schedule II to the Companies Act, 2013. Individual assets cost of which doesn't exceed ₹ 5,000/- each are depreciated in full in the year of purchase.

f) FOREIGN CURRENCY TRANSLATIONS

Income and expense in foreign currencies are converted at exchange rates prevailing on the date of the transaction. Any income or expense on account of exchange difference either on settlement or on translation at the balance sheet date is recognized in Profit & Loss Account in the year in which it arises.

g) EMPLOYEE BENEFITS

Defined Contribution Plan

Contributions payable to the recognised provident fund, which is a defined contribution scheme, are charged to the statement of profit and loss.

Defined Benefit Plan

The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees. The plan provides for lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days salary payable for each completed year of service without any monetary limit. Vesting occurs upon completion of five years of service. Provision for gratuity has been made in the books as per

actuarial valuation done as at the end of the year.

h) BORROWING COSTS

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. All other borrowing costs are recognised in Statement of Profit and Loss in the period in which they are incurred.

i) TAXES ON INCOME

Income taxes are accounted for in accordance with Accounting Standard (AS-22) – “Accounting for taxes on income”, notified under Companies (Accounting Standards) Rules, 2021. Income tax comprises of both current and deferred tax.

Current tax is measured on the basis of estimated taxable income and tax credits computed in accordance with the provisions of the Income Tax Act, 1961.

The tax effect of the timing differences that result between taxable income and accounting income and are capable of reversal in one or more subsequent periods are recorded as a deferred tax asset or deferred tax liability. They are measured using substantially enacted tax rates and tax regulations as of the Balance Sheet date.

Deferred tax assets arising mainly on account of brought forward losses and unabsorbed depreciation under tax laws, are recognized, only if there is virtual certainty of its realization, supported by convincing evidence. Deferred tax assets on account of other timing differences are recognized only to the extent there is a reasonable certainty of its realization.

j) IMPAIRMENT OF ASSETS

An asset is treated as impaired when the carrying cost of asset exceeds its recoverable value. Recoverable amount is the higher of an asset's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of the asset and from its disposal at the end of its useful life. Net selling price is the amount obtainable from sale of the asset in an arm's length transaction between knowledgeable, willing parties, less the costs of disposal. An impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognised in prior accounting periods is reversed if there has been a change in the estimate of the recoverable value.

k) PROVISION, CONTINGENT LIABILITIES AND CONTINGENT ASSETS

Provision involving substantial degree of estimation in measurement is recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities are not recognized but are disclosed in the notes. Contingent assets are neither recognized nor disclosed in the financial statements.

l) CASH AND BANK BALANCES

Cash and cash equivalents comprises Cash-in-hand, Current Accounts, Fixed Deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value. Other Bank Balances are short-term balance (with original maturity is more than three months but less than twelve months).

m) SEGMENT REPORTING

The accounting policies adopted for segment reporting are in line with the accounting policies of the Company. Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. Inter-segment revenue is accounted on the basis of transactions which are primarily determined based on market / fair value factot Revenue and expenses have been identified to segments on the basis of their relationship to the operating activities of the segment.

Revenue, expenses, assets and liabilities which relate to the Company as a whole and are not allocable to segments on reasonable basis have been included under “unallocated revenue / expenses / assets / liabilities”.

n) EARNINGS PER SHARE

Basic earning per share is computed by dividing the profit/ (loss) after tax (including the post tax effect of extraordinary items, if any) by the weighted average number of equity share outstanding during the year. Diluted earning per share is computed by dividing the profit/ (loss) after tax (including the post tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares.

SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019, has introduced an alternate payment mechanism using Unified Payments Interface (“UPI”) and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for RIBs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days. (“UPI Phase I”). The UPI Phase I was effective till June 30, 2019. With effect from July 1, 2019, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, read with circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 with respect to Bids by RIBs through Designated Intermediaries (other than SCSBs), the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Bids with existing timeline of T+6 days was mandated for a period of three months or launch of five main board public issues, whichever is later (“UPI Phase II”). Subsequently, however, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 extended the timeline for implementation of UPI Phase II till further notice. The final reduced timeline will be made effective using the UPI Mechanism for applications by UPI Bidders (“UPI Phase III”), and modalities of the implementation of UPI Phase III has been notified by SEBI vide its circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 and made effective on a voluntary basis for all issues opening on or after September 1, 2023 and on a mandatory basis for all issues opening on or after December 1, 2023. The Issue will be undertaken pursuant to the processes and procedures under UPI Phase II, subject to any circulars, clarification or notification issued by the SEBI from time to time. Further, SEBI, vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 and circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 and SEBI circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. Furthermore, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, all individual bidders in initial public offerings (opening on or after May 1, 2022) whose application sizes are up to ₹500,000 shall use the UPI Mechanism. This circular has come into force for initial public offers opening on or after May 1, 2022 and the provisions of this circular are deemed to form part of this Prospectus.

Our Company, the Promoter and the BRLM do not accept any responsibility for the completeness and accuracy of the information stated in this section and General Information Document and are not liable for any amendment, modification or change in the applicable law which may occur after the date of this Prospectus. Bidders are advised to make their independent investigations and ensure that their Bids are submitted in accordance with applicable laws and do not exceed the investment limits or maximum number of the Equity Shares that can be held by them under applicable law or as specified in the Prospectus.

Phased implementation of Unified Payments Interface

SEBI has issued UPI Circulars in relation to streamlining the process of public offer of equity shares and convertibles. Pursuant to the UPI Circulars, UPI has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under ASBA) for applications by RIIs through intermediaries with the objective to reduce the time duration from public offer closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI Mechanism, the UPI Circulars proposes to introduce and implement the UPI Mechanism in three phases in the following manner:

- a) Phase I: This phase was applicable from January 01, 2019 and lasted till June 30, 2019. Under this phase, a Retail Individual Bidder, besides the modes of Bidding available prior to the UPI Circulars, also had the option to submit the Bid cum Application Form with any of the intermediary and use his / her UPI ID for the purpose of blocking of funds. The time duration from public offer closure to listing continued to be six Working Days.
- b) Phase II: This phase has become applicable from July 1, 2019. SEBI through its Circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 08, 2019 (SEBI Master Circular no. SEBI/HO/MIRSD/POD-1/P/CIR/2023/70 dated May 17, 2023 ((to the extent applicable))) decided to extend the timeline for implementation of UPI Phase II until March 31, 2020. Further, SEBI through its Circular no. SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 (as superseded by SEBI Master Circular no. SEBI/HO/MIRSD/POD-1/P/CIR/2023/70 dated May 17, 2023 (to the extent applicable)) decided to continue Phase II of UPI with ASBA until further notice. Under this phase, submission of the physical ASBA Form by an RII through Designated Intermediaries (other than SCSBs) to SCSBs for blocking of funds has been discontinued and is replaced by the UPI payment mechanism. However, the time duration from public offer closure to listing continues to be 6 Working Days during this phase.
- c) Phase III: Pursuant to SEBI circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023, Phase III has been notified, and accordingly the revised timeline of T+3 days (i.e., the time duration from public offer closure to listing of be 3 Working Days) has been made applicable in two phases i.e., (i) voluntary for all public offers opening on or after September 1, 2023; and (ii) mandatory on or after December 1, 2023 (T+3 Circular). The Offer shall be undertaken pursuant to the processes and procedures as notified in the T+3 Circular as applicable, subject to any circulars, clarification or notification issued by SEBI from time to time, including any circular, clarification or notification which may be issued by SEBI.

Pursuant to the UPI Circular, SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the UPI Circular include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked not later than one day from the date on which the Basis of Allotment is finalized. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant

securities law. Additionally, if there is any delay in the redressal of investors complaints in this regard, the relevant SCSB as well as the post – Offer BRLM will be required to compensate the concerned investor.

All SCSBs offering the facility of making applications in public offers shall also provide the facility to make application using UPI. The Company will be required to appoint one of the SCSBs as a Sponsor Bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and/ or payment instructions of the Retail Individual Bidders using the UPI.

The processing fees for applications made by UPI Bidders using the UPI Mechanism may be released to the SCSBs only after such banks provide a written confirmation on compliance with SEBI Circular no. SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022 and SEBI Master Circular no. SEBI/HO/MIRSD/POD 1/P/CIR/2023/70 dated May 17, 2023 (to the extent applicable).

Investor to accept mandate request for blocking of funds, on his/her mobile application, associated with UPI ID linked bank account.

Stock exchange validated the electronic bid details with depository's records for DP ID/Client ID and PAN, on a real-time basis and bring the inconsistencies to the notice of intermediaries concerned, for rectification and re- submission within the time specified by stock exchange.

Stock exchange allowed modification of selected fields viz. DP ID/Client ID or Pan ID (Either DP ID/Client ID or Pan ID can be modified but not BOTH), Bank code and Location code, in the bid details already uploaded.

Upon completion and submission of the Bid Cum Application Form to Application Collecting intermediaries, the Bidders were deemed to have authorized our Company to make the necessary changes in the Prospectus, without prior or subsequent notice of such changes to the Bidders.

For RIBs using UPI Mechanism, the Stock Exchange shared the Bid details (including UPI ID) with the Sponsor Bank on a continuous basis to enable the Sponsor Bank to initiate UPI Mandate Request to RIBs for blocking of funds. The Sponsor Bank initiated request for blocking of funds through NPCI to RIBs, who shall accept the UPI Mandate Request for blocking of funds on their respective mobile applications associated with UPI ID linked bank account. For all pending UPI Mandate Requests, the Sponsor Bank initiate requests for blocking of funds in the ASBA Accounts of relevant Bidders with a confirmation cut-off time of 12:00 pm on the first Working Day after the Bid/ Offer Closing Date ("Cut- Off Time"). Accordingly, RIBs should accept UPI Mandate Requests for blocking off funds prior to the Cut- Off Time and all pending UPI Mandate Requests at the Cut-Off Time shall lapse. The NPCI shall maintain an audit trail for every bid entered in the Stock Exchange bidding platform, and the liability to compensate RIBs (using the UPI Mechanism) in case of failed transactions shall be with the concerned entity (i.e. the Sponsor Bank, NPCI or the bankers to an offer) at whose end the lifecycle of the transaction has come to a halt. The NPCI shared the audit trail of all disputed transactions/ investor complaints to the Sponsor Banks and the bankers to an offer. The BRLM shall also be required to obtain the audit trail from the Sponsor Banks and the Bankers to the Offer for analysing the same and fixing liability.

As per the existing regulations, OCBs are not eligible to participate in this Offer. The RBI has however clarified in its circular, A.P. (DIR Series) Circular No. 44, dated December 8, 2003 that OCBs which are incorporated and are not under the adverse notice of the RBI are permitted to undertake fresh investments as 138 incorporated non- resident entities in terms of Regulation 5(1) of RBI Notification No.20/2000-RB dated May 3,2000 under FDI Scheme with the prior approval of Government if the investment is through Government Route and with the prior approval of RBI if the investment is through Automatic Route on case by case basis. OCBs may invest in this Offer provided it obtains a prior approval from the RBI. On submission of such approval along with the Bid Cum Application Form, the OCB shall be eligible to be considered for share allocation.

MAXIMUM AND MINIMUM APPLICATION SIZE

1. For Retail Individual Bidders

The Application was required to be for a minimum of 1,600 Equity Shares and in multiples of 1,600 Equity Shares thereafter, so as to ensure that the Application Price payable by the Bidder does not exceed ₹ 2,00,000. In case of revision of Applications, the Retail Individual Bidders have to ensure that the Application Price does not exceed ₹ 2,00,000.

2. For Other than Retail Individual Bidders (Non-Institutional Applicants and QIBs):

The Application was required to be for a minimum of such number of Equity Shares that the Application Amount exceeds ₹ 2,00,000 and in multiples of 1,600 Equity Shares thereafter. An Application cannot be submitted for more than the Net Offer Size. However, the maximum Application by a QIB investor should not exceed the investment limits prescribed for them by applicable laws. Under existing SEBI Regulations, a QIB Bidder cannot withdraw its Application after the Offer Closing Date and is required to pay 100% QIB Margin upon submission of Application.

In case of revision in Applications, the Non-Institutional Bidders, who are individuals, had to ensure that the Application Amount is greater than ₹ 2,00,000 for being considered for allocation in the Non-Institutional Portion.

Bidders were advised to ensure that any single Application from them did not exceed the investment limits or maximum number of Equity Shares that could be held by them under applicable law or regulation or as specified in this Prospectus.

The above information was given for the benefit of the Bidders. The Company and the BRLM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Prospectus. Bidders are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

METHOD OF BIDDING PROCESS

Our Company and the Promoter Selling Shareholder, in consultation with the BRLM had decided the Price Band and the minimum Bid lot size for the Offer and the same was advertised in all editions Financial Express, an English national daily newspaper, all editions of Jansatta, a Hindi national daily newspaper each with wide circulation at least two Working Days prior to the Bid / Offer Opening Date. The BRLM and the SCSBs accepted Bids from the Bidders during the Bid / Offer Period.

- a) The Bid / Offer Period open for a minimum of three Working Days and did not exceed 10 Working Days.
- b) Each Bid cum Application Form gave the Bidder the choice to Bid for up to three optional prices (for details refer to the paragraph titled “Bids at Different Price Levels and Revision of Bids” below) within the Price Band and specify the demand (i.e., the number of Equity Shares Bid for) in each option. The price and demand options submitted by the Bidder in the Bid cum Application Form was treated as optional demands from the Bidder and will not be cumulated. After determination of the Offer Price, the maximum number of Equity Shares Bid for by a Bidder/Applicant at or above the Offer Price was considered for allocation/Allotment and the rest of the Bid(s), irrespective of the Bid Amount, will become automatically invalid.
- c) The Bidder / Applicant could not Bid through another Bid cum Application Form after Bids through one Bid cum Application Form had been submitted to a BRLM or the SCSBs. Submission of a second Bid cum Application Form to either the same or to another BRLM or SCSB were treated as multiple Bid and were liable to be rejected either before entering the Bid into the electronic bidding system, or at any point of time prior to the allocation or Allotment of Equity Shares in this Offer. However, the Bidder could revise the Bid through the Revision Form, the procedure for which is detailed under the paragraph “Buildup of the Book and Revision of Bids”.
- d) The BRLM/the SCSBs entered each Bid option into the electronic bidding system as a separate Bid and generate a Transaction Registration Slip, (“TRS”), for each price and demand option and give the same to the Bidder. Therefore, a Bidder could receive up to three TRSs for each Bid cum Application Form.
- e) Upon receipt of the Bid cum Application Form, submitted whether in physical or electronic mode, the Designated Branch of the SCSB verified if sufficient funds equal to the Bid Amount were available in the ASBA Account, as mentioned in the Bid cum Application Form, prior to uploading such Bids with the Stock Exchange.
- f) If sufficient funds were not available in the ASBA Account, the Designated Branch of the SCSB rejected such Bids and shall not upload such Bids with the Stock Exchange.
- g) If sufficient funds were available in the ASBA Account, the SCSB blocked an amount equivalent to the Bid Amount mentioned in the Bid cum Application Form and entered each Bid option into the electronic bidding system as a separate Bid and generate a TRS for each price and demand option. The TRS was furnished to the ASBA Bidder on request.
- h) The Bid Amount remained blocked in the aforesaid ASBA Account until finalization of the Basis of Allotment and consequent transfer of the Bid Amount against the Allotted Equity Shares to the Public Offer Account, or until withdrawal/failure of the Offer or until withdrawal/rejection of the Bid cum Application Form, as the case may be. Once the Basis of Allotment is finalized, the Registrar to the Offer shall send an appropriate request to the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount allocable to the successful Bidders to the Public Offer Account. In case of withdrawal/failure of the Offer, the blocked amount was unblocked on receipt of such information from the Registrar to the Offer.

BIDS AT DIFFERENT PRICE LEVELS AND REVISION OF BIDS

- a. Our Company and the Selling Shareholders in consultation with the BRLM, finalized the Offer Price within the Price Band, without the prior approval of, or intimation, to the Bidders.
- b. The Bidders could Bid at any price within the Price Band. The Bidder had to Bid for the desired number of Equity Shares at a specific price. Retail Individual Bidders could Bid at the Cut-off Price. However bidding at the Cut-off Price was prohibited for QIB and Non-Institutional Bidders and such Bids from QIB and Non-Institutional Bidders were rejected.
- c. Retail Individual Bidders, who Bid at Cut-off Price agreed that they would purchase the Equity Shares at any price within the Price Band. Retail Individual Bidders submitted the Bid cum Application Form along with a cheque/demand draft for the Bid Amount based on the Cap Price with the Syndicate. In case of ASBA Bidders (excluding Non-Institutional Bidders and QIB Bidders) bidding at Cut-off Price, the ASBA Bidders were instructed to instruct the SCSBs to block an amount based on the Cap Price.

Participation by Associates /Affiliates of BRLM and the Syndicate Members

The BRLM and the Syndicate Members, if any, shall not be allowed to purchase in this Offer in any manner, except towards fulfilling their underwriting obligations. However, the associates and affiliates of the BRLM and the Syndicate Members, if any, may subscribe the Equity Shares in the Offer, either in the QIB Category or in the Non- Institutional Category as may be applicable to such Bidders, where the allocation is on a proportionate basis and such subscription may be on their own account or on behalf of their clients.

Option to Subscribe in the Offer

- a. As per Section 29(1) of the Companies Act 2013, allotment of Equity Shares shall be made in dematerialized form only. Investors will not have the option of getting allotment of specified securities in physical form.
- b. The Equity Shares, on allotment, shall be traded on the Stock Exchange in demat segment only.

- c. A single application from any investor shall not exceed the investment limit/minimum number of Equity Shares that can be held by him/her/it under the relevant regulations/statutory guidelines and applicable law.

Bids by Hindu Undivided Families or HUFs were required to be made in the individual name of the Karta. The Bidder was required to specify that the Bid is being made in the name of the HUF in the Bid cum Application Form/Application Form as follows: "Name of sole or first Bidder: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the Karta". Bids/Applications by HUFs will be considered at par with Bids/Applications from individuals.

BIDS BY MUTUAL FUNDS

With respect to Bids by Mutual Funds, a certified copy of their SEBI registration certificate were required to be lodged along with the Bid cum Application Form. Failing this, our Company and the Selling Shareholders, in consultation with the BRLM, reserve the right to reject any Bid without assigning any reason thereof.

Bids made by asset management companies or custodians of Mutual Funds shall specifically state names of the concerned schemes for which such Bids were made.

In case of a Mutual Fund, a separate Bid could be made in respect of each scheme of the Mutual Fund registered with SEBI and such Bids in respect of more than one scheme of the Mutual Fund were not be treated as multiple Bids provided that the Bids clearly indicate the scheme concerned for which the Bid has been made.

No Mutual Fund scheme were required to invest more than 10.00% of its net asset value in equity shares or equity related

instruments of any single company provided that the limit of 10.00% shall not be applicable for investments in case of index funds or sector or industry specific schemes. No Mutual Fund under all its schemes should own more than 10.00% of any company's paid-up share capital carrying voting rights.

BIDS BY ELIGIBLE NRIS

Eligible NRIs could obtain copies of Bid cum Application Form from the Designated Intermediaries. Only Bids accompanied by payment in Indian Rupees or freely convertible foreign exchange will be considered for Allotment. Eligible NRI Bidders bidding on a repatriation basis by using the Non-Resident Forms were required to authorize their SCSB (if they are Bidding directly through the SCSB) or confirm or accept the UPI Mandate Request (in case of Bidding through the UPI Mechanism) to block their Non-Resident External ("NRE") accounts, or Foreign Currency Non-Resident ("FCNR") Accounts, and eligible NRI Bidders bidding on a non- repatriation basis by using Resident Forms should authorize their SCSB (if they are Bidding directly through SCSB) or confirm or accept the UPI Mandate Request (in case of Bidding through the UPI Mechanism) to block their Non-Resident Ordinary ("NRO") accounts for the full Bid Amount, at the time of the submission of the Bid cum Application Form. Participation of Eligible NRIs in the Offer shall be subject to the FEMA Rules.

In accordance with the Consolidated FDI Policy, the total holding by any individual NRI, on a repatriation or non- repatriation basis, did not exceed 5.00% of the total paid-up equity capital on a fully diluted basis or did not exceed 5.00% of the paid-up value of each series of debentures or preference shares or share warrants offered by an Indian company and the total holdings of all NRIs and OCIs put together, on a repatriation or non- repatriation basis, did not exceed 10% of the total paid-up equity capital on a fully diluted basis or did not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrant. Provided that the aggregate ceiling of 10.00% may be raised to 24.00% if a special resolution to that effect is passed by the general body of the Indian company.

NRIs were permitted to apply in the Offer through Channel I or Channel II (as specified in the UPI Circular). Further, subject to applicable law, NRIs may use Channel IV (as specified in the UPI Circular) to apply in the Offer, provided the UPI facility was enabled for their NRE/ NRO accounts.

NRIs applying in the Offer using UPI Mechanism were advised to enquire with the relevant bank whether their bank account is UPI linked prior to making such application. For details of investment by NRIs, see "*Restrictions on Foreign Ownership of Indian Securities*" beginning on page 276. Participation of eligible NRIs were subject to FEMA NDI Rules.

BIDS BY FPIs

In terms of the SEBI FPI Regulations, the offer of Equity Shares to a single FPI or an investor group (which means the same multiple entities having common ownership directly or indirectly of more than 50% or common control) were required to below 10% of our post-Offer Equity Share capital. Further, in terms of the FEMA NDI Rules, with effect from April 1, 2020, the aggregate FPI investment limit is the sectoral cap applicable to an Indian company as prescribed in the FEMA NDI Rules with respect to its paid-up equity capital on a fully diluted basis. Currently, the sectoral cap for retail trading of food products manufactured and/ or produced in India is 100% under automatic route.

FPIs were permitted to participate in the Offer subject to compliance with conditions and restrictions which may be specified by the Government from time to time. In case of Bids made by FPIs, a certified copy of the certificate of registration offered under the SEBI FPI Regulations was required to be attached to the Bid cum Application Form, failing which our Company reserved the right to reject any Bid without assigning any reason. FPIs who wish to participate in the Offer were advised to use the Bid cum Application Form for Non-Residents.

In terms of the FEMA, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs shall be included.

The FEMA NDI Rules were enacted on October 17, 2019 in supersession of the Foreign Exchange Management (Transfer or Offer of Security by a Person Resident Outside India) Regulations, 2017, except as respects things done or omitted to be done before such supersession. **FPIs were permitted to participate in the Offer subject to compliance with conditions and restrictions which may be specified by the Government from time to time.**

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, may offer, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only by persons registered as Category I FPIs; (ii) such offshore derivative instruments are issued only to persons eligible for registration as Category I FPIs; (iii) such offshore derivative instruments are issued after compliance with 'know your client' norms; and (iv) such other conditions as may be specified by SEBI from time to time.

An FPI issuing off-shore derivative instruments is also required to ensure that any transfer of off-shore derivative instruments issued by, or on behalf of it subject to, inter alia, the following conditions:

- (i). such offshore derivative instruments are transferred to person subject to fulfilment of SEBI FPI Regulations; and
- (ii). prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred are pre-approved by the FPI.

Bids by FPIs which utilise the multi-investment manager structure in accordance with the Operational Guidelines for Foreign

Portfolio Investors and Designated Depository Participants issued to facilitate implementation of the SEBI FPI Regulations (“Operational FPI Guidelines”), submitted with the same PAN but with different beneficiary account numbers, Client IDs and DP IDs shall not be treated as multiple Bids (“MIM Bids”). It was clarified that FPIs bearing the same PAN would be treated as multiple Bids by a Bidder and would be rejected, except for Bids from FPIs that utilise the multi- investment manager structure in accordance with the Operational FPI Guidelines (such structure referred to as “MIM Structure”). In order to ensure valid Bids, FPIs making MIM Bids using the same PAN and with different beneficiary account numbers, Client IDs and DP IDs, were required to submit a confirmation that their Bids are under the MIM Structure and indicate the name of their investment managers in such confirmation which shall be submitted along with each of their Bid cum Application Forms. In the absence of such confirmation from the relevant FPIs, such MIM Bids were rejected.

BIDS BY SEBI-REGISTERED AIFS, VCFS AND FVCIS

The SEBI FVCI Regulations, SEBI VCF Regulations and the SEBI AIF Regulations prescribe, inter alia, the investment restrictions on the FVCIs, VCFs and AIFs registered with SEBI respectively. FVCIs could invest only up to 33.33% of the investible funds by way of subscription to an initial public offering. Category I AIF and Category II AIF could not invest more than 25% of the investible funds in one investee company directly or through investment in the units of other AIFs. A Category III AIF could not invest more than 10% of the investible funds in one investee company directly or through investment in the units of other AIFs. AIFs which were authorized under the fund documents to invest in units of AIFs are prohibited from offering their units for subscription to other AIFs. A VCF registered as a Category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its investible funds by way of subscription to an initial public offering of a venture capital undertaking. Additionally, a VCF that has not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the SEBI VCF Regulations (and accordingly shall not be allowed to participate in the Offer) until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations.

There was no reservation for Eligible NRIs, FPIs and FVCIs and all Bidders will be treated on the same basis with other categories for the purpose of allocation.

Further, the shareholding of VCFs, category I AIFs or category II AIFs and FVCIs holding Equity Shares prior to Offer, shall be locked-in for a period of at least one year from the date of purchase of such Equity Shares.

All non-resident investors should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

The Company or the BRLM will not be responsible for loss, if any, incurred by the Bidder on account of conversion of foreign currency.

BIDS BY LIMITED LIABILITY PARTNERSHIPS

In case of Bids made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, were required to be attached to the Bid cum Application Form. Failing this, our Company and the Selling Shareholders, in consultation with the BRLM, reserve the right to reject any Bid without assigning any reason thereof.

BIDS BY BANKING COMPANIES

In case of Bids made by banking companies registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, and (ii) the approval of such banking company’s investment committee were required to be attached to the Bid cum Application Form. Failing this, our Company and the Selling Shareholders, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof. The investment limit for banking companies in non-financial services companies as per the Banking Regulation Act, the Reserve Bank of India (Financial Services provided by Banks) Directions, 2016, as amended and Master Circular on Basel III Capital Regulations dated July 1, 2014, as amended, is 10.00% of the paid up share capital of the investee company, not being its subsidiary engaged in non-financial services, or 10.00% of the bank’s own paid-up share capital and reserves, whichever is lower.

However, a banking company would be permitted to invest in excess of 10% but not exceeding 30% of the paid up share capital of such investee company, subject to prior approval of the RBI if (i) the investee company is engaged in non- financial activities permitted for banking companies in terms of Section 6(1) of the Banking Regulation Act; or (ii) the additional acquisition is through restructuring of debt, or to protect the banking company’s interest on loans/investments made to a company. The bank is required to submit a time bound action plan to the RBI for the disposal of such shares within a specified period. The aggregate investment by a banking company along with its subsidiaries, associates or joint ventures or entities directly or indirectly controlled by the bank; and mutual funds managed by asset management companies controlled by the bank, more than 20% of the investee company’s paid up share capital engaged in non-financial services. However, this cap doesn’t apply to the cases mentioned in (i) and (ii) above. The aggregate equity investments made by a banking company in all subsidiaries and other entities engaged in financial services and non-financial services, including overseas investments shall not exceed 20% of the bank’s paid-up share capital and reserves.

In terms of the Master Circular on Basel III Capital Regulations dated July 1, 2014, as amended (i) a bank’s investment in the capital instruments issued by banking, financial and insurance entities should not exceed 10% of its capital funds; (ii) banks should not acquire any fresh stake in a bank's equity shares, if by such acquisition, the investing bank's holding exceeds 5% of the investee bank's equity capital; (iii) equity investment by a bank in a subsidiary company, financial services company, financial institution,

stock and other exchanges should not exceed 10% of the bank's paid-up share capital and reserves; (iv) equity investment by a bank in companies engaged in non-financial services activities would be subject to a limit of 10% of the investee company's paid-up share capital or 10% of the bank's paid-up share capital and reserves, whichever is less; and (v) a banking company is restricted from holding shares in any company, whether as pledgee, mortgagee or absolute owner, of an amount exceeding 30% of the paid-up share capital of that company or 30% of its own paid-up share capital and reserves, whichever is less. For details in relation to the investment limits under Master Direction – Ownership in Private Sector Banks, Directions, 2016, see “Key Regulations and Policies” beginning on page 159.

BIDS BY SCSBS

SCSBSs participating in the Offer were required to comply with the terms of the circulars issued by the SEBI dated September 13, 2012 and January 2, 2013. Such SCSBSs were required to ensure that for making applications on their own account using ASBA, they should have a separate account in their own name with any other SEBI registered SCSBSs. Further, such account shall be used solely for the purpose of making application in public offers and clear demarcated funds should be available in such account for such applications.

BIDS BY SYSTEMICALLY IMPORTANT NBFCs

In case of Bids made by Systemically Important NBFCs registered with RBI, certified copies of: (i) the certificate of registration issued by RBI, (ii) the last audited financial statements on a standalone basis, (iii) a net worth certificate from its statutory auditors, and (iv) such other approval as may be required by the Systemically Important NBFCs were required to be attached to the Bid cum Application Form. Failing this, our Company and the Selling Shareholders, in consultation with the BRLM, reserves the right to reject any Bid without assigning any reason thereof.

Systemically Important NBFCs participating in the Offer shall comply with all applicable regulations, directions, guidelines and circulars issued by the RBI from time to time.

The investment limit for Systemically Important NBFCs shall be as prescribed by RBI from time to time.

BIDS BY INSURANCE COMPANIES

In case of Bids made by insurance companies registered with the IRDAI, a certified copy of certificate of registration issued by IRDAI were required to be attached to the Bid cum Application Form. Failing this, our Company and the Selling Shareholders, in consultation with the BRLM, reserved the right to reject any Bid without assigning any reason thereof.

The exposure norms for insurers are prescribed under the IRDAI Investment Regulations, based on investments in equity shares of the investee company, the entire group of the investee company and the industry sector in which the investee company operates. Insurance companies participating in the Offer are advised to refer to the IRDAI Investment Regulations 2016, as amended, which are broadly set forth below:

- a) equity shares of a company: the lower of 10%* of the outstanding equity shares (face value) or 10% of the respective fund in case of life insurer or 10% of investment assets in case of general insurer or reinsurer;
- b) the entire group of the investee company: not more than 15% of the respective fund in case of a life insurer or 15% of investment assets in case of a general insurer or reinsurer or 15% of the investment assets in all companies belonging to the group, whichever is lower; and
- c) the industry sector in which the investee company operates: not more than 15% of the fund of a life insurer or a general insurer or a reinsurer or 15% of the investment asset, whichever is lower.

- b) The Registrar to the Offer gave instruction to the SCSB for unblocking the ASBA Account on the Designated Date. QIBs and NIIs could neither withdraw nor lower the size of their Bids at any stage.

Price Discovery and Allocation

- a) Based on the demand generated at various price levels, our Company and the Promoter Selling Shareholder in consultation with the BRLM, finalized the Offer Price.
- b) The SEBI ICDR Regulations, 2018 specify the allocation or Allotment that may be made to various categories of Bidders in an Offer depending on compliance with the eligibility conditions. Certain details pertaining to the percentage of Offer size available for allocation to each category is disclosed overleaf of the Bid cum Application Form and in the Prospectus. For details in relation to allocation, the Bidder may refer to the Prospectus.
- c) Under-subscription in any category (except QIB Category) is allowed to be met with spillover from any other category or combination of categories at the discretion of the Offeror and the Promoter Selling Shareholder in consultation with the BRLM and the Designated Stock Exchange and in accordance with the SEBI ICDR Regulations. Unsubscribed portion in QIB Category is not available for subscription to other categories.
- d) In case of under subscription in the Offer, spill-over to the extent of such under-subscription may be permitted from the Reserved Portion to the Offer. For allocation in the event of an undersubscription applicable to the Issuer, Bidders may refer to the Prospectus.
- e) In case if the Retail Individual Investor category is entitled to more than the allocated portion on proportionate basis, the category shall be allotted that higher percentage.

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Offer; it also excludes Bidding by Anchor Investors. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹ 24 per share, Offer size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Offeror at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Offer is able to Offer the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Issuer and the Promoter Selling Shareholder, in consultation with the BRLM, may finalise the Offer Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Offer Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

Anchor Investors are not allowed to withdraw their Bids after Anchor Investors bidding date.

ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT

The allotment of Equity Shares to Bidders other than Retail Individual Investors may be on proportionate basis. No Retail Individual Investor will be allotted less than the minimum Bid Lot subject to availability of shares in Retail Individual Investor Category and the remaining available shares, if any will be allotted on a proportionate basis.

Flow of Events from the closure of Bidding period (T DAY) Till Allotment:

- On T Day, RTA To validate the electronic bid details with the depository records and also reconcile the final certificates received from the Sponsor Bank for UPI process and the SCSBs for ASBA and Syndicate ASBA process with the electronic bid details.
- RTA identifies cases with mismatch of account number as per bid file / FC and as per applicant’s bank account linked to depository demat account and seek clarification from SCSB to identify the applications with third party account for rejection.

- Third party confirmation of applications to be completed by SCSBs on T+1 day.
- RTA prepares the list of final rejections and circulate the rejections list with BRLM(s)/ Company for their review/ comments.
- Post rejection, the RTA submits the basis of allotment with the Designated Stock Exchange (DSE).
- The DSE, post verification approves the basis and generates drawl of lots wherever applicable, through a random number generation software.
- The RTA uploads the drawal numbers in their system and generates the final list of allottees as per process mentioned below:

Process for generating list of allottees: -

- Instruction is given by RTA in their Software System to reverse category wise all the application numbers in the ascending order and generate the bucket /batch as per the allotment ratio. For example, if the application number is 78654321 then system reverses it to 12345687 and if the ratio of allottees to applicants in a category is 2:7 then the system will create lots of 7. If the drawal of lots provided by DSE is 3 and 5 then the system will pick every 3rd and 5th application in each of the lot of the category and these application s will be allotted the shares in that category.
- In categories where there is proportionate allotment, the Registrar will prepare the proportionate working based on the oversubscription times.
- In categories where there is undersubscription, the Registrar will do full allotment for all valid applications.
- On the basis of the above, the RTA will work out the allottees , partial allottees and non- allottees , prepare the fund transfer letters and advice the SCSBs to debit or unblock the respective accounts.

forfeiture		interest, or any indulgence granted by the Company in respect of the payment of such money, shall preclude the Company from thereafter proceeding to enforce a forfeiture of such Shares as hereinafter provided.
Company's lien on Shares/ Debentures	52	The Company shall have first and paramount lien upon all Shares/Debentures (other than fully paid up Shares/ Debentures) registered in the name of each Member (whether solely or jointly with others) and upon the proceeds of sale thereof, for all moneys (whether presently payable or not) called or payable at a fixed time in respect of such Shares/ Debentures and no equitable interest in any Share shall be created except upon the footing and condition that this Article will have full effect and such lien shall extend to all dividends and bonuses from time to time declared in respect of such Shares/Debentures; Unless otherwise agreed the registration of a transfer of Shares/ Debentures shall operate as a waiver of the Company's lien if any, on such Shares/Debentures. The Directors may at any time declare any Shares/ Debentures wholly or in part exempt from the provisions of this Article.
As to enforcing lien by sale	53	<p>The Company may sell, in such manner as the Board thinks fit, any Shares on which the Company has lien for the purpose of enforcing the same.</p> <p>PROVIDED THAT no sale shall be made:-</p> <p>(a) Unless a sum in respect of which the lien exists is presently payable; or</p> <p>(b) Until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is /presently payable has been given to the registered holder for the time being of the Share or the person entitled thereto by reason of his death or insolvency.</p> <p>For the purpose of such sale the Board may cause to be issued a duplicate certificate in respect of such Shares and may authorize one of their members to execute a transfer there from on behalf of and in the name of such Members.</p> <p>The purchaser shall not be bound to see the application of the purchase money, nor shall his title to the Shares be affected by any irregularity, or invalidity in the proceedings in reference to the sale.</p>
Application of proceeds of sale	54	<p>(a) The net proceeds of any such sale shall be received by the Company and applied in or towards satisfaction of such part of the amount in respect of which the lien exists as is presently payable, and</p> <p>(b) The residue if any, after adjusting costs and expenses if any incurred shall be paid to the person entitled to the Shares at the date of the sale (subject to a like lien for sums not presently payable as existed on the Shares before the sale).</p>
FORFEITURE OF SHARES		
If money payable on Shares not paid notice to be given	55	If any Member fails to pay the whole or any part of any call or any installments of a call on or before the day appointed for the payment of the same or any such extension thereof, the Board of Directors may, at any time thereafter, during such time as the call for installment remains unpaid, give notice to him requiring him to pay the same together with any interest that may have accrued and all expenses that may have been incurred by the Company by reason of such non-payment.
Sum payable on allotment to be deemed a call	56	For the purposes of the provisions of these Articles relating to forfeiture of Shares, the sum payable upon allotment in respect of a share shall be deemed to be a call payable upon such Share on the day of allotment.
Form of notice	57	The notice shall name a day, (not being less than fourteen days from the day of the notice) and a place or places on and at which such call in installment and such interest thereon at such rate not exceeding eighteen percent per annum as the Directors may determine and expenses as aforesaid are to be paid. The notice shall also state that in the event of the non-payment at or before the time and at the place appointed, Shares in respect of which the call was made or installment is payable will be liable to be forfeited.
In default of payment Shares to be forfeited	58	If the requirements of any such notice as aforesaid are not complied with, any Share or Shares in respect of which such notice has been given may at any time thereafter before payment of all calls or installments, interests and expenses due in respect thereof, be forfeited by a resolution of the Board of Directors to that effect. Such forfeiture shall include all dividends declared or any other moneys payable in respect of the forfeited Shares and not actually paid before the forfeiture.

Notice of forfeiture to a Member	59	When any Share shall have been so forfeited, notice of the forfeiture shall be given to the Member in whose name it stood immediately prior to the forfeiture, and an entry of the forfeiture, with the date thereof, shall forthwith be made in the Register of Members, but no forfeiture shall be in any manner invalidated by any omission or neglect to give such notice or to make any such entry as aforesaid.
Forfeited Shares to be the property of the Company and may be sold etc.	60	Any Share so forfeited, shall be deemed to be the property of the Company and may be sold, re-allotted or otherwise disposed of, either to the original holder or to any other person, upon such terms and in such manner as the Board of Directors shall think fit.
Member still liable for money owing at the time of forfeiture and interest	61	Any Member whose Shares have been forfeited shall notwithstanding the forfeiture, be liable to pay and shall forthwith pay to the Company on demand all calls, installments, interest and expenses owing upon or in respect of such Shares at the time of the forfeiture together with interest thereon from the time of the forfeiture until payment, at such rate not exceeding eighteen percent per annum as the Board of Directors may determine and the Board of Directors may enforce the payment of such moneys or any part thereof, if it thinks fit, but shall not be under any obligation to do so.
Effects of forfeiture	62	The forfeiture of a Share shall involve the extinction at the time of the forfeiture, of all interest in and all claims and demand against the Company in respect of the Share and all other rights incidental to the Share, except only such of those rights as by these Articles are expressly saved.
Power to annul forfeiture	63	The Board of Directors may at any time before any Share so forfeited shall have been sold, re-allotted or otherwise disposed of, annul the forfeiture thereof upon such conditions as it thinks fit.
Declaration of forfeiture	64	<p>(a) A duly verified declaration in writing that the declarant is a Director, the Managing Director or the Manager or the Secretary of the Company, and that Share in the Company has been duly forfeited in accordance with these Articles, on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the Share.</p> <p>(b) The Company may receive the consideration, if any, given for the Share on any sale, re-allotment or other disposal thereof and may execute a transfer of the Share in favour of the person to whom the Share is sold or disposed off.</p> <p>(c) The person to whom such Share is sold, re-allotted or disposed of shall thereupon be registered as the holder of the Share.</p> <p>(d) Any such purchaser or allottee shall not (unless by express agreement) be liable to pay calls, amounts, installments, interests and expenses owing to the Company prior to such purchase or allotment nor shall be entitled (unless by express agreement) to any of the dividends, interests or bonuses accrued or which might have accrued upon the Share before the time of completing such purchase or before such allotment.</p> <p>(e) Such purchaser or allottee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the Share be effected by the irregularity or invalidity in the proceedings in reference to the forfeiture, sale, re-allotment or other disposal of the Shares.</p>
Provisions of these articles as to forfeiture to apply in case of non-payment of any sum	65	The provisions of these Articles as to forfeiture shall apply in the case of non-payment of any sum which by the terms of issue of a Share becomes payable at a fixed time, whether on account of the nominal value of Share or by way of premium, as if the same had been payable by virtue of a call duly made and notified.
Cancellation of shares certificates in respect of forfeited Shares	66	Upon sale, re-allotment or other disposal under the provisions of these Articles, the certificate or certificates originally issued in respect of the said Shares shall (unless the same shall on demand by the Company have been previously surrendered to it by the defaulting Member) stand cancelled and become null and void and of no effect and the Directors shall be entitled to issue a new certificate or certificates in respect of the said Shares to the person or persons entitled thereto.
Evidence of forfeiture	67	The declaration as mentioned in Article 64(a) of these Articles shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the Share.
Validity of sale	68	Upon any sale after forfeiture or for enforcing a lien in purported exercise of the powers hereinbefore given, the Board may appoint some person to execute an instrument of transfer of the Shares sold and cause the purchaser's name to be entered in the Register of Members in respect of the Shares sold, and the purchasers shall not be bound to see to the regularity of the proceedings

		or to the application of the purchase money, and after his name has been entered in the Register of Members in respect of such Shares, the validity of the sale shall not be impeached by any person and the remedy of any person aggrieved by the sale shall be in damages only and against the Company exclusively.
Surrender of Shares	69	The Directors may subject to the provisions of the Act, accept surrender of any share from any Member desirous of surrendering on such terms and conditions as they think fit.

Directors may refuse to register transfer	76	Subject to the provisions of Section 58 & 59 of the Companies Act, 2013, these Articles and other applicable provisions of the Act or any other law for the time being in force, the Board may refuse whether in pursuance of any power of the company under these Articles or otherwise to register the transfer of, or the transmission by operation of law of the right to, any Shares or interest of a Member in or Debentures of the Company. The Company shall within one month from the date on which the instrument of transfer, or the intimation of such transmission, as the case may be, was delivered to Company, send notice of the refusal to the transferee and the transferor or to the person giving intimation of such transmission, as the case may be, giving reasons for such refusal. Provided that the registration of a transfer shall not be refused on the ground of the transferor being either alone or jointly with any other person or persons indebted to the Company on any account whatsoever except where the Company has a lien on Shares.
Death of one or more joint holders of Shares	77	In case of the death of any one or more of the persons named in the Register of Members as the joint holders of any Share, the survivor or survivors shall be the only persons recognized by the Company as having any title or interest in such Share, but nothing herein contained shall be taken to release the estate of a deceased joint holder from any liability on Shares held by him with any other person.
Titles of Shares of deceased Member	78	78. The Executors or Administrators of a deceased Member or holders of a Succession Certificate or the Legal Representatives in respect of the Shares of a deceased Member (not being one of two or more joint holders) shall be the only persons recognized by the Company as having any title to the Shares registered in the name of such Members, and the Company shall not be bound to

		recognize such Executors or Administrators or holders of Succession Certificate or the Legal Representative unless such Executors or Administrators or Legal Representative shall have first obtained Probate or Letters of Administration or Succession Certificate as the case may be from a duly constituted Court in the Union of India provided that in any case where the Board of Directors in its absolute discretion thinks it, the Board upon such terms as to indemnity or otherwise as the Directors may deem proper dispense with production of Probate or Letters of Administration or Succession Certificate and register Shares standing in the name of a deceased Member, as a Member. However, provisions of this Article are subject to Sections 72 and 56 of the Companies Act, 2013.
Notice of application when to be given	79	Where, in case of partly paid Shares, an application for registration is made by the transferor, the Company shall give notice of the application to the transferee in accordance with the provisions of Section 56 of the Companies Act, 2013.
Registration of persons entitled to Shares otherwise than by transfer (Transmission Clause)	80	Subject to the provisions of the Act and Article 77 hereto, any person becoming entitled to Share in consequence of the death, lunacy, bankruptcy or insolvency of any Member or by any lawful means other than by a transfer in accordance with these Articles may, with the consent of the Board (which it shall not be under any obligation to give), upon producing such evidence that he sustains the character in respect of which he proposes to act under this Article or of such title as the Board thinks sufficient, either be registered himself as the holder of the Share or elect to have some person nominated by him and approved by the Board registered as such holder; provided nevertheless, that if such person shall elect to have his nominee registered as a holder, he shall execute an instrument of transfer in accordance with the provisions herein contained, and until he does so, he shall not be freed from any liability in respect of the Shares. This clause is hereinafter referred to as the "Transmission Clause".
Refusal to register nominee	81	Subject to the provisions of the Act and these Articles, the Directors shall have the same right to refuse to register a person entitled by transmission to any Share of his nominee as if he were the transferee named in an ordinary transfer presented for registration.
Person entitled may receive dividend without being registered as a Member	82	A person entitled to a Share by transmission shall subject to the right of the Directors to retain dividends or money as is herein provided, be entitled to receive and may give a discharge for any dividends or other moneys payable in respect of the Share.
No fee on transfer or transmissions	83	No fee shall be charged for registration of transfer, transmission, Probate, Succession Certificate & Letters of Administration, Certificate of Death or Marriage, Power of Attorney or other similar document.
Transfer to be presented with evidence of title	84	Every instrument of transfer shall be presented to the Company duly stamped for registration accompanied by such evidence as the Board may require to prove the title of the transferor, his right to transfer the Shares and generally under and subject to such conditions and regulations as the Board may, from time to time prescribe, and every registered instrument of transfer shall remain in the custody of the Company until destroyed by order of the Board.
Company not liable for disregard of a notice prohibiting registration of transfer	85	The Company shall incur no liability or responsibility whatsoever in consequence of its registering or giving effect to any transfer of Shares made or purporting to be made by any apparent legal owner thereof (as shown or appearing in the Register of Members) to the prejudice of persons having or claiming any equitable right, title or interest to or in the said Shares, notwithstanding that the Company may have had notice of such equitable right, title or interest or notice prohibiting registration of such transfer, and may have entered such notice, or referred thereto, in any book of the Company, and the Company shall not be bound to be required to regard or attend to give effect to any notice which may be given to it of any equitable right, title or interest or be under any liability whatsoever for refusing or neglecting to do so, though it may have been entered or referred to in some book of the Company, but the Company shall nevertheless be at liberty to regard and attend to any such notice and give effect thereto if the Board shall so think fit.
CONVERSION OF SHARES INTO STOCK AND RECONVERSION		
Share may be converted into stock	86	The Company may, by Ordinary Resolution convert any fully paid up Share into stock, and reconvert any stock into fully paid-up Shares.
Transfer of stock	87	The several holders of such stock may transfer their respective interest therein or any part thereof in the same manner and subject to the same regulations under which the stock arose might before

		<p>the conversion, have been transferred, or as near thereto as circumstances admit.</p> <p>PROVIDED THAT the Board may, from time to time, fix the minimum amount of stock transferable, so however that such minimum shall not exceed the nominal amount of the Shares from which stock arose.</p>
Right of stockholders	88	The holders of stock shall, according to the amount of stock held by them, have the same right, privileges and advantages as regards dividends, voting at meeting of the Company, and other matters, as if they held them in Shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the Company and in the assets on winding up) shall be conferred by an amount of stock which would not, if existing in Shares, have conferred those privileges or advantages.
Regulation applicable to stock and share warrant	89	Such of the regulations of the Company as are applicable to the paid up Shares shall apply to stock and the words "Share" and "Shareholder" in these regulations shall include "stock" and "stock holder" respectively.
BORROWING POWERS		
Power to borrow	90	<p>Subject to the provisions of Sections 73, 74 and 179 of the Companies Act, 2013 and these Articles, the Board of Directors may, from time to time at its discretion by a resolution passed at a meeting of the Board, borrow, accept deposits from Members either in advance of calls or otherwise and generally raise or borrow or secure the payment of any such sum or sums of money for the purposes of the Company from any source.</p> <p>PROVIDED THAT, where the moneys to be borrowed together with the moneys already borrowed (apart from temporary loans obtained from the Company's bankers in the ordinary course of business) exceed the aggregate of the paid up capital of the Company and its free reserves (not being reserves set apart for any specific purpose) the Board of Directors shall not borrow such money without the sanction of the Company in General Meeting. No debts incurred by the Company in excess of the limit imposed by this Article shall be valid or effectual unless the lender proves that he advanced the loan in good faith and without knowledge that the limit imposed by this Article had been exceeded.</p>
The payment or repayment of moneys borrowed	91	The payment or repayment of moneys borrowed as aforesaid may be secured in such manner and upon such terms and conditions in all respects as the Board of Directors may think fit, and in particular in pursuance of a resolution passed at a meeting of the Board (and not by circular resolution) by the issue of bonds, debentures or debentures stock of the Company, charged upon all or any part of the property of the Company, (both present and future), including its un-called capital for the time being and the debentures and the debenture stock and other securities may be made assignable free from any equities between the Company and the person to whom the same may be issued.
Bonds, Debentures, etc. to be subject to control of Directors	92	Any bonds, debentures, debenture-stock or other securities issued or to be issued by the Company shall be under the control of the Directors who may issue them upon such terms and conditions and in such manner and for such consideration as they shall consider being for the benefit of the Company.
Terms of issue of Debentures	93	Any Debentures, Debenture-stock or other securities may be issued at a discount, premium or otherwise and may be issued on condition that they shall be convertible into Shares of any denomination, and with any privileges and conditions as to redemption, surrender, drawing, allotment of Shares, attending (but not voting) at the General Meeting, appointment of Directors and otherwise. However, Debentures with the right to conversion into or allotment of Shares shall be issued only with the consent of the Company in the General Meeting by a Special Resolution.
Mortgage of uncalled capital	94	If any uncalled capital of the Company is included in or charged by mortgage or other security, the Directors may, subject to the provisions of the Act and these Articles, make calls on the Members in respect of such uncalled capital in trust for the person in whose favour such mortgage or security has been executed.
Indemnity may be given	95	Subject to the provisions of the Act and these Articles, if the Directors or any of them or any other person shall incur or about to incur any liability as principal or surety for the payment of any sum primarily due from the Company, the Directors may execute or cause to be executed any mortgage, charge or security over or affecting the whole or any part of the assets of the Company

		by way of indemnity to secure the Directors or person so becoming liable as aforesaid from any loss in respect of such liability.

Number of votes to which Member entitled	125	<p>Subject to the provisions of Article 123, every Member of the Company holding any equity share capital and otherwise entitled to vote shall, on a show of hands when present in person (or being a body corporate present by a representative duly authorized) have one vote and on a poll, when present in person (including a body corporate by a duly authorized representative), or by an agent duly authorized under a Power of Attorney or by proxy, his voting right shall be in proportion to his share of the paid-up equity share capital of the Company.</p> <p>Provided however, if any preference shareholder is present at any meeting of the Company, (save as provided in sub-section (2) of Section 47 of Companies Act, 2013) he shall have a right to vote only on resolutions before the Meeting which directly affect the rights attached to his preference shares.</p> <p>A Member is not prohibited from exercising his voting rights on the ground that he has not held his Shares or interest in the Company for any specified period preceding the date on which the vote is taken.</p>
Votes of Members of unsound mind	126	A Member of unsound mind, or in respect of whom order has been made by any Court having jurisdiction in lunacy, may vote, whether on a show of hands or on a poll, by his committee or other legal guardian and any such committee or guardian may, on a poll, vote by proxy.
Votes of joint Members	127	If there be joint registered holders of any Shares, one of such persons may vote at any Meeting personally or by an agent duly authorized under a Power of Attorney or by proxy in respect of such Shares, as if he were solely entitled there to but the proxy so appointed shall not have any right to speak at the Meeting, and if more than one of such joint holders be present at any Meeting either personally or by agent or by proxy, that one of the said persons so present whose name appears higher on the Register of Members shall alone be entitled to speak and to vote in respect of such Shares, but the other holder(s) shall be entitled to vote in preference to a person present by an agent duly authorized under a Power of Attorney or by proxy although the name of such person present by agent or proxy stands first or higher in the Register of Members in respect of such Shares. Several executors or administrators of a deceased Member in whose name Shares stand shall for the purpose of these Articles be deemed joint holders thereof.
Representation	128	(a) A body corporate (whether a company within the meaning of the Act or not) may, if it is a

of body corporate		<p>Member or creditor of the Company (including a holder of Debentures) authorize such person as it thinks fit by a resolution of its Board of Directors or other governing body, to act as its representative at any Meeting of the Company or any class of shareholders of the Company or at any meeting of the creditors of the Company or Debenture-holders of the Company. A person authorized by resolutions aforesaid shall be entitled to exercise the same rights and powers (including the right to vote by proxy) on behalf of the body corporate which he represents as that body could exercise if it were an individual Member, shareholder, creditor or holder of Debentures of the Company. The production of a copy of the resolution referred to above certified by a Director or the Secretary of such body corporate before the commencement of the Meeting shall be accepted by the Company as sufficient evidence of the validity of the said representatives' appointment and his right to vote thereat.</p> <p>(b) Where the President of India or the Governor of a State is a Member of the Company, the President or as the case may be the Governor may appoint such person as he thinks fit to act as his representative at any Meeting of the Company or at any meeting of any class of shareholders of the Company and such a person shall be entitled to exercise the same rights and powers, including the right to vote by proxy, as the President, or as the case may be, the Governor could exercise as a Member of the Company.</p>
Votes in respects of deceased or insolvent Members	129	Any person entitled under the Transmission Article to transfer any Shares may vote at any General Meeting in respect thereof in the same manner as if he was the registered holder of such Shares; provided that at least forty-eight hours before the time of holding the Meeting or adjourned Meeting, as the case may be, at which he proposes to vote, he shall satisfy the Directors of the right to transfer such Shares and give such indemnity (if any) as the Directors may require unless the Directors shall have previously admitted his right to vote at such Meeting in respect thereof.
Voting in person or by proxy	130	Subject to the provisions of these Articles, votes may be given either personally or by proxy. A body corporate being a Member may vote either by a proxy or by a representative duly authorized in accordance with Section 105 of the Companies Act, 2013.
Rights of Members to use votes differently	131	On a poll taken at a Meeting of the Company a Member entitled to more than one vote or his proxy, or other persons entitled to vote for him, as the case may be, need not, if he votes, use all his votes or cast in the same way all the votes he uses
Proxies	132	Any Member of the Company entitled to attend and vote at a Meeting of the Company, shall be entitled to appoint another person (whether a Member or not) as his proxy to attend and vote instead of himself. PROVIDED that a proxy so appointed shall not have any right whatsoever to speak at the Meeting. Every notice convening a Meeting of the Company shall state that a Member entitled to attend and vote is entitled to appoint one or more proxies to attend and vote instead of himself, and that a proxy need not be a Member of the Company.
Proxy either for specified meeting or for a period	133	An instrument of proxy may appoint a proxy either for the purposes of a particular Meeting specified in the instrument and any adjournment thereof or it may appoint a proxy for the purpose of every Meeting to be held before a date specified in the instrument and every adjournment of any such Meeting.
No proxy to vote on a show of hands	134	No proxy shall be entitled to vote by a show of hands.
Instrument of proxy when to be deposited	135	The instrument appointing a proxy and the Power of Attorney or authority (if any) under which it is signed or a notarially certified copy of that Power of Attorney or authority, shall be deposited at the Registered Office of the Company atleast forty eight hours before the time for holding the Meeting at which the person named in the instrument purposes to vote and in default the instrument of proxy shall not be treated as valid.
Form of Proxy	136	Every instrument of proxy whether for a specified Meeting or otherwise shall, as nearly as circumstances will admit, be in any of the forms as prescribed in the Companies Act, 2013, and signed by the appointer or his attorney duly authorized in writing or if the appointer is a body corporate, be under its seal or be signed by any officer or attorney duly authorized by it.
Validity of votes given by proxy notwithstanding revocation of authority	137	A vote given in accordance with the terms of an instrument of proxy shall be valid notwithstanding the previous death or insanity of the principal, or revocation of the proxy or of any Power of Attorney under which such proxy was signed, or the transfer of the Share in respect of which the vote is given, provided that no intimation in writing of the death, insanity, revocation or transfer shall have been received by the Company at the Registered Office before the commencement of

		the Meeting or adjourned Meeting at which the proxy is used provided nevertheless that the Chairman of any Meeting shall be entitled to require such evidence as he may in his discretion think fit of the due execution of an instrument of proxy and of the same not having been revoked.
Time for objection to vote	138	No objection shall be made to the qualification of any voter or to the validity of a vote except at the Meeting or adjourned Meeting at which the vote objected to is given or tendered, and every vote, whether given personally or by proxy, not disallowed at such Meeting, shall be valid for all proposes and such objection made in due time shall be referred to the Chairman of the Meeting.
Chairman of any Meeting to be the judge of Validity of any value	139	The Chairman of any Meeting shall be the sole judge of the validity of every vote tendered at such Meeting. The Chairman present at the taking of a poll shall be the sole judge of the validity of every vote tendered at such poll. The decision of the Chairman shall be final and conclusive.
Custody of Instrument	140	If any such instrument of appointment is confined to the object of appointing at attorney or proxy for voting at Meetings of the Company, it shall remain permanently or for such time as the Directors may determine, in the custody of the Company. If such instrument embraces other objects, a copy there of examined with the original shall be delivered to the Company to remain in the custody of the Company.

Powers of Managing Director	181	The Director may from time to time entrust to and confer upon a Managing Director or Whole-time Director for the time being such of the powers exercisable under these provisions by the Directors, as they may think fit, and may confer such powers for such time and to be exercised for such objects and purposes and upon such terms and conditions and with such restrictions, as they think expedient and they may confer such powers either collaterally with or to the exclusion of and in substitution for all or any of the powers of the Directors in that behalf and from time to time, revoke, withdraw, alter, or vary all or any of such powers.
	182	The Company's General Meeting may also from time to time appoint any Managing Director or Managing Directors or Whole-time Director or Whole- time Directors of the Company and may exercise all the powers referred to in these Articles.
	183	Receipts signed by the Managing Director for any moneys, goods or property received in the usual course of business of the Company or for any money, goods, or property lent to or belonging to the Company shall be an official discharge on behalf of and against the Company for the money, funds or property which in such receipts shall be acknowledged to be received and the persons paying such moneys shall not be bound to see to the application or be answerable for any misapplication thereof. The Managing Director shall also have the power to sign, accept and endorse cheques on behalf of the Company.
	184	The Managing Director shall be entitled to sub-delegate (with the sanction of the Directors where necessary) all or any of the powers, authorities and discretions for the time being vested in him in particular from time to time by the appointment of any attorney or attorneys for the management and transaction of the affairs of the Company in any specified locality in such manner as they may think fit.
	185	Notwithstanding anything contained in these Articles, the Managing Director is expressly allowed generally to work for and contract with the Company and especially to do the work of Managing Director and also to do any work for the Company upon such terms and conditions and for such remuneration (subject to the provisions of the Act) as may from time to time be agreed between him and the Directors of the Company.
Appointment and powers of Manager	186	The Board may, from time to time, appoint any person as Manager (under Section 2(53) of the Companies Act, 2013) to manage the affairs of the Company. The Board may from time to time entrust to and confer upon a Manager such of the powers exercisable under these Articles by the Directors, as they may think fit, and may confer such powers for such time and to be exercised for such objects and purposes and upon such terms and conditions and with such restrictions as they think expedient.
WHOLE TIME DIRECTOR		
Power to appoint Whole-Time Director and/or Whole-time Directors	187	Subject to the provisions of the Act and of these Articles, the Board may from time to time with such sanction of the Central Government as may be required by law appoint one or more of its Director/s or other person/s as Whole-Time Director or Whole-Time Directors of the Company out of the Directors/persons nominated under Article only either for a fixed term that the Board may determine or permanently for life time upon such terms and conditions as the Board may determine and thinks fit. The Board may by ordinary resolution and/or an agreement/s vest in such Whole-Time Director or Whole Time Directors such of the powers, authorities and functions hereby vested in the Board generally as it thinks fit and such powers may be made exercisable and for such period or periods and upon such conditions and subject to such restrictions as it may be

		determined or specified by the Board and the Board has the powers to revoke, withdraw, alter or vary all or any of such powers and/or remove or dismiss him or them and appoint another or others in his or their place or places again out of the Directors/persons nominated under Article 188 only. The Whole Time Director or Whole Time Directors will be entitled for remuneration as may be fixed and determined by the Board from time to time either by way of ordinary resolution or a Court act/s or an agreement/s under such terms not expressly prohibited by the Act.
To what provisions Whole time Directors shall subject	188	Subject to the provisions of Section 152 of the Companies Act, 2013 and these Articles, a Whole Time Director or Whole Time Directors shall not, while he/they continue to hold that office, be liable to retirement by rotation but (subject to the provisions of any contract between him/they and the Company) he/they shall be subject to the same provision as to resignation and removal as the other Directors and he/they shall ipso facto and immediately ceases or otherwise cease to hold the office of Director/s for any reason whatsoever save that if he/they shall vacate office whether by retirement, by rotation or otherwise under the provisions of the Act in any Annual General Meeting and shall be re-appointed as a Director or Directors at the same meeting he/they shall not by reason only of such vacation, cease to be a Whole Time Director or Whole Time Directors.
Seniority of Whole Time Director and Managing Director	189	If at any time the total number of Managing Directors and Whole Time Directors is more than one-third who shall retire shall be determined by and in accordance with their respective seniorities. For the purpose of this Article, the seniorities of the Whole Time Directors and Managing Directors shall be determined by the date of their respective appointments as Whole Time Directors and Managing Directors of the Company.
PROCEEDINGS OF THE BOARD OF DIRECTORS		
Meeting of Directors	190	The Directors may meet together as a Board for the dispatch of business from time to time, and unless the Central Government by virtue of the provisions of Section 173 of the Companies Act, 2013 allow otherwise, Directors shall so meet at least once in every three months and at least four such Meetings shall be held in every year. The Directors may adjourn and otherwise regulate their Meetings as they think fit. The provisions of this Article shall not be deemed to have been contravened merely by reason of the fact that the meeting of the Board which had been called in compliance with the terms of this Article could not be held for want of a quorum.

Division of profits	209	<p>(a) Subject to the rights of persons, if any, entitled to Shares with special rights as to dividends, all dividends shall be declared and paid according to the amounts paid or credited as paid on the Shares in respect whereof the dividend is paid but if and so long as nothing is paid upon any of Share in the Company, dividends may be declared and paid according to the amounts of the Shares;</p> <p>(b) No amount paid or credited as paid on a Share in advance of calls shall be treated for the purpose of this Article as paid on the Shares.</p>
The Company at General Meeting may declare	210	The Company in General Meeting may declare dividends, to be paid to Members according to their respective rights and interest in the profits and may fix the time for payment and the Company shall comply with the provisions of Section 127 of the Companies Act, 2013 but no dividends

dividend		shall exceed the amount recommended by the Board of Directors. However, the Company may declare a smaller dividend than that recommended by the Board in General Meeting.
Dividends out of profits only	211	No dividend shall be payable except out of profits of the Company arrived at the manner provided for in Section 123 of the Companies Act, 2013.
Interim Dividend	212	The Board of Directors may from time to time pay to the Members such interim dividends as in their judgment the position of the Company justifies.
Debts may be deducted	213	(a) The Directors may retain any dividends on which the Company has a lien and may apply the same in or towards the satisfaction of the debts, liabilities or engagements in respect of which the lien exists. (b) The Board of Directors may retain the dividend payable upon Shares in respect of which any person is, under the Transmission Article, entitled to become a Member or which any person under that Article is entitled to transfer until such person shall become a Member or shall duly transfer the same.
Capital paid-up in advance to carry interest, not the right to earn dividend	214	Where the capital is paid in advance of the calls upon the footing that the same shall carry interest, such capital shall not, whilst carrying interest, confer a right to dividend or to participate in profits.
Dividends in proportion to amounts paid-up	215	All dividends shall be apportioned and paid proportionately to the amounts paid or credited as paid on the Shares during any portion or portions of the period in respect of which the dividend is paid, but if any Share is issued on terms provided that it shall rank for dividends as from a particular date such Share shall rank for dividend accordingly.
No Member to receive dividend while indebted to the Company and the Company's right in respect thereof	216	No Member shall be entitled to receive payment of any interest or dividend or bonus in respect of his Share or Shares, whilst any money may be due or owing from him to the Company in respect of such Share or Shares (or otherwise however either alone or jointly with any other person or persons) and the Board of Directors may deduct from the interest or dividend to any Member all such sums of money so due from him to the Company.
Effect of transfer of Shares	217	A transfer of Shares shall not pass the right to any dividend declared therein before the registration of the transfer.
Dividend to joint holders	218	218. Any one of several persons who are registered as joint holders of any Shares may give effectual receipts for all dividends or bonus and payments on account of dividends in respect of such Shares.
Dividend how remitted	219	The dividend payable in cash may be paid by cheque or warrant sent through post directly to registered address of the shareholder entitled to the payment of the dividend or in case of joint holders to the registered address of that one of the joint holders who is first named on the Register of Members or to such person and to such address as the holder or joint holders may in writing direct. The Company shall not be liable or responsible for any cheque or warrant or pay slip or receipt lost in transit or for any dividend lost, to the Member or person entitled thereto by forged endorsement of any cheque or warrant or forged signature on any pay slip or receipt or the fraudulent recovery of the dividend by any other means.
Notice of dividend	220	Notice of the declaration of any dividend whether interim or otherwise shall be given to the registered holders of Share in the manner herein provided.
Reserves	221	The Directors may, before recommending or declaring any dividend set aside out of the profits of the Company such sums as they think proper as reserve or reserves, which shall, at the discretion of the Directors, be applicable for meeting contingencies or for any other purposes to which the profits of the Company may be properly applied and pending such application, may at the like discretion, either be employed in the business of the Company or be invested in such investments (other than Shares of the Company) as the Directors may from time to time think fit.
Dividend to be paid within time required by law.	222	The Company shall pay the dividend, or send the warrant in respect thereof to the shareholders entitled to the payment of dividend, within such time as may be required by law from the date of the declaration unless:-where the dividend could not be paid by reason of the operation on any law; or where a shareholder has given directions regarding the payment of the dividend and those directions cannot be complied with; or where there is dispute regarding the right to receive the dividend; or where the dividend has been lawfully adjusted by the Company against any sum due

		to it from shareholder; or where for any other reason, the failure to pay the dividend or to post the warrant within the period aforesaid was not due to any default on the part of the Company.
Unpaid or unclaimed dividend	223	Where the Company has declared a dividend but which has not been paid or claimed within 30 days from the date of declaration, to any shareholder entitled to the payment of dividend, the Company shall within seven days from the date of expiry of the said period of thirty days, transfer the total amount of dividend which remains unpaid or unclaimed within the said period of thirty days, to a special account to be opened by the Company in that behalf in any scheduled bank, to be called “_____ (year)Unpaid Dividend Account”. Any money transferred to the unpaid dividend account of a company which remains unpaid or unclaimed for a period of seven years from the date of such transfer, shall be transferred by the company to the Fund known as Investor Education and Protection Fund established under section 125 of the Companies Act,2013.No unclaimed or unpaid dividend shall be forfeited by the Board.
Set-off of calls against dividends	224	Any General Meeting declaring a dividend may on the recommendation of the Directors make a call on the Members of such amount as the Meeting fixes but so that the call on each Member shall not exceed the dividend payable to him, and so that the call be made payable at the same time as the dividend, and the dividend may, if so arranged between the Company and the Members, be set off against the calls.
Dividends in cash	225	No dividends shall be payable except in cash, provided that nothing in this Article shall be deemed to prohibit the capitalisation of the profits or reserves of the Company for the purpose of issuing fully paid up bonus Shares or paying up any amount for the time being unpaid on any Shares held by Members of the Company.
Capitalisation	226	<ol style="list-style-type: none"> 1) The Company in General Meeting may, upon the recommendation of the Board, resolve: <ol style="list-style-type: none"> (a) That is desirable to capitalise any part of the amount for the time being standing to the credit of the Company's reserve accounts or to the credit of the profit and loss account or otherwise available for distribution, and (b) That such sum be accordingly set free for distribution in the manner specified in clause amongst the Members who would have been entitled thereto, if distributed by way of dividend and in the same proportion. 2) The sum aforesaid shall not be paid in cash but shall be applied, subject to the provisions contained in clause (3) either in or towards; <ol style="list-style-type: none"> (a) paying up any amount for the time being unpaid on any Shares held by such Members respectively, or (b) paying up in full unissued Shares of the Company to be allocated and distributed, credited as fully paid up, to and amongst Members in the proportion aforesaid, or (c) partly in the way specified in sub clause (a) and partly in that specified in sub-clause(b) 3) A security premium account and capital redemption reserve account may, for the purpose of this Article, only be applied in the paying up of un issued Shares to be issued to Members of the Company as fully paid bonus shares.
